DESERET EVENING NEWS.

Tuesday, - - August 10, 1897.

Funeral of John L. Street.

The funeral services of John Lloyd Street were held at the residence of the deceased, at 10:30 today. Mr. Street died on Sunday at 7 p. m., from the effects of acute Bright's disease.

He was a well known resident of this city and had always figured prominently in its varied career in the West. He was born N. Y., 23, 1829, in Pierre du Chein, Wis. He had successively filled the positions of government surveyor in Kansas, justice of the peace and postmaster at Park City. He had also been a member of the bar since 1850, and had resided in quite a number of western states.

The deceased leaves a wife, three sons and two daughters.

Despicable Vandalism.

Mr. W. A. Roesler, who resides near the Eagle Gate, has been the victim of numerous cases of most despicable vandalism of late. Sunday evening his garden hose was cut to pieces by some miscreant and the gentleman now offers a reward of $25 for the apprehension of the guilty party.

Sabin Bound Over.

Charles E. Sabin, who is accused of having had undue relationship with Mrs. Laura Montgomery, had a hearing before Justice Wenger yesterday, and was bound over to await the action of the district court. The principals in the case are both married.

Duck Case Was Dismissed.

Malm Brothers, who were arrested last week charged with violating the fish and game law in that they were unlawfully in possession of a teal duck, were brought before Justice of the Peace Margetts yesterday and discharged for a lack of evidence.

From Oakland, Illinois.

Benjamin L. Dorsey, a prominent citizen of Oakland, Ill., is in the city visiting relatives. Mr. Dorsey is largely interested in the coal mines of his state. He is a brother-in-law to Deputy District Court Clerk Geo. D. Lowery, by whom he was being shown around today.

Charged With Petit Larceny.

A complaint was sworn to by W. A. Wight, before Justice McMaster, yesterday, charging Robert Lamar Eugen Ek, Pearson R. Spirkin, John Harrison and Moses Higgins, all boys, with the offense of petit larceny, in that on the 3rd of August they did steal two sacks of bran of the value of 70 cents each, the property of Miller and Miller.

Children Burned to Death.

News has been received from St. George, Utah, to the effect that two children of Charles C. Knell, aged respectively two and a half and six years, were burned to death at Pinto, Washington county, Sunday afternoon.

It seems the little fellows had gone to the farm to feed the chickens, when, in some way, they started a fire in the hay. They were not missed until after the barn was entirely burned down, when two people were notified, upon searching, to find their bodies almost burned to cinders in the smouldering ashes. The mother is frantic with grief, and to make matters worse the poor father is away from home.

Mrs. Bamberger Dead.

The serious illness from paralysis of Mrs. Herman Bamberger, as formerly chronicled in last evening's News, resulted in death late in the afternoon. All efforts on the part of the attending physicians to resuscitate the unfortunate lady proved unavailing, and she passed peacefully away without

having received convalescence. Mrs. Bamberger was a native of Germany and was 53 years of age. She came to this city with her husband in 1877 and continued to reside here up to the time of her death. She was the mother of two children, both of who have preceded her to the grave. Mrs. Bamberger had many friends in this and other cities. She was well known for her works of charity and deeds of kindness and was a prominent member of the Hebrew Benevolent society. Profound sympathy is felt for the surviving husband in the bereavement that has so suddenly come upon him.

PROVO.

PROVO, UTAH, - - AUG. 10, 1897.

Court Business.

The board of county commissioners met yesterday and transacted the following business:

The tax levy for 1897 was fixed at 13 mills for county, and 13 mills for county school purposes. It was decided to leave the school tax levy in Cedar Fort district as originally made by the board of trustees of said district, which was the only created school district of Manning shall receive that part of the school tax collected within the boundaries of Manning district. The clerk was instructed to advertise for plans and specifications for a bridge with stone abutments to be built over the Provo river at the mouth of Provo canyon; the bridge to be sixty-three spans between the abutments and sixteen feet wide in the clear; and for bids for the construction of the bridge, either iron or wood, and to increase the abutments.

Notes and Personals.

The family of the late Bishop A. H. Stout will hold a reunion on the 21st.

John Williamson, of Lake View, who has been dangerously ill, is said to be recovering.

Large numbers of Utah county people will go to the M. I. A. excursion to Saltair next Friday.

E. C. Christianson, et al, have located a pumice stone claim in Snell's canyon, near the mouth of Spanish Fork canyon.

The city council sits at a board of equalization on Monday the 16th, to hear complaints of erroneous or excessive assessments.

Miss Ollitte Musser will go to Oakley, Idaho, to teach music in the music academy during the coming school year. She expects to leave next month.

Hon. S. R. Thurman will go to Vernal Saturday evening in response to a telegram requesting him to come and assist in the prosecution of the McKee brothers.

A prominent business man of this city quite superintendent Welby assistant land inspector, from Provo to Para City will be completed by December 1st.

The graduates from the Provo City schools, since 1880, without a meeting in the Peteetneet, Friday evening, August 13, for the purpose of arranging for a reunion of Provo City and Utah county graduates.

Chairman Gash of the city Democratic central committee has drawn up an agreement to conduct the coming city election on a non-partisan basis. The document is being largely signed, the local papers are in favor of the movement.

R. J. Kemps and G. W. Craig have returned from Iowa, where they went with a representative of Eastern capitalists who contemplate putting in a mill for the reduction of the ore of the camp. They are confident that the mill will be built. Mr. Kemps and the Eastern expert will go to the Gold Mountain district south of Silver valley, to make examinations of that region, with the view to building a mill there.

Mr. Josiah Beck has returned from a trip to the northern portion of Idaho. His people being in town Thursday night, about twelve o'clock, while driving through Ammonville, narrowly escaped Senator and Mrs. Dubois. The buggy was very large and bright, lighting up the heavens for miles around, so as to cause the horse to become frightened, apparently believing that daylight had appeared. The Beck party continued for about thirty seconds. The accident was from residents. It north west, and from running in a northerly direction to Ammonville. Mr. Beck is quite anxious to know where Dubois is. He passed the place in the night 200 miles from where he was.

LOGAN.

LOGAN, UTAH, - - AUG. 9, 1897.

The Death Bell.

The little son of Mr. and Mrs. John Crawford, of this city, was died Friday of scarlet fever, was buried Saturday afternoon. On account of the danger from contagion, it was deemed best to hold the funeral at the cemetery, where consolatory remarks were made by Elders Isaac Smith and Joseph E. Nelson, and beautiful music was furnished by a choir conducted by Professor George W. Tompkins. Great sympathy is felt for Mrs. Crawford, as her husband is in England upon a mission, and the dead little girl, Mildred, who was bright and lovable, was an only child.

A little girl of Mr. and Mrs. Bert Harris died yesterday of typhoid fever. The funeral will be held Tuesday at 10 a. m. in the Sixth ward.

Notes and Personals.

Very little interest so far manifested in the coming city election. There has been some talk of a non-partisan movement lately.

Mrs. Daines of Hyde Park is again very ill. Mrs. Grant of that place, who has been very sick for a long time, is reported as being much better.

David Wilmore, the grandson of the late George Wilmore, of the Deseret ward, died yesterday. His brothers, George, Ben and Thomas, who have been with him some time, have arrived to attend the funeral.

A number of well developed cases of Klondike fever have appeared here. Among the first to exhibit symptoms of this ridiculous malady was Mr. Dick Sumner, until recently editor of the Journal, who has rescued Seattle on the way to the Alaskan gold fields.

The social at the Brigham Young College grounds last Friday evening was a very high class society affair, and expressed the sentiments of a wide circle of friends for the departing missionaries, Elders R. G. Thatcher and A. L. Farrell, and their wives, to whose honor the entertainment was given.

The business men of Logan have determined to let the present service to the Oregon Short Line Railroads run out, they have started a petition to the officials of the road, asking for a meeting with them to discuss ways and means for an improvement. As it is now, it requires two days and two nights to Salt Lake and transact any business, while passengers going north are compelled to wait at Canon Junction nine hours for a train.

Thomas R. Cardon, an old and highly esteemed resident of Logan, went southward some days ago, accompanied by his wife, and intending to take a trip probably as far as the coast, for the benefit of his health. Arriving at Provo, where he visited relatives, he was taken quite ill, and much concern is being felt for the welfare of the party. Friends here, all of whom join in the hope for his immediate recovery.

Two very important matters were touched upon at the well attended ward meeting in the 1st ward the city last Saturday. One was the necessity of pushing the excavation of the new Brigham Young College building. The other was, the desire that sheds be built to protect the storm-tested teams of people who come from the country to work on the Temple during the winter. Both subjects were favorably considered by the enterprising Bishops of Cache.

The farmers generally in this county report that the crops are quite large, in spite of pleadings to thistles early in the season. Hundreds of thousands of bushels of grain will be harvested, and a big lot enterprising granaryists, and among the most successful of them is Bishop G. L. Farrell, whose brass expanse of grain and no less widespread are vastly in demand in the way of dry farms. A large portion of his wheat stands nearly five feet high, and will yield a very heavy amount per acre.

A Remarkable Case of Chronic Diarrhoea Cured.

In 1892, when I served my country as a private in Company A, 10th Pennsylvania Volunteers, Infantry, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a long list of patent medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy, and after the first dose I was relieved. I bought another bottle and by the time I had used it I was entirely cured. I cannot do this medicine enough to say for its great merit. Yours respectfully, HENRY STEINBERGER, Allentown, Pa. For sale by Druggists.

It is always gratifying to receive testimonials of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and when the medicine does so much relief it is especially so. It is in more particulars or other we refer you to our Druggists. Sold by Carlton and Dyer and Keyser Bros. Agents for Z. C. M. I., Clark, Eldredge & Co., Dush Manufacturing Co. and Fire Brigade.

Repairing and Re-upholstering.

You doubtless have pieces of furniture that need to be repaired, chairs that need new cane seats or recovering; perhaps a sofa that needs reupholstering. Nearly all furniture needs to be touched occasionally to a little furniture polish.

Why not have these things done now.

When we can give most time to it? In the fall we have almost more than we can do. If you place this work with us now, we quote a low figure on it, simply to keep our men employed.

For 15 Days Only.

RESERVOIR HOLDS 3½ QUARTS.

The Puritan Blue Flame Oil Cook Stoves burn ordinary Coal Oil or Kerosene, and make a blue flame like Gas or Gasoline. Any one can operate them, and they will not get out of order. Each Burner is provided with an asbestos wick, which makes a powerful flame, and will not smoke.

The advocate we are that there is no danger as with gasoline. It is impossible to have an accident.

A large flame will not smoke or produce soot or odor, any more may be placed directly in the flame without a particle of soot being deposited upon it. Cooking and baking can be done as well as on Gasoline Stoves.

The expense of operating these stoves is less than that of Gasoline Stoves.

A simple but ingenious device prevents the wick from being turned up too high.

The reservoir is kept cool by means of a supplementary tube, which disconnects the wick tube from the burner, therefore the oil does not become heated as in the ordinary Oil Stove.

They are made of Best Material, Enameled and Decorated, and provided with Brass Reservoirs.
