BIENNIAL ELECTION

Tuesday, Noy, 2, 1880.

PEÓPLE'S TICKET For Delegate to Congress, GEORGE Q. CANNON.

A SENSIBLE CONCLUSION.

proposition for lighting this city fraudulent ones in their place." with electricity. That is, the city of experiment, and that would con- change should be effected. flict with an agreement by which the a year to the gas company.

sideration. It places the subject in a first editorial: plain and foreible manner before the the condid mind to the conclusion that this city had better "go slow," desirable in exchange for gas

light, on a free and full investigation proves to be that which this city to the public, why should not the our fellow-citizens." management and manipulation of the new libuminator be entrusted to our own citizens, who can handle it at least as well and quite as cheaply as strangers who have no stake in the country, and who have no object in view but the profits to grow out of the business? If the Gas Com-1 pany will supply the electric light for as low a figure as anybody else can offer, seeing that the city and others identified with the Territory hold stock therein, why should not the Gas Company run the electric light, for city and business purposes-always supposing it is the thing that is wanted—and at the equal rights, of exact justice need no leprous support from falsifiers and and the building and machinery orifor household and other use, and victory for the sake of their own thus preserve existing benefits, while countrymen and for the sake of op-

City Council has taken the course purchased by an obscure newspaper as soon as they can settle up their through the publication of a forged business. He did not know the which we have advised from the beinning of this controversy; that is,
concluded "not to be in a hurry."
We are not opposed to the electric

We are not opposed to the electric light, as our readers are all well aware; we are not against the Brush system, nor in favor of any other system. We are simply for waiting and investigating, with a distinct has been found. The entire business are lightly father than a distinct has been found. The entire business are all well imposition, which the democrats laid hold of with all the energy of despair have not been arrested there seems to be little doubt that a track which will lead to their detection has been found. The entire business applied for his discharge on habeaus intention of being on our guard has been magnified to an extent enagainst the wordy claims of those tirely beyond its real importwho represent any of the rival machines for electric denting, and particularly when they resort to disingenuous methods to force patronage of democrats of more or less respect-

The central tower plan is yet of extremely doubtful efficiency for street lighting, and the erection of it, about noon the party which attempted to profit by mother sent another child, four years of age to hunt for it. several lamps at different points has honest men, more odious than ever, yet to be proven economical and and that certain members of that useful in comparison with the much more easily managed, distributed, regulated and controlled illuminator, which as yet holds its own for

vestigation, without baste or anxiety, and in the erent of a decision in favor of the electric light, no matter

which are in different streets, are in custody of U. B. marshals and the public are not admitted. The marshals are reticent. which of the different systems may be adopted, of giving to our own citizens the apportunity of handling menew or two have brought but partial religious inator and receiving the profits lief to industries dependent on water the streams.

sheet of fear pages, published at stoppage of the mills. The Passaic stoppage of the mills. The Passaic and Raritan are unprecedently low. The Brandywine is quite dry, and at willmington and other places in that part of the country several establishments have been compelled to shut down.

Be it resolved by the City Council willmington and other places in that part of the country several establishments have been compelled to shut down. the pen of L. O. Littlefield, who is a pleasant writer as well as good printer; the names and talents of the editors are well known in the community, giving promise that the Democrat will be ably managed and become a power for good in Northern Litab and Southern Lit Utah and Southern Idaho. The Democrat published the party tickes

that Hon. George Ainslie was nominated for Congress, at the instance of the Delegale from Utah, while the people wanted another man. Mr. Hart, who was quoted as making a statement of that kind, is one of the editors, and he effectually disposes of that whole cloth falsehood.

We recently referred to the frauds mark, justifying a change for their committed on the people of Oneida rage. The Democrat speaks strongly on the same subject and says: "There they have had the experi-
