Records! Records!

WE ARE NOW PREPARED to receive orders for BRANCH and WARD RECORDS, of a new and improved form, which has been approved by the presiding Bishopric and others.

We shall make them of four, five and six quires each, holding 2,040 2,560 and 3,090 names each, respectively, and the price will be for four quires, $12.00, five quires, $13.00, six quires, $15.00. Each book will contain a suitable index, and be well bound in Cloth and Russia Leather with ornamental lettering pieces for name of the Ward on the side. The book being of a large size, we do not think it advisable to make them over six quires.

Specimens can be seen at this Office, and orders received for size of book required.

Bishops in the Country desiring Records can order by mail, and we will make accordingly and forward them.

Last Night's Dispatches.

EASTERN.

The Cheyenne Indians Feel Bad at the Sioux.

CAMP ROBINSON, 24.—The Cheyenne Indians at this agency are feeling very bitter against the Sioux for the harsh treatment received at their hands after being defeated last fall, and not wishing to live near them any longer, requested, some days ago, to be removed to the Indian territory. After consulting with the Commissioner of Indian affairs, Gen. Sheridan has given his authority for the transfer. They will start about the 28th inst., under charge of Lieut. Lawton, of the Fourth Cavalry, and will cross up the railroad to Sidney. This band numbers about 1,150 persons, all told. The six companies of the Fourth Cavalry now stationed here are under orders to march in a few days. They will return to the department of the Missouri.

Appointment.

WASHINGTON, 24.—The President has appointed James E. Anderson, of Ohio, United States consul at Funchal.

Gov. Emery and the Troops for Utah.

The letter of Gov. Emery, of Utah, to the Secretary of War, asking for an increase of troops in the Territory, has been referred to Gen. Sherman to inquire into the matter and report on the necessity of increasing the military force. Gen. Crook has not had an opportunity to inquire into these Mormon troubles, but the letter will probably be referred to him by Gen. Sherman when he returns to the city. Gen. Crook will then go to Utah for the purpose of consulting with Gov. Emery. If, in his opinion, any real necessity exists for increasing the force, the additional troops will be ordered.

United States Bonds.

It is stated that during February, March and April, the coupons due on January 1st of that part of the consols of 1865, which were recently called in, were received through the London syndicate, representing interest on $19,000,000 worth of bonds.

Somebody Hoarding Greenbacks.

The Treasury officials state that 3,000,000 of one and two dollar notes are outstanding, and half of each. This is one-seventh of the entire greenback circulation. Owing to the scarcity of this change it is believed that some people are hoarding them, thinking that with the suspension of the issue and in the process of the resumption of specie payments they will become more valuable than any other denomination. This idea is erroneous, as these notes are still being furnished to assistant treasurers. The total amount of silver issued since April 20th, 1876, is $31,738,400; fractional currency now outstanding $20,475,807. One million will be retired this month.

The Custom House Frauds.

NEW YORK, 24.—The Custom House committee, after a secret session, to-day, examined Luckemeyer, silk importer, who testified that nearly all his goods were undervalued from thirty to forty per cent. There are more silks manufactured than are in demand, and these very silks, if sold in Lyons or London, would bring only reduced prices. He favored specific instead of advalorem duties.

Henry Himley, sugar merchant, testified that it was common for the custom officers to take bribes by passing dutiable goods without examining them. They plainly ask for money. An inspector once said, "What is coming to me out of this if I let it through without examining?" Inspectors, if not paid for not examining the baggage, would ransack and turn everything upside down.

H. J. Meyers, proprietor of a bonded warehouse, testified that he was compelled to pay fees and political assessments every year, in some shape or other, equaling $300, though the law expressly forbids it.

The Passenger and Freight Reduction.

The numerous reports on Wall Street about the reduction of passenger and freight rates by the trunk lines are unverified. One of the New York Central officials said that his road is negotiating with the Pennsylvania road concerning the withdrawal of the fast train, and if this is not done the fare to Chicago will be reduced immediately.

Judge Kelley and Secretary Sherman.

The *Times* Washington special says a few days ago the *Daily Nation* published an editorial criticizing the financial policy of Secretary Sherman, and calling upon the President to remove him. The authorship is attributed to Judge Kelley. Kelley has written a letter denying the authorship. While he dissents from the Secretary's financial views, he expressed the fullest confidence in his patriotism, honesty and integrity of purpose in administering the Treasury Department.

$135,000 Fire.

The Glass works of J. B. Doblemman, at Greenpoint, Brooklyn, were burned this afternoon; loss $130,000, insurance $62,000. The Devoe Oil Works, adjoining, were damaged $5,000. Two firemen were seriously injured.

Internal Revenue Districts.

The *Times'* Washington special says the five internal revenue districts, which now embrace New York City and Long Island, will be consolidated into three after June 30th. The new second district will include nearly all the distillers, rectifiers and bankers in New York, while the third will include manufacturers and dealers in tobacco and brewers of fermented liquors.

The Paris Exposition of 1878.

A largely attended meeting of merchants, manufacturers and business men generally, was held this afternoon in the Cooper Union, Jackson Schultz presiding, to take measures for the proper representation of American industry at the Universal Exposition of Paris in 1878. Resolutions were passed requesting the President to accept the invitation of France and to form a commission which France will officially recognize. The chairman was authorized to appoint a committee of three to lay the matter before the President.

Destructive Fire—Riot.

READING, Pa., 24.—The Scott Works, a large iron establishment of this city, owned and operated by Seybert, McManus & Co., were burned this evening, with the exception of the foundry portion, which was damaged. A large number of men are thrown out of employment. The works having been engaged upon several important contracts, the loss cannot be definitely ascertained, but it is variously estimated from a quarter to half a million dollars. There is an insurance in a number of companies represented by the Philadelphia agency.

Subsequently a riot ensued at the Scott House, opposite the Scott Works, between a number of roughs and several newly employed engineers of the Reading road. One man was wounded.

Review of the Volunteers.

SAVANNAH, Ga., 24.—Governor Colquett reviewed the volunteer soldiery this afternoon, and will to-morrow attend the colored military review and reception at the colored armory.

Strikers Dispersed.

HAVERSTRAW, N. Y., 24.—The troops dispersed the strikers, this afternoon, at the point of the bayonet. All is quiet now.

$30,000 Fire.

MENASHA, Wis., 24. — Smith's saw mill and Cobourn's foundry here, were burned to-day; loss $30,000.

Steamer Burned.

NEW ORLEANS, 24.—The steamer *Ora* was burned twenty miles below here yesterday. The boat and cargo are a total loss.

Laws Murdered by a Negro.

The *Picayune* learns from a resident of East Feliciana that Laws' mother stated before the coroner's jury that Laws was murdered by a negro whom Laws suspected of being the paramour of Mrs. Laws, against whom he had already entered suit for divorce.

Reception Ball.

The reception ball and re-union at Greenwall Hall, to-night, given by the citizens of New Orleans, under the management of the Orleans Club, to the officers of the army and navy of the United States, was the most select, elegant, and brilliant event of the season.

FOREIGN.

ITALY.

The Pope Receives the American Pilgrims and their Offerings.

ROME, 24.—The Pope received the American pilgrims, to-day. The Archbishop of Philadelphia read an address to his Holiness expressing the affection of the American Roman Catholics, and affirming that the sufferings of the Pope are theirs, and distance increased their devotion. Another Bishop read an address of the Archbishop of New York expressing the same sentiments. Subsequently nine of the Bishops present presented the Pope with the offerings of their dioceses, amounting to $25,000. Other offerings were presented by representatives of the American Catholic Associations. The Pope expressed his joy at seeing himself surrounded by the faithful, who had come from such distant lands. He spoke of the faith in the infallibility of the church in America. He alluded to the persecutions to which the church is subjected to in Europe, and thanked them for the offerings, and gave them his blessing.

GREAT BRITAIN.

Eastern War News.

LONDON, 24.—A St. Petersburg telegram states that the Turks, after bombarding Fort Adler, landed a corps of Circassians from seven transports. This part of the coast is denuded of Russian troops.

The Russians, near Sukum Kaleh, maintain their positions and await reinforcements. The Turkish report that the Russians had made an unsuccessful attempt to recapture the place is unfounded.

A dispatch from Erzeroum states that the Russians are extending their left wing in a southerly direction.

Detachments of Cossacks have been seen near Van.

Tacik Pasha has formed a camp at Alagha. The Russians are reported to be within a few hours march of it. Constant skirmishes occur.

A Persian camp composed of 10,000 infantry and 2,000 cavalry, is stated to have been formed at Selmast, near Turco, on the Persian frontier, with the object of defending Persian neutrality.

A simultaneous attack upon the Russians is expected to be made to-morrow by Mukhtar Pasha and Hassan Pasha.

The Grand Vizier and all the ministers have brought their private horses to the ministry of war in response to the requisition for the horses of all civil and military functionaries, for the army.

The Ottoman troops and insurgent Circassians have advanced from Sukum Kaleh, about forty miles into the interior.

Mahmoud Damad Pasha has been openly denounced at Constantinople as a traitor, during the public discussion relative to the advisability of recalling Midhat Pasha.

Prince Charles of Roumania is already addressed by his royal title in Russian official documents.

Rumors current at Vienna of the German mobilization are traceable to the fact that the Prussian subjects who are liable to service as reserves have received notice reminding them to be ready to join their regiments within four days from the order of mobilization, if such order should be issued. This notice only refers to the Silesian regiments. This would point to a limited mobilization on the Polish frontier as a precaution in view of a possible Polish agitation.

The Russians, yesterday, attacked Kars in two assaults, and were repulsed. There was heavy firing on both sides, which continued yesterday evening. The result is unknown.

It is reported that the Russians are at Olti, and are advancing upon Erzroum from that and various other points. The Russian left wing appears to be moving in the direction of the Euphrates Valley.

Thirty thousand militia and regulars will encamp for several days, next week, in the vicinity of Belgrade. The militia of the first class will be incorporated into the regular army. Government is issuing regulations relative to requisitions of corn and cattle from the citizens.

A religious war has been proclaimed in Bosnia.

The Berlin correspondent of the *Times* announces that during the past four weeks measures have been adopted for the gradual mobilization of the whole Russian army, to crush Turkey by superior strength.

Russia will probably put off the attempt to cross the Danube in force till the middle of June.

The Servian government is constructing fresh fortifications at Alexanitz, Panderato, Gramada and Velaka.

Programme of the New French Cabinet.

The *Times* Paris correspondent says the following is the programme of the new cabinet: The recently appointed prefects are instructed to support by every means, as the official candidates, all who did not sign the manifesto of the Left and did not vote for the order of May 17th. They have been informed that the defeat of any official candidate will lead to their fall in the arrondissements. Where Bonapartist candidates were defeated by a few votes at the last election, the prefects are instructed to support them as official candidates. In all other arrondissements the prefects have been instructed to support any anti Republican candidate, if he has a chance of success.

BRITISH AMERICA.

The Canadian Militia.

TORONTO, 24. — The Canadian militia, to the number of 10,000, sent offers through the government at Ottawa to the home government, volunteering to serve in any part of the empire they may be required, in case England becomes involved in war.

GERMANY.

Queen Victoria's Birthday.

BERLIN, 24.—The Crown Prince and Princess will give a state dinner, to-day, at Potsdam, in honor of Queen Victoria's birthday. The members of the British Embassy and several distinguished generals will be present.

Officers Ill-Treated.

The *North German Gazette* reports that two German officers were seriously ill-treated at Nancy on Monday, particularly by soldiers.

GREECE.

The British Squadron.

ATHENS, 24.—The British squadron has arrived in the Bay of Salamis.

EGYPT.

Started for Alexandria.

CAIRO, 24.—Prince Hassan and staff have started for Alexandria. The Egyptian contingent will probably depart to-morrow.

TURKEY.

Stormy Debate.

CONSTANTINOPLE, 24.—A body of Softas proceed to the Chamber of Deputies, to-day, to demand the dismissal of the ministers.

The chamber refused the deputation of five Softas and discussed their petition. The debate became so stormy that the President was obliged to suspend the sitting. The Softas then marched to the palace. It is believed that some of the ministers will resign.

The transmission of private telegrams in the interior is prohibited, unless the dispatches are written in the Turkish language.

Equal to the Situation.

A Turkish official statement represents that the deputation which visited the Chamber, to-day, consisted of natives of Ardahan, residing in Constantinople, who, alarmed by the capture of their city, came to offer to make every sacrifice and to invite Parliament to bestow the utmost solicitude upon the state of the army in Anatolia. The Chamber assured the deputation that the Government was fully equal to the situation.

Constitutional Tendencies.—Thirsty in which different individuals are affected by the same causes of discomfort arise upon the constitution and temperament. Some persons, for instance, are prone to fevers, some to bilious attacks, and others to nervous affections. In all cases where a peculiar susceptibility to any variety of disease exists, the tonic, regulating and purifying operation of Tarrant's Effervescent Seltzer Aperient will be found the surest safeguard against an attack. Individuals of a bilious and constipated habit, or subject to dyspepsia, or whose nerves are easily excited, should frequently resort to the refreshing influence of this preparation, in warm weather. It is no less potent as a preventive than as a remedy.

Arrears of Pay and Bounty.

OFFICERS, SOLDIERS and SAILORS of the late war, or their heirs, are in many cases entitled to money from the Government, of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp, and a full reply, after examination, will be given you free.

Pensions.

All OFFICERS, SOLDIERS and SAILORS wounded, ruptured, or injured in the late war, however slightly can obtain a pension. Many now receiving pensions are entitled to an increase. Send stamp and information will be furnished free.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,97,500 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. We pay cash for them. Send by registered letter. Where assignments are imperfect we give instructions to perfect them.

Each department of our business is conducted in a separate bureau, under the charge of experienced lawyers and clerks.

By reason of error or fraud many attorneys are suspended from practice before the Pension and other offices each year. Claimants whose attorneys have been thus suspended will be gratuitously furnished with full information and proper papers on application to us.

As we charge no fee unless successful, stamps for return postage should be sent us.

Liberal arrangements made with attorneys in all classes of business.
