MR. BATEMAN IS ASTOUNDED

Messrs, McMillan, Miller and Mann Say There Was No Disturbance Out at Saltair.

"There was no disturbance at Saltah esterday," said Manager Bateman of the Salt Lake & Los Angeles Railroad ompany. "The article which appeared n a morning paper was without founlation in fact, so far as I know. When came in on the train last night I walked through the cars and saw no til becomes my painful duty to reper such disgusting scenes as were so harrowingly detailed by that paper this morning. I was congratulating myself and the beach management upon the orderly conduct of the seven or eight thousand people we had out there,"

"It seems to me," said Mr. McMillan, that the writer of that article was animated by some personal grievance or was prompted by the policy of the paper to do injustice and harm to the resrort. I am positive that there were such scenes enacted as are depicted the paper.

Excursion Agent Mann said: "I was t Saltair beach until 10:15 jast night disturbances occurred to owledge, and I was all over the paion, from one end to the other, and om top to bottom. Manager Miller of the Saltair Beach company characterized as untrue the statements made and he was at the

Big Crowds Spent a Pleasant Day Bathing and Rusticating.

The two rallroad resorts yesterday njoyed a patronage which was grati-ying to the managements and so far s known but one accident occurred to nar the enjoyment of the people. The Sait Lake & Ogden railway car-ied near 4,000 people to Lagoon, the fowd at the resort being of a "com-ortable" size. As is always the case, the menagerie attracted the excursion-ists almost every one of whom paid a visit there at some time during the day. A curious fact is that a baby elk was born vesterday, being the third

Saltair had about 5,000 people, the rowds at this resort and at Lagoon being of about equal proportions. The day was spent in bathing roller skating and picnicking. The last train came in on time, a feature much appreciated by patrons who desire to get home in good season. Was No Fight.

It has been persistently asserted that the cause of the resignation of Superintendent Harris, of the Wyoming di-vision, was a physical encounter be-tween himself and General Manager Dickinson or President Burt.

The difficulty was said to have arisen in the recent tour of inspection made y President Eurt and other officials of he road over the cutoffs to the west This report is laughed at and strenu denied at headquarters, and it is further stated that these two gentle men, Mesers, Dickinson and Harris, are at present out together on the road and are on the best of terms. Harris resigns to accept position with the Baltimore & Ohic tendered him has not been learned.

Mythical Story.

Says the Laramie Boomerang: The tory recently published in some of the late papers to the effect that either onductor Storey or Conductor Wolcott ould succeed H. E. Van Housen, of freen River, recently resigned, as sup-rintendent of the middle district, is hown to have been a myth by a bullen issued from the general manager's not extending Superintendent Hay's risdiction, heretofore covering the ustern district, to include the middle listrict and the yards at Green River. These changes will all go into effect in the 1st of June.
