LOCAL NEWS.

Surprise to a Returned Missionary—From Heuben McBride, a Fillmore correspondent, we learn the particulars of a very pleasant surprise greeting that was tendered on the 19th to Elder Alma Greenwood of that place, who has recently returned from a mission to New Zealand. Our space will not admit of our publishing the account in full, but we are always pleased to learn of such demonstrations in favor of returned missionaries, whose friends can thus appropriately show their appreciation of their friends' labors while abroad and their joy at the return of the absent.

THE CANNON CASE.

BEFORE COMMISSIONER MCKAY.

LAST EVIDENCE.

The following testimony was given last evening after we went to press:

Mrs. Parsons was next sworn—Have known Angus M. Cannon for some time. Am employed at the Deseret Hospital. He frequently visits the sick in company with other brethren. I know Miss Mattie Hughes. She occupies a room in the cottage part of the Hospital. I can't say how often Mr. Cannon visits the Hospital. He generally visits in the day time, but sometimes in the evening. Have not noticed any unusual conduct on the part of Mr. Cannon, I am too busy attending the sick to notice everything of that kind.

Mr. James W. Harris—Am steward at the Deseret Hospital. Mr. Cannon visits the Hospital once or twice a week. Have never known of his staying at the Hospital all night. Don't remember staying with him the past two weeks that Mr. Cannon has said there all night. Have seen him come at night and have seen him in the morning. Don't know that he ever stayed over night. Have not received any instructions regarding my testimony since I was subpoenaed. He came early one morning after his horse, which was at the Hospital. I suppose the horse had been lent to Miss Hughes. I have said that I thought it was a case of polygamy. My belief that it was a case of polygamy was simply based upon the universal talk and conjecture of the people. When I was seen in company with another woman, I have never seen him come at night and leave the next morning, so I can't say he ever remained over night. I don't know of anything that warrants me in a firm belief that Mr. Cannon and Miss Paul are married. I have been offered money on the street to find testimony tending to show that Mr. Cannon and Miss Paul are married. I have never seen them together. I know of only one horse belonging to Mr. Cannon.

Mrs. J. J. Foreman—I know Amanda, Clarissa and Sarah Maria Cannon. Sarah M. is my sister. I visit there often. Have heard Mr. Cannon speak of the little girl as his child. Don't know whether Mr. Cannon has recently occupied the same room as Sarah M. Cannon or not.

Eliza A. Foreman—Am acquainted with Amanda, Clarissa and Sarah M. Cannon. Have heard Mr. Cannon introduce them as his wives. He takes his meals with them alternately.

Mrs. Angus M. Cannon, Jr.—I live in the same house as defendant. I am acquainted with Amanda, Clarissa and Sarah M. Cannon. Mr. Cannon takes his meals alternately with all three. I think I have heard him introduce them as his wives. The little girl Alice is acknowledged by the household as defendant's daughter. She is more than three years of age. I was not present at a difficulty between Angus M. Cannon, Jr. and his father.

John M. Cannon—I am 19 years old. Sarah Cannon is my mother. I live with my father and the above named women. Don't know that he ever stays over night. My mother is about 35 years old. Geo. M. Cannon is my brother. He is married. Don't know as father ever called Alice his daughter, nor have I heard her called his daughter in his presence. Don't know Mattie Hughes; never heard that she was married to my father; never heard him affirm or deny it.

Court adjourned until 2 o'clock to-morrow.

THIS AFTERNOON'S PROCEEDINGS.

George M. Cannon, County Recorder—I am in my 34th year. Sarah M. Cannon is my mother. Defendant is my father. Mother has four children, and has resided where she now lives about two and a half years. I think I have heard father introduce Amanda and Clarissa as his wives. His wife occupies a room in the northeast corner of the second floor; father's room is in the southeast corner of the same floor. Amanda's room is also on the same floor. My father has taken his meals one-third of the time at my mother's house and one-third of the time with each of the other ladies. The room which my father occupies was formerly used by his daughter. This was something over two years ago.

Clara C. Cannon—Am 40 years old. Have lived at my present home and skits in Dr. Plant's office, among which was a beautiful offer for a wild goat skin, and an immense black bear robe.

The next witness desired was Miss Mattie Hughes, and as she could not be present until half past three, the court adjourned until that hour.

The court resumed at 3:30 and remained in session for fifteen minutes. As the anticipated witness, Miss Hughes, failed to appear, the case was continued till 11 a. m. to-morrow.

One of the richest things connected with the examination was that during the brief recess taken by the Court, Commissioner McKay offered to furnish the accused with a subpoena if he would go and serve it on Miss Hughes. It is needless to state that this generous tender was declined.

TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

—Having demonstrated the adaptability of the soil and climate of the Grand Valley, Colorado, for fruit raising, the ranchmen there will put out half a million young trees the coming spring.

—Willie Thayer, a boy fourteen years of age, of Barga, Wyoming, while tending some traps he had set for wolves a few days since, met a large lioness, which he succeeded in killing. Proceeding to his traps he found a young lion had got into one of them and been caught by the forefoot. He dispatched this one with a shot from his rifle and took them both home. The lioness measured eight feet and the cub five feet. Pretty good showing for a boy.

—On Friday last, E. L. Cantwell had a very narrow escape from death, at Butte. While passing over the paws of the Alice mill, he slipped and fell onto the lower side of a large belt which was in motion. Before reaching the pulley around which the belt ran, he managed to get his foot on the outside of the belt and was carried around the pulley and across to the counter shaft. Here his leg was caught in the pulley, but he clung to the belt with such superhuman strength as to stop its motion until the engine was stopped, when he was released from his perilous position. His right hip was dislocated and the man otherwise seriously bruised but not internally. After his removal to the Alice Hospital the hip was put in place and at last accounts the patient was doing well.

—Hurt While Coasting.—About half-past nine o'clock last evening, while a large company of old and young were coasting on First Street, Canon Road, Miss Nellie Hardy and Mrs. L. G. Hardy were on a sled coming rapidly down the hill, when they collided with an empty "schooner" that was being drawn up almost in the middle of the track. The two ladies were thrown to the ground violently and considerably bruised, especially the former, whose leg it was thought for a time was broken, but such did not prove to be the case. It was fortunate that the accident was not more serious. Coasting is a dangerous pastime, and those indulging in it should exercise great care.

The Postal Delivery.—Postmaster Lynch has received the official order for arrangement for the establishment of a free postal delivery. He is at work maturing the matter, selecting the most suitable sites for the fifty-six boxes and attending to other details. The east and west portions of the city will each be served by a mounted postman, and the more central part by five on foot. The seventh man will attend to the matter of delivering the mail to the central part proper, including Temple Street, and will superintend the work of the other six.

In this cause counsel for appellants only represented that the real estate of appellant had been sold under the judgment of the District Court therein, and moved that all such sales be vacated, and all real estate so sold be restored to appellant. Such motion was opposed by counsel for respondent. Submitted and taken under advisement.

The People of the Territory of Utah, appellants, vs. Josiah Rogers, respondent, from the Second District, was argued for the People by Mr. Dickinson and by Messrs. Dickinson and McGee for respondent. The case was then submitted and taken under advisement, after which the court adjourned until to-morrow at 10 a.m.

An Excellent New Book.—A. L. Bancroft & Co., the well known San Francisco publishers, have issued a work that is sure to win its way everywhere. Its title aptly defines its character—"Noble deeds of the Great and Brave." Vigorous sketches are given of heroic actions from the earliest to the present time, in the choicest literary style. It is a book whose inspiration tends to stimulate the higher and better qualities of its readers, and is such a one as youthful persons especially delight in. Besides the numerous acts of personal devotion to higher aims depicted by this valuable work, it imparts information upon many prominent historical incidents. Withal the tone pervading the work is decidedly healthful. It is an splendidly illustrated volume, and its extent is over 500 pages. We regard it as a valuable addition to the literature of the country.

Another Veteran Gone.—Brother James G. Black, writing to us from St. George, January 15, 1885, sends the following account of the death of one with whom many of our readers were familiar:

Addison Everett, well known to all the early settlers of Utah, passed to his rest in this city on the 12th inst., and was interred with becoming honors on the 14th.

Deceased was born October 12, 1826, in Walcott, Orange County, N. H. He was baptized into the church on the 1st of Sept. 1837, by Elder Elijah Fordham. He was the first member of the New York branch of the Church of Jesus Christ of Latter-day Saints. He was ordained a High Priest in 1841; gathered to Nauvoo in 1844 and left there with other Saints in 1846. He was Bishop of one of the wards at Winter Quarters, and then one of the pioneers to Utah, after which he became Bishop of the 8th Ward, Salt Lake City, and so continued for a number of years. He was a member of the Utah Pioneer Conference, 1861, he was called, with others, on the Southern mission, and arrived on this side of this city in December of that year. Brother Everett was zealous, during his 47 years' association with the Church, an ardent, devoted and zealous servant of God; and has crowned his former labors by his untiring energy in administering for the dead in the St. George Temple during the last eight years, and his wife Martha having been endowed with the same of 2,000 of their kindred. He has kept the faith, endured to the end, and will rise with the just to inherit glory and eternal lives, for which God be praised.

A Business Failure.—Wallace C. Bowring, who has done business in this city for many years as a green grocer and fish and provision dealer, formerly in company with his brother, but more recently alone, made an assignment yesterday in favor of his creditors. George Harrison, who has been his bookkeeper, has been appointed assignee. He has recently been engaged in a lawsuit with his brother, which, in fact, is not yet settled. This and his indebtedness to his creditors have tended to precipitate his failure. He claims that his liabilities are light, and that had it not been for his creditors crowding him, he could have continued through all right. The following is his statement of his business:

LIABILITIES.

Cunningham & Co. \$200 00

Barnes & Davis 175 00

Geo. Butler 50 00

Center Bros. 50 00

Geo. Griffin 10 00

Orth Bros., Ogden 25 00

Other small claims 10 00

Total \$700 00

ASSETS.

Store fixtures \$250 00

Stock 500 00

Outstanding accounts 500 00

Total \$1,250 00

Mr. Bowring is living in effect arrangements with his creditors to do some business, and there is a prospect of his being able to do so.

The store just south of Spencer Lawson's, in the Eldredge Block, is being partitioned off for offices, and it is expected that the Utah Soap Co., Mr. L. Cummings, L. Hyams, J. Held and others will hold forth there.

Yucatan Indian Huts.

The huts are oblong, and rounded at the corners. Some are divided in two by a partition. More generally the whole family crowd together in a single apartment. The wall is formed by putting sticks upright in the ground and filling the interstices with mud, or wattle, especially the former, whose leg it was thought for a time was broken, but such did not prove to be the case. It was fortunate that the accident was not more serious. Coasting is a dangerous pastime, and those indulging in it should exercise great care.

While every corner of the hut is crammed with rubbish, its mattress sometimes sits in the hammock swinging at a queer angle, and the whole is a picture of confusion. The interior is a mass of filth, and the whole is a picture of confusion. The interior is a mass of filth, and the whole is a picture of confusion.
