LOSS OF SHRINKAGE IN MEATS.

VERY few people know that the shrinkage in meats cooked in a close oven is from thirty-five to forty per cent. All meat contains seventy-five per cent. of water and only twenty per cent. of solid matter, and the loss that is made in the roasting is made in the evaporation of the juice, which is the VITAL PART OF MEAT.

Effect of the SOLID OVEN Door.

A TEN pound Sirloin, medium or well done, will be REDUCED to SIX pounds and four ounces of Roasted meat, showing a loss of three pounds and twelve ounces of juice. While the loss is 37½ per cent. of the total weight, it shows the enormous LOSS OF FIFTY PER CENT. OF THE JUICE.

Effect of WIRE GAUZE OVEN DOOR

A TEN pound Sirloin, medium or well done, will be reduced to nine pounds and eight ounces of Roasted meat, showing a loss of eight ounces of juice. While this loss is but 5 per cent. of the total weight, it saves the rest, a small LOSS OF BUT FIFTY PER CENT OF JUICE.

THE PRESIDENT'S ADDRESS

At the Dedication of the Carnegie Free Library.

PITTSBURG, Feb. 20.—The formal dedication of the Carnegie free library in Allegheny City took place this evening, and the institution was declared open by President Harrison. The elegant Music Hall was filled by the audience long before the hour of opening arrived. At eight o'clock President Harrison and Carnegie arrived. The President, Carnegie, Enoch Pratt of Baltimore and George Lauder occupied the box to the left of the stage. In the right hand box Governor Beaver, Congressmen Dalzell and Bayne and Professor Langley were seated.

The exercises opened with the singing of "America," by the Mozart Society. After religious services Mr. Carnegie publicly thanked the committee for their devotion to the work, the President, the Governor, the Congressmen, and Pratt, the Baltimore pioneer of free libraries, for their presence, having honored the speaker and the citizens by traveling hundreds of miles that they might stamp their approval upon the dedication. At the conclusion of his address Carnegie handed Mayor Penson the key to the building, and the latter in a brief speech accepted the trust imposed on him.

President Harrison was the next speaker. After paying his compliments to Allegheny county and its industries, he said in part.

"I saw today in the great works of human industry young men not yet in middle life controlling great mills, and the suggestion came to my mind how this institution would promote the interests and intelligence of the young men of this prosperous county, because it is the mind of man that has wrought all these great improvements. The hand is not cunning in itself. It is from the brain that it gets the impulse and teaching that enables it to perform the difficult tasks which are alone to distinguish the man. I hope that this institution may carry with it always, and with every book that rests upon its shelves, this suggestion to those who will participate in its blessings. Read and think, because unless thinking accompanies reading, there is not

MUCH PROFIT IN BOOKS.

"I congratulate you that you have citizens who could conceive a work like this. 'May I not do what I will with my own?' is the selfish spirit that dedicates to personal luxury the fruits of toil, to be paramount. How much higher and nobler a use of accumulative wealth have we before us in this magnificent structure tonight. It gives no great pleasure to be associated with the inauguration of this great enterprise. No one can tell how wide and deep and strong the stream will be that shall have its origin here. We cannot follow it through the generations that are to come. It is left in your charge, citizens of Allegheny, and, speaking for the generous donors, I declare it now open to public use and as a place of assembly for all, and I charge you that you care for it in such manner that its highest usefulness may be reached and that it may not in your hands fall below the high thought which was in the mind of him who has, out of his own personal means, erected and dedicated this library to the public use." (Applause.)

President Harrison was followed by Mr. Pratt of Baltimore, Governor Beaver, Congressmen Dalzell, Bayne and others.

The presidential party was then escorted through the art gallery, after which they entered carriages and were driven to the Duquesne club.

The doors of the library were then thrown open for the remainder of the evening to public inspection. The building cost $300,000 and includes a library, art gallery and music hall.

It is stated semi-officially that Carnegie has decided to increase his donation for a library to Pittsburg from one to two million dollars. The original donation was $500,000.

President Harrison took the night train for home.

Cause and Effect.

COLUMBUS, O., Feb. 20.—This afternoon Richard C. White, a private policeman, fatally shot his brother-in-law, Achilles Kell, for being to intimate with the former's wife.

That is the Question.

CHICAGO, Feb. 20.—William F. Kimball, confidential bookkeeper and cashier for Richardson, Boyington & Co., New York and Chicago, was placed under arrest last night. He is said to be a defaulter to the extent of $10,000. His friends claim the matter is only a question of debt.

The Tragedy in Missouri.

ST. LOUIS, Mo., Feb. 20.—The body of Mrs. Vail, the victim of the tragedy at old Monroe, which resulted in the arrest of Charles Vail on a charge of murder, was exhumed today and an autopsy held. The ball could not be found, but the course of the bullet was described by the physicians. The verdict of the coroner's jury was: "The deceased came to her death from the effects of a gunshot wound, inflicted the 16th day of February." The jury was instructed to say how the victim came to her death, but not who shot her.

Maid, Wife and Widow.

BRAINARD, Minn., Feb. 20.—The story of a widow of half a marriage night is the sensation of the city today. Last night Miss Deane married J. Bulmer, yard train clerk of the Northern Pacific. After an evening spent with friends the twain retired. In a few minutes the remaining guests were horrified to see the bride rush down stairs in her night clothes with a cry that her husband was dead or in a faint. Rushing upstairs the excited guests found the bridegroom in bed and unconscious. A doctor was hastily summoned, and confirmed the worst fears. Heart failure caused his death.

THE RAILROADS.

Villard Again to the Front.—Railway Legislation, Etc.

NEW YORK, Feb. 20.—The Times says: It is announced on practically official authority that the deal by which the Northern Pacific expects to obtain control of the B. & O. railroad is being personally managed by Henry Villard. He has full power and lots of money.

THE GOVERNMENT AND THE RAILROADS.

CHICAGO, Feb. 20.—The Chicago & Alton report for the year 1889 shows the following figures: Gross earnings, $7,510,616; increase $5151; operating expenses, $4,571,736; decrease, $93,538; net earnings, $2,944,880; increase, 101,500.

The question of railway legislation by the States and by the general government is treated at great length by President Blackstone, and the statement is made that railroad property has been greatly oppressed thereby. The report says, "We should not complain unless prepared to suggest a remedy." The suggestion is made that the National Government acquire the ownership of all railroads in the United States now used for Inter-State traffic by an exercise of its right of eminent domain or by purchase, payment therefore to be made by government bonds, bearing interest at a rate not exceeding 3 per cent per annum, to be redeemed by an annual application to a sinking fund, equal in amount to 1 per cent of the whole amount of such bonds issued, the annual interest and sinking fund to be paid from the net earnings, and rates for transportation to be reduced from year to year, so as to provide no more money than needed for such payments. Other details are elaborated at length, the chief features being a proposal that the government of the roads and the making of rates be vested in a board of national railroad directors and all railroad employes after one year's service shall not be subject to discharge without cause and proper investigation.

The report, in conclusion, sarcastically observes that nothing less potent than a special interposition of Providence can so change public sentiment as to induce the government to admit that it had been in the least degree unjust in its treatment of the railroads during the past twenty years.

JAY GOULD'S COAL PURCHASE.

KANSAS CITY, Feb. 20.—The Times will say tomorrow: "Jay Gould recently acquired pretty nearly all the coal fields in the south-west. These mines are all held in the name of the Missouri Pacific Coal company. Among them are the fields at Lexington and Rich Hill, Missouri, Meridan and Cherokee, Kansas and McAllister, Indian Territory.

The Times will also say: "Authority but little lower than President Miller is responsible for the assertion that the Chicago, Milwaukee & St. Paul will buy the Missouri, Kansas & Texas as soon as a reorganization of the latter is effected.

Coal Lands.

NEW YORK, Feb. 20.—It is currently reported that heavy negotiations are pending between C. P. Huntington and Henry Villard, whereby the former will become the purchaser of large tracts of coal lands in the new State of Washington. Details are withheld, but it is understood that the acquisition of these coal lands will cost Huntington and his associates several millions, independent of the money they will expend for the establishment of a line of steamers to develop the traffic.

Dealing With Lotteries.

WASHINGTON, Feb. 20.—Senator Sawyer introduced a bill today to amend certain sections of the Revised Statutes, relating to lotteries. It provides that no letter or circular containing an advertisement of lotteries, or so-called gift enterprises, for distributing money by chance, and intended to deceive the public, shall be sent through the mails. Any person found guilty of using the mails for this purpose shall be fined not less than $100 nor more than $500. The Postmaster-General may also in this business instruct the postmaster at the towns to which registered letters are sent in answer to such advertisements to return them to the persons who mailed them, with the words "fraudulent" stamped on the outside.

Young Lincoln Has a Relapse.

LONDON, Feb. 20.—United States Minister Lincoln's son, Abraham, has had a serious relapse.

Educational Conference.

NEW YORK, Feb. 20.—The educational conference met this morning. Ex-President Sheldon proposed a resolution, which was unanimously adopted, declaring that the association regarded the public school system as the chief source of civilization and the bulwark of civil and religious liberty; approved the placing of the American flag over school houses and recommended the study of the Declaration of Independence and other historical American papers; they could meet hostile criticisms and could give in the public schools the highest moral instruction without sectarian bias. H. S. Tarbell, of Providence, introduced a resolution approving the recommendation of the Indian commissioner dealing with the education of Indian children.

Crushed Paths.

INDIANAPOLIS, Feb. 20.—A special to the Sentinel from Vincennes, Ind., says: Experts today reported the result of their investigation of the books of the officers of Lawrence County, Ind., to the board of supervisors. The report shows that ex-Sheriff Ryan, republican, is short $2958; ex-County Clerk Pitman, democrat, $10,681; ex-Treasurer, McCleave, democrat, $59,500. The investigation covered a period of eight years.

Declines to Answer.

CLEVELAND, Feb. 20.—At the trial of Bishop Dubs today several witnesses testified as to Dubs' familiarity with women, but nothing criminal is alleged. Rev. Mr. Yost, when testifying, was asked if he and Bishop Dubs did not visit houses of ill repute in Buffalo, at the bishop's suggestion, but he reclined to answer, although the question was repeated in several forms. The testimony was then closed, and arguments were made by prosecuting counsel and Bishop Bowman.

Bishop Dubs denies the allegations made against his moral character, and says that at the general conference, which meets in September, 1891, he will prove his innocence. The jury reached a verdict in his case tonight, but it will not be made public until tomorrow. It is believed, however, that Dubs was found guilty, deposed from office and expelled from the church.

Kelly Released.

CHICAGO, Ills., Feb. 20.—J. B. Kelly, the Cronin suspect, brought from St. Louis yesterday, was released this morning, no one being able to identify him as J. B. Simonds, the man who bought the furniture found in the Carlson cottage.

The Bishop is Better.

PITTSBURG, Feb. 20.—This afternoon reports from Mercy Hospital were that Bishop O'Connor was improving. There are now some faint hopes of his recovery.

In Sporting Circles.

DENVER, Feb. 20.—Ed. Smith, champion pugilist of Colorado, and a prominent candidate for first honors among sporting men, has issued a challenge to Jake Kilrain to spar ten or fifteen rounds, Marquis of Queensbury rules, for a purse of $1000 to $2000, the match to be for points and to come off within eight weeks in this city; or, if Kilrain prefers, will fight him to a finish.

SALE OF VALUABLE HORSES.

LEXINGTON, Feb. 20.—At Woodward's horse sale today the following brought the highest prices: The King, blk. h., S. E. Simmons, Lexington, $31,000; Warlock, b. h., Colonel R. Stoner, Paris, Ky., $15,000; Emulation, ch. m., A. H. Moore, Philadelphia, Pa., $4500; Belmont Wilkes, br. h., J. D. Creighton, Omaha, $7000; Susie S., b. m., Wallace Pierce, Sharpsville, Pa., $10,050; Elkhorn, b. c., William D. Nolan, Delphi, $9200; Lyle Wilkes, br. s., W. B. Hawkins, Lexington, $3500; Electrotype, b. h., R. C. Church, Frankfort, Ky., $2100.

DONE IN FORTY SECONDS.

WASHINGTON, Feb. 20.—Peter Jackson, the colored champion pugilist, tonight knocked out James Walker, a local heavy-weight, in just forty seconds. Walker had accepted Jackson's challenge, offering $100 to any one whom he failed to knock out in four rounds.

BILLIARD TOURNAMENT.

NEW YORK, Feb. 20.—The billiard tournament for the championship of the United States and for $5000, to which is added the entrance fees, began in this city tonight. The last series of the games will be played in Chicago. The contestants are Jacob Schaefer of Chicago, George F. Slosson, Maurice Daly, J. Randolph Heiser, W. H. Catton and Frank C. Ives. Tonight's game was between Schaefer and Heiser. The former played the fourteen-inch balk line and Heiser the eight-inch game. Schaefer won by a score of 500 to 322, with an average of 17-7-29 to Heiser's 11-2-29.

Female Suffragists.

WASHINGTON, Feb. 20.—At the Woman's Suffrage Convention tonight North Dakota was chosen as the immediate battle ground for the cause. The speakers were Mrs. Julia Ward Howe, Rev. A. H. Shaw, of Illinois, and Congressman Pickler, of South Dakota, who spoke brilliantly in support of woman suffrage, and said he had nothing but contempt for the man who was not willing to give his wife and sister the same opportunity that he enjoyed himself.

The German Elections.

BERLIN, Feb. 20.—In the first, second and third districts of this city supplementary elections will be necessary; also in many outside points. At midnight the apparent result is that the government parties have lost fifteen seats and the socialists throughout Germany have doubled their vote. Among the prominent socialists elected are Liebknecht and Singer, the latter defeating Richter, one of the most distinguished leaders of the German liberal party.

In Berlin the anti-Semetic faction abstained from voting because the candidates did not meet the approval of the electoral committee. Indications are that the Deutsche Freisinnige party may secure two seats in Berlin, and it is not unlikely that this party will lose all the others throughout the country. The great feature of the election is the enormous and unexpected increase in the socialist vote. This party manifested strength in places where it was unknown before, and the other parties will have to make a firm combination against it to stem the tide at the supplementary elections, of which there will be many. In Berlin alone the socialists have increased 29,000 and the conservatives lost 31,000.

A Big Failure.

LIVERPOOL, O., Feb. 20.—F. Orner, who keeps a dry goods and general store, failed this morning. The failure is said to be the heaviest that has ever taken place in Eastern Ohio, and it is feared that others may be drawn into the wreck who are not able to stand the loss. There are said to be little or no assets.

Prohibition Convention.

INDIANAPOLIS, Feb. 20.—The prohibitionists held a State convention today and nominated a ticket. The platform declares against local option.

Leprosy Spreading.

LONDON, Feb. 20.—Leprosy is spreading in New Caledonia. Three thousand aborigines and many convicts are attacked.

His Blood Up.

OTTAWA, Feb. 20.—It is rumored that the Welden extradition bill, which passed at the last session, will be proclaimed shortly. It is a mess of Canada's good will, the Dominion agreeing to surrender all criminals, even to countries which have no extradition treaty with Canada. The scope of the offense is even larger than that embraced in the treaty recently negotiated between Great Britain and the United States, and to which Canada is a party.

In the Commons today the debate on the anti-French bill was continued. Premier Sir John Macdonald made the most vehement and passionate speech he ever made in the House. Frantically waving his arms, he appealed to the followers and members of the opposition to unite and bury for ever the vexatious question which, if allowed to go on, would only ruin Canada's credit and prosperity, finally ending in a bitter war of bloodshed, in which race would be armed against race, blood against blood, creed against creed, religion against religion and language against language.

His Next Crase.

BOSTON, Feb. 20.—George Francis Train is busy perfecting plans for his proposed trip around the world, which he expects to be accomplished in sixty days, starting from Tacoma, Washington. He received a telegram tonight from R. S. Baldaugh, proprietor of the Tacoma Ledger, guaranteeing a special steamer and escort of citizens from Tacoma to the steamer Abyssinia, which leaves Vancouver March 17th. Train will leave Boston March 9th.

No More.

WASHINGTON, Feb. 20.—No more four per cent bonds will be purchased by the Treasury Department until further notice. The total amount purchased on this account was about $12,000,000, of which $7,000,000 was surrendered on the first call for a reduction of the fund. Of the eighty banks included in the second call, favorable responses have been received from sixty-five, which surrender over $5,000,000 in government bonds, thirty-two going out of the system altogether.

Three of Them Indicted.

NEW YORK, Feb. 20.—The grand jury has indicted Pels, Simmons and Wallack for grand larceny in taking $24,000 worth of bonds from the Lenox Hill Bank.

Scrofula

Lurks in the blood of nearly every one, in many cases inherited. Its severest form is that of running sores on the arms, legs, or feet. Tumors in the glands of the neck, pimples, cancerous growths, swollen joints, and thickening of the upper lip, are other symptoms. Hood's Sarsaparilla has had wonderful success in curing scrofula. It thoroughly eradicates the humor from the blood, and gives it new vitality and richness.

Mrs. William McDonald, Worster, O., for eighteen months suffered with scrofulous swellings of the glands in the neck. Hood's Sarsaparilla gave immediate relief, the swellings being largely reduced.

Swellings in the Neck.

Joseph Dunphy, 214 Central Street, Lowell, Mass., had swellings and lumps on his neck and face, which various pastes, ointments and medicines failed to stop. A druggist, whose wife had been cured of a sore on her arm by Hood's Sarsaparilla, recommended the medicine, and he bought a bottle. In three days there was a change in the eruption, and five bottles effected a complete cure, leaving the skin smooth and fair. Be sure to get only

The People of the Territory of Utah send Greeting:

To Louis Pratt or Louisa Pratt, widow, Francis S. Dyer, Ellen S. Pratt, Lois B. Hunt, and Ann L. Pratt, heirs of the late Addison Pratt, deceased, Defendants.

YOU ARE HEREBY REQUIRED TO appear in an action brought against you by the above named plaintiff in the District Court of the Third Judicial District of the Territory of Utah, and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons—if served within this county; or, if served out of this county, but in this district, within twenty days; otherwise within forty days—or judgment by default will be taken against you, according to the prayer of said complaint.

The said action is brought to have a decree of this Court, adjudging that defendants herein be required to set forth the nature of their claims to that certain piece of land, situate in Salt Lake City and County, Territory of Utah, described as follows, to wit: Part of lot 2, block 32, Plat "A," Salt Lake City Survey, commencing at a point ten rods east of the southwest corner of said lot 2, running thence east four rods, thence north four rods, thence west four rods, thence south ten rods in place of beginning; and that such claim and all adverse claims be determined by such decree; that plaintiff's title and each of them be adjudged to have no estate or interest whatever in said property, and that the title of plaintiff to the same is valid and good; that defendants and each of them be perpetually enjoined from asserting any adverse interest or title to said land and premises or any of them, and that plaintiff have such other and further relief as is equity and good conscience belongs.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will apply to the Court or the relief demanded therein.
