PLOER GRAND'S CONDITION.

ILIGHE GRANDS CONDITION.

It is must painted to realize that Eloise Haber J. Grand's physical condition is of a very critical character. Late Thursday night he was taken ill, and the trouble that developed proved to be of a must estima matter, so that bedry it became necessary to parform a surgical spartitus for a service case of spipe addition. The service case of spipe addition to best surgical said was considered. The trouble had made sugh a violent attack month that he was quite weak and low. His physical structure never has been very robust, but his having led an statechase and careful life, and being yet a young man, at temportant advantages in favor of his restoration to perfect mealth. There is no use in withholding the fact that he is critically ill, but his in the best with the search of the receiver, there are strong larges and cleaness for his receivery, toward which the faith of the people will be drawn quickly and sincered to well-bed-ved unit proglate drawn quickly and sicelizary, when he facts become known of the illness of so well-bed-ved unit proglate drawn quickly and sevent of the liness of so well-bed-ved unit proglate drawn quickly and sevent of the lines of so well-bed-ved unit proglate drawn quickly and sevent of the lines of so well-bed-ved unit proglate drawn quickly and sevent of the lines of so well-bed-ved unit proglate of the people will be drawn quickly and sevent of the lines of so well-bed-ved unit proglate.

DECORATION DAY.

DECORATION DAT.

Tomorrow, May 10, is Decoration Day in this filter; text telling on discover, the following Monary will be on the first telling on discover, the following Monary will be publicly sheared by the usual heliday services, while the Memorial Similary services will be carried out tomorrow in various churches a sunnomeed. This houseling ... the nation's dead, and of raviving recollections generally of loved ones gune toffer, is both beautiful and beneficial in its nature, showing fatth the expression gives which filt the souls of these who yet dwell in montally, and impressing the great trath of Octave should be the soul in the same road, in the same road, to the filter of the same road, to have the Event of memory witnesses also that he love which death cannot oversime, itself must ritumin over the grint reaper, and dot its failures in remains—love which knought of the grint reaper, and death cannot oversime, listed must ritumin over the grint reaper, and fad its failures in remain—love which knought of the grint reaper, and fad its failures in remain—love which knought of the grint reaper, and fad its failures in remain—love which knought of the grint reaper, and fad its failures in remain—love which knought of the grave, and service. Thus the Decoration Day has a victure over death, the grave, and service. Thus the Decoration Day has the problem, he pad dischange for all.

RALUTARY MISULATIONS.

BALUTARY REQULATIONS.

ARLUTARTY RESULTATIONS.

One of the gratifying features at our local laws and their administration is the containing that food fiels are mustiplying end game of most hinds is and invierably diminishing. As things Wern going for a while in the year past, that nestees and choicest of all the finny tries, the mountain trout was threatened with exitudities; new the mountain streams are returning to sensithing like their pristine condition, the sixes are fairly stocked with light-class members of the finny ismity, and even the measurably turbed.

rauding sugars than the first new than.

This is set it should be. The human rains is consilvorane, but the fiest ne consumes contains as a rate too. Hitle in the line of fish. In the warmer, months particularly the more solid fiest should could less requestly on the little of fare and he replaced my some out of fish. In this flint we some out of fish. In this flint we want to a graving list to select fram.

THE BRIGHAM YOU'S MONUMENT.

THE BRIGHAM YOUNG MONUMENT.

A decision has been reached to complete the Hrigham Young monument in this city in this city in the feet he relebration of the Planeer Juniles in July next. These here's in the city in the region of the Planeer Juniles in July next. These here's in the centre of the monument have decided upon a location for it, or the southeast corner of the Tempis Huch, a few feat located where the walls may chart, This is in the centre of the city, at the head of the principal streat. The wall have been been a think of the principal streat. The wall have will be an obstruction to the jubile where will be an obstruction to the jubile. It is the principal stream will have to be hantened, since it is any seven weaken to the populing of the Jubiles. But it is to begin advance, precludely out the interfy-six handre years of the birth of President Young—June 1st. Cantifering the second-planeers of the total feet of the Pianeer Jubiles will winter in the unvaling overmonies of the Pianeer maximent to the chance hader in the walks in 1647. Every public-perticely, patrofic citizen will join with can will control of having the Hrigham Young Monument completed for the Planeer Jubiles.

CREDIT FOR PULLMAN.

CREDIT FOR PULLMAN.

CREGIT FOR PULLMAN.

These years ago there was a great railway strake to this country, and George M. Pullman of Chooge was the most supplied as a second of the primal country for the strain of the primal country in the strain of the strain of the primal country for the strain of the primal country for the strain of the Paulic count. New Mr. Pullman counts to the Paulic count. New Mr. Pullman counts to the Paulic count. New Mr. Pullman country for the most prefer taws in the world. As staided to Thursday's Naw, the International hygicalic and pharmaneutical expesition for Prague has scorred this his distinction, even against Barun von Kruep in the interfer own country and the fore that the latic was should of all other places as the globe. Whataver may have been said of Mr. Pullman as being seriony of the wages question, it is graitlying to know that is an American comployer of ishor, the committee of the Prague exposition unanimously adjudged him to be written to the property of the working income, and of having a town that is superior to all others in the scattered, sewer, water gream, shopp, public balls, churches, grounds and the rules and regulations governing them. New that the fown of Pallman has attained the distinction in many country of the property of the property

WOUNDED IN BATTLE.

A correspondent of the Danish paper Polithen, who has been an eye-witness to the battles between the Greeks and Turks in Thessaly, describes some of the sennes in the hearings are to the engagements. What he there witnessed gives some faint idea of what wer really means, and at what price honor and glory are hearth.

ides of what war really means, and at what price bonne and glory are bonglet.

Most of the wounds, he says, were from rife bails, and in most cases the bail had substrad the breast and passed out through the bails and passed out through the bails really had been added to the breast and passed out through the bails really had been wounded. The shifts walk and not one was shot in the lower part of the body. Ninety-nine per cost were hit becaust the shunderblade, Many of these were able to walk short deur or five hours able to walk short deur or five hours after they had been wounded. The brightless explained that the wilders where the bail had entered said left like body were small and sailty chosed of, and that the lungs were not extractly injured by a small inde. Gottlers wounded by awards or explaining shalls presented as more pitchalle shalls presented as more pitchalle shalls presented as more pitchalle able to be a small inde. Gottlers wounded by awards or explaining from salves worner and proceeding from salves wounds were mary always left on the head or on the arms. Other an ear had been out away, or their shalls were born away round the bleeding parts of the body. On April 35 these ward form away round the bleeding parts of the body. On April 35 these ward form away round the bleeding parts of the body. On April 35 these loaded and the bettern of the wound the bleeding parts of the body. On April 35 these loaded and the bettern of the hospital in three another the bards of the worn and the bleeding parts of the body. On April 35 these loaded and the bettern of the hospital in three loaders.

taken to the hospital in three theory, and among them were some who had large plees of bone for a way from the (empise), laying the braise bars, or plees of bone in the large plees at the large plees had been driven into the gray matter. From patients breshed with utilizating it they had been hit in the right sim, to left side of the hody was paralyzed. They seemed to suffer incorrectible point. It was a pirture sign to see the expression of egusy to their eyes.
