EVENING NEWS.

Friday May 11, 1883.

FLOATING FRAGMENTS.

Roland Reed in "Cheek," at the Theatre to-night.

The High Council will meet at 7 o'clock this evening, at the Council House.

Yesterday morning Elder John Reeve, of Ogden, left for England, his native country, on a mission.

Dr. Benedict and wife arrived from their trip to the West yesterday. Both are in improved health. Welcome home.

There will be a meeting of the Deseret Hospital Association at the Council House on Saturday, May 12th, at 2 o'clock p.m.

The 23d Quorum of Seventies will meet at the house of Charles Lambert, Seventh Ward, at half past 7 o'clock next Monday night.

The new tourist's book of views of Utah, by C. R. Savage, is on sale at the store of Jos. H. Parry, adjoining the office of Mr. E. Morris, East Temple street.

Brother Christopherson, who will shortly leave for Europe, will be tendered a complimentary party at the Thirteenth Ward Assembly rooms to-night.

The funeral services over the remains of the late Sister Alice W. Needham will be conducted at the Seventh Ward School-house at 10 o'clock on Sunday morning.

Mr. Leo Hetzell's pamphlet "One Day in Utah," is meeting with a rapid sale. The first edition is already exhausted and another will shortly be issued. Good for Brother Hetzell.

Last night the Seventh Ward Schoolhouse was crowded on the occasion of the concert for the benefit of Brother Christophersen. The entertainment was of most excellent quality.

The funeral services of Sister Maria Benson were held this morning, conducted by Elder W. B. Barton. The speakers were Elders Barton, Andrew Jensen and John C. Sandberg. The attendance was quite large.

We are enabled to settle a local dispute that has lately been keeping a puzzled public in a state of perturbation. It is on the question of the correct pronunciation of Janauschek. The Madame herself pronounces it as if spelled Yahnowshek, and she ought to know.

On Wednesday evening, says the Ogden *Herald*, a stranger entered the store of Mr. Joseph Sewell, on lower Fourth Street, and asked for tobacco, cigars and other articles. As fast as the goods were handed out to him he put them in a sack, and as soon as he reached the end of his string he "bolted" for the door with the merchandize and made hurried headway towards the depot. Mr. Sewell was unable to pursue. The goods thus purloined are worth about $19.

LOCAL AND OTHER MATTERS.

Wedded.—Yesterday Bro. James A. Hilton and Miss Christina Lyon were united in marriage. The groom is the son of Brother David Hilton, of the 20th Ward, and the bride the granddaughter of Brother John Lyon, the well known poet. The young couple have our best wishes.

No Improvement. — Yesterday President W. Woodruff received a private dispatch from President A. O. Smoot, informing him that there was no improvement in the condition of Sister Margaret T. Smoot. The good lady was, at the time the telegram was sent, still unable to talk with sufficient clearness to be understood.

The Manager.—We received a call to-day from Mr. Child, manager of the Janauschek Company. He is a very jovial gentleman, quick and active as if strung on wires with a plentiful supply of springs; running over with witticisms of infinite variety, embracing puns, repartee, irony, sarcasm, and sparkling humor, the whole being seasoned with a polite and gentlemanly address.

Murder at Tin Cup.—On Monday Tin Cup, near Gunnison, Colorado, was the scene of a fatal shooting affair. The shooting was done by a young man named Wm. Taylor. A friend of his engaged in a fight with Andy Jameson, and as the latter appeared to be getting the better of his antagonist Taylor drew a pistol and shot him dead. The Gunnison *Press Review* says the murderer escaped but was subsequently captured.

Roland Reed.—The Salt Lake public are already aware of the quality of the play of "Cheek" and the performance of Roland Reed, who assumes the leading character, the presentation having been given here at the Theatre a few weeks since. When here before Mr. Reed was suffering from a severe cold, which affected his voice. He has entirely recovered from the ailment and being an excellent singer, will regale the audience with some of his popular songs.

Attempted Suicide at Denver.—A young woman named Blanche de White, who was formerly with Rice's Surprise Party, made an attempt to commit suicide, at Denver, on Monday night. It appears she had been induced to leave the stage by a young fellow named Victor Wiederman, who, after awhile, accused her of being false to him and took from her finger a ring he had given her. She procured poison, swallowed enough to kill her, but the timely aid of a physician saved her life.

Fresh Air.—People should, so far as practicable, have a free current of air in their sleeping rooms, night and day. Night air from the outside is infinitely preferable to the poisoned atmosphere of close, poorly-ventilated rooms. Be as careful about the air you breathe as you are about the water you drink. See that it is free from foreign substances that breed disease in the human system. Better run the risk of taking cold from being in a current of fresh air than be poisoned by breathing an atmosphere loaded with impurities. As a rule, it is not necessary to do either. Exercise a little intelligence and care on the subject.

FUGITIVES FOUND.

HOW A DISHONEST COUPLE WERE CAPTURED.

A week ago last Tuesday, Sheriff Turner, of Provo, received a telegram from Bingham, requesting him to look out for a couple who had left that camp with intent to defraud their creditors. The following day he received a warrant of arrest and full description of the outfit, with instructions to capture the fugitives and return them to Bingham. The Sheriff learned they were camped on the other side of Levan on Sunday night, April 29th, and requested his deputy, Mr. Thomas Fowler, to take the matter in hand. The latter took train for Juab, where he procured a horse from Elmer Taylor and rode a distance of forty-five miles to Salina, on reaching which point, he learned that the parties had gone up the canyon by that name, making their way to Colorado. He procured another horse and rode thirty miles further, making seventy-five miles between sunrise and dark, notwithstanding the delay necessitated in keeping the trail.

The officer reached the couple just as they were at supper and camped all night with them as a traveler. The names of the two are Mr. and Mrs. A. J. Newell. In the morning, after the team was hitched, the officer, to their infinite surprise and undisguised disgust, arrested them and headed the team the other way about, down the canyon. They protested strongly, but to no purpose, and the march Binghamward was completed yesterday, when deputy Fowler handed them over to the Justice of the Peace of that precinct. They will disgorge sufficient property to settle their accounts, when they will be permitted to go on their way to Colorado, but probably not with much rejoicing.

The Church in Europe. — We learn from the *Millennial Star* of April 23d, that a conference was held in Orson's Academy, London, on April 15th, President John Henry Smith and a large number of other Elders from Utah being present. The following occurs in the minutes of the evening meeting:

"Elder Rhees spoke, and bore testimony to the restoration of the Gospel, and the gifts and blessings following the observance of the ordinances; after which eight persons, who had been baptized by Elder Nye during the interval between the afternoon and evening services, were confirmed. President Smith then spoke at length on the conferring of the Holy Ghost by the laying on of hands by those having authority; also showing by comparison with the human body, the necessity of the Church being perfect and symmetrical in all its parts and principles."

Writing from London, April 10th Bishop O. F. Whitney said:

"Brother West and I are getting ready for our jaunt. We start tomorrow morning for the country, utterly 'without purse or scrip,' and will hold meetings in-door and out-door wherever we get a chance. Out-door meetings, which were inaugurated here on the 8th inst., will be kept up vigorously from henceforth. Next week the brethren will use the Parks for this purpose several nights a week, in addition to Sundays' street-preaching. The tract societies have begun work, and are zealous and determined to prosecute their labors to the utmost."

Elder J. W. Volkes wrote from Deventer, Holland, under date of April 7th:

"Since my last writing to you I had the privilege, through the blessing of God, of bringing five more persons to the knowledge of God and baptizing them. They were going to a place called Groningen, to be baptized into the Baptist church, but the Lord prevented them from going, and brought me to them. I conversed with them, and found they were honest people, trying to serve God and keep His commandments, and always praying to Him to open the only way of salvation for them. In their case the words of the Savior were fulfilled, 'Whatsoever ye shall ask in prayer, believing, ye shall receive.'"

Summer Sours.—The following, from a medical exchange, is very timely:

"Physiological research has fully established the fact that acids promote the separation of the bile from the system, thus preventing fevers, the prevailing diseases of summer. All fevers are 'bilious,' that is, the bile is in the blood. Whatever is antagonistic of fever is cooling. It is a common saying that fruits are 'cooling,' and also berries of every description; it is because the acidity which they contain aids in separating the bile from the blood, that is, aids in purifying the blood. Hence the great yearning for greens and lettuce and salads in the early spring, these being eaten with vinegar; hence the taste for something sour, for lemonades, in an attack of fever.

But this being the case, it is easy to see that we nullify the good effects of fruits and berries in proportion as we eat them with sugar, or even with sweet milk or cream. If we eat them in their natural state, fresh, ripe, perfect, it is almost impossible to eat too many, to eat enough to hurt us, especially if we eat them alone, not taking any liquid with them whatever. Hence also is buttermilk, or even common sour milk, promotive to health in summer time. Sweet milk tends to biliousness in sedentary persons; sour milk is antagonistic. The Greeks and Turks are passionately fond of sour milk. The shepherds use rennet, and the milk-dealers alum, to make it sour the sooner. Buttermilk acts like watermelon on the system."

A Home-Made Refrigerator.—The following, from an exchange, is seasonable:

"A good refrigerator from the shops costs from $18 to $50, according to the size and finish. Every housekeeper may not be able to possess one, and so it is worth while to see what can be done in the way of a decent substitute. Secure two dry goods boxes, the more substantial the better, one of them to be three or four inches smaller than the other on all sides, and fix the tops to open on hinges of iron or stout leather. The larger the boxes, of course, the more convenience and comfort is afforded. Place an inch or two of sawdust over the bottom of the larger box, and set the smaller one into it. Bore a three-quarter-inch hole through both boxes at either end, near the top, and insert a roll of stiff pasteboard in each to act as ventilators. Then fill all the space between the boxes with saw dust. Put in shelves at either end, leaving space in the centre for the large, deep pan or pail that is to hold the ice. There can also be two or three pegs, on which to hang pails of milk or fruit. A large tin pail, with a thin round board at the bottom to prevent it being bruised, would be the most convenient thing for holding the ice. Such a refrigerator placed in the pantry, or some cool room and covered in the hottest days with a folded blanket over the top, which is not protected with sawdust, would keep ice for 24 hours; and in half a dozen such days, pay for its slight cost many times over in the amount of food it would help to preserve.

Lost Pony.—A bay pony, with long mane and tail, was lost from Temple Block on Thursday. He has a lump on the right side, and is saddle marked. Please inform Robert Swaine, Temple Block, and be rewarded.

SPECIAL BUSINESS NOTICES.

REFRIGERATORS

WITH GRIM FORTITUDE
You will take nauseous medicines, suffer pain, neglect your business, and pay a huge doctor's bill this summer, if you neglect now to take a bottle of "Sarsaparilla, Dandelion with Iodide of Potassium," the best Blood Purifyer and remedy for rheumatism and kidney diseases on the globe. The Brown Medicine Co. make it and every sensible druggist keeps it. Don't neglect this safeguard a moment longer.

WHY BUY BROWN'S MEDICINES?
Because they are purest and best. "Brown's Liver Pills" are used always, by those who try them once, for constipation, biliousness and sick headache. They never fail.

BROWN'S PEPSIN TONIC
Is the sovereign remedy of the age for Dyspepsia and Indigestion. A sour stomach or distress from eating is corrected at once. From Minnesota to Texas all unite in praise of "Brown's Pepsin Tonic." Sold for fifty cents only.
We keep in stock all of Brown's valuable Medicines: Z. C. M. I., Godbe Pitts & Co., A. C Smith & Co., Moore Allen & Co., Stewart & Beman, Hoyer & Chislett.

A REMARKABLE TRIBUTE.
Sidney Ourchundro, of Pittsburg, Pa., writes: "I have used Dr. Wm. Hall's Balsam for the Lungs many years, with the most gratifying results. The relieving influence of Hall's Balsam is wonderful. The pain and rack of the body, incidental to a tight cough, soon disappear by the use of a spoonful according to directions. My wife frequently sends for Hall's Balsam instead of a physician, and health is speedily restored by its use."

Red Horse Powders are the surest cure for disease in animals.

Dr. Green's Oxygenated Bitters is the oldest and best remedy for Dyspepsia, Biliousness, Malaria, Indigestion, all disorders of the Stomach, and all diseases indicating an impure condition of the Blood, Kidneys, and Liver.
