In the Whole History of Medicine No preparation has ever performed such marvelous cures, or maintained so wide a reputation as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat, and its invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it, never will from their knowledge of its composition and effects. Physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it in their remedial efforts, and will always cure where cures are possible. For sale by all dealers. d&w

THE BEE AND BATTERS—A VERY

large audience assembled at the base ball ground yesterday afternoon to witness the opening match between the Laramie club and our Utah champions. Those who had seen the visitors practice felt that their only hope or prospect of winning was by the development of unusual muscular strength at the bat, their play in the field being rather clumsy and uncertain as compared with the brilliant and nearly perfect game of their opponents. Much was expected from the Laramie, however, for it was thought the repeated efforts of Wyoming teams to secure the Territorial championship, would have made them somewhat familiar with the ability of the Deserates, and the finely-built and heavy team who came, preceded as they were by a good reputation for batting, caused some uncertainty as to the result of the game. The first innings, however, yesterday afternoon, proved that though the foreigners struck hard, at the curved pitching of Wheeler, they hit poorly, and at the end of the ninth inning they were forced to retire with two runs, the Deserates having during the game secured six runs.

The Deserates played with energy and their well-known accuracy, making only three errors, and the Laramie, though somewhat faulty, were plucky and determined to the last. The combined work of Messrs. Wheeler and McKelvey, (the latter made not a single error), was the best ever seen in Salt Lake City, and received much commendation.

To-morrow afternoon, another game will take place, to be preceded by a series of foot races, referred to elsewhere.

Fatal Mishap.—Yesterday morning, between 4 and 5 o'clock, Mr. B. H. Young, of this city, while going up Payley's Cañon, found the mangled body of a man in the road some distance from the mouth of the Cañon, with his feet tangled in the lines attached to two horses hitched to a hay rack. The horse was standing still when Mr. Young came up, with the bite out of their mouths, and the man was lying on his back under the front axle tree. Disengaging the unfortunate man from his terrible situation, and ascertaining that life was not extinct, he returned down the Cañon to the residence of Mr. M. M. Young and waking him up, informed him of the occurrence. The latter got up, and taking his team went up to the scene of the disaster. The wounded man said his name was John Torpin, and requested to be taken to the house of Job Homaleys, in the Sugar House Ward. Mr. Young took him there, and after delivering him to the care of his friends came on to the city and sent Dr. Benedict out to attend him. The cause of the fatal accident, as far as learned, is as follows: There were three on the hayrack, the injured man, his brother, and a young Amos Neff. The last two got off at a house three miles below where their companion was discovered, leaving the latter sitting on the hind part of the wagon. This was in the night. It is supposed that after they left, the horses started off and John Torpin, in endeavoring to regain the lines, got entangled and was dragged on his back to the place where he was found. He died yesterday afternoon, about 8 o'clock, while on his way to the hospital in this city.

Lost Child.—This morning a little girl about 6 or 7 years of age was running up and down the sidewalk on Main Street, with her arms full of bundles, crying in plaintive bitterness for her "papa." Inquiry elicited that her father had left her in the street car, while it was standing, and had gone off to attend to some business. The child becoming impatient, got off the car and began hunting for him. She said her name was Gray, and that she lived up on the bench in the 15th or 20th Ward. A man going that way took her along with him and we hope she is now safe at home.

Woman's Work.—Sisters E. R. Snow and M. I. Horne returned from their southern trip, Tuesday evening. During their trip, they visited the principal settlements of Utah, Sanpete and Sevier counties, attended 25 meetings, and organized 10 primary societies, besides all associations in three counties.

Sisters E. R. Snow, E. R. Taylor, S. M. H. Wood and M. A. Wilcox, were at West Jordan yesterday. They attended a special meeting of the relief society in the morning and organized a primary society in the afternoon.

Roller Reveal.—To-day's market report: Wind moving, parrots rising, iron pots steady, real estate lively, tempers up, spirits down, dust everywhere.

Handred Yard Heat Race.—Previous to the ball game, to-morrow, a novelty here in the way of athletic sports, will be indulged in, that considering the short time since it has been arranged, is attracting comments from all quarters. A track is being prepared on the ball grounds, one hundred yards long and wide enough to accommodate five men running abreast, and a very entertaining race will be run, thereon by the members of the visiting and Deseret Clubs, in the following order:

1st heat, McKelvey, Toms, Metcalf, Reed, Namith, d&w
2d heat, Bryan, Mammel, Golding, Duke.
3d heat, McBride, Wheeler, Dacey, Berryhill.
4th heat, Miller, Carroll, George, Huey, Clark.

The winners will contest in the final heat, which will undoubtedly be a very pretty one. Mr. Fred C. Saperian, champion amateur of the United States, being also admitted thereto, but being handicapped ten feet.

This friendly exhibition of running will probably lead to the formation of an amateur athletic association here, which parties have lately been striving to organize, and it is now hoped that their efforts will be successful, and that in the future we will be permitted to witness considerable sport similar to that which will take place to-morrow.

Prize-Beware!—There are fraudulent imitations of Benson's Capsicum Plaster in the market. Some of them contain saltpetre and mineral poison. Each genuine Benson's Capsicum Plaster has the word Capsicum cut through it. Take no others.

Solid Merit will Tell. For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore Allen & Co., Salt Lake City. d126 w 29
