

DEATH OF MRS. SNOW.

Deceased Had Been a Sufferer for Many Years—Funeral Tomorrow.

Friends of Mr. and Mrs. Frank R. Snow, of the Eighteenth ward, will learn with profound regret of a shadow that fell upon their home today in the death of Mrs. Snow.

For many years the deceased had been a sufferer from inflammatory rheumatism, which caused heart trouble, the immediate occasion of her death. About two months ago she accompanied her husband on a trip to Mexico in the hope of finding rest and recreation. For several weeks they visited with President and Mrs. Wilson at the "Mormon" mission at Colonia, Juarez, who was their brother-in-law. After a few weeks it was noted that Mrs. Snow's general condition had improved very much, and during her husband's absence on a business trip to the band of Sonora, Mrs. Snow decided to return home alone. She went as far as the terminus of the railroad, Dublin, where she was taken suddenly and violently ill, having a serious attack of heart failure. Here Mrs. Snow joined her two days later, and found her condition to be most critical. Physicians attended to her, but she could live but a short time longer, and they advised immediate removal over the line into the United States. Accordingly, a nurse started with her, and as they proceeded an improvement was noticed, but by the time they reached home, after a few days' journey, she was very much exhausted, the effects of exceedingly long travel, and the effects of the trip, and she died at her home at 10 o'clock this morning, she received the best possible attention and care, but it was found impossible to further prolong her life, and her demise came as a relief.

Mrs. Snow was Lucy Simmons in her girlhood days, and the daughter of Joseph M. and Rachael E. Woolley Simmons. She was born in Salt Lake City Jan. 19, 1855, and was wedded to Frank R. Snow in the St. George temple on April 12, 1877, their union being one of the first solemnized in that city. They resided in St. George until 1888, when the family moved to Salt Lake, where they have resided ever since. Mrs. Snow was the mother of eleven children, only one, Lucy, her own namesake, having preceded her into the great beyond. She was known as a woman of high character and thoroughly devoted to the welfare of her husband and children, whose every interest she sought to faithfully subserve.

The funeral will take place from the Eighteenth ward chapel tomorrow Sunday, at 3 p. m. Friends are cordially invited to attend.

BEAR LAKE WATER.

Government Today Filed on All That Was Not Hitherto Appropriated.

A claim was filed this afternoon, with the state engineer, by Prof. Swendsen, in behalf of the interior department of the government, in appropriation of all the unappropriated water in the Bear river available for storage purposes in the Bear lake, in connection with the Bear lake reclamation project. The claim that active steps are to be taken bright and early in furtherance of the greater Utah irrigation scheme, and further steps will be taken later on. Prof. Swendsen's office has been very busy this winter preparing maps and blue prints covering every conceivable feature of the proposed irrigation improvements. The professor is a very busy official, and his office is a veritable "hive of industry."

JOBBERS TO MEET.

Special Conference Due This Evening At the Commercial Club.

The special committee of the Commercial club appointed to investigate and report on the proposition of freightage into Goldfield, Nev., via the Salt Lake Route and Las Vegas, has formulated its report and will meet with the jobbers at the Commercial club at 8 o'clock this evening, where the proposition will be discussed. Secy. Fisher S. Harris, who has just returned from a trip to Los Angeles, this afternoon posted a bulletin and has notified a number of the leading jobbers who could be reached by telephone to the effect. Despite the short notice given he hopes that those who could not be reached will also be present at the meeting this evening.

GARDEN AND LAWN TOOLS.

Immense variety. Z. C. M. I.

A HUGE TREE.

Washington's Giant Spruce Believed to Be the Largest in the Lumber State.

Portland, N. C. Christmas of Seattle, Wash., has seen a large spruce tree in Clallam county, which he avers is the most enormous one in the state of Washington. The tree is 30 feet in diameter and it is 100 feet to the first limb. The attention of Commissioner Johnson is being called to the giant spruce, and he will be urged to have it exhibited at the Lewis and Clark exposition. It is planned to have a log cut from the tree 10 feet long and placed on exhibit here. It will be utterly impossible for the railroads to handle the log, and it is necessary that it be lowered here via Puget Sound, the Pacific ocean, and the Columbia and Willamette rivers.

A log was sent to the Chicago exposition in 1893 by the state of Washington, but in comparison with this one it was a mere baby. An old timber cruiser for over 20 years, on seeing the great spruce tree, stated that it was the largest in the state and could be compared favorably with the sequoia of California.

KITCHEN UTENSILS.

Everything you need. Z. C. M. I.

DAILY GRAIN LETTER.

Messrs. Logan & Bryan of Chicago handle their local correspondents, James A. Pollock & Co., over their private wire, on the grain and provision situation, as follows:

Chicago, March 4.—Wheat—Broom-chill chubies heavier, Australian shipments responsible for an easier feeling in Liverpool market. Western's shipments estimated 2,000,000. Continental markets closed unchanged. Minneapolis wheat 23, 24c, cash loaded out yesterday, including 93 No. 1 northern. Stocks decreased for the week 197,000. Total No. 1 northern in that market 4,130,000, they also wire excellent demand for cash wheat this morning. Primary receipts 100,000 bushels less than year ago. This has been another strong market, being about the same in character as its predecessors, with advancing activity coming only with advancing prices. Aside from a little weakness in the market showed an advancing tendency all through the forenoon, suggesting a paucity of the foreign. The action of the market shows no change. It seems to reflect

PE-RU-NA TRIUMPHS AFTER ALL ELSE HAS FAILED.

All Ages, Young and Old, Are Subject to Catarrh and Catarrhal Diseases. The Use of Pe-ru-na In Every Home Is an Urgent Need.

Pe-ru-na, a Matchless Cure for Catarrh and Its Consequent Ills.

Miss Julia M. Carlson, 922 I street, N. W., Washington, D. C., writes: "I take the greatest pleasure in giving my endorsement to Pe-ru-na as a matchless cure for catarrh and equally as fine as a remedy for consequent weakness and indigestion. "It cannot be approached as an agreeable and effective tonic."

FROM time immemorial, there have been all sorts of remedies devised to cure catarrh.

Most of these remedies operate locally. Snuffs have been devised—gargles, sprays, ointments, and every conceivable pharmaceutical compound—hoping to cure catarrh.

The fundamental mistake made in all of these remedies is that they treat catarrh as a local disease. It is a systemic disease.

Catarrh often manifests itself locally, being confined to the head, the throat, the lungs, or any other organ lined with mucous membrane.

Notwithstanding that catarrh expresses itself locally, it is a systemic disease, the local expression being only one of its manifestations.

In order to cure catarrh permanently, or even to cure it at all, it must be treated by a systemic remedy—a remedy that invades the system with the same universality that the catarrh does.

Pe-ru-na is a systemic remedy for catarrh.

It is an internal remedy that searches out every part of the human system and finally eradicates the catarrh.

Tried Pe-ru-na After Every Other Remedy Failed.

Miss Anna Gaham, Chairman Debates Committee, Conservative Club, 27 W. Costilla street, Colorado Springs, Col., writes: "I was much run down a few months ago and all the medical treatment I took failed to bring the required relief and toning my system needed."

"I was advised to try Pe-ru-na, which I did, when everything else failed."

"Two bottles really made an entirely different woman of me, and five bottles toned up the system and brought health and strength."

"I shall always speak in the highest praise of Pe-ru-na and feel sure that it is all the medicine a woman needs who is run down and in need of a tonic and stimulant."

We have on file many thousand testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving.

Suffered With Stomach Trouble, Cured by Pe-ru-na.

Mr. Alfred De Maio, Notary Public and Italian translator, also editor and proprietor of the Italian newspaper, Il Corriere, Vineyard, N. J., writes:

"I am glad to say that your treatment made me a new man. I feel better than I ever did."

"My friends here all know how much I have suffered with stomach trouble, and now they are surprised to see my great improvement after taking Pe-ru-na."

"I feel it a duty to recommend to all sufferers the tonic, Pe-ru-na. I cannot express to you my gratitude for the benefit your medicine has been to me."

The only new feature to the story connected with the mysterious death of Mrs. Jane Lathrop Stanford was the discovery by the police today of two tiny, clear, colorless, and odorless capsules, which the fatal dose of strychnine was administered. One of these tiny capsules was found in the Palo Alto home and the other in the San Francisco residence of the late Mrs. Stanford. The significant point of these discoveries lies in the fact, according to the police, that the capsules, which is a common household article, was not found in the kitchen as might have been expected, but in each instance in the medicine chest. The capsules were immediately turned over to the police to be analyzed and being analyzed to ascertain whether or not it contained the poison such as is said to have caused the death of Mrs. Stanford. So far as known no mention of the existence of these capsules had been made by those who formerly had access to the medicine chest.

The police are still continuing their search of the Palo Alto and San Francisco homes in the hopes of finding some clue which will lead to the unraveling of the mystery, which so far has baffled them entirely. If their efforts have met with any success they have not made the fact public.

This morning at 11 o'clock the steamer Alameda sailed for Honolulu harbor, carrying as passengers Dr. David S. Jordan, president of the Lehigh University, and Timothy Hopkins, a trustee of that institution. Detective Reynolds of the local police force, and Captain Callahan of the Marine detachment, the man who had in charge the investigation of the case surrounding the first attempt to poison Mrs. Stanford in this city. The latter officer was asked if there was any truth in the report that he was going to Honolulu for the purpose of making an arrest of a suspect. He emphatically denied this, and refused to state what if any special mission he was undertaking.

When the former butler, E. Beverly, was seen in connection with the case he refused to make a statement, simply saying that he was not on trial by the newspapers.

The story, published in a morning paper here, to the effect that a bottle of strychnine had been found in the San Francisco residence, has not been corroborated by the police.

SENATORS-ELECT SWORN IN.

Washington, March 4.—The senators-elect who were present were sworn in by Vice President Fairbanks.

House Adjourns Sine Die.

Washington, March 4.—The house at 10:55 a. m. adjourned sine die.

Senate Declared Adjourned.

Washington, March 4.—At 10:45 the senate took a recess for 30 minutes after the announcement had been made that all of the appropriation bills had been signed by the presiding officer, the last of these measures being the general deficiency measure.

President Pro Tempore Faye has declared the senate of the Fifty-eighth Congress adjourned.

Representatives' hall in which the joint committee meets was not crowded, but nearly all the seats were occupied. Only persons holding tickets are admitted, and the number of tickets for the public is limited to 500, the seating capacity of the hall outside the portion occupied by the members of the assembly. The two contestants for the highest executive office in the state were in the audience at times and gave close attention to Mr. Waldron's argument.

Having laid down and elaborated on the proposition that the legislature is not sitting as a judicial body or in a judicial capacity, but as a legislative body "to exercise a political function," Mr. Waldron today proceeded to discuss the law and the evidence in the case, though he declared that he was undertaking a method he was not called upon to assume merely because there were Republicans who had "such a lofty conception of their duty as to require a preponderance of evidence in deciding the case."

NAN PATTERSON.

Must Have Another Trial by May 1 or Will Get Bail.

New York, March 4.—Nan Patterson, who has once been tried on the charge of murdering Caesar Young, must be given another trial by May 1, or be released on bail, a decision to this effect was given today by Justice Gurney of the New York state supreme court, in Brooklyn, on an application of Miss Patterson's counsel for a writ of habeas corpus and review of her case on the ground that she had been denied her constitutional rights to a prompt trial. The justice said: "The woman is, of course, entitled to a speedy trial. She has been tried, the jury disagreeing, 6 to 6. It seems to be

doubtful if the district attorney moves her trial again. Unless he does so, before May 1 next, let her be discharged on bail."

KILLED BY A BOMB.

Intended for a Lodz Millionaire Manufacturer.

Warsaw, March 4, 4:58 p. m.—A telegram from Lodz says a bomb was exploded today in the mansion of M. Poznanowski, a millionaire cotton manufacturer, and one servant was killed. M. Poznanowski's employees went out on strike yesterday.

GAYNOR AND GREEN.

Arrested in Order to Complete Extradition Proceedings.

Montreal, March 4.—Messrs. Gaynor and Green were arrested in Quebec today for the purpose of bringing them to Montreal to complete extradition proceedings. They are wanted by the United States authorities in connection with the Savannah river contract.

JOHANN HOCH.

He Has Been Indicted For Murder.

Chicago, March 4.—Johann Hoch, multi-bicamist, has been indicted by the grand jury for murder.

Senators-Elect Sworn In.

Washington, March 4.—The senators-elect who were present were sworn in by Vice President Fairbanks.

House Adjourns Sine Die.

Washington, March 4.—The house at 10:55 a. m. adjourned sine die.

No Medicine Helped Until He Took Pe-ru-na.

Mrs. A. Hobson, 225 Washington St., Lansing, Mich., writes:

"Pe-ru-na has been such a blessing to my only child, as well as myself, that I feel induced to give my testimonial."

"He has always suffered from catarrh of the head and throat, and I had to use extra precautions so as not to have him exposed to damp or cold weather."

"Last year he was taken with a gripe and as it was a severe case, caused me much anxiety."

"No medicine helped him till he took Pe-ru-na. I noticed an improvement at once and in three weeks he was a different child, the gripe had been completely cured, and I noticed that the catarrh was made better."

The only new feature to the story connected with the mysterious death of Mrs. Jane Lathrop Stanford was the discovery by the police today of two tiny, clear, colorless, and odorless capsules, which the fatal dose of strychnine was administered. One of these tiny capsules was found in the Palo Alto home and the other in the San Francisco residence of the late Mrs. Stanford. An Ideal Woman's Medicine.

Miss Louise Mather, 13 Church St., Burlington, Vt., Vice-President, Bureau of Exchange, writes:

"Your medicine is an ideal woman's medicine, and by far the best I have known to restore lost health and strength."

"I suffered for several years. My back ached, I had bearing down pains, and frequent headaches. "I would often wake from sleep in such pain that I would suffer for hours before my eyes would close again. I dreaded the long nights as well as the weary days."

"I consulted two physicians, hoping to get relief. Finding that their medicine did not seem to cure me, a lady friend advised me to try Pe-ru-na. "I am certainly glad that I followed her advice, for Pe-ru-na was the only medicine for me. Each ache and pain disappeared in four months and I am in perfect health now."

"My earnest advice to suffering women is to try Pe-ru-na, for I feel they will not be disappointed in it."
