

After the word "embankment," in line eleven of section four, insert the following:

Provided, That the rights herein granted shall not preclude the construction of other roads through any canyon, defile, or pass on said road.

There being no objection, the amendment was adopted.

Mr. DUNNELL. I move to amend by adding to section five the following:

Provided, That said company shall complete twenty-five miles of said road within one year after the passage of this act.

By this amendment we propose to show that we are acting in good faith, and are willing to accept any reasonable amendment which even the gentleman from Utah may present.

The SPEAKER. Does the gentleman from Minnesota [Mr. Dunnell] yield for further amendment?

Mr. DUNNELL. I do not.

The SPEAKER. The amendment just offered by the gentleman from Minnesota will, if there be no objection, be considered as agreed to.

There was no objection; and the amendment was agreed to.

Mr. HOLMAN. I ask leave to submit an amendment in justice to the States hereafter to be formed out of the region of country through which this road is to pass. My amendment proposes to insert in the bill the following:

That Congress expressly reserves the right to alter or amend this act, and impose any restraints or limitations on the said company, and to regulate the cost of transportation of persons and freight over the same; and the States hereafter formed, and within which any part of said railroad shall be ultimately situated, shall possess the like powers to regulate transportation over said road herein reserved to Congress, or to such part of said road lying within such State.

Mr. DUNNELL. Let mesay to the gentleman that that is now in the bill.

Mr. HOLMAN. The last clause?

Mr. DUNNELL. The first part is now in the bill.

Mr. HOLMAN. The last clause is the most important part, for it secures to the State which may hereafter be erected out of these Territories the powers which they ought to have.

Mr. DUNNELL. I have yielded to all the amendments we can allow. I do not yield further.

The question being taken on ordering the bill as amended to be engrossed for a third reading, there were ayes—71, noes 55.

So the bill, being engrossed, was read a third time.

The question then recurred on the passage of the bill.

Mr. DUNNELL. I call the previous question. The previous question was seconded and the main question ordered.

Mr. COX. I move that the bill be laid on the table.

The question being taken on the motion of Mr. COX, there were ayes 54, noes 72.

The yeas and nays were called for and ordered with the following result—yeas 63, nays 105, not voting 72.

The bill was then passed and Mr. DUNNELL moved to reconsider the vote by which the bill was passed, and also moved that the motion to reconsider be laid on the table. The latter motion was agreed to.

For the above we are indebted to the Congressional Globe.

GENERAL.

CHICAGO, 27.—Private dispatches from Cincinnati state that the contest for the Presidential nomination is narrowed to Adams and Davis. Davis is almost certain of the nomination. There is no doubt that the West generally, with the exception, perhaps, of Ohio, will strongly oppose Adams. A special to the Post says it is reported a combination is formed of Pennsylvanians and Illinoisians, by which Davis and Curtin will be nominated.

St. Louis, 27.—A gentleman just in from the terminus of the Missouri, Kansas and Texas railroad, Indian territory, says the railroad company moved their terminus from Muskogee to Oskelaho last Monday, and found the place in possession of white desperadoes. Under the leadership of a man named "Tiger Bill," who refused to leave. General Pope was telegraphed for assistance, and Lieut. Quimby with a detachment of fifteen men was ordered down from Fort Riley; and when our informant left, Lieut. Quimby had arrived and notified the outlaws to leave the territory or suffer the consequences; but they still refused and a collision between them and the military was imminent.

NEW YORK.—The general conference of the Methodist Episcopal church will convene at Brooklyn on Monday; 484 delegates will be present, and the Book Concern trouble will be adjusted.

ALBANY.—The Argus this morning repudiates the World's assumption that the Democrats of New York favor the nomination of Adams at Cincinnati, and declare it the general sentiment that if the Democratic party is to participate in the political revolution it must ally itself with the growing and

EUROPEAN.

MADRID, 24.—The Cortes reassembled on Monday. The Carlist deputies observe the request of Carlos not to take their seats.

Two thousand Carlists are concentrated in Navarre, and two hundred are in

the neighborhood of Bilboa. The bands in La Mancha and Andalusia are insignificant.

A royal proclamation has been issued declaring the provinces of Navarre, Leroda, and Biscay in a state of siege.

The reports of the movements of Carlists in these provinces are contradictory, some saying that while avoiding open engagements they harass the government troops by marches, counter-marches, and ambushes, while the reports to the minister of war declare that the troops are dispersing the Carlists.

PARIS, 27.—A number of Internationalists have been arrested at Lyons.

In the chamber of deputies, to-day, a dispatch was read from prime minister Lauze, at Naples, stating that only twelve persons thus far have been killed and twenty injured by the running lava. The villages San Sebastian and Massadissomara are almost entirely destroyed, but the people escaped. The lava is advancing toward the villages of Ponticelli, Cercola, Saint George, Pontici, Torre Del Greco and Russia. The inhabitants have fled, and have been provided with temporary shelter. The lava is moving more slowly, and the explosions in the interior of the crater continue, but there has been no trembling of the earth to-day.

J. B. Brown, secretary Interpreter to the American legislation, died to-day suddenly of diseased heart.

BERLIN.—The labor troubles continue. The master-builders and masons have joined the carpenters in the lock-out movement. Thousands of workmen are out of employment. They have united in an appeal to the public for support, and discountenance violence of any sort.

NAPLES, 28.—The fires of Vesuvius are slackening. A new crater opened near Tersigua to-day, but every fresh opening now decreases the volume of the eruption. The heavens this morning are darkened with dense clouds of smoke and ashes, and a strong wind carried showers of burning cinders and old scorice to Scatote and Palermo. A stream of lava near San Sebastiano is now sixteen feet deep. The village is still in danger. The King has gone there to direct measures for the relief of the inhabitants. The devastation has been terrible. Thousands of acres of farms and vineyards are overwhelmed with ashes and lava, and buried out of sight. The loss of life must be heavy, but it is impossible to ascertain the extent.

BERLIN, 29.—The Herald's special says Bancroft Davis has expressed the opinion in the presence of Bismarck and Odo Russell that the consequential damages will not be withdrawn from the American case. Bismarck volunteered the opinion that the American position was correct.

THE CELEBRATED

HOME STOMACH BITTERS.

Are indorsed and prescribed by more leading Physicians than any other tonic or stimulant now in use. They are a SURE PREVENTIVE for Fever and Ague, Intermittents, Biliousness, and all disorders arising from miasmatic causes. They are highly recommended as an anti-dyspeptic, and in cases of indigestion are invaluable as an Appetizer and Recuperant, and in cases of General Debility they have never in a single instance failed in producing the most happy results. They are particularly BENEFICIAL TO FEMALES, strengthening the body, invigorating the mind and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and no Tonic Stimulant has ever been offered to the public SO PLEASANT TO THE TASTE, and at the same time combining so many remedial agents, indorsed by the medical fraternity as the best known to the Pharmacopoeia. It costs little to give them a fair trial, and

Every Family should have a Bottle.

We ask every one to read the following Certificates from many of the most eminent physicians in the country:
ST. LOUIS, July, 1870.—JAMES A. JACKSON & CO.: Gentlemen—As you have communicated to the medical profession the recipe of the "Home Bitters," it can not therefore be considered as a secret or patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of their class to which they belong, being highly Tonic, Stimulant, Stomachic, Carminative and laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them, seen its effect in our private practice, we take pleasure in recommending them to all persons desirous of taking Bitters, as being the best Tonic and Stimulant now offered to the public.

CINCINNATI, Oct. 19th, 1870.—Messrs. W. B. KENNEDY & Co., Agents "Home Bitters": Gentlemen—Agreeable to your request, I have examined the formula of the "Home Stomach Bitters," and find the remedies it contains such as are in general use by the Medical profession. They are very scientifically and pleasantly combined, and as stimulating tonics will be found especially adapted as corroborants to the treatment of low or debilitated stages of the system, whether arising from impaired digestion, or from various diseases.
