An echo of the last state election was re-enacted Monday morning at the courthouse, when an appeal was filed by the Democratic state central com-mittee of Idaho against District Judge Alfred Budge, contesting his right to hold office in this state because, as al-leged in the complaint: "That Judge Budge is a member of an ecclestastical organization, the Church of Jesus constitute of Latter-day Saints." One thousand tons of sugar beets were shipped out of here this year and the yield was good, averaging about 14 tons to the acre.
