

GREAT DEBATE ON PROHIBITION

Between Mayor Rose of Milwaukee and Dr. Samuel Dickie of Albion College, Albion, Mich.

SHOULD THE NATION BE DRY?

Mayor Against Prohibition, While the Doctor Was for It—There Was No Decision.

Milwaukee, Wis., March 26.—Should the nation be "dry" or have numerous saloons regulated in a "sane" manner? This question was threshed out here tonight in a remarkable debate between Mayor David S. Rose of Milwaukee and Dr. Samuel Dickie of Albion College, Albion, Mich., on the question, "Resolved, That prohibition as applied to the manufacture and sale of intoxicating beverages is right."

Dr. Dickie defended the affirmative and Mayor Rose the negative. There was no decision. The question of which had proved his case was left to the audience.

Dr. Dickie declared prohibition is right, even if considered only from an economic standpoint.

"The saloon," he said, "is the foe of capital, but pre-eminently the enemy of labor. It paralyzes the arm of the workingman, shortens his life, excludes him from many lucrative callings, decreases his power as a producer and throws into the labor market a vast mass of depleted and inefficient laborers, who compete disastrously with the sober and industrious workman."

Mayor Rose treated the subject from biblical, ethical and material standpoints. He declared that the Ten Commandments were written no attempt was made to inject prohibition, and he challenged anyone to find one word in the Bible advocating prohibition.

Trotting the subject from the ethical side, he quoted the census and records of cities and states to prove that prohibition increased crime, insanity, deaths, domestic infelicity, pauperism and emigrated business. He took the criminal records of Milwaukee, a wide-open town, and said the arrests per capita were less than in the prohibition states of Maine, Kansas and Georgia. He said there were more divorces in Kansas and Maine than in Wisconsin, a wet state; that prohibition states also had more paupers.

FATHER SHERMAN, S. J.

In Accord With California Sentiment On Asiatic Question.

San Francisco, March 27.—A special from Santa Clara quotes Father Thomas Ewing Sherman, S. J., son of the famous Gen. W. T. Sherman, as saying that he is in accord with the California sentiment against admission of Asiatics to this country. "I am with California for the right of family and state in such matters is far above that of the nation and I sincerely hope and trust that the Asiatics will be kept from our shores," Father Sherman was a schoolmate of President Taft.

IT SAVED HIS LEG.

"All thought I'd lose my leg," writes J. A. Swenson, Watertown, Wis. Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Eczema Salve cured it sound and well. "Infallible for Skin Eruptions, Eczema, Salt Rheum, Bells, Fever Sores, Burns, Scalds, Cuts and Piles." 25c at Z. C. M. I. Drug Dept., 112-114 So. Main St., Salt Lake City.

COLORED REGIMENTS.

Only Colored Men Will be Appointed Chief Musicians of Them.

Washington, March 27.—Hereafter colored men only will be appointed chief musicians of colored regiments in the United States army. An order that effect was issued today by Gen. Bell, chief of staff, by direction of the president. While chief musicians previously serving with colored regiments have been transferred to white regiments.

PREST. TAFT WANTS TO HURRY UP CANAL WORK

Washington, March 26.—President Taft today again told Chief Engineer Goethals of the Panama canal that the great waterway must be completed by the close of 1913, and he wanted to see that feat accomplished. Col. Goethals has already declared that the canal will be completed in 1913, and he is understood to consider it impossible to save two years on the work, but he told the president he would make every effort to expedite the work.

KILLS WOULD-BE SLAYER.

A merciless murderer is Appended with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing Constipation, Biliousness, Chills, Malaria, Headache and Indigestion. 25c at Z. C. M. I. Drug Dept., 112-114 So. Main St., Salt Lake City.

THE MILIONAIRE TRAMP.

Death Comes to H. P. Craig as Climax Of Night of Revelry.

Denver, March 26.—A special to the Times from Colorado Springs says: "The body of H. P. Craig, known as the 'Millionaire Tramp,' is now at the morgue, awaiting the arrival of his sister, who is said to be prominent in society circles of Detroit, Mich. Craig's death came as the climax to a night of revelry. For years until recently Craig had tramped over the country in summer and made his winter headquarters at Colorado Springs. The death of his mother brought him a moderate fortune, of which he received \$5,000 in cash. He invested a portion of it in a cheap hotelhouse, which he called the 'Tramp's Retreat.' There he surrounded himself with knights of the road, his old companions, and frequently entertained them with feasts. A short time ago he gave a banquet to his old companions, where they were waited upon by lackeys in evening dress, and where the banquet table was piled high with cut glass and silver and a fine Monday Craig himself was taken to a hospital, where he died last night."

Cuticura Ointment, J. C. Kennerly, U.S.A. Cuticura Soap, Park & Rose Co. of Pa., U.S.A. Cuticura Ointment, J. C. Kennerly, U.S.A.

from her uncle's ranch, 15 miles from Cuernavaca, being the negro's declared intention to marry the girl. The uncle of the girl immediately organized a posse, and at its head started in pursuit of the kidnappers, finally overtaking them and killing them in a running fight.

CONTROL OF PANAMA CANAL.

Bill Providing for Its Transfer to the President.

Washington, March 27.—Senator Crawford of South Dakota, successor to Senator Kittredge, who was chairman of the committee on inter-oceanic canal, has signaled his entrance into the senate by introducing a bill which would abolish the Panama canal commission and place in the hands of the president all authority over the canal zone.

The bill authorizes the president to proceed with the excavation to completion and to appoint a director and a chief engineer. He is given authority to fix their compensation, but Congress is permitted to change the amount, if it so desires.

The president is also given authority to remove any of the zone officials at his pleasure. It is specified that "all orders and regulations with respect to the government of the canal zone hereafter enacted by the president or pursuant to his directions, or authority, are ratified and confirmed without regard to the power to revoke or amend the same."

NEAR DEATH IN BIG POND.

It was a thrilling experience to Mrs. Ida Soper to face death. For years a severe lung trouble gave her intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and colds, Sore Throats, Hemorrhages, Catarrhs, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00 Trial bottle free. Guaranteed by Z. C. M. I. 112-114 South Main Street.

TO EXONERATE HUSBAND, WIFE CONFESSES HER SHAME

Denver, Colo., March 26.—In an effort to exonerate her husband for killing Frederick W. Walton, wife of John H. Cradlebaugh today took the stand in his defense and told of her relations with Walton and the discovery of Walton in her room by her husband, on Dec. 6, 1907. She told how she had held her husband and pushed him from the room while Walton escaped, but her testimony regarding her later relations with Walton was not admitted.

Cradlebaugh continued his testimony today and told in graphic words of his meeting with Walton on the streets of Denver, of Walton's refusal to disclose the whereabouts of his wife and child, and of the shooting.

"Damn you, I don't know anything about them," were the words which Cradlebaugh says Walton answered his demand for the whereabouts of his wife and child. He states that the words were accompanied by a movement towards his hip pocket by Walton, as though the latter intended to draw a gun, and in terror of his own life Cradlebaugh drew his own gun and fired.

Cradlebaugh was subjected to a searching cross-examination regarding his knowledge of the relations between Walton and his wife and admitted that those relations had been the subject of a trial before the Sisters of Rebecca lodge of Wallace, Idaho. The court refused to admit portions of the evidence of Chief of Police Armstrong of Denver. Carl Cradlebaugh, the 14-year-old son whose letter to his father brought the latter to Denver, and other witnesses for the defense.

Mrs. Frederick W. Walton, wife of the murdered man, will take the stand for the state tomorrow.

ALEXANDER WON RECALL ELECTION

Wheeler, the Socialist Nominee, Ran Him An Exceedingly Close Race.

HE WAS ONLY BEHIND 1650.

Various Explanations Offered—Much Surprise Expressed at Size of Vote for Him.

Los Angeles, Cal., March 26.—George Alexander, the candidate of the reform element, was victorious in today's recall election over Wheeler, the Socialist nominee, by a narrow plurality of 1,650 votes out of a total of more than 25,000 cast. Wheeler carried five out of the city's nine wards, but Alexander's lead in the Third Fourth and Fifth wards overcame Wheeler's slight pluralities.

There was a small scattering vote, bringing the total considerably above half of the normal vote of the city. The large vote of Wheeler was a surprise, it being the general belief, since the withdrawal of former Mayor Harper as a candidate, that Alexander would have an overwhelming majority. Wheeler's showing is explained by the fact that he was supported by various elements united by an opposition to the element and the recall principle of municipal law. The full Socialist vote of the city is less than 4,000, as shown by the vote received by Eugene V. Debs at the last presidential election.

Added to this total Wheeler received hundreds of votes of Republicans, who were with in accord with the Alexander faction in the recall of Harper. This element was generally referred to by the reformers as "the machine." Besides a large number of Democrats, who were friendly to the Harper administration, voted for Wheeler out of revenge for the recall of the mayor.

BOYCOTT OF AMERICAN GOODS STARTED IN JAPAN

Victoria, B. C., March 27.—That a boycott of American goods under the guise of enforcement of a "pure food law," has been started in Japan, is the statement of a weekly newspaper published at Yokohama, according to mail advices received here. The paper says: "For some unexplained reason, excepting that action has been taken under the 'food law,' Japan officials, backed up by police officers have been calling upon foreign and native grocers and confectioners to cease the sale of goods. Strange to say, the goods con-

signed have been American goods only and the officials do not even look at the British, German and French goods that were strongly in evidence. Another feature of these strange proceedings was nearly all the articles confiscated bore the stamp of the American health board and each package was printed with all the names of the ingredients contained.

The dealers inform us they never knew there was such a thing as a Japanese 'pure food law' and if it were they wonder why it is never enforced and snap judgment is taken without notice. The loss to the dealers is serious.

CROSSED THE PLAINS IN 1830.

Helmingham, Wash., March 27.—Annie Austin died at Bonho Harbor, San Juan Island, last night, aged 79 years. She was the widow of William Austin, a veteran of the Mexican war, and in 1830, as a bride, crossed the continent in an ox wagon over the old Oregon trail to the Willamette valley. 10 years later she came to Puget Sound with her husband, who was among the first settlers in the San Juan archipelago.

A WOMAN'S FARE.

When Conductor Asked Her for It, She Presented a Pistol.

New York, March 27.—Mrs. Harriet Mohr, who said she was from Virginia, created a panic in a Sixth avenue car last night with a revolver. She was arrested after a terrible struggle with a policeman. The trouble started when the conductor asked Mrs. Mohr for a fare.

"Here's my fare," she cried, drawing a revolver. "I'm from Virginia, and I'm looking for my husband and when I find him I'll blow his head off."

At the police station a woman said that she had not meant to cause a disturbance, that she was merely looking for her husband.

IS AN OBESE POLICEMAN ENTITLED TO A PENSION?

Chicago, March 26.—When a policeman in one year increases in weight from 135 pounds to more than 300, is he entitled to a pension because of disability? In the case of Patrolman Patrick Reed the answer depends upon whether the obesity was due to an injury or merely because of good living. The police trial board has heard testimony and will further consider the case.

Medical experts have appeared before the commission, some to testify that Reed's obesity was due to a heart lesion and that he could not return to work, while others testified his heart lesion was due to his obesity his heart would disappear if he would take some exercise.

MORE THAN TEN THOUSAND ALIENS ARRIVED YESTERDAY

New York, March 27.—More than 10,000 aliens arrived in New York yesterday. Most of them by nightfall had passed the federal authorities and were on their way to the great northwest, where many will make their future homes. Others remained to become

ROOSEVELT'S MARINES ORDER SET ASIDE BY TAFT

Washington, March 26.—The last remaining vestige of the Roosevelt order taking marines off the battleships and cruisers of the United States navy was swept away today when President Taft directed that an order be issued restoring the marines to exactly the same duties they had performed before they were ordered ashore.

After Congress had placed a provision in the navy appropriation bill that a certain percentage of the marine corps should be assigned to ship duty, an order was issued the day before President Roosevelt went out of office restoring the marines to ships, but placing them under the orders of the captains of the vessels.

Under the old system the marines

ROOSEVELT'S MARINES ORDER SET ASIDE BY TAFT

Washington, March 26.—The last remaining vestige of the Roosevelt order taking marines off the battleships and cruisers of the United States navy was swept away today when President Taft directed that an order be issued restoring the marines to exactly the same duties they had performed before they were ordered ashore.

After Congress had placed a provision in the navy appropriation bill that a certain percentage of the marine corps should be assigned to ship duty, an order was issued the day before President Roosevelt went out of office restoring the marines to ships, but placing them under the orders of the captains of the vessels.

Under the old system the marines

were given special duties. One of these was to fight certain parts of the secondary battles, order placing them under the direction of the ship's captain made it possible to assign the marines to any sort of duty and to decide them of fighting any part of the ship's battery. In restoring the old regulations, the president acted upon the recommendation of the general board of the navy.

STIFF NECK.

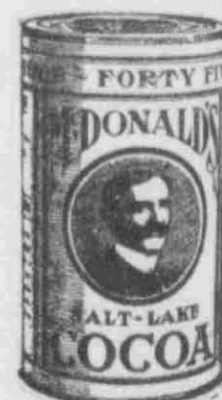

Stiff neck is caused by resumption of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism, in ten requires internal treatment. When there is no fever and no swelling, as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by all druggists.

McDONALD'S SOLUBLE COCOA

"Best in the world"

Absolute purity, strength and delightful flavor make McDONALD'S SOLUBLE COCOA the ideal drink. Strongly nutritive and easily digested. Use half as much.

Your Grocer Sells It

When you buy chocolates say "McDonald's"—always.
