PIOCHE NOTES.

From the *Record* Nov. 28—

On Thursday we mentioned that John P. Kelley, the well-known lawyer, had advanced a large sum of money to pay off the employees of the Magnet Company, of which concern Mr. Kelley had been superintendent. The act was prompted by a high sense of honor, which reflected much credit on Mr. Kelley and was properly appreciated by these whose interests he had protected. A number of them subscribed together and raised a sum sufficient to purchase a very handsome gold watch, which was presented to Mr. Kelley by Judge Knight on behalf of the late employees of the mine. The presentation took place at the office of Mr. Kelley, and some remarks were made by all parties, which showed that Mr. Kelley's kindness will not soon be forgotten, and he in turn will always remember those who showed that they understood and appreciated the benefit conferred.

Last night officer McKee arrested a man lately arrived from Montana, who refused to give his name, charged with breaking into a house situated near Prichard's Fast Freight office. The articles stolen were a six shooter, a coat and a check for \$370. All of the above were found in his possession when arrested. The American citizen of African descent, called "Boss," was also arrested by officer McKee on the same charge.

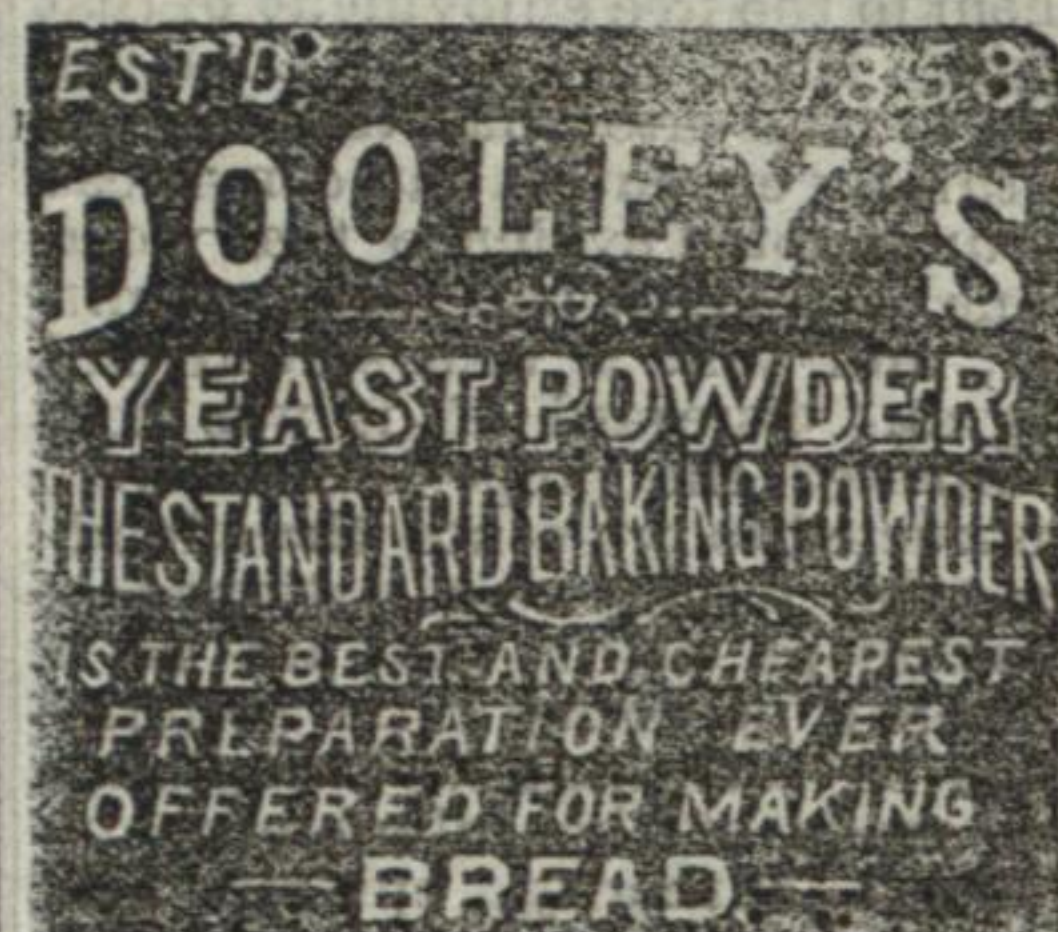

THOSE CALIFORNIA VILLAINS.—The San Francisco *Chronicle* suggests that the perpetrators of the recent outrage in Kern County, Cal., noticed in the News yesterday, were a portion of Vasquez' band of brigands, now under the leadership of his lieutenant, Chauvez, one of the most graceless of rascals that ever went unhung.

DIED.

At Ending, near Reehdale, August 15th, of cholera, SARAH BROADBENT, daughter of William and Martha Ogden, aged 20 years.—*Millennial Star*.

At Great Driffield, York, Sept. 6th, LIZIE CLEGG RIDSDALE, daughter of Richard and Elizabeth Ridsdale, aged 7 months.—*Millennial Star*.

At this season of the year, when so many of our people are suffering from colds, we call attention to AYER'S CHERRY PECTORAL as a sure cure not only for coughs and colds, but all affections of the lungs and throat. Having used it in our family for many years, we can speak from personal knowledge of its efficiency. There may be other remedies that are good, but in all our experience this has proved to be by far the best. Its qualities are uniform and wholly reliable. It is pleasant to take, and should be kept at command, by every family, as a protection against a class of complaints which seem harmless in the beginning, but become afflicting and dangerous if neglected.—*New Haven Register*.
