HORRIBLE ACCIDENT.

A MAN FEARFULLY SHATTERED BY
 AN EXPLOSION.

A fearful casualty occurred near
 the Point of the Mountain, a little
 over twenty miles south of this
 city, at 2 o'clock yesterday after-
 noon. J. W. Dearing, a farmer on
 the gravel ground of the D. & R. G.,
 and another young man were en-
 gaged in fishing at that part of
 Jordan River crossed by the trunk of
 the railroad. In that particular
 place the water is headed up and
 the semi-stagnant pool is filled with
 great numbers of chub and suckers.
 The two men were using giant
 powder for their purpose. The other
 young man had just left the boat
 and Dearing was in it alone. As
 there was a stiff breeze at the time,
 matches for lighting the fuse had to
 be discarded, and a pan of burning
 sage brush used instead. It is not
 quite certain whether it was a car-
 tridge in Dearing's hand that ex-
 ploded, or whether some of the oth-
 ers in the bottom of the boat had
 been caught by a spark from the
 burning brush. An explosion did
 occur, however, with horrible effect
 upon the young man. Both hands
 and a portion of one arm were
 blown off, the abdomen
 torn open so as to expose
 the entrails, the left leg shattered
 to splinters, both eyes torn out, and
 the left side of the nose carried
 away.

Remarkable to state, the mutilat-
 ed man retained consciousness a
 considerable time after the accident.
 He was placed on board the train,
 brought to this city and convey-
 ed to St. Mark's Hospital, where he
 arrived at five o'clock. By this
 time he had sunk into a semi-con-
 scious condition, and gradually be-
 came weaker until 7 o'clock, when
 he expired, without exhibiting any
 symptoms of a reaction from the
 terrible shock.

We understand that Mr. Dearing
 was formerly from Michigan, and
 for some time employed as fireman
 at the Denver end of the D. & R. G.,
 and had only resided in Utah a few
 months.

ROBBERIES AT MILL CREEK.
 ONE MAN LOSES A SUM OF MONEY,
 ANOTHER A HORSE.

At 2 o'clock yesterday afternoon
 John Jensen, of Mill Creek, a few
 miles south of the city, with the
 members of his household, left
 home, but when now that he had
 not done so. The family returned
 at about ten o'clock at night and
 discovered that the house had been
 entered by a burglar in their ab-
 sence. They found everything
 turned topsy-turvy, having been
 ransacked by the burglarious in-
 truder, who found and carried away
 \$215.00 in cash.

Besides this transaction, another
 affair in the same line occurred
 about the same time, a neighbor of
 Mr. Jensen's having a horse stolen
 from him. It is probable that both
 these robberies were committed by
 the same individual.

The Postal Note System.—This
 system provided by a law passed by
 the last Congress, went into effect
 at the beginning of last week,
 and, being a new thing, an ex-
 planation is in order.

"The chief feature of the postal
 note system is that it intends to af-
 ford a simple, unnumbered and
 convenient method to those who
 desire to send fractional sums of less
 than \$5 at a minimum cost to the
 sender. The idea that the postal
 notes are to take the place of small
 money orders is erroneous, as they
 are issued under an entirely different
 plan and at less cost to the sender.
 In the first place these postal notes
 may be had only at money order
 offices and are payable only at
 money order offices. The notes
 may be made payable for any sum
 "less than \$5," hence \$4.99 is the
 largest amount that any one note
 will be issued for. They are issued
 payable to the bearer "at any time
 within three months from the last
 day of the month of issue," hence
 a note issued September 3, 1893,
 would be payable until December
 31st next. The person presenting
 the note for collection need not be
 identified, simply showing his or her
 name thereon. Should the payee by
 any unusual delay, oversight or neg-
 lect not present a postal note within
 the time for which it was made pay-
 able the payee may present it either
 at the office of issue or at the office
 where the note was payable, surren-
 dering the note, taking a receipt, there-
 for and the payee may present it
 another note for the same amount.
 This will cost the payee 3 cents.

If a person wishes to transmit a
 sum less than \$5 from any city in
 the United States to a person in this
 city, all that would be necessary
 would be for the sender to purchase
 a note for the required amount, pay
 three cents therefor, and upon its
 face value would be paid. The use-
 fulness of the postal note will with-
 out doubt make it extensively popu-
 lar in a short time.

Accident to Mr. Faust.—On Sat-
 urday afternoon Mr. H. J. Faust
 was handling a horse playfully
 when the animal suddenly reared,
 and as its fore quarters ascended one
 of its hoofs struck him in the right
 side and broke one of his ribs. As
 it descended the other foot struck a
 board that was in Mr. Faust's hand,
 tearing the member apart where the
 root of the little finger joins
 the hand, and the third one, making
 an ugly rip. The injuries were at-
 tended to by Drs. Benedict and Pike,
 and the patient, with his proverbial
 pluck, has been about as usual since
 the accident. This morning a friend
 of his room-mate's came to see him
 and when in the act of
 mounting the horse power his right
 foot was caught under the roller,
 cutting and mangling it frightfully.
 The unfortunate man was conveyed
 to Salt Lake City with all possible
 speed. Doctors Benedict and Pike
 amputated the foot at the instep
 joint, being successful in saving the
 heel portion intact.

Serious Accident.—Jeremiah
 Reuben Freeman, son of William
 H. Freeman, of Fort Harrison, met
 with a serious accident at River-
 ton last Wednesday. The young man
 was engaged with a threshing ma-
 chine and when in the act of
 mounting the horse power his right
 foot was caught under the roller,
 cutting and mangling it frightfully.
 The unfortunate man was conveyed
 to Salt Lake City with all possible
 speed. Doctors Benedict and Pike
 amputated the foot at the instep
 joint, being successful in saving the
 heel portion intact.

Returned From a Trip.—On Sat- urday Hon. John T. Caine returned from a tour of a couple weeks through a considerable portion of Southern Utah, having taken a run through Sevier, Kane, Garfield and Kane Counties. His traveling com- panions were Hon. John W. Young and Asa B. Young. The party had an exceedingly pleasant time. Mr. Caine returns in rugged health.

Children's Fair.—We are in-
 formed by Mrs. Ellen Clawson that
 the Primary, or Children's Fair, of
 Tuesday, Sept. 19th, will be held at
 President Young's School House,
 immediately northeast of the Eagle
 Gate. It will open at 9 o'clock a.
 m. and close at 8 p. m. Premiums
 will be awarded to the exhibitors of
 the best specimens.

The Alleged Clothing Stealer.—
 The man who was arrested some-
 where on the D. & R. G. Railway,
 on a charge of stealing clothing, is
 now out of the hands of the City
 Marshal, and in the hands of the
 United States Marshal. He will be
 examined before Commissioner Mc-
 Kay. The name of the accused is
 Fitzgerald.

Henry Ward Beecher.—This dis-
 tinguished clergyman and most elo-
 quent orator whose fame has ex-
 tended over both hemispheres, and
 who is making his farewell tour of
 the continent, will deliver a lecture
 at the Salt Lake Theatre to-morrow
 night. Our citizens will, doubtless,
 embrace the opportunity of hearing
 the accomplished lecturer. His sub-
 ject is "The moral use of luxury,
 wealth and beauty."

In the Law's Clutches at Last.—
 Last evening a man named Charles
 Rice was taken to the Penitentiary.
 Last spring he was working for Hie-
 ber Ashworth, of Beaver, and took
 for that gentleman to Blandingville,
 a team and wagon loaded with lambs.
 He abused his employer's con-
 fidence by disposing of the entire
 outfit and running out of the coun-
 try with the proceeds. He was re-
 cognized by a man in this city on
 Saturday evening, and there being
 an indictment found by the grand
 jury at Beaver, hanging over him,
 he was arrested.

Unexpected Demise.—Early yes-
 terday morning a man named Rich-
 ard, from Pleasant Grove, in the
 employ of the D. & R. G. in this
 city, expired somewhat unexpect-
 edly, at his residence on the western
 suburb of the town. He had been
 in poor health in consequence of an
 accident he met with some time
 ago, and having been afflicted with
 sunstroke. We understand he was
 about as usual until Saturday even-
 ing. The body was taken to Pleasant
 Grove yesterday morning, and
 the funeral was conducted at 2
 o'clock in the afternoon at that
 place.

DIED.
 RUSSELL.—At Park City, September 24,
 1893, of camp and cholera, Richard Russell,
 son of Richard and Hannah Russell, aged 25
 years, 6 months and 24 days.

HOWARD.—In Salt Lake City, September
 19th, 1893, Harriet Brooks, the beloved wife
 of John E. Brooks, in the 47th year of her
 age. Her death was caused by internal
 hemorrhage, produced by an accidental fall.
 Funeral at 10 o'clock on Wednesday.

 In Sickness.

S. S. Parker, Wellington, O., says:
 "While crossing Lake Erie, I gave
 it to some passengers who were sick,
 and it gave immediate relief."

Our Western people are liable to be
 laid low by malarial fever, when
 breaking up new lands. The folks
 in the East are also complaining of
 fevers, chills and agues, arising from
 decaying vegetable matter and im-
 perfect drainage. For either East
 or West the best remedy is Ayer's
 Ague Cure.

HOW TO SECURE HEALTH.
 It seems strange that any one will
 suffer from the many derangements
 brought on by an impure condition
 of the blood when Scott's Emu-
 sarilla and stilling, or Blood and
 Liver Syrup will restore perfect
 health to the physical organization.

It is, indeed, a strengthening syrup,
 pleasant to take, and has often
 proven itself to be the best Blood Pur-
 fier ever discovered, effectually curing
 Scrofula, Syphilitic disorders,
 Weakness of the Kidneys, Erysipelas,
 Malaria, all Nervous Disorders
 and Debility, Bilious Complaints,
 all diseases indicating an impure
 condition of the Blood, Liver, Kid-
 neys, Stomach, etc. It corrects in-
 digestion. A single bottle will prove
 to you its merits as a health renew-
 er, for it acts like a charm, especial-
 ly when the complexion is of an ex-
 haustive nature, having a tendency
 to lessen the natural vigor of the
 brain and nervous system.
