Young. 15 Wilton Street Liverpool, ?

April 22nd, 1853. PRESIDENT BRIGHAM YOUNG:

Beloved Brother. - I esteem this as a most favorable opportunity to communicate a few general items in relation to my labors, and the general condition of the Church in the British Isles which seems to be of a very favorable character at present.

The doctrine of Celestial Marriage has been attracting the attention of the saints considerably of late, as presented to them through the Star, Seer, and other publications. The unfolding of these principles has been of great benefit to the Caurch in this country. The minds of many thousands are now set at rest. It has been with no little exection to gather up the means, on the part of many that 2609 souls have emigrated this season from Liverpool, mostly for the Val ley. The heavy emigration including many Presidents of Conferences, and their families, who were dents of Conferences, or means at this particularly destitute season of the year when a large portion of the saints are out of employ, has all served to increase the pecuniary burthen of those who remain, and from which it will require some little time and exertion to Salt Lake City June 30th 1853, which if not taken out before the 30 of September next, will be controlled.

at a time when the saints needed more than usual at-tention was particularly favorable to their spiritual welfare, the most part of the elders being disposed of where their time could be devoted almost wholly to the intrests of the saints for the time being. I feel truly thankful for the aid of such experienced and faithful brethren as I am now blessed with. In this Alaxander Alva J respect my prospects are all I could desire them to Alexander Orpha A

It seems to be with very great difficulty that the Work is spread abroad upon the Continent. Berlin Seems to be impregnable to the servants of God, as you have no doubt learned one this from elder U. Allen Otis B 2 Spencer's report. Humburg has very nearly succeeded in extinguishing the ardour of the brethren there. E der W. Taylor has returned to this country, and elder Carn will be under the necessity of leaving Babbitt AW the moment he is complained of by any one to the authorities. Other elders there have scattered abroad into Bucon Manroe 2 different parts of Germany & Switzerland, wherever an opening has occured. Persecutions, modbings, and Bailey Othello imprisonments are frequent in Scandinavia, yet the work continues to spread abroad, and many are adwork continues to spread abroad, and many are all ded to the Caureh. The authorities of Gebraltar would not allow elder Porter to remain there, he is there, o e now laborate under my Presidency. Elder Slevenson, being a citizen of Gebraltar he is allowed Ballentine Robert 3. to remain there, so long as there is no provocation on Bandy Jesse A his part. The least inovement, however, which Barnard Lewis might displease the authorities there would no doubt be sufficient for his expulsion. Italy affords but very little encouragement. The work in Matta and Bornes Naucy Barnes Naucy Barnes David L. dustralia scents to afford combine encouragement to the work, and which siderable encouragement to the work, and which Bartholomew Albewill no doubt increase from many apparent causes. 1 Barton David L 5 have packed ready for shipment about £100 worth Barton John of Books &c., for that Mission in a few days. In Basore David 3 of Books &c., for that Alission in a few days. In Calcutta and Burmah, the British Army mole particularly, seems to have become infected with Mormonism? which will no doubt continue to extend its wholesome influence among the good in the Batter DF 2 tend its wholesome influence among the good in the Batter DF 2 me. I shall forward a case of Books &c., Beach G W to this Mission also in a few days. France is almost Beal II much despaired of; but as elder Lamoreaux has now arrived (20th inst.) it is hoped his efforts may prove effectual to resuscitate the gasping victims of despair.

It will be my object to see that every opening for Behuning Isaac

an elder in any of the Missions upon the Continent Belcher Le is filled by men suited to the place, if I have them at Bell Peter my command. This I understand to be your wish from documents which are received, and such shall ever be my pleasure to see the work extended far Bennett win P and wide, and to seek for the general good of all Bent Elizabeth people.

The latter part of the emigration from Liverpool Beltes Win has been attended with great difficulty and con-siderable anxiety of mind, by reason of a combination Biggrs Win J 2 of circumstances which rendered it impossible for me Billard David to obtain the two last vessels as early as I could have Bird Benjamir to obtain the two last vessels as early as I could have wished. The demand for vessels to Australia and other foreign ports occasioned great difficulty in the respect named, beside greatly increasing the price of ships and passage. In so necesses the enormous advance of £1000 was made on vessels to sail to Boston, over and above their usual price to New Otteans. As general arrangements however will be made for the saints upon their arrival in the States, and not forther detention being anticipated, they will not calculate General M. forther detention being anticipated, they will no Carlock George M doubt be in ample time to perform the journey.

Elder Riter was much beloved by the saints with whom he had formed so short an acquantance, and it was with considerable reluctance that I advised his return as the only means by which his uscfulness could be preserved to himself, his family, and the Church.
