they diligently sought in the Bible for in its favor it receives the difference nodels for their commonwealth and In this way the debts due each of these laws. Under the elms of New Haven a a loss. A few years earlier Lord Balimore had obtailed for Maryland a iberal charter, guaranteeing religiou-iberty and au horizing the colonists to uake their own laws. For New Jersey

nake their own laws. For New Jersey, 1786, William Penn, as one of the proprietors, drew up a constitution inder the tame of "Cencessions," in which ne says, "We put the power in he people." When he soon after be-cause sole proprietary of a greater rovince, he draf.ed a similar demo-ratic constitution, and its first legis-tive assembly in I682, passed the Great Law of Pennsylvania." In triking contrast with these thoroughly practical democratic constitutions,

ractical democratic constitutions which sprang directly from a people iwakened to a just sense of their rights wakened to a just sense of their rights ind worth, or were framed by far ighted leaders who understood their emper, stood the "Fundamental Con-titutions," drawn up by the philoso-her John Locke, for the government of the Carolinas. That unwieldy aris-ocratic scheme may serve to mark the pen of the Restoration and English oint reached by the great Whig states-ben of the Restoration and English

the people. Among the Frence section therefor given by the setting title. In the for given by the setting title. The fustrious, neither the delights nor the five or ten minutes later all the delivery clerks have left the room. tesire for liberty. But throughout the English colonies the love of liberty clerks, one of whom counts the ex-changes upon the settling sheet allotwakened by the reformation, was fostered by the study of the Bible. To his "Statesman's Manual," as Coleted to his bank and then carries them his "Statesman's Manual," as Cole-idge calls it, their leaders resorted for direction in civil affairs, act less than for spiritual illumination. Their in in government was to preserve all be made.

that for spiritual induination. Ther in in government was to preserve all that was valuable in the fundamental aws of Evaluable to Divine teaching. Cheir experiments in thus remodeling he institutions of their Anglo-Sagon
