NO BALL GAMES PLAYED TODAY

Those Scheduled in Major Leagues
Postponed on Account of Prest.
Pulliam's Funeral.

New York, Aug. 2.—For the first time in the history of baseball, all games in the two major leagues are today postponed because of the funeral this afternoon at Louisville, Ky., of President Harry C. Pulliam of the National League. A number of individual games in other leagues have also been postponed, and all scheduled games in the New York State League have been abandoned for the day. The action of the American league was because of the close personal friendship existing between Mr. Pulliam and Ban Johnson, president of the American league, who will be one of the honorary pallbearers, and because of the high esteem in which Mr. Pulliam is held by the owners and players of the American league. In this city little doubt is expressed that Pulliam's successor will be named at a meeting of the board of directors of the National League in Louisville tonight, will be John Heydler, the present secretary and treasurer.

PULLIAM, WHO KILLED HIMSELF, AND HIS PROBABLE SUCCESSOR.

The self-inflicted end of the life of Harry C. Pulliam, president of the National Baseball league, was not wholly a surprise to those of his friends who had been much in his company recently. Ever since his election to the office he had had a tumultuous career, and his nervous breakdown three years ago indicated the strain under which he was laboring. His troubles culminated last winter in the acrimonious dispute with President Charles Murphy of the Chicago club and Ban Johnson of the American league. At a dinner given by Charles Comiskey, president

of the Chicago White Sox, Pulliam made a speech that betrayed the highly nervous condition he was in. He left his hotel without overcoat or hat and fled to his brother's home in Kentucky. At the time his business affairs were turned over to Secy. John A. Heydler, who has managed them ever since. A month ago Pulliam was notified that he could not resume his duties as president he would be asked to resign. A college bred man, he went into the newspaper business and soon became a baseball expert and devoted himself exclusively to that career.

Johnson Dictates to Jim Jeffries
Chicago, Aug. 2.—Jack Johnson, pugilistic champion, made the retort courteous to Jim Jeffries yesterday by announcing that the latter must, before he leaves for Europe, set a time and place for a meeting where articles can be drawn up and other details fixed. Johnson wants to meet Jeffries in person before the two meet in the ring. Johnson announced that he would post a forfeit of \$5,000 through his manager today. He himself left for Detroit last night. The \$50,000 check, which he is supposed to have had up, has been cancelled.

Johnson goes to Toronto next Wednesday and after that to New York, where he hopes to meet Jeffries before he sails. Johnson did not seem confident while here that Jeffries would agree to a fight, as he believed his rival would make the terms so exacting as to make a meeting between the two impossible.

Brown, Chicago's Great Twirler, Who Continues to Puzzle Batters.
For consistent, good, heady and effective twirling there is not a pitcher in the country with the exception of Christy Mathewson of New York, who can compare with Mordecai Brown, the Chicago National's three-fingered star-box artist. In fact, it is coincident that when these two great twirlers oppose each other it generally results in a victory for the Chicago delivery clerk.

IVER LAWSON IS KING OF SAUCER

By Determined and Consistent Riding
He Takes First Place—Western
Championships.

By determined and consistent riding, Iver Lawson has become king of the saucer in professional rank, taking first place from Walker during the past week and running up a score which will be most difficult for the Australian to beat. In the amateur division Wright still maintains his proud position, but he must look to his heels as McCracken and Young Thomas are crowding him and may drag him down a few notches before the end of the week. Manager Hoagren has another innovation which is sure to prove popular with riders and devotees of the game. He proposes to give races during the balance of the season for western championships, the first to take place tomorrow evening, a league race. Events for other distances will also be run and the winners will be credited with just double the points for winners in open events. This will be in both divisions of the game and at the end of the season the winner of the two divisions will be hailed as western champion. The standing of the riders to date follows:

BUTTE RACES TO CLOSE SATURDAY

W. M. Murray Then Goes to Anaconda and Reno for Meeting—Horsemen Who Will Attend.

(Special Correspondence.)
Butte, Aug. 1.—Next Saturday will mark the close of one of the most successful race meetings ever held at Butte. It is the most successful, and the exodus of stables from here will set in the following day, the immediate objective being Anaconda and Reno. While, as might reasonably be expected, the Anaconda meeting, which will be a continuation of the meeting at Butte, will attract most of the owners who have aligned their intention to do so, ship to Reno, Manager Murray can count on plenty of good racing material for his meeting at the Nevada metropolis.

The owners who have announced their intention to go there are: F. Dayton, L. Williams, Hawley, Mrs. H. Slover, J. Strite, A. L. Goodin, Passadena stable, H. B. Mulkey, C. L. Miles, J. E. Moore, J. O'Leary, F. Howard, E. King, W. C. Went, S. Polk, C. A. Baldwin, Geo. Durier, W. C. Cotton, J. D. Brown, E. Carey, W. P. Maxwell, Geo. Treubel, J. M. Crane and W. S. Vincent, the latter making two divisions of his stable and sending one division to Anaconda. Some of the best horses racing here are found in the stables named above. Among them are: Nativ, Finklin, Lyte Knight, La Gloria, Old Timer, La Reine, Hindoo, Old Nick and others, including the best two-year-olds in the country. The future of these animals cannot always be relied upon, and some of those named may be put in the doubtful list.

Hay, who is arranging for the special horse train to go to Reno within a day or two after the close here, is confident that the people will take passage with him. If such should prove to be the case a season of excellent racing is assured for the people of Reno. Certain it is the stables named will all be at Ogden and as they are reinforced by practically all the Anaconda contingent, the Ogden meeting will be far and away the best that has ever been held in Utah.

BIG HORSE SHOW
OPENS TOMORROW
Charlottesville, Va., Aug. 2.—Because of the prominence of many of the exhibitors and the large field of show and race horses entered, more than usual interest has been aroused in the annual exhibit of the Albemarle Horse Show association which takes place tomorrow and Wednesday at the University of Virginia. The exhibit is a strong competitor with entries from his country estate, Oak Ridge Farm, in Nelson county, Virginia. He recently purchased a string of thoroughbreds. The entries of William S. Dupont of Montpelier, Va., has figured conspicuously in Virginia shows during the past few years and this year also he will show horses.

Among those who will pilot hunters over the bars in Mrs. Reginald Brooks of Boston, Mass., formerly Miss Phyllis Langhorne, one of the beautiful Langhorne sisters of Myrador. Mrs. Brooks is as dashing a rider as her sister, Mrs. Ator, and this year she will be seen riding her own hunters, Castleman and Bocar.

Mrs. Allen Potts of Richmond, another noted horsewoman, will bring a string of five horses from the Castlehill stables. Mrs. Potts, who is the only woman M. P. H. in America, will also show the Castlehill hounds.

BACK FROM ANGLING TRIP.
(Special to the "News.")
Ogden, Aug. 2.—Supt. W. A. Whitney of the Union Pacific, Supt. E. E. Lewis of the dining cars and hotels of the Harriman system, Dr. R. S. Joyce, district surgeon of the Harriman line, J. S. Sykes of the Union Pacific company at Omaha, have returned from a fishing trip at Henry's lake, Idaho. They reported having a good time and caught plenty of the finny tribe—but Dr. Joyce does not wish to be bothered with the fish. "Bill" Whitney engineered the fishing line and Lewis presided over the frying pan. Sykes helped Lewis with the dishes. All members returned in good health, so Dr. Joyce says.

SPORTING NOTES.
Two cricket teams, one called "The Grizzlies" and the other "The Players," clashed at Liberty park Saturday evening and the latter won by a score of 13 runs.

At Payson Saturday afternoon the Heber baseball team won a game from the Payson nine by a score of 15 to 5 and also captured a side bet of \$100.

The Occidentals manage to keep up their winning streak in the Idaho series. The game played with the lead was a hard fought one, but the colored boys managed to finish in the lead, 5 to 3.

It is not at all improbable that local baseball fans will see some good games toward the end of the month. Bert Margret has a bunch of fast ball throwers rounded up and they have made a fine showing. The Denver Luxus team is anxious to come here for a series of games and Margret is not averse to accommodating the Coloradons. Arrangements will no doubt be completed this week.

We will hear a terrible "holer" when Jimmy Britt, the "native son," returns to sunny California from England. Jimmy will then tell us all about how he was robbed by the referee in his fight with Johnny Summers, the clever Briton, who hung one on James Edward in the ninth session of the scheduled 20-round mix-up. From all accounts the plumber had got "hi" good and plenty.

The first game in a series of three between the Bingham Commercial and the Yampa team was played at Bingham yesterday and it resulted in a 2-0 victory. The games are for a side bet of \$200 and there is a great deal of interest in the struggle. It is reported that the \$3,000 changed hands as a result of yesterday's game. The Commercial won by nearly 20 years have been quoted as saying that with the three-fingered one on the slab it spells victory for the team. Since his debut into fast company he has always won the majority of his games. Brown is one of the real marvels of the profession.
