SESSION OF CITY COUNCIL

Councilman Browning Submits Resolution Against Gambling, Gives Officers More Power.

HEARINGS IN DISTRICT COURT.

New Trial Denied in Chamberlain Damage Suit—Stolen Horses Recovered—Death of Fred G. Barlow.

Ogden, Nov. 27.—Councilman Browning took the second step in his fight against gambling in Ogden by introducing an amendment to the city ordinance, a resolution similar to the ordinance providing a fine of \$300 or six months imprisonment or both as a penalty for gambling. The resolution also gives officers the authority to break into any place where they have reasonable cause to suspect that gambling is being carried on. The resolution passed on reading and was referred to the license committee at a session of the council last evening.

City Atty. J. E. Bagley submitted a written reply to the request for his attendance at the sessions of the city council, stating that he was not a member of the council nor a factor in its deliberations. He also said the law would not require his attendance at the meetings, but that he would attend as often as convenient.

HEARINGS IN DISTRICT COURT.

New Trial in Chamberlain Damage Suit Against Railroad Denied.

Ogden, Nov. 27.—A number of court matters came up before Judge Howell in the district court for his disposition. In the case of J. J. Stone, administrator of the estate of Roy Chamberlain, deceased, against the Union Pacific, Atty. Maginnis appeared before the court and asked for a new trial on the grounds of irregularities in the hearing of the case. The motion was denied. It will be remembered that when the case was on trial the court instructed the jury that it could not bring in a verdict for more than \$1,000, deceased was riding on a pass at the time of his death, which contained a clause releasing the railroad company from any liability for damages should the user of the pass be injured or killed, unless gross negligence could be proven and then the damages should not exceed \$1,000. The jury brought in a verdict for the full amount under the instructions from the court. Atty. Hollingsworth on behalf of the railroad company offered Atty. Maginnis for the prosecution a check for \$1,000, together with interest since date of judgment in payment of the claim, but the prosecution refused to accept the check, whereupon Mr. Hollingsworth placed the check in the hands of County Clerk Mattson to satisfy the judgment. Judge Maginnis protested against the clerk accepting the check and asked the court to interfere in the matter, which he declined to do, but still Mr. Maginnis would not accept the money. He expects to appeal the case to the supreme court, where he hopes to get the decision of the lower court reversed.

E. O. Piles through Attorney Agnew, was granted permission to file a supplemental complaint against F. H. Balthus, et al. The case was set for trial on the 29th day of December, at which time the plaintiff was given a judgment in the district court against defendants for \$5,556.35 on a deal over sheep which judgment remains unpaid. The plaintiff then transferred the case to the supreme court, where he asked for a decree of the court setting aside the decision and that he be able to collect the amount alleged to be due.

STOLEN HORSES RECOVERED.

Deputy Sheriff E. B. Wilson went to Syracuse, Davis county yesterday, where he located three head of horses stolen a short time ago from Henry Larson. The horses were in the possession of farmers there who had bought them from a stranger believing the horses belonged to him, and were

NO COFFEE

The Doctor Said.

Coffee-slavery is not much different from alcohol or any other drug. But many people don't realize that coffee contains a poisonous, habit-forming drug—caffeine.

They get into the habit of using coffee, and no wonder, when some writers for respectable magazines and papers speak of coffee as "harmless."

Of course it doesn't paralyze one in a short time like alcohol, or put one to sleep like morphine, but it slowly attacks the heart, kidneys and nerves, and soon forms a drug habit, just the same and one that is the cause of many overlooked ailments.

"I wish to state for the benefit of other coffee slaves," writes a Vt. young lady, "what Postum Food Coffee has done for me."

"Up to a year ago I thought I could not eat a breakfast if I did not have at least 2 cups of coffee, and sometimes during the day, if very tired, I would have another cup."

"I was annoyed with indigestion, heart trouble, bad feeling in my head, and sleeplessness. Our family doctor, whom I consulted, asked me if I drank coffee. I said I did and could not get along without it."

"He told me it was the direct cause of my ailments and advised me to drink Postum. I had no faith in it, but finally tried it. The first cup was not so hot long enough and was distasteful, and I vowed I would not drink any more."

"But after a neighbor told me to cook it longer I found Postum was much superior in flavor to my coffee. I am no longer nervous, my stomach troubles are ceased, my heart action is better, and from 105 lbs. weight when I began Postum, I now weigh 115 lbs. I give all the credit to Postum as I did not change my other diet in any way."

Name given by Postum Co., Battle Creek, Mich., reads the little book "The Road to Wellville," in place of "There's a Reason."

very indignant when they learned that the horses had been stolen and must be returned to their rightful owner. The farmers promised to bring the horses to Ogden this afternoon and to assist in locating the man who sold them. The officers have hope of getting the thief and of prosecuting him for grand larceny.

ARRESTED ON HORSE STEALING CHARGE.

A telegram received by Sheriff Sealing yesterday afternoon informed him that through his good service Sheriff L. G. Clark of Elko county, Nevada, had succeeded in locating and arresting Robert Walther at Mina, Nevada, on the charge of stealing a horse, saddle and bridle from Kelly, which he brought to Ogden and left with his young wife, claiming the horse belonged to him. He will be prosecuted for horse stealing.

DEATH OF FRED G. BARLOW.

Mrs. Fred G. Barlow and daughter left their home at Stockton, California, on Saturday noon to come to Ogden to visit relatives, leaving behind Mr. Barlow, whose health would not permit of his traveling at present, and he decided to remain at a private sanitarium for treatment, expecting to join his family

in a couple of weeks here in Ogden. Mr. Barlow was greatly shocked yesterday afternoon when a telegram came to her brother, Levi Southwell of this city informing him that Mr. Barlow had died. The proprietor of the sanitarium was immediately wired to have the body embalmed and shipped to Ogden for burial. The presumption is that Mr. Barlow suffered a sudden relapse after his wife's departure, which resulted in his sudden demise. The time and place of his funeral will be announced later.

MINISTERIAL ASSOCIATION.

The Ogden Ministerial association held its annual meeting for the election of officers yesterday afternoon, and chose Rev. James Thompson of the Park Presbyterian church as president; Rev. Noble Eiderich of the Congregational church, secretary and treasurer. A number of matters pertaining to the interests and progress of the association were considered.

SESSION OF CITY COUNCIL.

Bill Board Ordinance is Passed—Question of Free Library Site.

Special Correspondence.

Provo, Nov. 27.—A communication was read in the city council last evening from J. W. Rogers, of Salt Lake, superintendent of the Pacific Express company, and in the correspondence also representing the Wells Fargo Express company, in relation to the license tax of \$25 a year, provided by ordinance of Dec. 28, 1905, to be paid by express companies.

The letter asked that the tax be reduced from \$25 to \$10 a year, in which event the companies would pay the tax, although they did not think the city had authority to collect such tax. The communication was referred to the committee on license.

A resolution, authorizing the mayor and the city recorder to sign an agreement for a right-of-way over the Provo canyon branch of the D. and R. G. railway's right-of-way, for the city to lay its waterworks pipe line, was presented and passed.

The committee on streets and alleys recommended the creation of a gutter district on Academy avenue from First North street to Center street, on both sides of the street, and on Center street from Academy avenue west to Fifth West street, on the north side of the street. The report was adopted and the matter of assessing a tax on abutting property for the construction of gutters will be submitted to the property owners in the usual way.

Chairman Johnson, of the waterworks committee, reported that the contractors would be ready to begin laying pipe in a day or two.

An ordinance amending section 179 and repealing section 172 of the city ordinances was passed. The ordinance as amended, gives the juvenile court officer the same authority in making arrests as police officers, and does away with the ringing of the curfew bell, which has not been rung for some time. The portion of the ordinance providing for minors to be off the streets after the hours of 9:30 p. m. in the summer, and 9 o'clock in the winter remains in force.

A motion was passed voting the sentiments of the council that Provo city taxpayers should be given the preference in working on the electric light plant excavations.

Dr. F. W. Taylor of the Provo free library, appeared before the council and stated that the trustees were in communication with Andrew Carnegie in regard to a free library. Mr. Carnegie had asked if the trustees had a site for a building. The trustees had no site and Dr. Taylor asked the council if the city would contribute a site. The matter was referred to the committee on public grounds and city property.

An ordinance was passed prohibiting placing on bill boards or public places any pictures of interior of saloons, sauncheon brawls, fights, prizefights, the nude human body and any pictures tending to depravity, etc. The offense is punishable by a fine of \$20 or 29 days imprisonment or both.

RAILROAD COLLISION AT TUCKER.

Sheriff Harmon, who returned from Colton yesterday afternoon on the D. & R. G. No. 3 train, reports a collision at Tucker. The passenger train collided with a freight, which was clearing the yard at Tucker. The engine, tender and a chair car of the passenger train were injured and left at Tucker. Several passengers were slightly injured; they were attended by Dr. Dunn of Springville. The auditor of the D. & R. G., who was coming in on the train, was thrown out of the car through a glass door, but received no injury. Sheriff Harmon had his shins slightly bruised.
