

DESERET EVENING NEWS.

Monday, May 4, 1893.

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must be given in every instance, and must be accompanied by a guarantee of reliability.

SABBATH MEETINGS.—The morning meeting was addressed by Elder Enoch Reese and President H. C. Kimball in an instructive manner. In the afternoon Elders Wilford Woodruff and George Q. Cannon treated on a number of subjects to the edification of the congregation.

IN TOWN.—Elder E. T. Benson arrived in the city to day from Logan, in good health and spirits.

THEATRICAL.—"The Island King" was again well played on Saturday night, and at the close Mr. and Mrs. Waldron appeared before the curtain in response to a prolonged "call." Mr. Har- die sang and was encored; and "The Willful Wain" was played most excellently.

To-morrow night the attraction is very strong. The sensation drama "Nobody's Child," of which we published a lengthy synopsis on Saturday, will be presented, with an excellent cast, embracing the force of the company. It will be followed by Mr. D. E. Kimball, a gymnast from Cook, Wilson & Zoyara's Circus, and more recently of the Metropolitan Theatre, San Francisco, and Elmer's Circus, Virginia City, Nevada, who will make his first appearance here in a great specialty of his called "The Leap for Life," preceded by a gymnastic act. The closing feat which gives the title to the act is a leap of over forty feet on to the stage, throws a somersault in the air, and seizes, in the turning, a rope pulled taut which rises above the stage. We saw him do the feat on Saturday afternoon with much grace and ease.

The attraction to-morrow night ought to crowd the house from orchestra to ceiling.

THE ORGAN FRONT.—Br. J. Ridges has favored us with a sight of the design for the front of the new organ. The design is a very handsome one; and the front will be formed with flutings, panels and pillars in the Corinthian style, tastefully carved and crowned with pyramidal tops. As the whole will rise over forty feet above the floor, the front, when completed, will present a massive and imposing appearance, while there will be ample space for the display of artistic ability in elaborating the design.

MORE INDIANS.—The Cheyenne Argus of the 23d ult. says that a band of Indians attacked a camp near Fort McPherson, two days before, killing four or five men, and driving off some stock. Fort McPherson is situated at Cottonwood Springs, on the old emigrant road, on the south bank of the Platte, and ten miles below the mouth of North Platte. Several attempts had been made to run off stock from a train which had just passed the road, but they were ineffectual, most of the drivers being old plainsmen.

The Montana Herald of the 25th ult. tells of an Indian raid on the Yellowstone, resulting in one man being killed and another missing. Troops have been sent out from Fort Ellis.

A BATCH OF THIEVES.—The two men who robbed the mail at the head of Echo Canyon were brought in by officers Heath and Dewey on Friday night last, and are now safely locked up. Their names are Young and Watson. They had been tending station at the head of Echo, in Col. Gilmer's Division of the Stage line. Young had been three weeks in the employ; Watson two months; and the latter had served four years in the Federal service. Some freighters going out to Sweetwater, who were camped a little below the station, saw two men sneaking around in a suspicious manner. Thinking they were trying to get a chance to steal horses, they were watched; and some of the freighters going up to the back of the station found a quantity of mail matter. They arrested the two men, Young and Watson; telegraphed to Mr. Tracy, who notified Gen. Champlin; and he started immediately with officers Heath and Dewey to bring in the prisoners. On returning, coming down the canyon in a wagon with the men and two witnesses, it was very dark, and about eleven miles down they drove off a bridge and all were pitched out except one of the prisoners, the principal witness, named Goodwin, having his leg broken. With much difficulty the injured man was got down to the mouth of the canyon, where they had to leave him, and bring their prisoners in to the city.

On the 25th, two men named Albert Wilson, alias Wm. Anderson, and Charles Jackson, were arrested in Millard county for horse-stealing, and fourteen horses were taken with them. They were brought into the city by Officer Calder, examined this morning by Judge Smith, and bound over in \$1,000 each to appear at the Probate Court, June term, for trial. Failing to find security, they were lodged in the County jail.

Alex. Ogilvie was charged with stealing cattle at Chicken Creek, Juab Co., and held to bail in \$500 to appear for trial at the Probate Court.

An old man named Harris, with three sons, were arrested on the Sevier, charged with sheep-stealing; examined this morning; and held to bail in \$1,500.

CHEAP TRAVELING.—The Pacific Mail Steamship Company is now carrying passengers from San Francisco to New York on a ticket costing one hundred dollars, and guaranteeing the privilege of remaining six months in the east before returning. This is tempting to seafarers of sea travel and eastern sights who vegetate on the Pacific coast.

NO GRASSHOPPERS.—Bro. Fotheringham, writing from Beaver, on the 23d ult., says the weather was becoming very pleasant; the wheat was looking well for the season; and there were no signs of any grasshoppers hatching out.

WANTED.—An active, middle-aged woman would like to engage to do housework in a family where she could have a permanent home. Enquire at Sister Jane Blackhurst's, 7th Ward.

FIRE AT FORT DAVID RUSSELL.—The Cheyenne papers of the 24th tell of a destructive fire which occurred in the stables of Company "I" Second Cavalry, at Fort David Russell, on the morning of the 23d ult. The fire was discovered at breakfast time by a sentry, but before the men could arrive the whole building was in flames. Sixty-five horses, seventy saddles, bridles, etc., with some hay and oats, were burned up, involving a loss of between \$4,000 and \$5,000. There were stables adjoining which escaped uninjured.

STAGE CRASHES.—A late number of the Chicago Tribune says:

"A train consisting of fifteen platform cars, containing thirty stage coaches, and three freight cars loaded with harness, will arrive in this city today bound for Omaha. The stages and harness were manufactured by Abbott & Co. of Chicago, N. H., and will be shipped to the Western Express Line."

ARRIVALS AND DEPARTURES BY STAGE.
