

SPLIT UP BETWEEN BISHOP AND HERRERA

It is Commented on by Butte Fight Fans Who Admirer Aurelio.

THE PAIR MADE SOME MONEY

But Some of the Ring Followers of Montana Think the Mexican Got The Short End.

The announcement coming from California a few days ago to the effect that there had been a split up between Biddy Bishop and his wonderful little fighting machine, Aurelio Herrera, the Mexican, has caused considerable comment in sporting circles here and elsewhere.

It is a peculiar thing that when there is a row between fighter and manager, the latter invariably goes about telling his friends that the fighter has lost his cleverness, his punch and nerve. That is exactly what Bishop said of Herrera. It is said the trouble came as a result of the last fight with Cordell, Herrera claims he won most of the proposition, and that Bishop had not acted fair. This statement is backed up by the assertion that Bishop Herrera as long as he was a big money-maker and at the first reverse threw him down.

While in Montana Bishop made money easy with the little brown boy, and those who witnessed the battles fought here immediately became staunch supporters of Herrera. His fairness in the ring and gentlemanly conduct in private won him many plaudits.

These friends have not deserted him and should appear in Butte tomorrow he would draw a crowded house.

One illustration of Herrera's magnanimity for a defeated contestant, and the one that placed him high in the estimation of the Butte fighting public was when he fought Kid Olesby at the Grand last winter. At times Olesby was helpless on the ropes, and instead of the usual needless punishment, Herrera took his foe by the arm and led him to the center of the ring, and after giving him an opportunity to get square on his legs, renewed the battle.

Such exhibitions of manliness in the ring speak more for the Mexican's innermost principles than criticism of an adverse nature can convey, and until Herrera appears again before his friends and admirers in this city, many will withhold their judgment.

Young Peter Jackson.

Baltimore, Dec. 11.—Young Peter Jackson of this city knocked out Bob Long of Chicago in the eleventh round of their 20-round bout tonight before the Elks club. Both are colored middleweights.

Johnson vs Ferguson.

Colma, Cal., Dec. 11.—Jack Johnson, champion colored weight, was given the decision at the end of the twentieth round over Sandy Ferguson at the Colma club tonight.

It was a poor fight, neither contestant showing any desire to force the fighting. The principals were repeatedly hissed by the spectators.

the spectators. In only two rounds did the men undertake to deliver knockout punches.

Johnson did most of the leading but his blows lacked force. Both men left the ring without a mark of punishment. Betting on the fight was 19 to 4 with Johnson favorite. About 2,000 people were in attendance.

Victory for Buddy Ryan.

Chicago, Dec. 11.—Buddy Ryan won the decision over Henry Fagin in a six-round contest here tonight. Ryan scored a decided lead in every round with the exception of the first, which was slightly in favor of Fagin.

Farmer Burns Beaten.

Whatcom, Wash., Dec. 11.—Frank A. Gotsch of Humboldt, Ia., tonight defeated "Farmer" Martin Burns of Big Rock, Ia. Gotsch won the first, fall in twenty-two and one-half minutes, the third in sixteen minutes ten seconds and the fourth in seventeen minutes. Burns took the second fall in twenty-two and one-half minutes.

A telegram was read from Tom Jenkins, the leading jockey for a match for any part of \$5,000. Carroll, Gotsch's manager, immediately deposited \$1,000 with a newspaper man to find the match.

Fighter in Jail.

Vancouver, B. C., Dec. 11.—Jack Reagan, a prize fighter, better known in coast cities as "Terrible Reagan," was today found guilty of having stolen \$1,000 from Harvey Slater on the night of Nov. 18 and of stealing his money, handkerchief and watch.

Reagan's people, who are prominent in eastern Canada, put up a strong legal fight to save him from conviction. He was remanded for sentence until tomorrow. Columbia for highway robbery is four-year. The maximum penalty in British law is ten years in jail.

Perry Queenan Wins.

Vancouver, Dec. 11.—Queenan easily defeated "Whatcom" in a six-round contest here tonight. Queenan won the first, second, third, fourth and fifth rounds. Perry won the sixth round.

RACES AT OAKLAND.

Dolly Hayman Proved a Complete Surprise to Racegoers.

San Francisco, Dec. 11.—Dolly Hayman proved a complete surprise by winning the last race at Oakland today at odds of 40 to 1. The event was thought to be between Episcure and Beau Ormonde, and both were heavily played. They raced together most of the way, but the pace told on Episcure before the stretch was reached. Beau Ormonde looked like a winner until the last fifty yards, when Dolly Hayman won by a head.

Redward and Josarie also won their races by close margins. The saddle slipped on St. Winifred, opening favorite for the second race, and Foley pulled her up. Summary:

First race, Futurity course, purse—The Bugaboos, three, Time—1:11.

Second race, six and a half furlongs, selling—Jockey Club won, Albemarle second, Tamm third. Time—1:21.

Third race, five and a half furlongs, selling—The Fog won, Water Power second, Silent Water third. Time—1:09.

SIX DAY RACE.

Seven Teams Are Still Tied for First Place.

New York, Dec. 11.—With seven teams tied for first place, Root and Dorlan had withdrawn last night and Moran and Keegan still a lap behind, but making occasional desperate spurts to make up that distance, the riders in the six-day bicycle race kept up their weary grind today, all the men except Breton appearing in shape to continue to the end. Breton, when relieved after a hot sprint, coughed up a quantity of blood and was very weak.

But the trainer stated that he would finish the race. During the early morning John Redward, who had been by an unexpected spurt gained three quarters of a lap on the leaders but finally was overhauled.

The 12 o'clock score of the six-day race follows:

Content and Breton, Leander and Buter, Fred Krebs and Peterson, Newkirk and Jacobson, John and Merus Bedell, Bowler and Fisher, and Walchour and Munroe, tied at 1,292 miles; Moran and Keegan, 1,291 miles, 5 laps. Record, 2,318.7.

THAT VANDERBILT FLAT.

New York—Mrs. Alfred Gwynne Vanderbilt, the richest young matron in the United States, is going to housekeeping in a six-room flat. The rent is \$6,000.

A NOVELIST'S WIFE AND HER FAMOUS DOG.

Herewith is reproduced the latest portrait of Mrs. Guy Boothby and her prize winning Russian wolfhound, Prince Galeza. Mrs. Boothby is the wife of the famous novelist, who is as fond of dogs as she is, although he favors bulldogs. While Mrs. Boothby is especially partial to wolfhounds and greyhounds. At one time she was the owner of Southborough Realty, whose triumphs were innumerable and whose odd name was well known throughout the world of dog fanciers. The Boothbys keep at Sunbury, England, were designed jointly by Mrs. and Mrs. Boothby, and no dogs have more commodious and attractive quarters than those housed there.

a year, and there are thousands in New York who pay more than that.

The Vanderbilt flat is in Madison avenue, Nos. 161 and 163. It is midway between Thirty-second and Thirty-third street, sandwiched in between a row of boarding houses on the east side of the way. The apartment house is in the euphonious name of "The Warrington."

It was only three weeks ago that the Vanderbilts, principally for novelty's sake, made up their minds to try a flat for the winter. They have been staying in Newport, and have decided to return there early in the spring, after two or three months in town, and perhaps a flying trip down South during the raw weeks of March and early April. As a matter of fact, two apartments have been knocked into one so as to make rooms of the necessary size.

Mrs. Vanderbilt already has settled upon the arrangement of the six rooms at her disposal. She has decided to dine downstairs in a restaurant whenever there are no dining room problem. There are in the Warrington establishment a head waiter and assistants to take care for the men's clothes and to do the hundred and one odd little things needed every day by a man of fashion. A full corps of maids is also at the call of the women of the house. The Vanderbilts will have only breakfast in their suite—Kansas City Star.

CROKER TELLS BRYAN, "RUN"

New York—A London cable to the World says that at the recent conference, ex-Hon. Richard Croker strongly urged William J. Bryan to make a strong fight for another presidential nomination.

Mr. Bryan seemed inclined to put forward an alternative name (neither Senator Gorman's nor Judge Parker's), but Mr. Croker utterly condemned the suggestion as foreboding the Democrats to defeat. In fact, he refused to consider it seriously.

He told Mr. Bryan that he is a young, vigorous man; has a personal influence no other Democratic leader has, and staked his political reputation on the prediction that if he gets the nomination again he will win.

Everyone who meets Mr. Bryan confesses to being fascinated by his simplicity and straightforwardness of manner. He is voted everywhere to be altogether delightful and charming personality.

LIGHT TIES CORRECT.

Paris.—I had an interesting talk this week with Charvet, a shirtmaker of the Rue de la Paix, on fashions in men's neckwear. It appears that a taste for light colored ties is growing in Paris. Charvet showed me a kind of new silk, steel gray and gray with microscopic black dots or stripes, and gray with small designs in black, all ready for making to order in four-hand or Ascot style.

He showed me a striking silk pattern of styles in tiger skin, which I must confess, looks better on a tiger than in a necktie.

At Doucet's I was told that light-colored ties are becoming very fashionable. White, or rather cream-colored, silk ties, in fact, will probably soon out all others in the estimation of well-dressed men.—New York Herald.

BOYS AS INVESTMENTS.

James M. Dodge, the president of the American Society of Mechanical Engineers, in a speech at the commencement of the Williamson Trade school in Philadelphia, which is printed in St. Nicholas, took the novel view of a boy that he represents a "potential investment" and urged his ambitious hearers to "invest in themselves."

According to Mr. Dodge, the average boy at 16 is worth \$3,000—that is, he usually earns 5 per cent interest upon that sum, or \$3 a week. Any one can calculate his own "capitalization" value by this rule. As many thousand in-

vested as his salary per week amounts to for fifty weeks, allowing two weeks for vacation or illness.

The boy who goes direct into a machine shop, according to Mr. Dodge's figures, increases his capitalization value at \$7,400 at 18, when he finishes his three years; to \$13,200 at 21, when he becomes a full-fledged workman, and to \$15,900 at 24, beyond which time his value and his earnings do not much vary.—New York World.

OYSTER WHITE, BLUE WHITE.

Beautiful Miss Horner of London, a direct descendant of Little Jack Horner, was noticeable at a swell function the other evening in a handsome costume which was all in white. Miss Horner's white gown showed many shades.

White no longer means a monotony of color, for to dress in white these days argues that you may have on half a dozen different tones, yet be all in white. Miss Horner's gown on this recent occasion combined white in no less than eight different shades, and she wore no fewer than five different materials, including crepe de chine, with trimmings of crepe de Paris and lace, while her skirt was made of sole trimmed with crepe de chine, with little shirrings of chiffon at the head of the flounce.

Oyster white, blue white, pearl white, cream white, yellow white, dead white and pinkish white are among the popular shades of white; then there are other whiter colors which verge upon the velvet and a half dozen that somehow suggest tan and biscuit without really departing from the white tone.

But it takes an artist to blend these white materials. In the hands of an ama-
