TERMS IN ADVANCE.

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY, DEC. 11.

Mona Mentions.—Ex-Bishop Edward Thayer, of Mona, Juab County, was the recipient of a pleasant surprise party on December 1st, his 54th birthday anniversary.

The people have been blessed with abundant crops and at present enjoy general good health.

The new meeting-house is up to the square, and has been standing quite a while for want of lumber. This having lately arrived, work will be pushed ahead. The building will be a great public benefit, as the people have had no place to meet in since last January.

Returned from a Mission.—Elder John W. Coons, of Richfield, Sevier County, returned on Sunday morning from a mission to the North-western States, upon which he started April 11th, 1882. He labored in Iowa one year, and the rest of the time in Indiana and Illinois. In Brown County, Indiana, while traveling in company with Elder Reuben R. Farnsworth, he met with some ill treatment, being pelted with rotten eggs just as they were leaving a meeting.

On another occasion he had rocks thrown at him and was hit by one of the missiles, but not hurt. He much enjoyed his mission, and feels well repaid for what he passed through by the experience it gave him. He kept the Word of Wisdom strictly and enjoyed excellent health. He left for Richfield today.

Report Confirmed.—The announcement in the News last evening of the capture and breaking up of the gang of burglars which has for some time infested Ogden, is confirmed by last night's issue of the *Herald* of that city. The informer who played the part of the peddler, was a man named Doc. Swail.

In the Justice's Court yesterday, before His Honor Thomas D. Dee, John A. Edwards and Jos. A. Miller, were arraigned on a charge of feloniously entering the store of W. H. Wright & Sons, on the night of the 6th inst., and stealing therefrom a large amount of property. O. F. Middleton, Esq., appeared for the people. The prisoners were undefended. They plead not guilty, and were remanded to jail until 9 o'clock on Wednesday morning, when they will again be brought for a preliminary examination.

J. M. O'Neil was also arraigned on a charge of stealing a lady's cloak from G. H. Tribe. The same officer was for the prosecution and Judge R. Smith for the defense. O'Neil plead not guilty, and next Friday was set for the trial, at 9 o'clock a. m. The amount of bail was fixed at \$250.

THE MARYSVALE MINES.

"SOL" SPEAKS CONFIDENTLY OF THEIR PRESENT AND FUTURE.

A correspondent from Marysville, Sevier County, reminds the public that that region is still considered a mining country with fine prospects only awaiting proper development. He states that there are large bodies of medium grade ore, such as the "Navigator" and the "Bully Boy" mines, which will pay handsomely to any company that will put up refining works suitable to that class of silver ores.

The "Navigator" mine shows a cropping of some forty feet in width of vein. The "Old Pioneer" and the "Fillmore" are also big deposits. The "Mammoth," when opened up,

will be far ahead of the "Deer Trail" in its palmiest days. These mines are in Old Bullion district, and are solid formations. The "Morning Star" and the "North Star" mines are now being worked by Mr. R. War-nock, employing 10 to 12 hands, and are opening up to his satisfaction, and it is hinted that in the coming Spring machinery will be put up to manipulate the ore.

One of the notable features of the country is a fine quality of the element of mercury discovered on the "Lucky Boy," running from 15 to 75 per cent. mercury, and one among the big things in clonbar ores, is the Oakland mines, discovered by John Ferris, showing an output of about 80 feet, of a vein bearing mercury, the cropping running the whole length of the location. Mr. Greenman, an old California quicksilver man, is half owner in the property, and has arrived again from San Francisco to look at this property in connection with other mines Mr. Ferris has interested him in.

John Ferris is one of the thorough prospectors of Southern Utah, and keeps up continual research with unflagging energy. There are many veins in the hills that bear good ores, and will yet be worked. A more extensive mining country cannot be found than the Mt. Baldy Range, of the Sevier River country and the near future will open up business that will cause the Denver and Rio Grande company to take hold with confidence and build the Sevier Valley Rail Road, which they have surveyed from Wales in San Pete County, as one of their branch lines.

FROM WEDNESDAY'S DAILY, DEC. 12.

Right of Way.—The Salt Lake and Fort Douglas Railway Corporation, which has in view the running of a road from the Utah Central depot, up North Temple Street, along the line of the aqueduct, via the mouth of City Creek Canyon, and over the north and east benches to the military post on the hill, last evening asked the City Council for the right of way over the route proposed. The incorporators are: Seymour B. Young, James T. Little, James Sharp, P. L. Williams, Le Grande Young, W. W. Riter, John Sharp, Jr., Alfalfa Young, A. F. Doremus and J. Fawson Smith.

The Sevier River Drowning.—Telegrams from Sevier County have already been published in relation to the drowning and subsequent recovery of the body of a child named Curtis, in the Sevier River several days ago. A correspondent from Aurora, where the fatality occurred, sends a few more particulars. The little one whose life was lost was a son of Ezra and Mary Ann Curtis, aged five years, six months and nine days.

It accidentally fell into the water, and the body was missing for three days and nights, during which it was hunted for by nearly the whole of the male portion of the settlement, as well as others from Salina and places near by. The river was searched for miles with grab-hooks, pitchforks, hay-rakes, etc., and the body was at length found lodged upon a sand-bar.

Home from Minnesota.—Elder Samuel Bryson, Jr., of Woodruff, Rich County, who left here on a mission to the Northwestern States, September 4th, 1882, returned home a few days ago. He labored all the time with the exception of ten days, in the State of Minnesota, in the Counties of Onstead, Fillmore, Todd and Morrison. The ten days mentioned were spent in Wisconsin, visiting with Elder Mons Anderson (a companion in the field) the latter's relatives.

After this he was with Elder Heber Bennion in Todd and Morrison counties, and then with Elder Thomas S. Woodland, in the same localities. They found numbers of opportunities to preach, held ninety-four meetings in Minnesota (upwards of seventy in Todd County), but no baptisms resulted. They found friends as a general thing, and when Elder Bryson left, two or three families were investigating the doctrine he advocated. His health

was good, though the weather was extremely cold, and he returns feeling well repaid by his missionary experience.

A Flat-Footed Affidavit.—On Monday morning, the case of H. S. Reedall vs. G. M. Pierce was brought up in the District Court on motion for judgment, on the ground that the answer was not verified and upon the annexed affidavit which had been filed:

H. S. REEDALL, Plaintiff.

vs.

G. M. PIERCE, Defendant.

I, G. M. Pierce, defendant in the above entitled action, hereby admit that I am owing six hundred and twenty dollars, borrowed money, to said plaintiff, that the paper purporting to be an answer in said case made by Messrs. Griffiths & Snider, and filed herein, was made without my knowledge, concurrence or consent, and the matters therein contained are not true in fact. I make this statement freely and voluntarily as a matter of simple justice and withdraw said answer.

G. M. PIERCE, Defendant.

Dated November 14th 1883.

Subscribed and sworn to before me this 30th day of November, 1883, in my office in the city of Salt Lake, Utah.

THEODORE BURMEISTER, Notary Public.

On the ground of the affidavit the judgment prayed for (for \$620) was granted.

FROM THURSDAY'S DAILY, DEC. 13.

A Generous Act.—The officers of the Deseret Hospital Association most gratefully acknowledge the donation of ten tons of coal from the generous and benevolent gentleman, A. Gould, Esq., of this city, whose kindness to the needy at this season of the year has become proverbial. E. R. WELLS, Sec'y.

United in Wedlock.—To-day Brother Joseph Maynes and Miss Emily E. Keep, of this city, were united in the bonds of matrimony. Both were formerly of London, England. They are an amiable and worthy young couple, and have our best wishes for their future happiness and prosperity.

The Hailey Country.—This afternoon we received a pleasant call from Mr. John Pearce, cashier at the Hailey, Idaho, Station of the Oregon Short Line. We learn from him that many of the mines in the neighborhood of that town and in the vicinity of Caldwell, the present terminus of the road, are among the richest in the country. There is also a good deal of excellent farming and grazing land in that region. Mr. Pearce is of opinion that that section has a prosperous business future before it, and that the Caldwell boom is likely to be permanent. His views are based upon a personal inspection of a number of the mines and the surface of the country.

Burglary.—The residence of Mr. Harkness, of the law firm of Bennett and Harkness, was entered by a burglar or burglars during last night and about \$100 in money and two mineral bricks stolen. Nothing was known of it until this morning, when Mr. Harkness, on arising, missed his clothes which he had left in a chair at his bedside on retiring. The chair and clothes were afterwards found in the lower part of the house. The sum above named had been taken from the pockets, but the robbers had considerably and with thoughtful policy, left a gold watch which the apparel also contained.

It was subsequently ascertained that a cabinet of specimens had been rifled, and the two bricks, one of them of silver belonging to Mr. Harkness' daughter, included in the plunder. The thief evidently got into the house by a window which was found open.

Local Matters in Lewiston.—Bishop William H. Lewis, of Lewiston, Cache County, made us a pleasant call this morning. He reports things as progressing in his neighborhood. Splendid crops have been raised the past year, and about 80,000 bushels of grain realized. The canal from Cub River, a distance of fifteen miles, has done

much for irrigation. The work cost \$80,000, and this at a time when the resources of the people were drawn upon heavily by other improvements.

Since Conference a new meeting house has been erected, a structure 36x60 feet, the roof of which is now on and work on the inside going ahead rapidly. By New Year's it will be all done except plastering, and entirely completed by next Spring. It will cost \$4,000. A Co-op. granary is also among recent improvements.

The population of the settlement is about 415, in ninety families, but is much scattered. Mutual Improvement and other meetings are well attended. The weather is pretty cold at present, with three to four feet of snow on the level. Bishop Lewis came down to the city yesterday, and will return today or to-morrow.

THE LADIES' FAIR.

A BEAUTIFUL AND VARIEGATED DISPLAY.

The Fair held under the auspices of the Committee on Ways and Means of the Deseret Hospital, acting conjointly with the ladies of the Unity Club, for the benefit of that worthy institution, was thrown open to the public at 10 o'clock this morning. The dedicatory services took place last evening at 7 o'clock.

They were of a simple and semi-private character, consisting of a prayer by President George Q. Cannon, followed by brief addresses from President Joseph F. Smith, Mayor William Jennings, President George Q. Cannon, President Angus M. Cannon, and Counselor D. H. Wells, delivered in the presence of the committee and a few invited guests.

The Fair is the first one held under these auspices, and is really a credit to all concerned. The front of the Social Hall, where it is taking place, is ornamented with the Stars and Stripes, with the one word "Fair" conspicuously placed in the centre. The exhibition occupies the hall floor and stage of the interior.

Four large booths and six tables, covered with a profusion of all that is rich and rare in ladies' fancy work, are ranged round the sides and in different parts of the hall, at each of which stands a lady attendant, handsome, smiling and amiable. All of the city and most of the country wards are represented through the Relief Societies and Young Ladies' Associations, who have contributed most liberally to the exhibition.

Besides those above mentioned, the principal features of the Fair, which is literally full of attractions, are a large and heavily loaded Christmas tree and three side exhibitions, viz: "Model of the Temple at Jerusalem," "Ruins of China" and the "Fishing Pond." A handsomely decorated lemonade stall is placed a prominent position. The refreshment department is a special feature, occupying the whole of the stage.

National flags are profusely displayed about the interior, from various parts of which depend Chinese lanterns, designed to be lit up in the evening, which will doubtless heighten materially the spectacular effect of the brilliant and vari-colored exhibition. The admission fee is placed at 25 cents. The Fair will be open during the rest of the week.

O'Donovan Rosa's Opinion.

O'Donovan Rosa, speaking of the Great German Remedy to a friend, said: "Mrs. Rosa has been cured of a very severe attack of neuralgia by St. Jacobs Oil, as she will gladly tell you, if you call at my residence, 879 Bushwick ave., Brooklyn, N. Y."

I most cheerfully recommend Burke's White Pine Balsam, as the best cough preparation ever used in my family. I firmly believe it has no superior, if any equal. I prefer it to any other. J. B. Ford, Rushville, Ill. Sold by Z. C. M. I. drug department.

JOHN O. CUTLER, 38 East Temple Street, has an immense stock of home-made woolen goods from the Provo Mills, for sale at low prices.

HORSFORD'S ACID PHOSPHATE. For Overworked Professional Men.

Dr. "Chas. T. Mitchell, Canon-daigua, N. Y., says: 'I think it a grand restorer of brain force or nervous energy.'

It is seldom that you will feel unwell or suffer from indigestion if you use Brown's Iron Bitters.

A Druggist's Story.

Mr. Isaac C. Chapman, Druggist, Newburg, N. Y., writes us: "I have for the past ten years sold several gross of Dr. William Hall's Balsam for the Lungs. I can say of it what I cannot say of any other medicine. I have never heard a customer speak of it but to praise its virtues in the highest manner. I have recommended it in a great many cases of Whooping Cough, with the happiest effects. I have used it in my own family for many years; in fact, always have a bottle in the medicine closet ready for use." d & w.

County Licenses, Applications and Bonds, for sale at the "Deseret News Office."

A healthy body is indispensable to a vigorous mind. A bilious and dyspeptic man, whose blood drags sluggishly in his veins; can neither think clearly nor act wisely. Ayer's Pills will stir up the liver, excite the stomach and bowels to activity, open the pores of the system, renovate the blood, and restore a healthy tenement for the mind.

Send to the "Deseret News Office" for Warrantee, Quit Claim and Mining Deeds, Mortgages and all kinds of Legal Blanks.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me."

THORACIC PAINBROTHER.

Rockingham, Vt., July 15, 1882.

Group. — A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. 'Can you wonder and congratulate?' Sincerely yours, Mrs. EMMA GEDNET."

150 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effective remedy for coughs and colds we have ever tried."

A. J. CRANE.

Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from bronchitis, and after trying many remedies without success, I was cured by the use of AYER'S CHERRY PECTORAL."

JOSEPH WALSH.

Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles."

E. BRADDOCK.

Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists.
