

MONNETT'S VIEW OF BUSTING TRUSTS

He Expresses His Faith in Sherman Anti-Trust Law If Administered Honestly.

CASE OF STANDARD OIL TRIAL

In Ohio He Says He Whipped It Until It Elected Friendly Members Of the Supreme Court.

With a storm wind whirling the season's first snowflakes above the pavements, and a large audience in the well warmed and lighted theater, Salt Lake last night heard the closing speech of this campaign by a national committee's speaker, in Utah.

Francis S. Monnett, whose reputation has recently been enhanced by the publication of the Hearst Standard Oil letters, told how he had fought this company, and how this company was in his mind one of the greatest menaces to the country. His experience with its ability to adapt the supreme court of Ohio to its needs he also outlined, and told how, because of this fact he switched his national political view point in this campaign. The Standard Oil company he directly charged with naming the personnel charged with the case in return for having made large Republican campaign contributions.

State Chairman Samuel A. King called the meeting to order after which he introduced O. W. Powers as temporary chairman. Judge Powers introduced Mr. Monnett as the first man who had ever forced the Standard Oil company into court to testify at the bar of justice.

Mr. Monnett, in opening his address, referred to the pleasure it gave him to realize that in Utah the people were educated and owned their own homes, and were a class of home-loving, home-making citizens. He said, he should so refer to them.

BANK DEPOSIT GUARANTEE.
Taking up then the campaign issue, he spoke first of the bank deposit plan for bank deposits. He pointed out the fact that the government, in spite of its ready access to bank accounts, required the security for all it deposited with the banks. He then asked how people who know nothing of the workings of the banks could be expected to deposit money in them. When the government, knowing all their workings, refused to do it except from the most favorable terms.

He read a letter from the treasury department to bank officials urging better enforcement of the law, and from this argued that if the federal officials for 12 years had been unable to enforce the law, it would be a thing to turn them all out and put in an entirely new force. Calling attention to the locks, bars, burglar alarms and steel vaults, he asked how the banks from the outside, he demanded that something be done to reach the burglars already on the inside, and afford protection from them.

AS TO TRUSTS.

Passing from bank deposit guarantees to the railroads and the trusts, Mr. Monnett began the portion of his address which seemed most intimately a part of his personal history. After reading the Sherman anti-trust law, he said, the audience, Mr. Monnett declared that it had been in existence for 18 years, that it had been declared constitutional by the McKinley administration, and that in spite of decisions rendered by courts, railroad companies, representing in one case 31 railroads, and in another case more than 100, the government, the courts' action and were today amenable to prosecution for contempt of court and for criminal violation of the Sherman anti-trust law. He pleaded for the party to bring these railroad companies into court March on these charges.

NORTHERN SECURITIES CASE.

In describing the Northern Securities merger, Mr. Monnett described a meeting in the offices of Mr. Morgan, at which he declared \$500,000,000 in the value of the bonds added to the railroad property of the northwest, which the people using those railroads in their commerce must pay.

LABOR UNIONS.

Labor unions were treated as the

PLANKS FOR "AMERICAN" PLATFORM

The so-called "American" platforms contain a great deal of falsehood, nonsense, and deception. But the following "principles" are part of the program, though not formally inserted in the platform, and should be considered by all voters:

1. The Chairman of the "American" party mass state convention in the Salt Lake theater Monday evening, Sept. 28, declared a war of extermination to be waged against the Mormon Church officials in the fall campaign. "To carry the county and judicial district for the 'American' party and thus start the machinery of the courts in motion to accomplish THE IMPRISONMENT or EXILE of that band of twenty-six, this is the program of the 'Americans' as announced at the state convention."—Salt Lake Herald, Sept. 29.

A vote for the ticket supported by the Tribune is a vote for a program that includes the imprisonment and exile of every prominent Church leader. "Crucify! Crucify!" is the key note of the Tribune campaign.

2. Another declaration of principles involves the raising of the taxes on all farm property in the county. This was intimated in the Tribune during the bond campaign, as follows:

"Queer, it is not, that since the [smelter case] decision the farm lands have decreased in value for the purpose of taxation. In other words, the lands are not so valuable as they were, and farming upon smelter smoke was more productive from the dollar and cent standpoint of the farmer than the filling of the soil. While there has been a large increase in the value of property for taxable purposes in Salt Lake City, there has been a decrease in the property outside, and the farm lands are not worth as much as they were a year ago. I SAY IT IS QUEER, but remember it is a fact."

A vote for the ticket supported by the Tribune means a vote for the increase in taxes, principally for the benefit of the politicians who are in it for "the spoils."

The following is Tribune doctrine:

"Appropos of the new and petty war recently started by the municipal government on the women of the town, the liquor dealers and the gambling fraternity, one of the 'enemy' said to us the other day: 'It may be a hard thing to say, and perhaps harder still, but I believe that the liquor and gambling houses, and houses of ill-fame are more powerful reforming agencies here in Utah than churches and schools, or even the Tribune.'"

Freedom is the first requisite of manhood, and if it can be won without excesses, so much the better. If it can't, never mind the excesses; win the freedom!—Tribune, March 1881.

A vote for the Tribune ticket is a vote for the establishment of the agencies of liberty mentioned in the editorial extracts reproduced.

Respectable "Americans" might, for the good of the party and the city, and in the interest of peace, revolt against the organ of hatred, indecency, and brutality. It is no credit to the party.

"greatest force for the uplifting of mankind at present in the country," and they were declared to have suffered outrageous injustices at the hands of the courts and government officials. The Standard Oil trust, he declared, owns 47,000,000 barrels of oil from the state to the lamp of the 47,000,000 barrels produced each year.

ROCKEFELLER IN COURT.

The trial of the trust in which Rockefeller was brought to the bar of justice as a witness was outlined. It was narrated how he had declared he did not remember matters of importance, stating that the company books were in Cleveland, and how these books, after an order citing them into court had been issued, were destroyed and burned. The total of 26 boxes of books was followed by a charge of contempt of court, and then Mr. Monnett declared the Standard Oil company had succeeded in electing two members of the supreme court, which would then vote for the trust and three against, a combination in the face of which all prosecution was hopeless.

In concluding Mr. Monnett eulogized Mr. Bryan. Today Mr. Monnett makes a tour of Tooele county accompanied by H. C. Lund of the Democratic executive committee. Tomorrow he will leave for the east.

POLITICAL POINTERS

A colored Republican rally will be given at Eastman's hall on Thursday evening.

The "American" campaign for this week consists of rallies to be held in yards and districts throughout Salt Lake county.

Republicans will rally at the Sixteenth ward amusement hall on the evening of Oct. 28. Senator Sutherland and Nephi L. Morris will be the speakers.

A list of Utah sheepmen has been secured from headquarters of the Wool Growers' association by the Democratic state committee. Literature will be sent out to the wool men defending Democratic doctrine.

Francis S. Monnett's tour through Tooele county today plans for stop-over speeches at Rockfort at 10 a. m., at Tooele at 2 p. m., at Grantsville, at 8 p. m. The Stockton band will join the tour and furnish music.

Rallies over the state continue to be the vogue with both Democrats and Republicans. Messrs. Spry, Howell and Mattson are at Cedar City. Senator James H. Moyle is at Bluff and Will Ray and E. R. Owen speak for the Democrats at Tooeleville and St. George.

In lieu of the Republican rally at Garfield Monday last, at which Senator Sutherland and Parley P. Christensen were absent owing to bad roads which stalled their automobile, another Garfield rally has been scheduled. It will occur Tuesday next, and in addition to the two speakers before scheduled the Taft Republican Club will participate.

There is but one more chance to register. That will be next Tuesday and Wednesday, both of which are registration days. Anyone failing to get his name on the books on one of these two days will find himself shut out of the polls, unless he is already registered for this year, or voted in his present district at the last election, which validates his registration.

Thursday's speaking dates are numerous both for Republicans and Democrats. For the Republicans, L. B. Baker speaks at Orangeville; William Gismann at Gunnison, Brigham Clegg at Sterling, O. W. Carlson in Plevier, Glen Meyer at Hatch, and Senator Stuart in Logan. For the Democrats, R. H. Roberts appears at American Fork, Messrs. Maves and Nixon at Coyote, Page and Stringfellow at Kingston, James H. Moyle at Monticello, Messrs. Ray and Owen at Pinto, Pine Valley and Enterprise, and Messrs. Matineau and Caline at Peoa and Coalville.

HAD AN DRUNK.

Cripple Who Insisted on Embracing Ladies in An Uptown Office.

Ed. Williams, a migratory merchant dealing in campaign buttons and souvenirs, stood before Judge Diehl yesterday in police court and on one leg and his crutch admitted that he had been drinking. Patrolman Kast declared to the court that Williams had entered the offices of the Utah Light & Railway company and had embraced several women in the place, much to their discomfiture. Williams drew 15 days from his honor. On account of being a cripple he will not be required to go out with the court gang and will thus have ample opportunity for meditation while in the bottle.

Williams, at the time of his sentence, tried to prevail upon the court to send him to hospital instead of to jail. But Judge Diehl gave a voluntary testimonial as to the worth and professional ability of the police surgeon and then declared to Williams that all his ills would be set right before his time was up.

SOME LACK CERTIFICATES.

In the list of teachers in the public schools of this city appear the names of about 125 pedagogues who have not been certified. It is necessary to record the names of teachers in their possession, but have neglected to file it with the proper authorities.

Letters have been sent to delinquents from the office of the superintendent, urging that the matter be no longer overlooked. To such teachers as have no certificates, temporary permits to teach will be granted, with the understanding that by another year the certificate will be forthcoming.

CUPID DESERTS RUNAWAY BRIDE

Usual Sequel to a Farmington Marriage With Some Sensational Trimmings.

The sequel of a Farmington marriage was the suit in the Third district court of Elizabeth M. Tate for divorce from her husband, Milton H. Tate, charging cruelty and inhuman treatment as the grounds for the action. In her complaint the plaintiff states they were married at Farmington on March 19 of this year, and that before they had been married long her husband began to treat her in a cruel manner, calling her vile names and accusing her of being unfaithful. The plaintiff further charges that her husband drew a revolver and threatened to kill her. She has been beaten by her husband, according to her complaint, and is now in a delicate condition, and the husband's inhuman treatment has caused her great pain and agony.

MOTION FOR NEW TRIAL.

The Utah Light & Railway company has filed a motion for a new trial in the suit of J. Boyd Gordon, who was indicted for the murder of S. S. Lindeman, against the company for \$9,120 for the death of S. S. Lindeman underneath one of the defendant company's cars at Second West and Second South streets, on May 17. Boyd brought suit for \$50,000 damages, and the company asks for a new trial on the ground of excessive damages asked for, insufficient evidence, and errors of law in the trial of the case. The case was tried before Judge Ritchie's division of the Third district court.

MRS. CROWTON NON-SUITED.

A non-suit was granted by Judge Lewis yesterday in the case of Mary Crowton vs. Salt Lake county. The plaintiff sued for \$50, as damages alleged to have been done by the county on Seventh East street by the floods that overflowed the banks of Parley's creek in the spring of 1907. The court held that inasmuch as the culvert was of reasonable dimensions and necessary precautions had been taken, the county authorities could not be held responsible for any damage wrought by the elements, over which they had no control.

CONFLICTION IN EVIDENCE.

Nephi Vaughn, who, to judge from his appearance in police court yesterday, has been drinking, was in the trial of this sphere, tried to show in the police court that he had been robbed of \$3.40 by Edward Ryan. When he appeared for the public prosecutor for a complaint, his story was well connected, and the city thought it had a good case against Ryan. Yesterday, however, he could not establish his case, and the testimony of the defense was so opposed to that of Vaughn's that the court declared he could not think Ryan guilty beyond a

NOT A MIRACLE

Just Plain Cause and Effect.

There are some quite remarkable things happening every day, which seem almost miraculous.

Some persons would not believe that a man could suffer from coffee drinking so severely as to cause spells of unconsciousness. And to find complete relief in changing from coffee to Postum is well worth recording.

"I used to be a great coffee drinker, so much so that it was killing me by inches. My heart became so weak I would fall and be unconscious for an hour at a time. (The spells caught me sometimes two or three times a day.)"

"My friends, and even the doctor, told me it was drinking coffee that caused the trouble. I would not believe it, and still drank coffee until I could not leave my bed for several days. Then my doctor, who drinks Postum himself, persuaded me to stop coffee and try Postum. After much hesitation I concluded to try it. That was eight months ago. Since then I have had but few of those spells, none for more than four months."

"I feel better, sleep better and am better every way. Now I drink nothing but Postum and touch no coffee and as I am seventy years of age all my friends think the improvement quite remarkable."

"There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

GETS NO ACCOUNTING.

Judge Morse has rendered a decision in the case of C. R. Ken against E. A. McMillan, which has occupied the attention of the court for several days. Ken claimed that he was a partner in the firm as well as a traveling salesman for McMillan in the stationery supply business, and as such demanded an accounting. The court held, however, that there was not sufficient grounds established for a partnership claim and that Ken was not entitled to an accounting.

LAME BACK.

This ailment is usually caused by rheumatism of the muscles of the small of the back, and is quickly cured by applying Chamberlain's Liniment two or three times a day and massaging the parts at each application. For sale by all druggists.

SMYTH IS U. S. MARSHAL

Chief Deputy is Promoted to Take the Place of William Spry, Resigned.

Lucian H. Smyth, chief deputy of the local U. S. marshal's office, has been appointed marshal to act in the absence of Wm. Spry, Republican nominee for governor of Utah. The appointment was made by Judge John A. Marshall of the United States court acting under instructions from the United States attorney general's office. Mr. Smyth is thoroughly conversant with the duties left to him. He has been a deputy for 12 years and has practical knowledge of his superior's duties and how to fill them.

The "pure food law" is designed by the government to protect the public from injurious ingredients in both foods and drugs. It is beneficial both to the public and the manufacturer. Ely's Cream Balm, a successful remedy for cold in the head, nasal catarrh, hay fever, etc., containing Chamberlain's Liniment, is one of the purest of the new law, and that fact is prominently stated on every package. It contains none of the injurious drugs which are prohibited by the law to be mentioned of the label. Hence you can use it safely.

GONZALES IN HOSPITAL.

Wounded Mexican is Again Taken in In Bad Shape.

N. Gonzales, a Mexican who was shot in the back Sept. 27 by George A. Wilson, an umbrella repairer who says Gonzales was attempting to rob him, is in a critical condition at the Holy Cross hospital, where he is suffering from the effects of his wound.

Since his arrest Gonzales has spent much of his time traveling between the city jail and the hospital. After the shooting he was taken to the Holy Cross hospital, where, after a 10 days' stay during which his condition improved, he was discharged. Following his discharge from the hospital the Mexican came down town to the police station to get \$1.30 he had left at the time of his arrest. He was again placed under arrest and taken to the city jail, where the bullet wound grew worse, and Monday morning he was taken to the Holy Cross hospital for treatment.

Gonzales' condition is critical and it is feared an operation will be necessary to locate the bullet.

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Build up your health—build up sound health—keeps you well.

DEATH OF MRS. BERRY.

Mrs. Julia A. Berry, mother of Chas. L. Berry, the well known musician, died yesterday afternoon, at her home, 373 Third East street. The deceased was born in England, in 1831, and had lived in this city for 40 years. She leaves two sons, Charles L. of Salt Lake, and one at Driggs, Idaho, also two daughters, residents of Ogden.

DIED FROM NATURAL CAUSES.

The mystery of Burt Florin of 248 east Third street who, it was reported, had met his death at Hot Springs, Ark., through foul play, is now cleared up following the report of a coroner's jury that death had resulted from natural causes.

It was found upon examining the body found in a Hot Springs hotel that the bruises which gave rise to the foul play theory had been inflicted some time before Florin arrived in Hot Springs and had nothing to do with the young man's death.

CHURCH NOTICES.

The nineteenth quarterly conference of the Platteau state of Zion will convene Sunday, Oct. 25, 1908, at 10 a. m., in Pioneer stake hall. Sessions will also be held at 2:30 p. m. in the Tabernacle and at 6:30 p. m. in the stake hall.

No ward meetings will be held in the city wards in the evening. All members of the stake are invited to attend.

SALARIES OF WOMEN.

Mrs. Emma L'Auphere Addresses Retail Clerks at Federation Hall.

Mrs. Emma L'Auphere of Denver, field secretary of the International Retail Clerks' association, addressed a large meeting last night, in Federation hall, to interest women clerks in the organization of a Women's union. On a large card hung in the hall was printed this legend:

"What it costs a girl to live, per week: Room rent, \$2; car fare, 60 cents; breakfast, 40 cents; lunch, 20 cents; dinner, \$2.50; laundry, 50 cents; clothing, \$2; dress, 10 cents; vacation fund 30 cents; total, \$8.40."

The speaker said that but few of the girls working in the local stores can command that salary, a fact that explains the full of many a girl the country over. However, it does not apply so much to this city, as so many of the girls live at home, and are really not forced to work for a living. It is only by organization that the general salary level can be raised to the living point. Mrs. L'Auphere stated she had experienced some difficulty in getting girls to interest themselves in this movement as they expected to be married, when their husbands would provide for them. However, the lecturer declared they just need not fool themselves, as the boys they expected to marry were barely making enough to support themselves. Then she said the Retail Clerks' association intends to provide a marriage fund for its members. This created something of a sensation. Mrs. Agnes Winzell and J. J. Elder, secretary of the local union, also spoke, and another meeting will be held Friday evening.

TAG.

HIGH SCHOOL NOTES.

Debating week is being taken up in earnest at the high school and not as a sport as many students believed at the inauguration of the movement. Two teams will be held by the high school club held another debate yesterday.

The announcement was made yesterday by Principal Eaton that a high school ball meeting will be held Friday at which the players, coaches and Principal Eaton will speak and in which the spirit will be courted in order to boost the Ogden game Saturday. The team will leave at 9 o'clock Saturday morning, and will be made up especially for the team and posters.

A meeting will be held by the directors of the Boy's Athletic association before the ball team leaves for Ogden Saturday to make necessary business arrangements.
