RAILROADS AGREE ON STORAGE RATES

Freight Remaining in Charge of Roads Over 48 Hours Subject to Demurrage.

MEETING OF SCHOOL BOARD.

Prof. Kent and Pupils Give Song Service in Fourth Ward Chapel Sunday Evening.

Ogden, July 21.—The various freight companies doing business out of Ogden have combined on the matter of charging storage on all freight consigned to Ogden that remains at any of the freight houses over 48 hours. The management has had considerable difficulty at times with many small consignments and individuals who have had consignments of freight in the local depots sometimes for a month before removing it, and it is on that account the following letter has been sent to all the business houses in Ogden.

Ogden, Utah, July 19, 1906.

"We are advised by Mr. C. H. Griffin, commissioner, Utah Car Service association, (storage department), that a statement has been entered into by the Denver & Rio Grande R. R., Union Pacific R. R., Oregon Short Line R. R., Central Pacific R. R., San Pedro, Los Angeles & Salt Lake R. R., and the Nevada & California R. R., that commencing Aug. 1, 1906, a storage charge will be made on all less than carload consignments of freight held in or on the railroad warehouses, cars, platforms or grounds more than forty-eight (48) hours, awaiting disposition of consignee or consignor, at the following rates:

One (1) cent per hundred (100) pounds, or fraction thereof, per day, or

SCHOOL BOARD MEETS.

More Teachers Selected—Finance Report—Chipp Building Sold.

Ogden, July 21.—At the meeting of the board of education last evening the following teachers were elected: Grace R. Bobbitt, Zetta Dalton, Mrs. Mary Lloyd, Nellie A. Kerr, Ethel Maupin, Lucille Stanley, Anna C. Jensen, Edith Klipenstein, Joseph A. Jensen, Belle Spencer, Miss Plumb, Elizabeth Morris, Josephine Peters, Grace Skimmer and Edna L. Martin.

The finance committee reported cash on hand \$2,044.75. The Chipp building and site were reported sold for \$90 to J. G. Kihlstrom. A payment of \$2,200 was ordered made to Contractor G. A. Whitmore, as partial payment on his contract for the remodeling of the Lewis school addition. City Engineer Parker called the attention of the board to the fact that no building permit had been taken out for this work and the clerk was directed to notify the contractor to comply with the city ordinance.

A communication was received from

B. H. Goldard, asking the board to dedicate 25 feet of the South Washington school property, and Mr. Goldard, together with those whom he represented, would dedicate a like amount for the opening of a street. A majority of the board talked adversely on the proposition and it is therefore doubtful if the request will be granted, as the children's playground is already too restricted.

KICKED BY A HORSE.

Little Peter Shape of Eden Frightfully Injured.

Ogden, July 21.—The 10-year-old son of Peter Shape, residing at Eden, was kicked in the head by a horse at his home in that place yesterday and his skull crushed. Half of the lad's head was stripped to the bone and he was bleeding all over his face. Drs. Rich and Osgood and G. W. Perkins were summoned from Ogden to attend the injury. A piece of the skull, two inches long and one and one-half inches wide, was removed and his recovery is entertained.

TO PARK DEPOT GROUNDS.

The management of the Union Depot company's grounds have received a number of bids from landscape gardeners and others who have figured on the platting and laying out of the grounds between Twenty-fourth and Twenty-sixth streets in front of the depot building. Next week it is expected the bids will be opened and the bid let for the doing of the work. Ogden has the finest depot building in the state, which is now being remodeled on the interior, making it much more convenient and should have grounds surrounding it equally as beautiful. With the large plot of ground in front of the depot two blocks long all laid out in grass, with shrubbery and flower beds, strangers cannot help but get a much more favorable impression of the city.

The city league is doing much for the beautifying and improvement of Ogden. It is principally through its efforts the railroad companies have consented to the improvement of the depot grounds. Through the work of the league many homes are being made to look much more beautiful and especially the city is improved.
