

A LYNCHING IN PROSPECT

Posse Looking for a Negro Who
Assaulted Two Women.

THEY WERE LEFT FOR DEAD

First Victim Tells Her Story and
Lapses Into Unconsciousness—Other
In Precarious Condition.

St. Louis, June 23.—Two women, one white and the other colored, were assaulted and left for dead about three and a half miles east of East St. Louis this afternoon, and a posse is out looking for a negro described by one of the victims. It is believed that a lynching, for the crime has caused great excitement and indignation among the farmers of the American bottom, where it occurred.

One of the victims, Mrs. Annie Green, a colored woman, aged 75, was clubbed about the head, her skull fractured and left arm broken. Just before relapsing into unconsciousness she told of the assault and described a light yellow negro, aged 25 years, as her assailant. She was evidently the first victim of the crime, for she was the first to be found. The second victim, a white woman, was found about 100 yards from the first. She was lying on her back, her head on the ground, and her arms outstretched. She was found by a brother of Mrs. Flora Bruno, aged 17, returned home and found his sister lying on her bed unconscious. Her skull was fractured, both arms were broken and she was suffering from other injuries. The young woman had been working at home alone during the afternoon. She was her father's housekeeper.

Young Bruno spread the alarm and then the other assault became known. A posse was rapidly summoned and the country throughout is being searched for the guilty man.

The posse of farmers, reinforced by the chief of police of East St. Louis and members of his force and the sheriff of St. Clair county, with a number of deputies, have surrounded a man on an island formed by backwater from the Mississippi flood. It is not known who the man is.

Flora Bruno was taken to St. Mary's hospital in East St. Louis. She was unconscious at a late hour tonight, and though the physicians have done everything possible for her, they express no hope for the girl's recovery.

Annie Green, who is at the Henrietta hospital in East St. Louis, is in a precarious condition, but there is a chance for her recovery.

Jewel Thieves Arrested.

Chicago, June 23.—The police tonight arrested Capt. Reinlin and John Egraval, who are charged with the theft of jewels valued at \$15,000 from the safe of the Hotel Melrose in Los Angeles, Cal. The robbery occurred Oct. 23, 1902, and from that time until now nothing had been heard of the two men.

At the time of the theft Reinlin was acting as chef of the hotel and Egraval was a bell-boy. The jewels had been placed in the safe by Mrs. J. E. Webster of Brooklyn, N. Y., and the box containing them was broken open by the two men.

Information was brought to the police tonight that Reinlin was working at the Victoria hotel in this city, and he was taken into custody.

After being arrested he made a full confession of his part of the theft and told the police that Egraval was working as a bell-boy at the Grand Pacific hotel. The latter also was arrested and both are now locked up.

A third man is said to have been connected with the robbery and is said to be now in San Francisco. The police of that city have been asked to apprehend him.

Party at Buckingham Palace.

London, June 23.—An interesting social function today at Queen Alexandra's children's party at Buckingham palace in honor of the ninth birthday of Prince Edward, eldest son of the Prince of Wales and heir presumptive to the throne. There were about 150 guests, for whom all kinds of entertainments were provided, including the American negro company playing "In Dahomey."

The little prince's birthday was also celebrated by the ringing of bells in the curfew tower of Windsor castle and the firing of salutes.

King Edward drove to Marlborough house, the residence of the Prince of Wales, to personally congratulate his grandson, who was the recipient of innumerable presents from various courts of Europe.

Don't Employ Child Labor.

Franklin, Pa., June 23.—The charges made at Washington against the child labor company of the city are emphatically denied by Dr. Frank R. Johnson, secretary of the company, who said today: "There is no child labor employed by the General Manifold company. The plant is run on a strictly union basis and under the rules of the labor unions. Regarding the charge of being favored in the contracts for the carbon sheet books, there is no apparent need for denial. The bids were and are filed according to the specifications required by the government."

Institute of British Architects.

London, June 23.—The annual dinner of the Royal Institute of British Architects was given at the Hotel Metropole tonight. Many notable men were present, among the guests being United States Ambassador Choate and Charles F. McKim, the New York architect who was yesterday presented with the king's gold medal awarded by the Royal Society of Architects.

A toast to "The United States" was proposed by the lord mayor of London, who said that the United States had been a friend to the United Kingdom for the last century, and that the United States had been a friend to the United Kingdom for the last century.

Ambassador Choate responded and complimented the work of Mr. McKim. He said that while the United States imposed a tariff duty on works of art, there was no tariff on architects, who were welcomed to the United States, where there was plenty of scope for their work for a thousand years to come.

The usual patriotic toasts were followed by one to the president of the United States, which was greeted with great applause.

CARBON PAPER CONTRACTS.

Alleged He Let Them So as to Avoid
Competition—He Asks for an
Investigation.

Detroit, Mich., June 23.—Third Assistant Postmaster-General Edwin C. Madden, who is visiting in this city, today sent a letter to Postmaster-General Payne denying that he let a contract for carbon paper for the registry division of the postoffice without permitting competition, and asking the postmaster-general to immediately investigate the letter and its source. The story is as follows:

Henry C. Payne, Postmaster-General of this city, this morning's Free Press of this city tells its readers, in an article with scarce head lines, that Third Assistant Postmaster-General Madden is to be investigated. It is alleged that I drew specifications of contract for supplying the department with carbon paper, and that they were so framed as to allow of no competition. The article makes Mr. Payne say that he merely approved as a routine matter. It gives the impression that the contract is one which the third assistant postmaster-general has control, and there is a broad inference that you consider the transaction corrupt.

"The whole statement, in so far as it attempts to involve me, is absolutely false. I had nothing to do with the details of the contract; I drew no specifications; I did not initiate, I did not sign, in fact I never saw the contract. If there is one, my sole interest, and connection with the subject is limited to an expression of approval of the particular carbon paper in question, because it is inferior to any other, and a great improvement over the old-style manifold process and much better serves the needs of the postal service, and this approval was not given until after an investigation and recommendation to me by my superintendent of registry system, and a recommendation by the superintendent of division of postoffice supplies of the first assistant's office."

"The contract, if there be one, was both drawn and let by the office of the first assistant postmaster-general, and 'till it I had absolutely nothing to do except that before stated."

"If these statements printed were given the Free Press correspondent from the office of the first or fourth assistant postmaster-general, they misrepresent the facts, and the publication thereof, especially in my home city, is calculated to put me in a hard position in the city in which I have lived for upward of 40 years and where I have earned what reputation I have. It is malicious, cruel and without the slightest justification."

"I know you too well to believe that you will sanction this attempt to involve and besmirch me unjustly, and beg you not only as man to man, but as a consideration due to my office, to institute an investigation and do what you can to ascertain whether these absolutely false and damaging statements were actually given out at the postoffice department and by whom, or whether they are purely the invention of the writer. I ask that the publication of the facts be not tardy."

KANSAS LEGISLATURE.
Gov. Bailey Opposed to Appropriation for Flood Sufferers.

Topeka, Kan., June 23.—Gov. Bailey said tonight that his message to the legislature would not exceed 1,200 words. He declined to give an intimation about its contents. The special session will convene tomorrow.

The governor is using his influence against the plan to appropriate half a million dollars, or any other sum, to give to flood sufferers. He believes an appropriation is not necessary, and it is his opinion that an appropriation

DEWEY'S LINE OF DEFENSE

Will Be That Whoever Killed the
Berrys Acted in Self Defense.

NOTHING WILL BE ADMITTED

Evidence, According to Senator Hession, Will Show There is Nothing
Positive Against Clients.

Topeka, Kan., June 23.—The line of defense that will be made in behalf of Chauncey Dewey and his associates will be that whoever did the shooting that killed the Berrys acted in self-defense. It is not admitted that either Dewey or Wilson or McBride, the three who are under arrest, fired the shots that were fatal. In fact, it is alleged that the only one whom the Berrys themselves claimed fired a fatal shot is McBride.

"Not a particle of evidence was introduced in the preliminary against Wilson," said Senator Hession in discussing the evidence.

"Roy Berry testified that he saw Dewey fire the shot which struck him in the mouth. Beach Berry testified that McBride fired the shot which killed his father, and he says he also saw Wilson fire a shot, but it did not hit anybody. That is the substance of all their testimony as to the shooting, so that there was no positive evidence against Wilson, and even taking Roy Berry's statement as true, there is no evidence against Chauncey Dewey on the charge of murder."

KWANG SI REBELLION.
Increases Daily and Grows More Dangerous.

Shanghai, June 21, via Victoria, B. C., June 23.—The crisis grows more grave in Kwang Si. The local mandarins have received the following telegram from Kwang Si:

"The rebellion is increasing and daily grows more dangerous and more formidable. The imperial army here is

too weak to be of any use and is insufficient to garrison all important cities and towns. The latest news is that the rebels have besieged the city of Chung Chou of the prefecture of Tai Ping Fu in Kwang Si, and that unless relief is sent at once it will certainly fall into the hands of the rebels. The prefect, has been sending an appeal for troops to the governor, Wang Chihlung, and he has ordered a force, under Ho Tsobai and Major Chen, Fan, to proceed to raise the siege."

Chung Chou is a departmental city some 20 miles east of the Kwang Tung border. Tai Ping Fu is a city 50 miles from the Annamese border.

Washington, June 23.—The president has ordered a thorough investigation of the affairs of the Kiowa and Comanche Indian reservation in Oklahoma and has appointed Francis E. LoneWolf, a Kiowa, living at Hobart, that of the 2,500 allotments made to persons purporting to belong to the Kiowa, Comanche and Apache tribes under the act approved June 8, 1900, a number of the allotments were illegal and more allotments were made than there were Indians.

Schwab Will Resign.
New York, June 23.—Charles M. Schwab, president of the United States Steel corporation, will present his resignation of that office soon after the return of J. P. Morgan to this country, according to reports emanating from financiers in a position to get first news of the resignation.

Mr. Schwab bought the Bethlehem Steel company and sold it to the trust. Since the latter became financially involved, and the price paid for the Bethlehem awakened sharp criticism, Mr. Schwab has offered to take back the company and the only consideration for the return of the company's finances without support from directors. He is about to sail for Europe for a long absence, and it is declared that he will send in his resignation while he is abroad.
