

FROM SATURDAY'S DAILY, NOV. 17.

**Personal.**—S. S. Stevens, Esq., agent of the Chicago, Rock Island and Pacific Railroad, called upon us this morning.

**For Carson.**—Marshall Robinson, Esq., editor of the *Carson Appeal*, and wife, left Bountiful yesterday afternoon by the regular passenger train, after making a brief but pleasant visit in Utah.

**Departed.**—The little son of Brother Luther Burnham, of Hyde Park, Cache County, who was accidentally severely burned a short time since, died of his injuries yesterday afternoon, at the residence of Brother James P. Freeze, in the 11th Ward of this City.

**Stake Conferences.**—The holding of the regular quarterly conferences of the Mogan County Stake and the Sanpete Stake commenced this morning. Apostles Franklin D. Richards and Joseph F. Smith are attending the one first named, and Apostles Wilford Woodruff, Orson Hyde and Lorenzo Snow the conference at Manti.

**Co-operation.**—To-day we met with Bishop Henry Tingey, of the First Ward of Brigham City. He has been recently at work on the Co-operative farm, at that prosperous, thriving place. We learn from him that seven hundred acres have been sown in fall grain by the association, 500 acres on the Malad River and 200 on the Bear, near Bear River City.

#### Excommunicated.

At the monthly priesthood meeting for St. George Stake of Zion, convened in the St. George Tabernacle, at St. George, this 3rd day of November, 1877, Henry J. Eccles was cut off the Church of Jesus Christ of Latter-day Saints as a general swindler, for lying and obtaining property under false pretenses. And all Saints are cautioned to beware of him.

**Woolen and Worsted.**—The manufacture of Utah woolen cloths is a decided success. Many of the productions in this line compare at least favorably with imported goods of the same classes. There is another branch in the same line that could, with the investment of the necessary capital be made quite as successful if not more so—the manufacture of worsted goods. This would include fabrics for ladies' wear. The machinery for this branch of manufacture is necessarily somewhat intricate and expensive, but the materials for the fabrics are mostly here, and the skilled labor for every department can be found in Utah. Numbers of excellent workmen are in the Territory who have been trained in the best English factories.

**The Fire at Hebron.**—Brother G. H. Crosby, of Hebron, Washington County, forwards us some particulars of the recent burning of his dwelling and household goods and the co-operative store and contents at that place.

The loss to Brother Crosby, in house and furniture, was \$1,400, and the same amount to the stockholders of the store, making a total of \$2,800.

The co-operative association owning the store and goods was organized in March, 1870, and had been a great advantage to the people generally. Although the store and stock were swept away by the fire, the concern is not indebted to any one.

The fire is supposed to have been incendiary, and the escape of Brother Crosby's family is somewhat remarkable, as from twenty-five to forty pounds of gunpowder and about 400 Spencer cartridges exploded soon after the flames broke out, and a quantity of coal oil, turpentine, &c., made food for the conflagration.

The people of Hebron are twenty miles from any store, and the loss of theirs is strongly felt by them. Bro. Crosby and family are in a bad predicament, in being deprived of their comfortable home and household goods in the winter season.

The Hebron folks expect soon to re-commence the mercantile business in a co-operative capacity.

**Making Progress.**—A few days since an Indian from the farm in the western part of the Territory came into town to get a supply of flour. He had taken a grist of twenty bushels of wheat, raised by the Indians, to the mill nearest the Indian farm, but the machinery had got out of repair and was not running, necessitating his visit to the city.

The only thing worthy of remark in relation to the circumstance is the fact of an Indian of these parts taking a grist of his own raising to the mill. It is perhaps among the first incidents of the kind that ever occurred in the Territory. The aborigines in this part of the country are far from being of the highest type of that race, yet with kind treatment and proper instructions, even they can be induced to adopt industrial habits. This is the only correct and philanthropic method of dealing with the Indians. It is the plan adopted by the Latter-day Saints, the fruits of whose labors among them are already being seen.

**Twentieth and Twenty-First Wards.**—The Presidency of this Stake met with the priesthood of the above wards, last evening, when the following quorums were organized:

An Elders' Quorum in the Twentieth Ward, with Levi W. Richards as President; George White and James M. Wardrobe, counselors.

An Elders' Quorum in the Twenty-first Ward, with Wm. P. Affleck as President; John Therning and Richard S. James, counselors.

A Deacons' Quorum in the Twentieth Ward, with David O. Mackay as President; Orson D. Romney and John T. Hilton, counselors.

Two Deacons' Quorums in the Twenty-first Ward. John Muir president of the First Quorum, Archibald Erskine and William Allen as his counselors; Arthur L. Foulger president of the Second Quorum, Thomas Allen and John Affleck, Jr., as his counselors.

All these brethren were unanimously sustained in the positions named, and all were set apart, excepting one, who was absent.

**Enterprise.**—Ogden, being a railroad centre, is a city of growing importance, and is energetically adopting the improvements of much older and larger cities. The latest and most conspicuous enterprise proposed is a street railroad, which, if established, will not only be of great advantage to the city proper, but also to North Ogden, Harrisville, Lynne, and Mound Fort. It will pass through the place last named and touch at the other points.

The following petition on the subject was presented to the Ogden City Council on Wednesday evening, and subsequently referred to a committee of that body: *To the Honorable, the Mayor, Aldermen and Council of the City of Ogden:*

GENTLEMEN.—The undersigned respectfully petition your honorable body to grant them a franchise, grant right of way, and permission to build, construct, and lay railroad tracks for the purpose of owning, operating and running a street or horse railroad upon the following named streets, to wit: On Main and 4th Streets their full length within your corporate limits, and on 5th Street to the several depots, with a temporary track on Wall Street, between said 4th and 5th Streets, until such time as they are enabled to lay track on 4th Street, from Wall Street to the depots of the U. P., C. P., U. C. and U. N. Railroads, with all necessary sidings and turnouts for the proper operating of said horse railroad on the above mentioned streets, together with the necessary tracks, turn-table, etc., to and from their stables and car houses. Said tracks to be laid in the centre of the streets named, excepting on that portion of Main Street lying north of the Ogden River, from said river to the city limits the track and necessary turnouts, to be laid upon the side of the street instead of in the centre, it being the intention of your petitioners to continue said horse railroad (the proper authority being obtained) to a point within the limits of North Ogden.

In support of the above petition for a franchise, grant, or right of way, your petitioners would say that if their prayer be granted they will organize a joint stock company for the purpose of building, equipping, and operating said road, said company to consist of not less than five nor more than nine directors, a majority of whom shall be citizens

of Ogden, it being the intention of your petitioners to have, if possible, at least 8-10ths of the capital stock of said company owned and controlled by residents of Ogden and Weber County. It is furthermore the intention of your petitioners to carry passengers by ticket to any point within the city limit for not less than five nor more than six and one-fourth cents each, and from or to any point in Ogden, to or from any point in North Ogden, for not less than ten, nor more than twelve and a half cents each passenger. Said company to have the railroad in operation on a portion of Main street, and to the depot on or before July 1st, 1878, else the franchise, grant or right of way as herein petitioned for be null and void and of no effect. And as in duty bound your petitioners will always pray.

FROM MONDAY'S DAILY, NOV. 19.

**Appointment.**—Gideon Geraux has been appointed postmaster of Clover Flat, Piute County.

**A Big One.**—This morning Brother John Picknell exhibited to us a sample vegetable raised by him on his place at Butcherville. It was a white carrot, weighing six pounds and four ounces.

**Out on Bail.**—Heller & Garners who were convicted in the District Court, on a charge of cattle stealing, have taken an appeal to the Supreme Court of the Territory. The former was admitted to bail on Saturday, and Garner to-day.

**Sudden Death.**—On Saturday an aged gentleman named Lake, a resident of the 16th Ward, expired very suddenly. He was sitting in his chair talking to his wife a few moments before he died. He was aged about 78 years, and had the reputation of being an honest, upright man, a faithful and consistent member of the Church.

**Cottonwood Wards.**—The Elders, Priests, Teachers and Deacons of Big Cottonwood and South Cottonwood Wards are requested to meet with the Presidency of this Stake, on Sunday, Nov. 25th, at 11 a. m. in the Big Cottonwood Ward meeting house, for the purpose of being organized into quorums.

**Shooting.**—We learn of a shooting affair that occurred at Farmington yesterday, between Ira Parks and Joseph Chase, who live between that place and Centreville. We understand they emptied their pistols at each other, but being poor marksmen, no damage was done to either.

A family difficulty is said to be the cause.

**Organizing.**—On Sunday, December 2nd, at 2 p. m., the Presidency of this Stake will attend a meeting of the Elders, Priests, Teachers and Deacons of South Willow Creek (Draper), Union and Granite Wards, at the South Willow Creek Ward Meeting-house, for the purpose of organizing the several quorums of the priesthood named.

**Cattle Stealing.**—To-day a warrant was issued by Justice Pyper for the arrest of a young man engaged as herdsman for Mr. Charles Popper. He is accused of stealing from the premises of Mr. Alma Pratt, a short distance south of the city limits, four head of cattle. The alleged theft was committed on Saturday and Mr. Pratt recovered his animals this morning, from Mr. Popper's herd, in the Jenkins pasture.

**Doing Well.**—We learn that Col. John R. Winder, who is in Chicago, in the interests of the Deseret Tanning and Manufacturing Association, is succeeding well in accomplishing the object of his trip. He is courteously treated by the proprietors of leading tanning establishments and is enabled to glean much valuable information that will be of great practical use to the Association in this city.

**Married Life.**—You may think you know all about that subject. But perhaps there are some things connected with it which will be made plainer by seeing the play of that name performed. It will be presented at the Theatre on Mon-

day evening next for the benefit of the Mount Olivet Cemetery.

The following ladies and gentlemen have consented to take part in the performance: Major and Mrs. Goodspeed, Mrs. James N. Kimball, Miss Perry Kimball and Mr. W. C. Hall, of this city, Adjutant and Mrs. McCammon, Miss Meeks and Captains Warren and Taylor, of Camp Douglas.

**That Swindle Case.**—On Saturday, Justice of the Peace L. A. Bethune, of Stockton, Tooele County, waived an examination as to two charges against him of obtaining goods from merchants of this City under false pretenses. In one case the bond was fixed at \$350, and in the other at \$175. He was allowed to leave custody for a short time to procure bondsmen, but failed to put in an appearance again until hunted up by the officer, at a late hour yesterday, so he spent last night in jail. To-day efforts were being made to obtain the required security, with some prospect of success.

Four of the defrauded merchants are Messrs. Culmer, Rowe, Woolf and Hansen. We understand, however, that there are two or three other merchants who are in "the same box."

**District Court.**—Monday, November 19th.

Ruth E. Kinsey vs. Missouri Valley Life Insurance Company; case dismissed, by stipulation.

The People, etc., vs. Carl C. Johnson; on defendant's motion and the petition of certain citizens of Tooele County, ordered that the time for the payment of judgment entered herein Oct. 19th, 1877, be extended 90 days from this date.

E. M. Wilson vs. J. W. Clappitt et al; motion of plaintiff for judgment on the pleadings; cross motion of defendant for leave to file an amended answer. The latter motion was allowed, upon payment of the costs herein since the service of the summons. Motion for judgment on the pleadings was overruled.

Louis Reggel vs. John Hague et al; judgment heretofore entered by the clerk, Nov. 8th, vacated and judgment now entered by the Court for \$336 and costs.

The People, etc., vs. Heller & Garner; the prisoner Garner was admitted to bail. Heller had been admitted to bail heretofore.

**Meeting House Opened.**—Yesterday morning the Fifth Ward new school house was opened, and a Sunday school organized, Brothers George Goddard, W. Willes and S. L. Evans being present on the occasion.

While the school was in session Bishop Hickenlooper, accompanied by the superintendents, teachers and about 100 of the Sixth Ward Sunday school, unexpectedly appeared upon the scene, carrying with them parcels of books, music cards, etc., all of which they presented to the school of the Fifth Ward.

At the general meeting in the afternoon, by invitation, Bishop L. W. Hardy, and Elders George Goddard, W. Willes and George Reynolds took part in the services. In the evening President Angus M. Cannon preached to a large and attentive congregation.

The energy displayed by Bishop Brimley, his counselors and the members of the Ward generally, in accomplishing so much in a short time, under somewhat unfavorable circumstances, is quite commendable.

**First Annual Meeting.**—The annual meeting of the several committees of ladies on storing grain, on Saturday afternoon, at the Council House, was well attended, the hall being filled.

Besides the ladies, President John Taylor and Bishop Edward Hunter were present, and addressed the assemblage, speaking commendably of the objects of the organization and of the labors of those composing it.

The report, which was read, showed that 10,465 bushels of wheat had been stored, and was stated to be in good condition.

Of the above quantity 29½ bushels were gleaned by the sisters; 50 bushels were purchased, with the proceeds of "Sunday eggs," by the ladies of Deweyville.

Besides the wheat stored there is 7,358 pounds of flour on hand for the same purpose. The cash on hand, for the purchase of breadstuffs, amounts to \$329 10. There is also a large quantity of merchandise, such as carpets, quilts, socks, etc., made by the sisters, the proceeds from the sale of which are to be applied in purchasing wheat.

Granaries have been finished in the 15th and 17th Wards of this City, and others are in process of erection, in other places.

Several settlements have not yet reported.

The assemblage was presided over by Sister E. B. Wells, who addressed the meeting as did also Sisters Eliza Snow, M. I. Horne, Jane S. Richards, and E. A. Whitney.

The meeting adjourned till Nov. 18th, 1878.

**Mutual Improvement.**—The first meeting of the season of the Central Committee of the Young Men's Mutual Improvement Associations was held at the Council House on Saturday evening.

In consequence of other duties interfering with the performance of those of the secretaryship of the committee, John Nicholson tendered his resignation of that position. Benjamin F. Cummings, Jr., was unanimously elected to fill the vacancy thus created. The officers are:

a President, Junius F. Wells; Counselors, Milton H. Hardy and Rodney C. Badger; Secretary, B. F. Cummings, Jr.; Assistant Secretary, R. W. Young; Corresponding Secretary, George F. Gibbs; Treasurer, Mathoni W. Pratt.

It is intended to appoint in each Stake of Zion a President, whose duty it will be, among other things, to superintend or direct the missionary labors of members of the several associations; also to receive reports, and condense them into one for the Stake, to be forwarded to the central organization.

We understand it is intended, during the season, to deliver a course of lectures, under the auspices of the committee.

#### DIED.

In the 21st Ward of this City, November 19th, 1877, of Diphtheria, CHARLES E. G., son of W. and late Mary Ann Rogers, aged twelve years, three months and twenty days. Funeral on Wednesday, Nov. 21st at three p. m. Friends are invited to attend.

At Hebron, Washington County, Utah, on Sunday evening, October 21st, 1877, at 10.50 p. m., WILLIAM AMOS, son of Geo. C. and Eliza Ann Spencer. Disease not known.

Deceased was born on the 27th of November, 1860, in Springville, Utah County, and was beloved and respected by his kindred and friends.

In this city, November 18th, 1877, at the residence of James P. Freeze, OWEN STEWART, son of Luther C. and Mary Stewart Burnham, aged 1 year, 8 months and 11 days.

The Rev. George R. Hewlings departed this life in this city, Friday, Nov. 18th, at nine o'clock a. m. He was born in London, England, July 15th, 1807, and was educated for the law, but afterwards graduated and was ordained as a minister of the Independent Church. He has labored in that capacity in England and America nearly forty years. It was his intention, if his life had been spared, to return to his native land to close his days among dear children and the scenes of his former life. He was honorable and upright in character and honest and sincere in his religious views. He died in firm faith of a glorious resurrection with the just made perfect through Christ the Redeemer.—[COM.]
