## LOCAL BRIEFS.

The funeral of Samuel Webb was held this afternoon from the undertaking parlors of Joseph William Taylor.

Alexander Rogers has sent a request to the army authorities at Manila to send home the remains of his son, John R. Rogers of the paymaster's corps, who died in China.

The successor to Dr. T. C. Bliff as superintendent of the Utah Methodist missions, is Rev. John Luther Leitch of Lewisburg, Pa. Rev. Mr. Leitch will reach Salt Lake with his family in a few days.

Professor George H. Brimhall of Provo will deliver a lecture in the Latter-day Saints' Business college lecture hall, tonight at 7:30, on Methods of Awakening Interest in a Class. The subject is handled by Professor Brimhall in a most interesting way. The public is invited to hear it.

The election of the Y. M. C. A. officers was to have been held yesterday, but it has been postponed indefinitely, on the request of the nominating committee. The committee desires to present the names of Auditor Hills of the Short Line for the presidency, but Mr. Hills is so engrossed in business at present that he has not time to think the matter over.

County Clerk James issued marriage licenses to the following couples yesterday afternoon: William Thompson, aged 48, of Bingham, and Clara Merrill, 20, of Salt Lake; Lorenzo J. Haddock, 23, and Bernice Rodgers, 21; Charles C. Jensen, 29, and Caroline M. Madsen, 20, all of this city; and George K. Proctor, Jr., 21, of Eureka, and Annie Leitch, 20, of Benjamin, Utah county.

J. P. Hoffert, of Middletown, Conn., has written Mayor Thompson a letter which his honor received yesterday, asking concerning his nephew, George Neuberth, who, it is claimed, came to this city in 1882 for the benefit of his health. The writer of the letter says that Mr. Neuberth is entitled to a portion of his property, and as he is about to change or make an addition to his will, he would like to hear from his nephew before this is done. Any information concerning Mr. Neuberth will be gratefully received.

The grand officers of the Knights of Pythias were banqueted at the Kenyon last evening by a committee representing the local lodge. The committee was composed of F. W. Gardner, C. J. McKittrick, and A. B. Randolph. The grand officers present were: Charles P. Jennings of Ogden, G. C. H. C. Wardfield of Ogden, G. K. R. and S. H. P. Johnson of Sandy, G. M. of E. C. Douglas, G. P. H. Standish, G. M. at A. E. W. Duncan, S. R. all three of Salt Lake. The balance of the evening was spent in the lodge hall, where music and speeches were the order of the hour.

## A BEAUTIFUL RECITAL.

Prominent Railroad People and Many Tourists Listen to the Organ.

About 800 people listened to the organ recital at the Tabernacle this morning. There were a number of prominent railroad people in the audience as well as many tourists. The program was very fine. By requests that came from the audience, Prof. McClellan played the celebrated "Andantino" by Lemaro, and it evoked a great outburst of applause.

## PASSED THROUGH DEATH VALLEY.

John B. Colton, One of the Famous Jay Hawkers, in Town.

## ONLY EIGHT ARE LEFT

After Fifty Years He Visits the Old Ranch Where He and Companions Emerged from Death.

John B. Colton, of Kansas City, Mo., and formerly of Galesburg, Illinois, is in the city on his return from California, where he attended the reunion of thirty-two old comrades, who were lost in Death Valley in California for three months in the year 1849. There are only eight now living out of the intrepid band and they meet every year to go over the memorable days when a common peril knitted them together in bonds as close as life itself. Mr. Colton is a very intelligent man, investing the things that he talks about with peculiar interest. He was born in Galesburg, Illinois, and was well acquainted with the late Daniel H. Wells. He called at the Governor's office today and was disappointed on learning that the executive had gone to Provo with the Legislature. Mr. Colton was also intimately acquainted, he says, with the early characters in the Church, including President Young, both of the Pratts, John Taylor, Wilford Woodruff, and President Snow. He called on the latter today and passed a very pleasant hour in going over the old days. Mr. Colton was in Salt Lake in 1849 and it was in that year, while trying to reach Los Angeles by a shorter way, he and thirty-one companions were lost in Death Valley, California. The tale of that struggle of two months is too harrowing for a pen to adequately describe. The party went fifty-two days without food except the boiled hides of the starved cattle that had subsisted on grease wood for weeks. For a period of five days the party had no water, and finally with their senses stunned by fatigue and famine they reached the famous rancho, San Francisco, where they were given anything they wanted. During his present trip to California, Mr. Colton visited the old rancho and surveyed the country where he and his friends emerged from death over fifty years ago. The buildings are all torn down, only a few small mounds of adobe are left to mark the spot where the walls stood.

As has been stated the memories and ties of those days are perpetuated in the annual reunions of these old veterans. Mr. Colton has several ranches in Nebraska, and is a real estate dealer in Kansas City. He will return to his home this evening.

He is a type of the strong, intelligent, independent westerner, full of humor and hearty fellowship, just such a one as can face death for sixty days, without a tremor.

He says that the Indian on the Pioneer monument is an exact reproduction of old "Rick," the Utah chief, who stood seven feet high and was as brave a man as ever lived.

## REPORT OF HEALTH BY DR.

The city board of health has filed its report for the month of January, which shows: Deaths 70, as against 54 for December, 1900. Of the dead 38 were males and 32 females. The cause of death are stated as diphtheria 4, diabetes 2, inanition 2, old age 1, krippe 1, consumption 5, cholera 1, diphtheria 3, meningitis 11, Bright's disease 4, and the remainder from a variety of causes. Three were under the age of one month, 7 under 1 year, 3 under 2 years, 6 under 5, 4 between 5 and 15 years, 2 between 15 and 25, 14 between 25 and 45, and 11 between 45 and 65. During the month 9 cases of diphtheria were reported, scarlet fever 12, measles 1, typhoid fever 12, smallpox 136, varioloid 12, chicken pox 1, membranous croup 1. There were 141 births reported, 73 males and 68 females. Seventy-nine marriage licenses were issued during the month.

## NEW SMALLPOX CASES.

There were two new cases of smallpox reported to the health board yesterday afternoon. Roy Bain, aged 20, southwest corner of P. and Second streets; Adam Greaser, aged 23, 42 east Second street.

To the state health board there were reported yesterday one new case of smallpox from Garland, Weber county; twenty cases from Lake Point, and two from Seefeld.

## VARIOUS COURT CASES.

Albert E. Downs yesterday afternoon filed a suit in the district court for divorce from Mary J. Downs, alleging desertion. The complaint sets up that the marriage was contracted at Castle Gate, November, 1897, and plaintiff claims his wife left him in March, 1898.

J. S. Lakin has commenced an action against the Dexter-Tascara Consolidated Gold Mine company for the purpose of recovering \$2,500, for services rendered in surveying the mining property of the defendant company, before its consolidation with the Dexter corporation. The mining claims are located in Nevada.

J. P. Cahoon & Bro. have commenced suit against Christian Olsen and wife to recover \$169.66 and costs, claimed to be due for building material, which is secured by a mechanic's lien.

## WARRANTY DEEDS FILED.

A warranty deed from Clarence W. Robertson and wife, of Yukon Territory, Canada, to Jannie M. and Blanch Clark of this city, conveying 5 1/2 by 3 1/2 rods of lot 4, block 6, plat G, Salt Lake City survey, consideration of \$6,700, has been filed for record in the county recorder's office.

A similar deed from the Anderson Real Estate Investment company to Maggie Mulvey, for \$3,500, conveying 30 by 15 feet, with right of way, of lot 1, block 32, plat B, Salt Lake City survey, was also filed for record.

## CITY'S FINANCIAL STATUS.

Report Shows Excess of Assets Over Liabilities to \$3,456,335.53.

City Auditor Riser presented his yearly financial report to the City Council last night. The report covers the year ending December 31, 1900. The receipts and disbursements are exactly the same as those given in the Mayor's report in this issue. The document also contains a statement of the assets and liabilities of the city, which is perhaps

the most complete ever gotten up covering these matters. In the assets are included the city's land and water rights, the stations and their equipment, police station, one-half interest in the joint city and county building, city jail, Liberty Park and the various pieces of real estate owned by the municipality, all of which amount to \$4,483,353.17. The liabilities, which include a bonded indebtedness of \$2,738,000, amount to \$9,939,688.34, which leaves a balance of assets over liabilities amounting to \$3,456,335.53. A detailed itemization of the various city funds is also detailed in the report, which was referred to the finance committee.

## YOUNG LADIES' CONFERENCE.

Many Valuable Instructions Given to the Young Women.

The annual conference of the Young Ladies' Mutual Improvement association was held last evening in the Assembly Hall.

Stake President Nellie C. Taylor presided.

After singing by the congregation "Redeemer of Israel" General Aid Minnie J. Snow offered prayer. The meeting was continued by singing "We thank Thee, O God, for a Prophet."

The roll call showed a good representation from each of the thirty associations.

The annual report was then read showing a total enrollment of 1,862 members.

The first speaker was Stake Aid Edith Sampson. She said it was the duty of every member of these associations to learn the will of God and to do that without regarding the plaudits of man. The Spirit of the Lord brings peace and contentment to all who possess it. Miss Edith Edmonds, Stake aid, said as members of these organizations we should value the privilege we have to help the world to be better. We are here to perform great missions. Much is expected of us as for the responsibility of our individual missions. She recited the poem "Be as Thorough as You Can" and exhorted her hearers to follow out the noble thoughts expressed in it.

Miss Edith Richards, a Stake aid, followed, she referred to the dangers in treading on Satan's ground, such will surely lead to bondage and unhappiness. It is not necessary for us to be sanctimonious, but we are following the teachings of Christ and take great heed lest we offend God by indifference to his teachings.

Prof. Henry Gies then gave a selection on the pipe organ.

Miss Edith Richards, Stake aid, followed, she referred to the dangers in treading on Satan's ground, such will surely lead to bondage and unhappiness. It is not necessary for us to be sanctimonious, but we are following the teachings of Christ and take great heed lest we offend God by indifference to his teachings.

God has given us the plan but will for us to do it. Each must work out his own salvation in the kingdom of God.

The organization of these associations was not a mere chance but the Lord inspired the prophet Brigham Young to organize them, that the young ladies might be better prepared for life's great mission. The greatest mission on earth for woman is to become an honored wife and mother.

As has been stated the memories and ties of those days are perpetuated in the annual reunions of these old veterans. Mr. Colton has several ranches in Nebraska, and is a real estate dealer in Kansas City. He will return to his home this evening.

## S. P. SIGNS A BIG COAL CONTRACT

Closes a Deal for Fuel from Kemmer Mines in Wyoming.

## FIVE HUNDRED TONS A DAY

Oregon Short Line Will Proceed to Haul the Product at Once to Ogden.

Owing to the fact that the strike at Clear Creek and Winter Quarters mines has brought about conditions whereby it is at the present time impossible for the Pleasant Valley Coal company to live up to its contract with the Southern Pacific, the railroad company has been compelled to seek its fuel elsewhere.

A contract was yesterday signed whereby the Oregon Short Line undertakes to deliver 500 tons of coal a day at Ogden from the mines at Kemmer, the deliveries to go into effect at once. This big contract, it is understood, is for three months, after which period the Pleasant Valley Coal company expects to be in a position to live up to the contract which was made with the Southern Pacific, May 1, 1900, for 1,000 tons of coal a day.

When the miners at Seefeld went out on strike three weeks ago, the supply of fuel for the Oregon Short Line was ultimately made with the Oregon Short Line, as stated. The balance of the coal necessary for the operation of the Southern Pacific will be supplied at the San Francisco end of the line where the Denver & Rio Grande railway is running. In the meantime the weekly earnings of the Rio Grande Western will fall off materially, owing to the fact that the shipment of coal hauled has been materially decreased.

President Jeffery Says There Is No Truth in D. & R. Rumors.

New York, Feb. 12.—E. T. Jeffery, president of the Denver & Rio Grande railroad, who is now at the Holland house, this city, made the following statement today to a representative of the Associated Press regarding the reports in circulation about his road:

"To set at rest the many rumors relating to the Denver & Rio Grande railway that have been current of late, I wish to state that the controlling interest in the property has not been bought by any other railway company, nor has its independence as a Colorado railway been in the slightest degree impaired by any recent changes that have taken place in the holdings of its securities."

## DATE OF CENTRAL PACIFIC.

New York, Feb. 12.—The Commercial Advertiser says today:

In acquiring control of the Southern Pacific Railroad company the Harriman syndicate also obtained control of the Morgan steamship line and the Pacific Mail steamship line. It did not, however, secure any control over the Mexican international railway nor of any of the property of the Pacific Improvement company.

A belief prevails that after a while the Denver & Rio Grande will be taken out of the Southern Pacific system and made a part of the Union Pacific system. The Central Pacific, which extends from Ogden to San Francisco, a distance of 1,354 miles, is essential to the Denver & Rio Grande railway system, and its separation from the Southern Pacific would still leave the latter a complete transcontinental system. Although both of these great systems are now under the control of the same hands, it is said by authority that each corporation will retain distinct traffic interests.

## LOCAL TREASURER'S SHORTAGE.

Up to a late hour this afternoon there were no new developments in the alleged defalcation of Van Kuren, the local treasurer of the Oregon National Auditor. Hills stated this morning that there had been no new discoveries in the books of the suspended treasurer, either one way or the other, and that the case stood the same as it yesterday. The agent of the National Surety company who was to have arrived in town last night has not yet appeared on the scene, or reported to the auditor's office, consequently it is supposed that he has not reached Salt Lake yet. No steps will be taken in the matter until his arrival and scrutiny of the case now pending.

## SPIKE AND RAIL.

Charles Hicklin, general western agent of the Mallory line, with headquarters at Denver, is in town today looking up business.

H. H. Sheppard, general agent at Denver, and P. W. Hull, traveling freight and passenger agent of the Chicago & Alton, are in town today.

Supt. D. O. Clark of the Union Pacific coal department is in town in connection with the big coal contract with the Southern Pacific.

E. A. Green of New York is in Boise looking over the Midland railroad project on behalf of eastern capitalists.

## BUSINESS OUTLOOK.

In reviewing the business conditions of Salt Lake Dun's Review says:

"Jobbing trade is still seasonably quiet, though satisfactory; business is dry in groceries, drugs and hardware. Dry goods, notions, clothing and shoes are beginning to move on spring orders. Rough, stormy weather has tended to help retail trade in certain lines, and good snows in some localities that have suffered for moisture have improved the situation considerably. Bank deposits hold up well and the demand for money is light, the principal call being from stockmen. Mercantile collections are in liquidation of local securities are quiet, though there was quite a little trading in Utah sugar stock induced by a decline in prices."

## ACCEPT LABOR BILL.

New Measure to be Introduced in Legislature in Interest of Labor.

The members of the legislation committee of the Federation of Labor, Building Trades council and miners' committee, met last evening and approved of the bill for the reconstruction of the labor arbitration law. The bill was prepared by Messrs. Tyne, Williams and George, and will be presented to the Legislature at an early date.

The bill dispenses with the present board of arbitration and conciliation and provides for a new board to consist of

## STRANGER THAN FICTION.

A Remedy Which Has Revolutionized the Treatment of Stomach Troubles.

The remedy is not heralded as a wonder cure, nor yet a secret patent medicine, neither is it claimed to cure anything except dyspepsia, indigestion and stomach troubles with which nine out of ten suffer.

Dyspepsia, in the form of gas, unpleasant tasting foods or lozenges, containing vegetable and fruit essences, pure aseptic pepsin (government test), golden seal and diastase. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power of Stuart's Tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest 200 grains of raw meat, eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect whatever in digesting food or curing indigestion.

If the stomach can be rested and assisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach.

This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets, a remedy which has been known for many years and now the most widely known of any treatment for stomach weakness.

This success has been secured entirely upon its merits as a digestive pure and simple because there can be no stomach trouble if the food is properly digested.

Stuart's Dyspepsia Tablets act entirely on the food eaten, digesting it completely so that it can be assimilated into blood, nerve and tissue. They cure dyspepsia, water brash, sour stomach, gas and bloating after meals, because they furnish the digestive power which weak stomachs lack and unless that lack is supplied it is useless to attempt to cure by the use of "tonics," "pills" and cathartics which have absolutely no digestive power.

Stuart's Dyspepsia Tablets can be found at all drug stores and the regular use of one or two tablets after each meal, will demonstrate their merit better than any other argument.

five members. The board shall be appointed for each case to be arbitrated, two members to be chosen by the employer, two by the employee, and these four shall choose a fifth, or in the failure to do so the governing body of the fifth. There shall be one permanent member of the board to be appointed by the governor, who shall act as secretary and will be responsible for the conduct of the board. He shall be allowed a salary of \$50 per year and \$4 per day and 5 cents mileage during the sessions of the board. The other members of the board shall be remunerated by the sides they represent.

The committee will meet again Friday night to consider other topics of importance to the labor class.

## NOT SENT TO ASYLUM.

Miss Bailey Begs to be Allowed to Stay Home.

County Physician Mayo and Dr. H. J. Richards, before County Clerk James yesterday afternoon, examined Miss Frances Eliza Bailey, who lives at 215 West Fifth North street, regarding her sanity. The doctors found her to be suffering from melancholia, but did not deem the case sufficiently critical to warrant them in recommending that the unfortunate young lady be sent to the asylum. She has been to Provo for treatment heretofore and was discharged as cured, but of late the old affliction seems to be coming back with renewed force. Miss Bailey was very pronounced in her opposition to being sent back to the asylum. Her sister was also averse to this, and offered to nurse her if she be allowed to remain home. She is quite an attractive young woman, and her relatives and friends think she will soon recover from this affliction if given proper treatment and care. She was allowed to remain at home.
