

HENEY ARRAIGNS MAYOR SCHMITZ

Lays Before Jury Details of Alleged Plot for a Systematic Scheme of Blackmail.

ABE RUEF WAS HIS PARTNER.

Will be No Night Sessions—Expected Trial Will Last Not Less Than Three Weeks, Probably More.

San Francisco, June 5.—The opening address for the prosecution by Asst. Dist. Atty. Heney, the partial, corroborative examination of former Police Commissioner Thomas Reagan, the introduction of evidence of a mass of data from the minute books of the police commission for the years 1904-05, and the questioning in relation thereto of the secretary of the commission, Officer Charles F. Skully, were the incidents that made up the first day's actual trial of Mayor Eugene E. Schmitz for extortion.

Officer Skully will resume the witness stand at the opening of court tomorrow to further identify and corroborate police commission records. He will be followed by Mr. Reagan, for the prosecution, and Mr. Campbell, for the defense, was willing. They said they needed the evenings for preparation and for rest.

While this subject was under discussion, just before adjournment this afternoon, Juror O'Mara spoke up: "Why, your honor," he said, "we even got shook up in our beds last night." This reference to a midnight earthquake shock provoked the crowd to laughter.

It is expected that the trial will take not less, and probably more, than three weeks.

At 10:20 o'clock, Mr. Heney began his opening statement to the jury. A great length and with extreme minuteness he laid before the jury the plot as alleged by the prosecution, on the part of the mayor and Ruef to carry on a systematic scheme of blackmail, through the instrumentality of the police commission. Preliminarily, Mr. Heney outlined the mayor's entrance into politics and his association with Schmitz and Ruef from the time of its inception throughout the mayor's first two terms of office. He recited with much circumstance the facts as alleged in the indictment, and their surrounding incidents.

"You are to try the defendant Schmitz and him only who stands here accused jointly with Abraham Ruef of the crime of extortion from Joseph Malfanti the sum of \$1,175, under the fear of a threat that he would be deprived of his license to sell liquor and his business be thereby injured if he did not pay this sum."

"We expect to prove to this jury that the defendant Schmitz in November, 1901, became the candidate of the Union Labor party, then as created, for the office of mayor of the city and county of San Francisco. That the convention which nominated him was made up of delegates from the different unions, and that they and the party they represented were actuated independently of any advice of Ruef. We shall show that Schmitz sought and secured the influence of Ruef, who had become his friend, to aid him in securing his election, and that Ruef supported him and furnished him with money and thereby won his confidence and gratitude and became his adviser politically."

Mr. Heney identified to the grand jury the character and floor arrangement of the French restaurants, in proof of their necessity for police protection. He pointed out the location of the restaurants, and the methods used by the mayor and Ruef to intimidate the French restaurants and to show them that there was only one man who could secure their licenses to them, and that money was the only thing that would obtain his influence; that that man was Abraham Ruef.

EDD. T. HOPKINS, Prop., 37 Great Jones Street, New York.

"To show the bad intention of the mayor," said Heney, "we expect to prove that during this time he was giving protection to a disreputable place, whose profits he and Ruef were to share. We shall show that the fight against Commissioner Sutton, which eventuated in his removal by the mayor, was made because he was trying to close up disreputable institutions."

"Quoting dates, events and incidents minutely, Mr. Heney recited the circumstances of the alleged visits to the restaurant kept by Jean Loupee, as agent for Ruef, the raising of \$5,000 by them and its payment to Ruef by one Priot, as the first installment of a "free under legal contract," and the subsequent demand by Ruef, one year later, for a second \$5,000. Mr. Heney said that the prosecution would show that after the payment of this blackmail money the mayor did his best to compel Commissioner Reagan to face about and vote for the renewal of the licenses."

At the conclusion of Heney's address, Mr. Barrett, for the defense, asked the court to instruct the jury that the defendant Schmitz was not charged with the crime of extortion, but that he was charged with the crime of conspiracy to defraud the city of San Francisco.

REMARKABLE SHIPWRECKS.

A Series of Them Happens Off the Coast of Australia.

Victoria, B. C., June 5.—News of a remarkable series of shipwrecks off the Australian coast was brought by the steamer Aorangi which reached port last night from Australia. The scene is the semaphore, South Australia, where ocean-going vessels wait, at anchor before traveling up Port river. The bark Norma with a full cargo of wheat, was anchored there when the ship Aorangi arrived and collided with it, sinking the wheat laden vessel, causing the death of one man. Hardly had the Norma foundered when the coasting steamer Jessie Darling steamed over by a spar with the result that in five minutes she was resting on the submerged Norma, in seven and a half fathoms of water. The ship escaped with difficulty. Shortly afterward the steamer Palmer struck the wreckage, but was not greatly damaged. A day later the steamer Port Chalmers, of the Anglo-Australian line from London, collided with the wrecks, her plates being pierced with a cut 2 inches wide for 10 feet, causing her forepart to fill.

WATCHMAN KILLS ONE BURGLAR AND CATCHES ONE.

Goldfield, Nev., June 5.—Two different attempts were made last night to rob the store of J. D. Lohr and both ended disastrously to the burglars. At 11 o'clock Watchman Kelso, connected in the store, heard intruders at work at a back door. He called to them, but they kept on trying to force the door. He fired a shot and as the noise ceased supposed he had frightened them away.

About 3 o'clock this morning the watchman heard a burglar at the front door. The would-be robbers worked for an hour, cut out a panel and finally when he protruded his body through the opening he fell into the hands of the watchman, who turned his chair over to a deputy and was returning to the store by way of the alley when he saw the dead body of a man lying outside the back door. This was evidently the first burglar. He had received a gunshot wound from which he had died. Across the alley from the body was a large bag of plunder consisting of cigarettes, cigars, etc., evidently stolen during an earlier raid.

JAPANESE PUBLIC MUCH IRRITATED

Over Tardiness of Its Government in Effecting Solution of San Francisco Trouble.

PRESS ABSOLUTELY SILENT

On Question of Proceeding to Extremes—Washington Advised Matter Probably Will be Settled by Bringing

Tokio, June 6, afternoon.—The leading papers here whose opinions are worth quoting, are absolutely silent on the question of proceeding to extremes in the settlement of the San Francisco affair. Common sense people only expect reparation in the form of damages for the losses suffered by Japanese residents there and the punishment of their assailants.

It is believed that the government of Japan is taking proper steps in the matter and while the public is irritated at the tardiness displayed in effecting a solution, the majority of its opinion has not yet reached the stage of advocating an appeal to a hostile demonstration in any form.

SUIT MAY BE BROUGHT.

Washington, June 5.—The Japanese trouble in San Francisco probably will be settled by a recourse to the law. Information has been received here to the effect that the Japanese consul general in San Francisco contemplates bringing a suit against the city of San Francisco for damages incurred by the owners of the Horseshoe restaurant and the Polson bathhouse from the attack by a mob on May 30 last.

The action, if brought, will be under the state law and in the name of the owners of the places wrecked.

It is understood that the Japanese will be perfectly satisfied with judicial decision of the case. Supplementing his telegraphic reply to the inquiry of Secy. Root regarding the most recent of Japanese disturbances in San Francisco, Gov. Gillett of California has submitted a report dealing in detail with the outbreak of the trouble in the Japanese Horseshoe restaurant and its extension to the bathhouse. The Japanese are practically the same as those contained in the news dispatches.

The state department has received reports upon the same subject from the consul general of California and the chief of police of San Francisco. These reports seem to establish the fact that the affair was the natural outcome of the labor trouble in San Francisco and that racial feeling had very little to do with it, save in the latter stages. Photographs accompanying the reports show the exact condition of the two Japanese places after the visitation of the mob, which lasted only a few minutes, stones lying in the windows and on the floors, and other evidence of violence being observed. It appears that at the instance of Gov. Gillett, the chief of police had previously taken particular care to protect the Japanese in San Francisco. His force was much depleted owing to the necessity of diverting a large part of it to the protection of the streetcar lines which were being attacked at many points. But he could spare, dressed in plain clothes, in the neighborhood of the place where the outbreak occurred.

The suddenness of the affair prevented the policemen from acting in time to save the property of the Japanese. Two white men, who were said to have worn some kind of badge, engaged in the attack in the Japanese restaurant and, according to one statement, a Japanese cook threw a knife at one of them. The fight was transferred to the street, and the crowd gathered and the mob followed. Possibly it was more violent than if a white restaurant had been the object of attack, but all through the reports there is no mention in some way the Japanese had offended against the rules of the labor union and that racial feeling was merely an incident of the affair.

The Japanese account, as it reaches the embassy from the consul general at San Francisco, is in conflict with the above mentioned reports in describing the incident as a riotous demonstration against the rules of the labor union and that racial feeling was merely an incident of the affair.

JAPAN TAKING MEASURES.

London, June 5.—A Reuter's dispatch from Tokyo says that the Japanese government is replying today to the deputation of Progressives who called and asked for an explanation of the government's inaction and dispatch adds that the Japanese authorities are apprehensive of future relationship with the United States if the racial prejudices at San Francisco continue.

SECY. UNCLE SAM OIL CO. IMPRISONED FOR CONTEMPT.

Leavenworth, Kan., June 5.—Judge W. C. Hook of the United States circuit court today sentenced H. H. Tucker, Jr., the indicted secretary of the Uncle Sam Oil Company, to serve three months in the Leavenworth county jail for contempt of court, the contempt being a sensational affidavit filed by Tucker, who alleged an conspiracy between federal judges Pollock, McPherson and Phillips and the Standard Oil company to drive the Uncle Sam Oil company out of business. Judge Hook delivered a scathing arraignment of Atty. Albert L. Wilson of Kansas City, who prepared the affidavit. He said the only purpose of filing the affidavit was to create a sensation in the papers and influence public sentiment. Hook declared there was no precedent for such an affidavit, and the clerk of the court was criticized for placing it on file. It was stricken from the files by order of Judge Hook.

Tucker commenced serving his sentence tonight. The bankruptcy proceedings were continued until a judge can be found who can sit on the case. Judge Pollock will not preside.

An affidavit alleged that Judges Pollock, Phillips and McPherson went on a fishing trip to Mexico, on June 26, 1906, in the private car of Gauding Lathrop, head of the legal department of the Standard Oil Co., and that during the trip a conspiracy was entered into between the judges and the Standard Oil company, the claim being made that the Standard and the Santa Fe road were controlled by the same persons. The affidavit further alleged that Pollock made a statement against Tucker and the Uncle Sam company out of court.

Tucker was on the stand two hours and was subjected to a grueling examination by N. H. Loomis, general attorney for the Union Pacific, named by the court to conduct the examination. Tucker attempted to corroborate the charges in the affidavit, but became badly mixed up and confused. The affidavit was prepared on hearsay. The attorneys for the Uncle Sam Oil company asked the court to dismiss

the bankruptcy proceedings, stating that Tucker would pay every outstanding debt in five days. Judge Hook refused to dismiss the suit. Tucker will be taken from jail to testify. The present term of court will be continued until a judge can be secured. Judge Hook returned to St. Paul tonight.

NEW STEAMSHIP SERVICE.

To be Established Between San Francisco and Australasia.

New York, June 5.—A British steamship service is about to be started between San Francisco and Australasia. The new line will take the place of the American-Oceanic line, which recently went out of operation. The first ship of the new service will sail on Aug. 1.

The new service, which is to be called the Australian Mail line, is backed by the British shipping firm of Andrew Weir & Co., of London, and Glasgow. A monthly service will be maintained. First class mail will be carried as well as the parcels post. Under the existing conditions the first class mails are conveyed by the Canadian Pacific service from Vancouver. The parcels post is now carried by the direct lines running from New York to Australia via the Cape of Good Hope. The voyage from New York to Sydney by this route takes 56 days and to Auckland, 66 days. By the San Francisco route the average time consumed to Sydney is only 30 days and to Auckland, 35 days.

The starting of the new service will enable mail to the antipodes to be dispatched twice a month, and the Vancouver route will continue to be used.

The Australian Mail line will employ six vessels on the route. Each will have a freight-carry capacity of 5,000 tons.

ALEXIS ALADIN.

Apostle of Russian Freedom May Attempt to Re-enter Russia.

New York, June 5.—Alexis Aladin, the apostle of Russian freedom, who has spent several months in this country, will sail for Europe today. It is stated that he may possibly attempt to re-enter Russia.

In an interview Aladin said his campaign against the Russian government had been long and hard and that he had had strong support from all classes.

"Among local committees," he said, "have been formed in Chicago, Boston, Denver, Cincinnati, Pittsburgh, etc., to appeal to the American people to renounce their support of the Russian government, and not to lend any material help to the Russian government without the consent of the American people. I leave America with the firm belief that no Russian loan can be floated on the American market except in conformity with the constitutional law of Russia—that is to say, the consent of the people. I also believe that the American people are greatly influenced by the Russian government in obliging it to stop its non-commendable policy of stirring political parties in the prisons."

Aladin said he was deeply grateful to all who helped him in the work.

UTAH-NEVADA POWER COMPANY INCORPORATED.

Denver, June 5.—Articles of incorporation were filed today with the secretary of state for the Utah-Nevada Power company, with a capital of \$500,000, by Orlando B. Wilcox, Horace G. Lund, D. B. Ellis, L. B. Johnson, George A. H. Fraser, W. A. Reef, Charles L. Hawthorne and J. C. Darling. The company is an adjunct of the Central Colorado Power company, which has a capital of \$25,000,000. The Utah-Nevada company today proposes to furnish electric power to the mining districts, cities, towns, etc., in Utah, Nevada and Idaho.

BOAT CAPSIZED AND FOUR PERSONS DROWNED.

O'Neill, Neb., June 5.—A fishing party had a sad and tragic ending at Wunders lake, eight miles southeast of Page, the first station east of O'Neill on the Great Northern railway, today. The party, composed of four persons, was drowned by a boat capsizing.

DEAD.

Clinton Samson, aged 24 years, Norris Samson, aged 20 years, Mrs. Blanche Tracy, aged 30 years, Miss Alice Dunn, aged 20 years. A party of about 30 people living in the vicinity of the Wunders lake in the forenoon to spend the day fishing. The accident occurred about noon, when a boatload of six persons started out on the lake and went down, only about 20 feet from the bank. Two of the party, Mrs. Samson, wife of the man drowned, and H. W. Tracy, husband of one of the women, were killed. The bodies of the drowned were fished out with hooks and lines shortly after they sank.

The coroner's inquest found that overloading the boat caused the tragedy.

TWELVE TO BE EXECUTED FOR ATTACK ON CABRERA.

Mexico City, June 5.—According to a telegram received in this city tonight, 12 persons were sentenced to death by court-martial proceedings because of an alleged attempt on the life of President Cabrera of Guatemala, who will be executed. Eleven of these men are Guatemalans. One of the Mexicans accused, Jose Mendosa, was exonerated. The other Mexican implicated, Nazari Mendosa, was sentenced to 15 years' imprisonment. Two of the Italians charged with complicity in the attempt were sentenced to 15 years' imprisonment each.

Of the other foreigners on trial, one a Spaniard, will be executed. The dispatch characterizes the condemned men as honorable and innocent victims.

At the state department no comment was made on the action of the revision court.

OMAHA ICE HOUSE BURNED.

Omaha, Neb., June 5.—The big ice-house of the Swift Packing company and Federal cold storage plant, containing 5,000 tons of ice, was totally destroyed by fire late tonight. Loss, \$75,000.

INDICTED FOR CONSPIRACY

One Hundred and Eighty Corporations and Individual Furniture Dealers.

SAID TO BE TRUST MEMBERS.

Charged With Forming a Combination In Restraint of Trade—Residents of Oregon, Washington, California.

Portland, Or., June 5.—One hundred and eighty corporations and individual furniture manufacturers, jobbers and retail dealers were indicted by the Oregon federal grand jury in the United States district court today. The indictment contains 65 typewritten pages. Asst. United States Atty. James Cole announced that he would give the defendants an opportunity to come in and plead voluntarily, but that in the event of failure to do so bench warrants would be served. No bonds were required.

The indictment involves many of the most prominent furniture houses in the northwest and contains the names of practically all of Portland's big department store firms and leading furniture houses. Smaller dealers by the score appear within its accusing pages and some of the largest manufacturing furniture establishments on the Pacific coast are involved. The scope of territory affected covers the states of Oregon, Washington, California and Idaho.

The indictment involves practically the entire membership of five furniture organizations—the Northwest Furniture Exchange, the Northwest Retail Furniture Dealers' Protective Association, the Oregon Retail Furniture Dealers' association, the Portland Retail Furniture Dealers' association and the Lewiston Furniture club of Lewiston, Ida.

The charge preferred in the indictment is conspiracy in restraint of trade between the states and accuses the defendants of having combined to control prices and monopolize the furniture business. The scheme charged is that the wholesale dealers and jobbers agreed not to sell to any retail dealer who was not a member of the retailer associations, and the retailers agreed not to purchase furniture goods from manufacturers, wholesalers and jobbers who were not members of the Northwest Furniture exchange, which was organized for the alleged purpose of raising prices. The agreement also included an alleged agreement among the retailers not to purchase goods from wholesalers, manufacturers and jobbers who sold outside the members of the retail association.

POWDER LADEN VESSEL BLOWN UP BY THE CAPTAIN.

Tunis, June 5.—A Turkish sailing vessel laden with contraband ammunition which was bound for Tripoli has been blown up in the vicinity of Port Zarielis. Her entire crew as well as six fishermen who were alongside at the time were drowned.

The vessel had on board a number of rifles and 500 barrels of powder. The local authorities learned that she was about to take advantage of the absence of the guard ships to try to disembark her cargo on the beach, and thereupon ordered a number of armed boats to be sent out to prevent the landing.

Twenty-four of these boats went out and surrounded the vessel, and the men from them were just about to swarm aboard when a terrible explosion occurred. It is believed the captain fired his vessel to avoid capture. A majority of the sponge boats went down with the vessel. The explosion was heard for a distance of 60 miles. Zarielis is in Tunis, near the frontier of Tripoli.
