## JURY ACQUITS WILLIAM CRAIG.

Councilman Exculpated of Wrong  
Doing After Three and One  
Half Hour's Deliberation.

DIST. ATTY. INCRIMINATED.

George Halverson Charged With De-  
fection in Office by Henry  
Wessler.

Ogden, March 1.—At 8 o'clock last evening the jury in the case against William Craig, a member of the Ogden city council, who was charged with the misappropriation of the city's money, returned a verdict of not guilty to the charges set forth in the accusation, after three and one-half hours deliberation. The case will now be carried to the higher courts by the accuser, J. D. Sken.

All of yesterday's session of the district court was taken up with the arguments of counsel, after which the court charged the jury and they retired. It was 4:15 o'clock when Judge J. A. Howell finished his charge and in order to facilitate matters, the court ordered that the records show that the exceptions of both sides to the charges of the court to the jury, be made to show that the same was done before that body and the jury was permitted to retire. Both sides then entered a long list of objections.

After the jury had retired, Mr. Sken, who brought the several actions against the councilman, stated that in respect of the outcome of the Craig case, he would fight the other cases to the bitter end, and that the accusations against Councilman W. Rollo Emmett, and R. B. Paine, would be filed as soon as he could find time to prepare them. The case now pending in the court against Councilman A. H. Moyes was continued until Friday morning by the court. It was reported yesterday that Mr. Moyes' condition was not in the least improved, and it is not expected that he will be in condition to stand trial for some time.

The court also continued the passing sentence upon Fred W. Chambers, who was found guilty of a similar charge to that preferred against Mr. Craig. Of course there is no discretion left to the court in this matter, as the law only provides one penalty, and that is removal from office.

WOULD IMPEACH DIST. ATTY.

Henry Wessler Makes Serious Al-  
legations Against George Halverson.

Ogden, March 1.—Quite a sensation was caused here yesterday when Atty. R. S. Farnsworth filed in the district court an accusation against Dist. Atty. George Halverson in which that official is charged with dereliction of duty and his removal from office asked for. Judge Howell refused to pass upon the matter of a citation which was asked for in connection with the complaint until after the Craig case was given to the jury, on account of the possible effect it might have on that body. Later on he made the citation returnable Friday, March 9.

The allegations are signed by Henry Wessler, whose son was killed in a bar-room row here some six or seven years ago and whose murderer, it is claimed, was never punished. This is one of the alleged charges brought against the district attorney recently in an article published in a local paper. The specific cause for the asking for the removal of Mr. Halverson, is found in the fact that on four occasions he failed to file informations against criminals within the 30 days, after they were committed from the lower courts, as prescribed by law, and for failure to file reasons with the court for not doing so.

The first case mentioned is that of

the state vs. Joseph Kendall charged with murder in the first degree. Kendall was found guilty and sentenced to 15 years in the state prison. The second charge is the case of the State vs. Michael Berlin, on a charge of extortion. Berlin was out on bonds when he fled and his bond was forfeited. The next case was that of the state vs. C. M. Kibner who was charged with larceny. Kibner was also found guilty and sent to the state prison for seven years. The last case mentioned in the daily is that of the state vs. E. J. Daley, charged with perjury. The witnesses in this case having left the state before it came to trial Daly was dismissed upon Mr. Halverson's motion.

Mr. Halverson, during a recess of the court yesterday, went to the press table where Atty. R. S. Farnsworth was sitting and to the members of the press stated that: "If they think they can scare me out, they are mistaken," then turning to Mr. Farnsworth, he added, "not even the conspirators."

Later the district attorney stated that he was not at all disturbed over the stand that had been taken against him. He was of the opinion that the court could not remove him even if he had given a cause.

HABEAS CORPUS CASE.

Efforts to Free J. E. Finnegan From  
Nevada Officers.

Ogden, March 1.—Owing to the large amount of business, Judge Howell ordered continued until today the hearing of the habeas corpus proceedings brought against M. J. Murphy of Lander county, Nevada, to prevent his taking James E. Finnegan back to that state, where he is wanted for the alleged securing of goods under false pretenses. Finnegan was arrested in Chicago some time ago. Gov. Deeney of Illinois recognized the requisition papers of Gov. John Sparks of Nevada, and granted a warrant of extradition. Murphy at once left Illinois for Wisconsin and avoided any possible communication between the prisoner and his friends, but when he arrived in Ogden, papers were served upon him in writ of habeas corpus proceedings.

A return and answer to the proceedings were filed in the district court yesterday, in which the sheriff denies that Finnegan is being unlawfully detained and sets forth the allegation that the court has no jurisdiction on account of his not being in the State of Utah when the application was made or when the writ was granted. It appears that Gov. Deeney of Illinois revoked the extradition papers and his right for doing this is questioned by Murphy, who says that he was out of Illinois when he revoked the same, and holds that he had no authority to do this on account of his being out of the state.

That the Nevada authorities are anxious to get hold of Finnegan is evident from a telegram received by Sheriff Murphy yesterday, in which he instructs the deputy to hold his man if at all possible.

SHOCKING DEATH ON THE RAIL.

John Helmsdahl of Riverdale  
Killed Near Cornice, Idaho.

Ogden, March 1.—John Helmsdahl, a resident of Riverdale, a suburb of Ogden, met death in an unknown manner a short distance from Cornice, Ida., Tuesday night, when his body was found lying beside the railroad tracks with the head crushed to a pulp, and the body badly bruised. The body was found by a relative in Cornice, who was advised of his coming. When he did not arrive at the expected time a search was instituted which led to the finding of the body. The deceased was 63 years of age. The body will be shipped to Oxford, where a son of the deceased is residing, for burial.

## ULTIMATUM TO BEETGROWERS.

Committee Confers With David Eccles  
And Discusses Price of Beets.

Ogden, March 1.—A meeting was held in the office of the Amalgamated Sugar company here yesterday afternoon of the committee appointed by the sugar beet growers of this section and David Eccles in connection with the demand of the beet farmers for an increase of from \$4.50 to \$4.75 per ton for their beets. The meeting lasted for several hours and no definite conclusion was reached in regard to the matter. The demand was argued at length and finally Mr. Eccles laid down an ultimatum to the effect that the company would adopt what is known as the Lehi sliding scale which is from \$4.25 to \$4.75 per ton, according to the quality of the beets, or the old flat rate of \$4.50 per ton. The committee will confer with the farmers to see if any further steps are taken in the controversy.

BOYLE UNDER BONDS.

"Teddy" Boyle was yesterday held under \$500 bonds by Judge J. D. Murphy, in the municipal court, on a charge of grand larceny. Boyle was arrested several days ago after being detected rifling the pockets of a sleeping companion in a Twenty-fifth street hotel lobby.

THIEF TOOK \$130.

Some time Tuesday night \$130 was stolen from the residence of Thomas Landsey, 285 Adams avenue, by a clever thief, who left no clue behind. The theft was not discovered until yesterday when the matter was reported to the police, who are still working on the case. From the manner in which the money was taken and other facts, it is believed that the theft was committed by some one familiar with and having access to the house.

SHAW BARGAIN STORE.

Articles of incorporation were filed in the county clerk's office here yesterday, by the Shaw's Bargain Store company, with a capital stock of \$5,000, divided into shares of a par value of \$10 each. The company is incorporated to do a general wholesale and retail business.

## PROVO DEPARTMENT

The "News" is Delivered by Carrier in Provo at  
Seventy-Five Cents Per Month. R. J. Dugdale, Agent.

## DISTRICT COURT.

Arranging for "Get Acquainted" Ex-  
cursion—Passenger Train Stopped.

Special Correspondence.

Provo, Utah Co., March 1.—Gordon H. Place, manager of the Manufacturers and Merchants' association, is now on a trip as far south as Nephthi to arrange for the "get acquainted" excursion from Salt Lake on the 7th. Mr. Place expects fully 600 people will come to Provo from the north, and quite a number of people will join the crowd here and go to Nephthi. The train will reach Provo about noon and stop for 15 minutes. On the return in the evening the excursionists will remain several hours. The Commercial club will arrange for some suitable hall where the visitors will meet Provo people and talk over the necessary work to be done with a view to the general material prosperity of the state and her citizens.

BOYS THROW ROCKS.

Some boy or boys in the southwest part of the city have for some time past indulged hoodlum instincts by throwing rocks at passing passenger trains. Yesterday morning one of the rocks broke a window in one of the coaches of an eastbound R. G. W. train, and a passenger had his face seriously cut by a piece of the falling glass. Special Agent Brown, the Rio Grande Western and City Marshal Henry are investigating the case and expect to land the culprit.

FOURTH DISTRICT COURT.

George B. Hardy, now of Los Angeles, has commenced a foreclosure suit against the Nestor Breach company in the Fourth district court, to collect \$2,000, with interest from Feb. 5, 1904, less \$135 paid on the indebtedness, and \$150 attorney fees. The indebtedness is in the form of a promissory note, secured by chattel mortgage on the defendant company's property in this city. The case of Springfield vs. Mrs. William Konold, which has been heard in part, has been continued for another sitting till March 5. The damage suit of William Bawder vs. Rio Grande Western Railway company has been postponed till April 6.

CHARGED WITH SELLING TOBACCO TO MINORS.

The first case of a charge of selling tobacco to minors ever brought in this city has been commenced in Justice Noon's court. Probation Officer S. R. Brown has filed a complaint charging Francis Hedquist with the offense. Hedquist will appear today to answer to the complaint.

JOHNSON-WIGMORE WEDDING.

A marriage license has been issued to James Wigmore, 46, of Springfield, and Nellie Johnson, 25, of Provo.

GARDEN CITY NOTES.

J. S. McEbert of Payson was in Provo on business yesterday.

E. Van Wagener of this city has gone to Richfield to take charge of the Consolidated Wagon & Machine company's branch house, succeeding W. P. Aslmus, who moves to Kanab.

Springville is to have a pickle factory in operation this summer. Mr. C. W. Mount will build the plant; he has contracted with farmers for 160 acres of cucumbers, for which he will pay \$20 a ton. It is estimated that, with proper cultivation eight to 15 tons of pickling cucumbers can be grown on an acre, the average being 10 tons.

D. J. Bennett of this city, employed in the construction department of the Independent Telegraph company, had his foot quite badly injured by the runaway of the company's team Tuesday, at Heidelberg Grove. It will be some days before he can be at work.

The Central Lumber company of this

The German Students.

Drunkness has of late been charged in England against the students of the University of Oxford. Of this charge, Percival Farrar, an Oxford man, said in Detroit:

"Now and then young men drink too much at Oxford, but to accuse them generally of drunkenness is quite unpardonable and false."

"Such an accusation is to my mind absurd, like the accusation of idleness made against the students of the great German universities."

"Attendance at lectures is not compulsory in Germany, and there are all sorts of yarns about the students' idleness. They say that a young man in Heidelberg once approached another young man and asked:

"Where are the university buildings?"

The second young man replied:

"I really don't know. I am a student here myself."

## Get Dr. Graves' Tooth Powder.

Use it twice-a-day and you will have white teeth, hard gums, clean mouth, pure breath, good digestion and good health. Just ask your dentist about it.

In handy metal cans or bottles, 25c.

Dr. Graves' Tooth Powder Co.

ness for a period of 50 years. The officers of the new concern are: President, Hannah Shaw; vice president, Frank Shaw; secretary, J. T. Shaw; treasurer, Mary E. Hess. These, together with W. D. Shaw, form the board of directors.

WEDDING PERMIT.

A marriage license was granted here yesterday to Harry R. McPherson, 26, of Ogden and Miss Alice Curtis, 23, of Logan.

BRIEFS AND PERSONALS.

A motion for a new trial in the case of J. D. Sken vs. Fred W. Chambers has been filed in the Second district court and it is expected that the same will be argued on Friday.

Judge J. A. Howell held court at Morgan today. He is expected to give his decision in regard to the application for a grand jury tomorrow.

Mrs. F. N. Hess and Mrs. Frank Shaw of Ogden visited in Salt Lake yesterday.

Winslow F. Smith of the Salt Lake Knitting Works, was in Ogden yesterday on a business trip.

The tabernacle choir which meets this evening will take up the marvelous work of Heydon's "Creation," and a full attendance is requested. The men will meet at 7:30 and ladies at 8 o'clock.

Judge Budge of the Fifth judicial district of Idaho, was in Ogden for a short time yesterday, returning home last evening.

No Pill is as pleasant and positive as Dr. Williams' Little Early Risers. These Famous Little Pills are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold. Never gripe. Sold by F. C. Schramm, druggist; where the cars stop.

## SPRINGVILLE.

HUGH M. DOUGALL DEAD.

Veteran Postmaster and Respected  
Citizen Answers Sudden Summons.

Springville, Utah Co., Feb. 28.—Hugh M. Dougall, the veteran postmaster and a highly esteemed resident of this place, widely known throughout the state, died suddenly in his own door yard at 3:30 this afternoon of apoplexy.

Mr. Dougall, accompanied by his wife, went to his ranch in Hobbie Creek canyon Sunday afternoon apparently in the best of health and spirits. He returned home this afternoon and, without complaining of feeling ill, unharnessed his team. He had completed the task and had started to walk to his house when he fell to the ground without warning and died almost immediately.

Mr. Dougall was a man with a large circle of friends throughout Utah and was especially respected in Springville, where he had long resided. He had been postmaster of this city for 20 years.

He leaves a wife and five grown children, one of whom, George M. P. Dougall, is a graduate of the University of Utah and a practicing civil and mining engineer in Salt Lake City. He also leaves many other relatives in Salt Lake City and in other sections of the state.

Mr. Dougall was born in Edinburgh, Scotland, 43 years ago and came to Springville in 1856. He had made his home here since that time and had played a prominent part in building up the city and the country around it.

AN ALERT ATTORNEY GENERAL.

Herbert S. Hadley, attorney general of Missouri, who has been conducting an investigation into the methods of the Standard Oil company, has shown himself to be a man of great force of character and ability to get at the root of

the evil. Mr. Hadley is a young man, being only thirty-four years of age. He is an alumnus of the Kansas State university, and he has been engaged in the practice of the law at Kansas City.

## RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in Winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are changed to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak kidneys, torpid liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood. It neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 57 MURRAY STREET, NEW YORK CITY.

## IS DISEASE A CRIME?

Not so very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws, which, if understood and implicitly followed, would result in the prevention of much of the sickness and suffering of humanity. But to say that all sickness should be regarded as criminal, must, on a little sober reflection, appeal to every reasonable and intelligent individual as radically wrong.

Thousands suffer from contagious and infectious diseases most innocently and unconsciously contracted. Other thousands suffer and die of cancerous affections, the cause of which no medical man has yet been wise enough to ferret out and determine, and which can not, therefore, be avoided. Then, too, many times stress of circumstances compel people to expose themselves to various disease-producing agencies, such as malaria, bad air in overheated factories, coal mines, and many other situations, and surely those who suffer therefrom should not be branded as criminals.

In so far as disease is contracted or brought on one's self from harmful excesses, overeating, intemperance and other like indulgences and debauchery, we think, with our editor friend, that it should be regarded as little less than criminal. On the other hand, we think it would be harsh, unsympathetic, cruel, yes, criminal, to condemn the poor, weak, overworked housewife who sinks under the heavy load of household cares and burdens which she is obliged to struggle along under until she succumbs to the strain and over-exertion, and suffers from weakness, various displacements of the pelvic organs and other derangements peculiar to her sex.

The too frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weakness, derangements and debility which the mother has to bear and which are aggravated by the many household cares, and the hard, never-ending work which she is called upon to perform. Dr. Pierce, the maker of that world-famous remedy for women's peculiar ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, overworked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, ante-version and retro-version of the uterus or other displacement of the woman's organs, it is very necessary that in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much outdoor air as possible, with moderate, light exercise is also very important.

It is Dr. Pierce's observation that many housewives suffer much in a weakened condition of their system from too close confinement indoors. Often the kitchen, where they spend most of their time, is ill ventilated and the bad air and overheating thereof act most unfavorably upon the woman's strength, until she finds herself suffering from various weaknesses attended by backache, bearing-down pains, or dragging-down sensations that are extremely hard to bear. A catarrhal, pelvic drain, of most debilitating and disagreeable nature, is a common symptom of the congested or inflamed

condition of the lining membranes of the pelvic organs, attended, perhaps, with tenderness and pain in these regions.

Now, while all the foregoing disagreeable symptoms and sensations will generally yield to the faithful and somewhat persistent use of Dr. Pierce's Favorite Prescription, to realize the very best results from its use, the patient must, as far as possible, abstain from over-work, worry, and too close confinement indoors.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household duties or in social duties and functions which seriously tax their strength, as well as to nursing mothers, the "Favorite Prescription" has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be resorted to if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please, that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of all its ingredients being printed in plain English on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar weaknesses and ailments, and sold through druggists, that does not contain alcohol; and that too in large quantities. Furthermore, it is the only medicine for women's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. B. W. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription for women's weaknesses and ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of women's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines.

An invitation is extended by Dr. Pierce to every sick and ailing woman to consult him by letter. There is absolutely no charge or fee for this. Every letter is carefully considered, fully answered, and its statements held as strictly private and sacredly confidential. Address as above directed.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. "One Pellet" is a gentle laxative and two a mild cathartic. Druggists sell them, and nothing is "just as good."

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

LAND

COME TO TETON VALLEY

Good improved farming land with plenty of water may now be bought for from \$10 to \$15 per acre. This is high grade, level bench land, and will in five years, judging by the past history of these Snake River valleys, bring from \$50 to \$75 per acre. The wonderful development of this country, through the sugar beet industry alone is a marvel. Ground that a few years ago could be purchased at \$10 and \$20 per acre, is now bringing \$100 and up. There is no reason why the same process of development should not bring about the same results in the Teton Valley. We have the soil, the climate and the water. Also manure, coal, deposits, lime stone, and large areas of pastureage, etc. Improved Farms range from \$12 to \$25 per acre. We have some bargains for the man who knows a good thing when he sees it.

We are in the business to locate good men in a good country. Content with small commissions we are doing business. For information write,

YOUNG & GILBERT, Driggs, Idaho.

## GHIRARDELLI'S GROUND CHOCOLATE

Buy a can of Ghirardelli's Ground Chocolate at your grocers and serve this delicious drink to your family, morning, noon and night.

You will find that they all like the pleasing, satisfying taste of the chocolate. The cocoa bean (from which ground chocolate is made) appeals to the appetite and, what's more, it is nutrition in the highest form.

Ghirardelli's Ground Chocolate is simply cocoa beans and pure sugar ground together as fine as powder. It dissolves quickly in hot milk and thus makes a smooth drink that adds zest to one's meals.

At grocers in hermetically sealed tins.

D. GHIRARDELLI CO. SAN FRANCISCO, CALIFORNIA
