

What's going on isn't it? Prof. Careless came and brought his violin. SAVAGE IN CHARGE.

C. R. Savage, without whom an old folks' excursion would never be complete, has charge of the program. It will consist of a formal musical program this afternoon, and series of games and races for suitable prizes. At 6 o'clock tonight the trains are due back in the city with their loads of eager haired passengers, and from all indications this morning the day will end as the largest and most successful of the series.

The first outfit of Utah "old rollers" was run to Black Rock 25 years ago to celebrate the completion of the John W. Young road to the lake. Since then they have been looking for a general advance, so that the situation remains the same, with the only advance, that made at the Kommerer mine. However, local retailers seem to believe that an advance to 35 is only a matter of time.

PRICE OF COAL THE SAME.

Advance at Mines Has Not Yet Affected Retail Trade.

There has not been any advance in retail prices of coal as yet, and there has not been up to date any conference among the producers looking to a general advance, so that the situation remains the same, with the only advance, that made at the Kommerer mine. However, local retailers seem to believe that an advance to 35 is only a matter of time.

SEASON WET AND COLD.

S. J. Seal Finds Conditions East Much The Same as Here.

General Agent S. J. Seal of the International Harvester company, has returned from a Chicago trip. He found climatic conditions in Iowa, Nebraska and Illinois about the same as they have been here, wet and cold. The season back east is one month behind, so that the corn is now only three inches high, where it generally, at this time of the year, is knee high. Grain cutting is in progress in Indian Territory.

EASY FOR C. H. BROWN.

Case Against Colored Man Dismissed In Absence of Prosecuting Witness.

C. H. Brown, the colored man arrested several nights ago on the charge of assault with a deadly weapon, escaped prosecution this morning and the case against him was dismissed upon motion of Assistant County Atty. Haigh. Brown was arrested for slaying John Thompson, a white man with a razor, during a row in which Thompson claimed that the female companion of Brown's had robbed him. Thompson was seriously cut by the negro and swore to a complaint charging the fellow with assault with a deadly weapon. The case was set for preliminary hearing in Judge Diehl's court this morning, but when it was called Thompson, the complainant, failed to answer to the roll call and the case was ordered dismissed. Shortly after the order was entered on the minutes of the court, Thompson put in an appearance, but it was then too late as Brown had departed. Subsequently Thompson expressed great indignation and was referred by Chief Sheets to the county attorney who informed him that there was nothing else to do in the case, a prosecuting witness failing to appear when a case was called.

WATSON ELECTED CHAIRMAN.

Ogden Man Succeeds Salisbury in Board of Equalization Office.

At the last meeting of the board of equalization, Hon. John Watson of Ogden, who was chosen to fill the vacancy some time ago caused by the death of Hon. R. C. Lund of St. George, was elected to the vacant chairmanship. Mr. Watson is an experienced man in matters of valuation estimates, and has proven a valuable addition to the state board.

MILL MEN AT WORK.

But Linemen and Cigarmakers Still Remain Idle.

Most of the planing mill men are back at their old jobs today, saying nothing, but showing by their demeanor a realization that the strike was futile, and the best thing to do was to get back into the band wagon. There are quite a number of men reported en route west looking for work who would be given jobs in the Salt Lake mills were the affected men still to remain out. So it was a case of return to work or seek a livelihood elsewhere. This will relieve contractors of further apprehension as to possible trouble with their carpenters, who have been threatening to refuse to handle local mill stuffs turned out by non-union hands.

As to the cigar makers' strike, it is still on, the same as usual, with no prospects of abatement. The continuance of this strike is leading a number of local manufacturers to consider seriously the proposition to give up manufacturing and transfer their establishments into jobbing agencies for eastern wholesalers and manufacturers. The operatives still live on "remittances from the east," but the local manufacturers go out of business, they must migrate elsewhere to find work.

There is no change in the striking linemen's situation, and both telephone companies refuse positively to yield to the demands of the men, which are considered unreasonable. The local lodge of the union men appears unwilling to submit to the jurisdiction of the higher officials of their order where it does not suit their immediate purpose, and the uncertainty attending this, makes it in-

cumbent on the telephone managers to refuse to deal with the men until it becomes evident that some reliability may be placed on their action.

Both Wagon and Guard—American Fork and National guard, competing for the annual championship of the National Guard. Members of the guard believe American Fork will be the place selected.

New Apartment House—C. W. Midgley is building a three story apartment house on Third South street between Fifth and Sixth streets, to cost \$15,000. It will be 40x82 1/2 feet, and contain four rooms to a suite.

CHARGES FRAUDULENT ENTRY

Government Files Suit Against Coal Companies in Wyoming.

(Special to the "News.")

Cheyenne, Wyo., June 25.—A suit of equity was filed in the U. S. court by the government against the U. P. R. R. Co., U. P. Coal Co., Superior Coal Co., W. D. Cornish, vice president of the U. P. and D. O. Clark, vice president of the U. P. and Superior Coal Co. The charges specify 25 entries of coal lands alleged to have been fraudulently made for the defendants. The land is alleged to be worth about \$600,000 and it is asked the patents be cancelled. The suit is the first of an artistically planned new coal camp in the Rock Springs, where mines have been opened and much money spent in buildings, machinery, etc. A line of railroad was also built to the camp from the U. P. main line.

RAILROAD NEWS.

Utah and its great natural resources, the wonderful development of the state from the days when the Mormons made their first pilgrimage across the plains, and the present-day agricultural, horticultural, mining and smelting industries, which are constantly drawing capital and population into that favored section, are all artistically set forth in "A Glance of Utah," an artistically illustrated book just issued by the passenger department of the Denver & Rio Grande railroad. The well known writer, Judge Edward F. Colborn, of Salt Lake City, is the author of this valuable addition to Utah's literature. The D. & R. G. is to erect an eight stall round house at Green River, also a new depot, in place of the one recently burned. The site of the hotel is to be changed to the other side of the railroad tracks.

CHICAGO TERMINAL SUIT.

Minority Stockholders File Objections Against Sale of Property.

Chicago, June 25.—Attorneys for the minority stockholders of the Chicago Terminal Transfer Railroad company filed in the United States circuit court yesterday objections to the petition of the Baltimore & Ohio railroad for the sale of the property of the Terminal company, alleging that the contract under which the road is now operated was obtained by fraud by E. H. Harris, man, James Stillman, George J. Gould, and their associates.

A minute later attorneys for the Terminal company filed an answer, asserting that the Baltimore & Ohio railroad has not deposited \$400,000 as required by the court as an evidence of good faith, and that the property is worth \$27,000,000 and the charges against the bonds, etc., amount to only \$18,224,830, and its sale under the terms of the petition of the Baltimore & Ohio railroad would deprive them of a fair value for their property. It is charged that the Baltimore and Ohio railroad has used over 40 per cent of the Terminal properties for an annual rental of \$160,000 whereas a fair rental would have amounted to not less than \$600,000 a year.

N. Falthorn, former president and present receiver of the company, was under the control of Harrisman and his associates, and that he has refused to take steps to annul the present lease of the Baltimore and Ohio railroad. The complaints ask for access to the books and papers of the Terminal company in order that they may make answer to the petition of the Baltimore and Ohio railroad for the sale of the property.

Judge Nohlsaat will fix a date for the hearing of arguments and in the meantime the Baltimore and Ohio, as principal creditor, will continue to use the terminals under its present contract.

General Manager Bancroft of the Short Line has gone east on the line be-

yond Aspen tunnel, where the rains have been giving considerable trouble.

W. W. Dickinson, general traveling freight agent of the New York Central line, has returned from a tour through the northwest, where he was looking after business for his lines.

LATE LOCALS.

Signed by the Mayor—Proceedings of the city council last evening were signed by Mayor Ezra Thompson this morning.

Gone to Montana—General Supt. Summers of the Bell Telephone company has gone to Montana on business.

Bank Clearings Today—Today's local bank clearings amounted to \$233,033.36 as against \$723,072.38 for the same day last year.

North on Business—Supt. Hawk and local Manager McNicol of the Postal Telegraph company are up north on a business trip.

May be Fair and Warmer—The weather continues hazy, and auspicious looking, but the indications point toward fair and warmer conditions.

Both Wagon and Guard—American Fork and National guard, competing for the annual championship of the National Guard. Members of the guard believe American Fork will be the place selected.

New Apartment House—C. W. Midgley is building a three story apartment house on Third South street between Fifth and Sixth streets, to cost \$15,000. It will be 40x82 1/2 feet, and contain four rooms to a suite.

Governor Receives Invitation—Gov. John C. Cutler has been invited to be present at the unveiling and dedication of the monument to the soldiers of the Civil War at Indianapolis, Ind., July 23. The invitation bore the signatures of Gov. Hanley of Indiana and Sec. of War R. Lucas of the board of commissioners of the Oliver P. Morton monument.

Arranging for State Fair—The executive committee of the State Fair association is meeting this afternoon, at the Commercial club, to discuss premiums, buildings, concessions, etc. The Campbell Building, connected with the state fair next fall. The directors are confident that the coming fair will be the greatest ever held in the state.

Salt Lake Firm Lowest—The Campbell Building company of this city is the lowest bidder for the extension of the Federal building at Ogden, its figure being \$83,638, or \$7,000 lower than that of the highest bidder, the contractor who put up the main structure. The Campbell Building company is also figuring on the Colorado Springs Federal building which is to be of granite and cost in the vicinity of \$350,000.

Decision This Afternoon—The county commissioners sitting as a board of equalization of taxes announced that their decision in regard to banks will be ready this afternoon. This will mean that banks will remain assessed for 75 per cent of their capital stock or the entire capital stock. It is thought the lower assessment will be approved. The board will probably meet at 2 o'clock, and not taxable. Much work is yet undone, so the board will probably be in session a day or so longer.

PERSONALS.

Joseph Goughgan has returned from his eastern trip which he took for the purpose of being present at the final day's exercises of St. Mary's where his daughter Gertrude was a student. He visited the Jamestown exposition, and his trip was not without its interest. He has a few hours and left on the first boat.

H. Van Dam, Jr., manager of the Credit Men's association, has returned from Chicago where he attended the annual meeting of the national association. He reported that the association was in a very bad way, and that there was a lot of trouble in the city, and that he had secured a \$10,000 worth of advertising for Utah.

TELEGRAPH STRIKE

SITUATION UNCHANGED.

San Francisco, June 25.—The situation in the telegraph strike remains unchanged with everything peaceful around the main offices of the companies and work proceeding as though no tie-up of the wires was in existence. The federal grand jury in the Eastern Union and Postal Telegraph companies to their striking operators to return to work yesterday was ignored by the men, as was expected. None returned to work, but few telegraph companies of both companies were busy working at the keys themselves. The company officials said that the refusal of the men to return severed finally the bond heretofore existing.

Supt. May of the Western Union declared that his company was engaged men, but would not say how many. He said they were coming from all directions and that normal conditions would prevail soon. The officials of both companies claim they are within a half hour of their work, all the time. The government business was being handled, said Stier, without any delay at all.

Although messages are being handled with reasonable promptness, so far, the companies refuse to give up the subject to indefinite delay, owing to the fear of interference with the wires. Conditions in our office are better today than at any time since the strike began, said Supt. A. H. May of the Western Union Telegraph company today.

"We are handling an increased volume of business and have added to the number of our operators. The outlook is very encouraging." Gen. Stier, of the Postal Telegraph, said this morning that the strike situation was unchanged. Quite a number of operators were at work, and business was being handled without serious delay.

FOURTH OF JULY COMMITTEE REPLIES TO GEN. FUNSTON.

San Francisco, June 25.—The Fourth of July committee after a two-hour session last evening, drafted a reply to Gen. Funston, in which the committee would not be safe from insult in the streets of San Francisco, was repudiated and the general's offer of troops declined because the idea of a parade had been abandoned.

The reply covered both the original letter from Gen. Funston, dated June 17, and the later communication sent yesterday, in which the general had at great length his reasons for advising against the parading of troops. He declared that the expression "as yet unwhipped mob" was intended to apply to a certain lawless element in the community and not to the committee. He closed by offering troops for a parade on July 4, with the statement that he was up to the people of San Francisco to deal with any disorder that may occur.

The committee in its reply stated that it did not take the general's expression as a personal insult, but suggested as unjust the accusation that United States troops would be unsafe in San Francisco's streets.

ST. JOHN UPHOLDS THE INDOCTION

Not for Many Days Has the Market Been so Broad, High and Active.

SAVAGE TOWARDS MAHONEY.

Labor Leader Admits He Used It To Get Control of Industrial Workers' Record.

Says He Stopped at Nothing to Freeze Out the Socialists—Crisis Reached In the Fight.

Denver, Colo., June 25.—The crisis in the fight against Acting President C. E. Mahoney of the Western Federation of Miners was reached today when the clause of his report in regard to the Industrial Workers of the World was taken up in the federation convention. Vincent St. John of Goldfield, Nev., led the attack upon the acting president. It is conceded that the fight is an incident in the struggle for control of the federation by the Socialist party.

The chair, in announcing the question before the convention, said that the final vote on the adoption or rejection of the president's report will decide whether the federation will remain with the Industrial Workers of the World or will withdraw and form another great industrial union organization.

In the discussion of the matter today St. John upheld the use of the induction in his arraignment of the industrial officials of the federation. The induction is a clause in the constitution of the federation which was created for the exclusive use of the capitalist class, but he admitted he had used this weapon to gain possession of the records of the Industrial Workers of the World. St. John charged that Mahoney stopped at nothing to gain control of the Industrial Workers and freeze out the Socialists. He said Mahoney employed thugs and even an expert safecracker to get possession of the records of the Industrial Workers.

Acting President Mahoney and Acting Secy. Kirwan have the support of President Charles H. Moyer in this fight. President Moyer wrote the following letter last November and he has not since indicated a change of views:

"I have studied carefully the Industrial Workers of the World convention reports and after giving them the same consideration I cannot but fully endorse the position taken by your acting president and secretary-treasurer."

DECISIVE ACTION IN SCHMITZ CASE THURSDAY.

San Francisco, June 25.—Decisive action may be taken by Judge Dunne on Thursday, when Eugene E. Schmitz will be arraigned on the charge of conspiracy to defraud the city. The case has been pending for some time, and the city has been in a state of uncertainty as to what the outcome would be.

Superior Judge Sewell will, at 2 o'clock this afternoon, pass on the objection raised by Chief of Police Dineen to the accusation brought against him by the grand jury, when it was charged that he had conspired with Schmitz during the impalement of the trial jury in the extortion case in which the mayor was convicted.

MANCHURIAN PROGRAM.

Japan's Will be to Force Action by China.

Mukden, June 25.—Without waiting for an announcement of the policy of the new Manchurian administration, Japan on the ground of defense of the railway has begun a program apparently directed against the action by China. It is reported that the Pekin government already has been asked to reopen negotiations with the Japanese government in the timber dispute. All Manchurian industries on the Yalu river are in a state of suspense on this account.

Korea, military head of the timber bureau is denying the report of all of timber. Three thousand rafts are tied up for the trading season, and 6,000 men are involved. Owing to the fact that 10,000 benevolent lumbermen are now in Antung disorder is feared.

Gen. Kollima today issued a proclamation intended to relieve the situation. China is denying the negotiations and its support of a large timber company in defiance of Japanese protests has rendered void the plan of Korea for stopping Chinese timber operations, which law would be illegal. China's course since May has exposed her to coercion, and the alteration of the Japanese Manchurian policy from compromise to force.

GOVERNMENT SUES FOR RESTORATION OF COAL LANDS

Cheyenne, Wyo., June 25.—As a result of the interstate commerce commission hearing in this city and Salt Lake on the coal lands investigation by the department of justice in the United States, a suit in equity has been filed in the United States circuit court here by the United States government against the Union Pacific Railroad company, the Union Pacific Coal company, the Superior Coal company, William D. Conish of New Jersey, president of the Union Pacific Railroad company, and J. O. Clark, vice president and general manager of the Union Pacific Coal company, and of the Superior Coal company. The charge specified that 23 entries of coal land have been fraudulently made by individuals named for the use and in the interest of the defendants. This land is alleged to be worth about \$600,000 and the government asks that the patents on the land be cancelled, that an injunction be issued restraining the further work on the land by the defendants and that they be compelled to give an accounting of all the coal mined, produced or sold upon this land.

STOCKS WERE IN GOOD DEMAND

Not for Many Days Has the Market Been so Broad, High and Active.

RAILROADS BOUGHT FREELY.

Prices Advanced, a Period of Dullness Causing no Recession—Gains Were Firmly Held.

New York, June 25.—Opening prices of stocks showed uniform gains of a small fraction which was stretched to more than a half in the case of Union Pacific, Northern Pacific, Missouri Pacific, Atchafalaya and American Car. Business was slightly more active and varied than of late.

An increasing demand for securities was reflected in a much broader, higher and more active market than has been the case for many days. All of the representative railroad stocks were bought freely and prices advanced. The principal gains were St. Paul, Canadian Pacific, Union Pacific, Louisville & Nashville, Erie and preferred, Lead, Brooklyn Transit, Northern Pacific, Illinois Central, Great Northern, Missouri Pacific, Northern Pacific Electric 14 to 15, Northwestern and Delaware & Hudson 2, and Mercantile Marine preferred.

The trading became very dull but prices lost little ground and stiffened again before the close. Union Pacific, Northern Pacific, Missouri Pacific, Atchafalaya and American Car. Business was slightly more active and varied than of late.

The market held firmly at the top prices through the afternoon. The best gains were in the grain carriers, Pennsylvania, Erie, and Delaware & Hudson. The market was closed strong and active at the top. Uncovered shorts caused another advance in the price of the day. These showed gains for Delaware & Hudson 4 1/2, General Electric 4, Northern Pacific 1 1/2, Union Pacific 1 1/2, Missouri Pacific 1 1/2, Atchafalaya 1 1/2, American Car 1 1/2, and several others a point or more.

Profit-taking made but small impression upon the advances and there were later recoveries.

LIVESTOCK.

CHICAGO.

Chicago, June 25.—Cattle—Receipts, 2,500; market steady. Beef, 4.50@4.75; calves, 3.75@4.00; good to prime steers, 7.00@7.25; poor to medium, 6.00@6.25; stockers and feeders, 2.50@2.75.

Sheep—Receipts, 15,000; market weak to 10 cents lower. Light, 3.00@3.25; mixed, 2.50@2.75; heavy, 2.00@2.25; wethers, 1.50@1.75; lambs, 1.00@1.25; good to choice heavy, 5.00@5.25.

Swine—Receipts, 10,000; market weak. Native and western, 4.00@4.25; yearling, 3.50@3.75; lambs, 2.50@2.75; western, 1.50@1.75.

KANSAS CITY.

Kansas City, June 25.—Cattle—Receipts, 10,000; market steady. Native steers, 4.00@4.25; stockers and feeders, 2.50@2.75; calves, 3.75@4.00; good to prime steers, 7.00@7.25; poor to medium, 6.00@6.25; stockers and feeders, 2.50@2.75.

Sheep—Receipts, 15,000; market weak to 10 cents lower. Light, 3.00@3.25; mixed, 2.50@2.75; heavy, 2.00@2.25; wethers, 1.50@1.75; lambs, 1.00@1.25; good to choice heavy, 5.00@5.25.

OMAHA.

Omaha, Neb., June 25.—Cattle—Receipts, 5,000; market steady. Native steers, 4.25@4.50; stockers and feeders, 2.50@2.75; calves, 3.75@4.00; good to prime steers, 7.00@7.25; poor to medium, 6.00@6.25; stockers and feeders, 2.50@2.75.

Sheep—Receipts, 2,000; market steady. Yearlings, 6.00@6.25; wethers, 5.50@5.75; lambs, 4.75@5.00; mixed, 3.50@3.75.

PRODUCE.

CHICAGO.

Chicago, June 25.—The wheat market closed quiet and steady. The price of wheat was 1.00@1.05. The price of corn was 0.75@0.80. The price of soybeans was 0.40@0.45. The price of cotton was 0.15@0.20.

The corn market opened active because of lower cables and good weather for the growing crop. September corn opened at 0.75, 1/2 lower at 0.74 1/2 and 0.74. The price of corn was 0.75@0.80.

The provisions market was quiet and prices were steady. The price of pork was 10.00@10.50. The price of beef was 12.00@12.50. The price of mutton was 8.00@8.50.

The sugar market was quiet and prices were steady. The price of sugar was 0.15@0.20. The price of molasses was 0.05@0.10.

BUTTER AND EGGS.

Chicago, June 25.—Butter, firm; creamery, 19.00@19.25; dairies, 18.75@19.00. Eggs, 15.00@15.25.

LIVERPOOL GRAIN.

Liverpool, June 25.—Wheat, spot steady.
