A Swift Transfermation Briefly Described.

About food, the following brief but emphatic letter from a Georgia woman goes straight to the point and is con-

frequent attacks of indigestion and paipitation of the heart culminated 3 years ago in a sudden and desperate illness, from which I arose enfeebled in mind and body. The doctor ad-vised me to live on cereals, but none of them agreed with me until I tried Grape-Nuts food and Postum Coffee. The more I used of them the more t felt convinced that they were just what I needed, and in a short time they made a different woman of me. My stomach and heart troubles were cured stomach and heart troubles were cured as by magic, and my mind was restored and is as clear as it ever was. "I gained flesh and strength so rapidly that my friends were astonished. Postum and Grape-Nuts have benefited me so greatly that I am glad to bear this testimony."
