CITICOUNCIL

ON GAMBLING.

Instructs Chief of Police to Close All Such Houses.

RESOLUTION BY EARDLEY.

Hint Given by the "News" Opens the Eyes of City Solons—New Board Public Works.

Whereas, It is commonly reported that gambling houses are openly running in this city against the city ordinances. Therefore be it

Resolved, By the city council, that the chief of police be and is hereby instructed to close all gambling houses that are running contrary to the ordinances made and provided.

The above resolution, introduced by Councilman Eardley at the meeting of the council last evening was passed by a unanimous vote. The effect of the resolution will be to check the evil spoken of in last Saturday's "News," and thereby greatly decrease the number of hold-ups, burglaries and other minor crimes, the authors of which have been traced to the frequenters of the gambling dens of this city.

Eardley, in support of the resolution, said that the present administration had pledged itself to see that gambling and Sunday liquor traffic should cease, and that all decent people and all Christian people should be able to go to the city and see that the law was enforced in that respect and that the present reign of crime be stopped.

He also argued in favor of the resolution. He said that if matters were one-half as bad as reported in an evening paper of several evenings past then the police department is very inefficient in its duty, that if young boys are allowed to visit such places then the police department is not attending to its business. He argued that the city council should see that the law is enforced, and that the council should not be a hand and see that the laws are obeyed, and that the council should not have to tell the chief of police his duty.

A vote was then taken on the Eardley resolution and it was passed unanimously.

LICENSE RENEWED.

The order to show cause why the council should not renew the license of the Salt Lake Brewing company for the year ending on the 31st of December, 1902, was taken up at the council last evening. Miles W. Romney shot Harry Strong and inflicted wounds which proved fatal, was also considered by the council.

Jacob Moritz of the Brewing company made a statement to the council in which he said that the license for the place was taken out for C. Bonnet, son of Jacob Moritz, and that he was sometimes known as Newton Payne. Dr. Payne states he is not responsible for the shooting, and that the deceased was buried this morning at the county's expense by Joseph William Taylor, in the cemetery.
