it with plaster or flour.

Seed to with plaater or flour.

Personally we begin to doubt whether aff it is but to select seed control in the fact in the fair place and control in the fair place and control in the fair to polar the east hat to conclude that its very imag he to conclude that its very imag he to conclude that its very imag he stake store the same and the stake store the same and the stake store the same he failed the later will ripous early. Somet, for instance and stalks, mass this sarly riponing, and certainly should not select seed corn that may sablely agreed the samet. Many old exceeded farmers hold that the time to deed seed corn is when the crap is being made. At this time one is able to construct the early will represent the later. We famely this plan is greater that the time to death of the plant is constructed.

Ohio state agricultural exper-ciation has been removed from mins to Wooster. All commun-tor designed for this station shoot free he sall-result to the latter plan-ies E. Thomas is the director.

HARVESTING CORN.

quies the same order the spontage required to same order the spontage relation. The same operated courses will apply to largery alocks or to these main of smaller cores. With slight modification is will apply to curn in drills. The arrows above the direction for the operator to week. It making a single shock, if the hills are three ond a half feet apart, it will require about the reds walking, and for a finite about the reds walking, and for a finite about the reds walking, and for a finite with an irregular mode, without system, exceedings makes would be sufficient. Saving the foother would be still more important, making all the difference between each as is fresh, groon and uninymed, and that which is destroyed by prestruction and rotting with rains.

that which is destroyed by prestration and rotting with rains.

Interesting Farm Statistics.

According to the centum returns, farm lands in Massachusetts. Connecticut, Blooks Islands, New York, Pennsylvania, Pennsylvania, Waller and an expressionally of equal value and are rated from \$2.5 to \$4.00 to \$1.00 to \$1.
