THE GREAT COUNTRY PAPER OF THE WEST.

Is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

LOCAL BRIEFS.

Eastern flour still continues to come into this market at a pretty steady rate, although it sells higher than the home brands.

The Salt Lake Produce exchange meets this afternoon, but it is not believed that any noticeable changes in the prices of flour and grain products will be made.

Local dealers predict that butter and other farm products will be cheaper the coming season than for many years previous, owing to the favorable winter just passed.

The Green Light gambling house on Commercial street was closed up for six hours yesterday, while the health authorities were fumigating the place, on account of the recent presence there of two smallpox patients.

One case of smallpox was reported to the board of health yesterday, that of a man named Herrington, aged 41 years, residing at the Globe rooming house. The patient was removed to the quarantine hospital.

Edward Munson, Henry Jones, Peter Van Houghten, B. S. Harris and Henry Hadley paid each \$2 yesterday afternoon, in the police court, for driving on the sidewalks on East Temple street between Tenth and Eleventh South streets.

There will be a meeting of the resident graduates of the University of Michigan, Friday night, in J. H. Moyle's office over the Deseret National bank, to arrange for the reception of President Angel of the University of Michigan, who is to speak in this city March 13 and 19, while on lecture for the coast, where he has recent engagements.

The Commercial club committee on parks and public improvements met last evening, but after an informal discussion adjourned until tomorrow evening, when the board of public works and the city engineer are invited for a conference with the committee. The club committee on pure foods and sanitary conditions will meet to discuss the pure food situation next Wednesday night.

Articles of incorporation of the Chase Smokeless Furnace company, organized in this city, have been filed in the county clerk's office. Its capital stock is \$100,000, divided into shares of the par value of \$1 each. Simon Bamberger is president; E. S. Chase, vice president; H. C. Hawley, secretary and treasurer. The company will manufacture the Chase Incandescent smokeless furnaces, invented by E. S. Chase.

FOR TEACHERS.

Civil Service Examination for Pedagogues in the Philippines.

There will be a civil service examination in this city March 29 for the position of teacher in the Philippine service. The age limit is 30 years or over, with preference to those under 40 years of age. Salaries range from \$200 to \$2,000 for teachers, and \$1,500 to \$2,500 for superintendents.

Applicants will be required to pay their traveling expenses from their places of residence to Manila, but if it is found necessary for the Philippine government to bear any part of such traveling expenses 10 per cent of the monthly salary of the employee will be retained until the amount retained is equal to the amount borne by the government. At the expiration of two years satisfactory service the actual and necessary traveling expenses borne by an employee in proceeding to Manila will be refunded to him. He will be allowed half salary from the date of his arrival in the islands, provided that he proceeds directly to the islands; otherwise, he will be allowed half salary for each day of delay. The date of his departure from the date of his arrival in the islands will not be paid until after two years of satisfactory service. Each employee will be required to furnish a guaranty of at least two years in the Philippines unless sooner released by the civil government or superior head of department.

A person who has been employed continuously in the Philippine service for three years or more is, upon his request when retiring from that service, entitled to transportation from Manila to San Francisco, and is allowed half salary for thirty days in addition to the salary for the period which he may be granted as leave of absence.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedy at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be averted off. There is no question whatever about this, as during the 30 years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Boston, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years, I use it in cases of pneumonia and have always gotten the best results." Sold by all druggists.

CALIFORNIA FLOODS.

A Salt Lake Tells of Great Deluge Caused by Breaking of Levees.

B. F. Grant has returned from his two weeks' California trip. He found in the Sacramento valley much consternation owing to the breaking of the levees between the state capital, which flooded an immense area of country. Mr. Grant saw miles of fruit trees standing in water reaching half way up their trunks, and over great tracts of water the lines of fencing were marked by brushwood that had been cut off by the rushing water. The crevasse sounded like the roar of some great waterfall.

Central California has had 30 inches of rain in six weeks, and they don't know that more is coming. The people wish the southern part of the state had the surplusage. Mr. Grant found southern California pretty dry. There had been two months of rain, but it is not enough for that part of the country. He was much impressed with the management of the Royal mine in Calaveras county, a gold proposition, where 100 stamps were being worked, and the entire operation of reduction conducted by 10 men. The cost of the same including the cost of the stamps is said to be 40 cents per ton. Mr. Grant thinks that is profitable mining.

BLIZZARD IN WYOMING.

Snow Storm Accompanied by a Gale of Wind is Raging Today.

(Special to the "News.")

Cheyenne, Wyo., March 3.—The first real blizzard of the winter spread over this section yesterday. Considerable snow is falling and the storm is accompanied by a gale. The weather is not cold and there are no fears of stock losses.

RIVERS RUNNING HIGH.

Prof. Swenden of the geological survey has sent Engineer Caleb Tanner to take measurements of the Sevier river and tributaries, and Engineer W. P. Hardesty to measure the Bear river and its tributaries. The Bear river is on something of a rampage, the flow of that stream at present being 1,400 second feet. The Provo river has also been high, and on Feb. 24 was running 500 second feet.

So Sweet and Pleasing in Taste!

Mrs. C. Peterson, 625 Lake St., Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough and cold, and it is so pleasant and pleasing in taste." 25c, 50c and \$1.00 bottle at Z. C. M. I. Drug Dept.

A Warning.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't; but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla.

It's a warning, too—and suffers should heed it—Hood's at once. Buy a bottle today.

UTAH ORATORS AT WORLD'S FAIR.

College Students of State University Decide to Enter National Oratorical Contest.

CANDIDATES ARE TO TRY OUT.

Every Member of the Utah Institution Will be Permitted to Enter The Initial Event.

The college students of the state university have decided to be represented in the coming national oratorical contest between state universities. At a meeting held yesterday, at which Prof. Maud May Babcock presided, this decision was arrived at, and the chairman appointed the following committee to wait upon President Kingsbury and ascertain what assistance may be expected from the university: Oscar Carlson, Thomas Reese and John Jensen.

The immediate plum before the students will be a general contest to be held in the museum hall of the university. Every college student of the institution will be permitted to enter. The judges on this occasion will select seven of the contestants to meet in the Theater during May. At this meeting one will be chosen to represent Utah in a district contest, seven universities participating, and the district meeting will choose one of its orators for the final grand event before seven universities, to take place in the Hall of Congress at St. Louis on June 22.

The idea of an oratorical league originated with President Guy Potter Benton of Miami (Ohio) university, and as the result of a conference of presidents, the world's fair made the oratorical contest part of the program. The intention is, however, to make the contest an annual event.

The subject for the 22nd of June is as follows:

Symposium on the "Improvement of City Government in the United States."

1—"Growth and Cosmopolitan Character of American Cities."

2—"The Power and Method of the City Boss."

3—"The Application of the Civil Service Merit System to Municipal Affairs."

4—"Independent Action in City Politics."

5—"The Adaptability of German Municipal Methods to American Cities."

6—"The Franchise System vs Public Ownership."

Cure Sciatic Rheumatism.

Mrs. A. E. Simpson, 509 Craig St., Knoxville, Tenn., writes, June 10th, 1897: "I have been trying the bath of Hot Springs, Ark., for sciatic rheumatism, but I get more relief from Ballard's Snow Liniment than from any medicine or anything I have ever tried. Enclosed find postoffice order for \$1.00. Send me a large bottle by Southern Express." Sold by Z. C. M. I. Drug Dept.

CHURCH NOTICES.

Attention, Ward Missionaries!

Please take notice that the proposed division of the Salt Lake stake does not in any way release you from the labor to which you have been called in your respective wards, and you are earnestly urged to diligently continue your efforts to further the missionary work entrusted to your care until honorably relieved by the same authority that called you.
