FORTY-SIXTH CONGRESS

CONGRESSIONAL

Senate.

WASHINGTON, 15.—A number of

Delegates hills presented

the postal etc., bill printed

and recommitted.

After the morning hour the Gene-
va Award bill was considered, the
motion being for Mr. Hoar's
amendment striking off the provi-
sion for the payment of Underwrit-
er's losses.

Thurman said the adoption of
this would defeat the principal ob-
ject of the bill. After a tilt between
Blaine and Conkling regarding
Thurman's complaint that the Sen-
ate was violating the custom of close
debates, Blaine made a long speech
against the bill, calling it a "pig in
a poke" and saying that in the history of the
country there had not been so idle a
Congress as the present.

Thurman said he would request the
Senate to finish the bill on Saturday or Monday. Adjourned.

HOUSE.

WASHINGTON, 15.—Baker moved
to increase the appropriation for
clothing the Sioux to \$20,000.

Blaine said the Indian wars were
due to insufficient appropriations for
Indians. The Committee on Indian
affairs had been investigating the
Utah outbreak and found that the
chief cause.

Baker's amendment was adopted.

Baker moved to increase by \$9,000
the appropriation for the subsistence
of the Sioux.

Ford opposed it. The bill appropri-
pated \$1,000,000 for the Sioux or
\$30,000 for each congressional district
in the country. The longer the Sioux
were supported in idleness the more
vicious and vagrant they would be.

Wright said there were poor
white men in the land quite as de-
serving of care and protection as the
red men.

Magnini, of Montana, thought
that inasmuch as the Government
purchased peace the best thing
was to let the Indians have the
purchase money. He denied that
the people of the West desired to
get up an Indian war. When the
people of Chicago would burn down
the city or the people of Memphis
would burn down their city never
thinks of the West. Easterners
are not so anxious for the
West as desire an Indian war for
the sake of a few dirty dollars which
the Washington contractors will
get.

After a long debate the amend-
ment was rejected.

Baker submitted an amendment
increasing from \$30,000 to \$30,000
the appropriation for the subsistence
of the Sioux. After a debate, it was
rejected.

Ryan (Ks.) submitted an amend-
ment providing that all bids for the
provision of Indians and for the
transportation of the same, shall be
opened and contracts awarded at the
Mississippi Valley. Pending discussion, a
recess was taken.

In the House this evening, Con-
ger made some humorous but sarcastic
remarks on the West Point out-
rages in which he confessed, incre-
dibly as it might seem, that the
Democrats had been right in de-
nouncing the West Point Academy,
and perhaps the South was
advised to go to great lengths above
Congressmen that they could not
associate with those of different color
from themselves.

Several bills passed.
Adjourned.

Tilden's Withdrawal—Indian Ap-
propriations.

WASHINGTON, 15.—The telegram
from Washington to a Philadelphia
paper, stating that Tilden had pre-
pared a letter to be presented to the
coming State Convention in New
York, announcing his withdrawal
from the Presidential race, was a
topic of much discussion at the
Capitol today. The speakers on
either side of the question
from New York and other Eastern
States appears to be, that Tilden
really intends to withdraw. Several
of the congressmen expressing this
opinion are known to be on excellent
terms with Tilden. One prominent
Senator, who is also well-informed
of the details of the situation and whose
views on Tilden are firmly held,
said that while the reports may
not be true in detail, it was a fact
that Tilden has determined not to
be a candidate. He may make the
announcement to the State Convention
but it is until the National
Convention meets, he will cer-
tainly go on the field. At one time
or the other, the announcement will
be made in the opinion of this Senator,
if his opponents are in the majority.

The House of Representatives to-
day practically completed its consider-
ation of the Indian appropriation
bill so far as ordinary details are
concerned, although another day or
two will be required to vote over
the opposition to abolish the
Commission of Indian Commissioners and trans-
fer the control of the Indians to the
War Department. The Pacific coast
members are already agreed to. These
are the day's agenda and interpre-
tations of direct treaty stipulations are as follows:
