THE IRON HEADLINE.

We give place in another column to a letter from a friend in Idaho City, who reports that some of the iron headlines in the Idaho City water works are being replaced by iron headlines. The letter says that the iron headlines are being replaced by iron headlines. The letter says that the iron headlines are being replaced by iron headlines. The letter says that the iron headlines are being replaced by iron headlines.

very satisfied. It was noted that the city should have its own water and light plant, and in support of this idea, Mr. Jones was cited as an example in the water works and light plant. The result of the action was that the city should have its own water and light plant.

A detailed report of the workings of the water works has been published in the Deseret Evening News. The report shows that the water works are doing well, and that the city should have its own water and light plant. The report shows that the water works are doing well, and that the city should have its own water and light plant.

The report shows that the water works are doing well, and that the city should have its own water and light plant. AFTER THE CHARTER.

Judged by the amount of cigarette smoking that goes on among boys in this community, an observer might be led to the view that many parents have either very ignorant or very indifferent ideas of the health, or even the moral, and physical welfare of their sons. In other communities there are laws against the sale of cigarettes to minors, but because of the difficulty in enforcing them, they have not proved as effective as one might expect. This has led to further legal steps against the cigarette trade, and in many places measures have been passed, forbidding the sale of cigarettes to minors, and even prohibiting their disposal to such persons.

The question of cigarette smoking is now to be the subject of the next session of the city council. It is a question of the health of the city, and of the health of the city. It is a question of the health of the city, and of the health of the city. It is a question of the health of the city, and of the health of the city.
