

## BUSINESS WEAK IN MINING STOCKS

Brokers Still Labor Under Difficulties on the Exchange.

## FOUR ACES IS STRONGER,

But the Bulk of Stocks Continue Under Pressure of the Bear-Sales on the Call.

On the exchange this morning, the volume of business was a trifle greater than that transacted the previous evening, the market being off about \$200,000, which was for the sum of stocks, thereby speaking, the market continued weak all day. Four Aces showed a slight improvement, the stock falling between 22 and 24 cents, and closing with a bid of 12½. Conger, which has been on the board for a few days, made its first transaction in the \$100 shares changing hands at 10 cents a share. The stock closed with a ready bid of 8¢, after which D. W. was made a sale, the shares going to 12½ and the stock remaining flat. Four Aces had a bearing of 4½, and a number of stocks were after 12½. A few stocks found a buyer at 10½, and Four Aces finished out 1000 shares at the figures above stated. For yesterday the brokers paid 90 cents, and after getting 100 shares of this, they moved to Galena, where business was done first at 12 and then at 12½, where the stock remained, as the signal was given for another. Picking up Lower Mammoth, the boys bid business at 82, then at 81½, and from here on the stock was off again. Northern Light was practically stationary and sold at 27 cents, while Sacramento was off at 26 to 28 and was consolidated at 25½ and 26½, these transfers closing business for those of the later class.

Dealing with stocks unlisted, there were sales of Bullion Stock Trust at 14 cents, after which Bullion took part at 15 cents and Goldie Eagle sold a trifling amount. Powers Electric Co. had a bid of 11½ and Northern Washington had a bearing of 10½ cents. Mammoth was freely dealt with at 15½ and 16½ cents, while Sacramento was off at 26 to 28 and was consolidated at 25½ and 26½, these transfers closing business for those of the later class.

The closing figures were as follows:
