SMELTER EXPANSION.

Great Strides Made by A. S. & R. During Past Year.

The American Smelting & Refining Co. has made great progress in the past 12 months in the way of adding to its mineral and smelting holdings in the United States and Mexico. This organization, together with its subsidorganization, together with its subsid-iary enterprise, the American Smelters Securities Co., took over the control of the Federal Smelting Co. in the Coeur d'Alenes in Idaho, absorbed the Ta-coma, Everett and Selby smelters in the west, purchased the Utah Copper-properties at Bingham, Utah, and has now possession of the properties here-tofore belonging to the Guggenheim Exploration Co.

tofore belonging to the Guggenheim Exploration Co. The American Smelters' Securities Co. has succeeded to the business of the American Smelters' Exploration Co. with a capital of \$77,000,000, divided into \$17,000,000 "A" 6 per cent preferred stock, \$30,000,000 guaranteed 5 per cent preferred stock and \$30,000,000 com-mon stock. The securities company is controlled by the American Smelt-ing & Refining Co., the officers of the two being almost identical. The principal properties acquired by

The principal properties acquired by the securities company are the Selby Smelting & Lead Co. of San Francisco, with an annual business of \$25,000,000; the Transme Smelting Co. safety. the Tacoma Smelling Co., operating lead and copper smellers, and a copper electrolytic refinery with proposed copper rolling mills and wire mills, and the Puget Sound Reduction Co. at Everett, Wash., on Puget Sonud, consisting of a lead smelter and lead refinery. A 25-year contract has been secured with the Bunker Hill & Sullivan mines, the largest single lead producers in the the largest single lead producers in the United States, with an output of 50,-000 tons of pig lead annually. To the properties of the exploration company have been added those of the Central Smelting Co. of Missouri, at a cost of \$1,600,000, tributary to the lead smelter of Alton II, with a capacity of 125 at Alton, II., with a capacity of 125 tons of pig lead per day. Besides the erection of the 3.000-ton copper smelter at Garfield, Utah, which copper smelter at Garfield, Utah, which is now in progress, a lead and copper smelter has been put up in the state of Durango, Mex., while another smelt-ing plant is being built in California. Plans are being drafted for a lead and copper smelter at Chihuahua, Mex., and for the lead-sliver business, the patents of the Huntington & Huberlein roaster, for the United States and Mexico, have been accuired. been acquired. To care for the output of the smeltto care for the output of the shell of ers now in process of construction, the copper refinery at Perth Amboy, N. J., is being enlarged by an increased re-fining capacity of 72,000,000 pounds per

visable, and Orson H. Hewlett then told of the large amount of money sent cost of the large amount of money sent east annually that might as well be kept here and used in building up the country. The new factories will give employment to hundreds of people sum-mer and winter, and this employment will be of a much more pleasant grade than that in which many of them are now employed now employed.

DIRECTORS AND OFFICERS.

A PROSPEROUS YEAR. Brief remarks endorsing the move-"The year 1965 was the most prosperment followed from a number of la-dies, after which the following directors were elected by unanimous vote: Mrs. A. V. Taylor, Mrs. Emma Em-pey, Mrs. Lydia D. Alder, Mrs. Thomous for all interested in mining coal of any years since mining commenced in Utah," continues Mr. Thomas. "It would have been far more prosperous if the railroads had had sufficient equip-ment to handle the coal, while the mine officials, owing to a scarcity of miners, could not comply with the great de-mand for coal. pey, Mrs. Lydia D. Alder, Mrs. Thom-as Adams, Mrs. Annie Pearson, Mrs. Mary F. Kelly, Mrs. Martha J. Wat-son, Mrs. Joseph M. Cohen, Mrs. Adelia W. Eardley, Mrs. I. C. Glosz, Mrs. Helen Metras, Mrs. Louisa Coalson, Mrs. Sig Simon, Mrs. C. J. McNitt, Mrs. G. H. Baybould. During the year just closed relations between the employer and employe have

Raybould. been most cordial, governed by mutual confidence and symapthy. There have been no labor troubles or dissensions, and the mine owners have liberally The directors elected as officers, Mrs. A. V. Taylor, president; Mrs. Joseph A. V. Taylor, president; Mrs. Joseph M. Cohen, first vice president; Mrs. Thomas Adams, second vice president; Mrs. Mary F. Kelley, secretary; and Mrs. Martin Wilson, treasurer. A com-mittee consisting of Mrs. Adams and Mrs. Cohen was appointed to confer with President Hewlett of the manufac-turers and Marchants; association of the second second three and Marchants; association of the second second second three and Marchants; association of the second sec shared with the mine workers the profits from the mines, paying satisfactory wages and affording them steady employment to the extent of their ability. Special care has been taken by the mine owners and local managements to pro-tect the workmen from injury to body turers and Merchants' association, and ascertain just what the auxiliary's duand death. They have endeavored to comply with all state laws on this sub-ject and did not hesitate to incur adties are to be.

PLEDGE TO PURCHASE.

During the informal reception the membership rolls were signed, to which was attached th following pledge: "We hereby pledge ourselves to pat-route here berge further the state of the st ditional expense to secure additional "The number of accidents, while low

THE CARBONATE HILL.

Manager Daugherty Preparing for Vigorous Campaigu.

Matt A. Dougherty, manager of the Carbonate Hill mine near Peterson, Morgan county, returned from that property this forenoon where he has been for the past week with a party of

Mr. Daugherty is preparing to open up a very vigorous development cam-paign at the Carbonate Hill and ex-pects, after some of the ore bodies are connected up, to increase ore shipments.

IMPORTANT RULING.

Colorado Supreme Court on the Mat-

ter of Driving Tunnels. The Colorado supreme court has ren-

deced an important decision relative t the driving of tunnels through the property of another. The case tried in property of another. The case tried in the Colorado courts bears the title of Frank P. Tanner vs Treasry Tunnel, Mining & Reduction company. It is heid that parties working a mining claim may tunnel under property be-longing to another if they so desire, but that the parties so tunneling must pay for the value of the ore taken out. The court says: "The number who may avail themselves of the benefits of the tunnel will be limited, but this is mere-ly the result of natural conditions aris-

NEVADA STOCKS BOOM.

Some Sensational Advances in Price Reported Today.

There is a boom on in Tonopah stocks today and the San Francisco market today and the San Francisco market has been the liveliest experienced in many days. As will be noted from the closing quotations today, which came over the private wires of James A. Pollock & Co. Montana-Tonopah, Ton-opah Midway, Jin Butler, Tonopah Ex-tension, Jumbo, West End and several others made marked advances over the quotations of yesterday. Today's quo-tations are:

in comparison with other states, is no doubt much higher than it would have if the workmen were of a more careful class and were able to co-oper-ate with their employes in efforts to provide for their safety. It must be borne in mind that of the large num-ber of miners employed in Carbon county three-fourths are foreigners un-able to speak our language and men who have not been trained to exercise care, even for their own protection,

out the day. "The great source of danger is in the

free use of powder, such as blown out shots, etc., and nearly all of our ex-plosions come through this source, es-

pecially when a mine is dry and dusty.

PRODUCTION IN 1995.

The report shows that the total pro-The report shows that the total pro-duction of coal during the year was 1.662.528 tons, an increase of 39.524 tons over 1904. The output of coke was 215,-712 tons, an increase of 30.695 tons over the preceding year. The coal production during 1905 was distributed among coun-ties or college. Contour 1444 55 tons. ties as follows: Carbon, 1,444,565 tons; Summit, 74,911 tons; Sanpete, 4,262 tons; Emery, 3,500 tons; all other countles, 75,-350 tons. The value of the coal is placed at \$1,890,982, an average of \$1.18 per ton

at \$1,890,882, an average of \$1.18 per ton on cars at the mine. The report shows that 1,963 men were employed in the coal mines and worked 2,376 days. Fatal accidents numbered seven, and other serious accidents, 36. The mines used 150,642 pounds of pow-der and 83,692 pounds of dynamite. Horses and mules to the number of 167 were employed in the number of 167 were and mules to the number. Fifty steam bollers and two locomotives were used. Coke ovens in operation number-ed 754. Employes of the Utah Fuel company,

the leading producer, are classified ac-cording to race as follows: Americans, 879; Germans, 54; Finns, 157; Italians, 171; Austrians, 260; Swedes, 7; French-men, 16; Greeks, 111; Slavs, 3; negroes, 14; Mexicans, 2; Japs, 46,

WILL SHIP ORE.

Lot to Come From Good Springs, Nev., District. James Kennelly, the well known mining man and prospector, expects to leave for the Good Springs, Nev., distexter for the Good Springs, Nev., dis-trict in a few days for the purpose of getting out a shipment of ore from the Ballion property, owned by Judge Street and others of this city. An order was placed today for 2,000 ore sacks, which will be sent south on the sack train

In early train, Mr. Kennelly says the ore to be sent to the smelters will average close to 100 ounces in silver.

DIFFERENCES ARE SETTLED.

The Carisa and Mammoth Mining companies have settled a long standing dispute over a bill rendered by the latter for water. The compressor plant at the mine is in operation again and the property is the scene of old time activity again activity again.

BIG SHOVEL SHIPPED.

Advices have been received from the east to the effect that one of the big steam shovels that is to do service on the properties of the Utah Copper company has been shipped from the fac-tory and will arrive in Bingham about Feb. 1.

CONCENTRATES.

Engineer J. M. Callow has returned from a brief business trip to Denver. Manager D. C. Jackling of the Utah

Copper company is in Bingham today. Supt. Frank P. Swindler of the Bam-

berger Delamar mines will leave for the south again tonight. Samuel A. Paul has returned from a professional trip to the Carbonate Hill mine near Peterson, Morgan county. Managing Director Henry Catrow of the Chio Copper company is expected to arrive from the east next Saturday.

Assistant General Manager Herman H. Green of the Bingham Consolidated

nize home institutions in preference possible, and to promote the use of home-made goods whenever and where-ever possible, and with the price and quality being equal, to purchase goods manufactured in the factories of this state in preference to imported goods

when possible." The following additions have been made to the membership of the associa-

tion: Walker Bros, Dry Goods company, Strevell-Patterson Hardware company, Rowe, Morris & Summerhays company, Robinson Bros., Henry Rippe Bros., Clayton Music company, Rowe & Kelly, Clayton Music company, Rowe & Kelly, Porter-Walton Forwarding company, Fox & Symonds, C. S. Martin Commis-sion company, Utah Maccaroni com-pany, Wonder Millinery company, John Edwards, J. F. and H. E. Schraven, O. D. Banks & Co., H. S. Margetts, J. Burrows & Co., Madsen & Johansen, Meredith & Guthrie, J. H. Ebert & Co., W. I. Trout Produce company, * S. Mishkind, Midgley Bros., Model Steam Laundry, Smith & Adams, Mrs. D. C. Warren, Mrs. J. S. McKerness, Sait Lake Costuming company, Robert Loi-selle, H. W. Higley & Co.

is at the Commercial mine in Bingham today.

A. B. Greeson, manager of the Mining Review, expects to leave for San Francisco on Saturday on a brief business trip.

The first steel structural material for the new mill of the Utah Copper com-pany is expected to commence to arrive about February. The management of the Great Copper

King mine in the Little Cottonwood dis-trict has let a contract to sink 100 feet below the tunnel level.

The new directors of the Butler-Liberal Mining company have fixed Sat-urday afternoon at 2 o'clock as the time to meet for organization.

The directors of the South Columbus at Alta have called upon shareholders for a one-cent assessment, which be comes delinquent on Feb. 5.

The ore and buillon settlements reported late yesterday were as follows: Crude ore and concentrate, \$34,300; base bullion, \$29,200; gold bars, \$8,500.

James W. Nelll, consulting engineer of the new East Butte Mining com-pany, was in the city for a few hours yesterday and left for the north last night.

The Taylor & Brunton samplers reported the receipt this morning of 10 cars of ore from California, 1 from Nevada, 1 from Bingham, 4 from Frisco and 1 from Stockton,

Muresco on the Walls Emola Finish on the Furniture.

These are two things which are almost a necessity in modern homes.
