J. W. MOORE FOR POSTMASTER AT SALT LAKE

CONGRESSIONAL.

SENATE.
Appointments Confirmed—The Peabody Resolution—The Immigration Bill—The International Exhibition—Reconstruction.
Sumner introduced a bill to carry out the Reconstruction Acts in the State of Virginia, and to secure equality before the law, which he gave notice he would move as a substitute to the bill reported by the Committee. It alleges various irregularities and defects in the organization of the present legislature, and declares the existing state government provisional only, and directs the military Commander of the First District to assemble the present legislature within thirty days, excluding all who cannot take the test oath. It provides that upon the ratification of the 15th amendment the State may be admitted to representation in Congress, upon the fundamental condition that the constitution of Virginia shall never be altered (so as to deprive any citizens of equal rights in every respect).

The following appointments were confirmed: Geo. T. Shepley, of Maine, Judge of the First Circuit; Louis B. Woodruff, New York, to the second; William McKenna, Pennsylvania, to the third; William Blood, Alabama, to the fifth; J. L. Withey, Michigan, to the sixth; Thomas Drummond, Illinois, to the seventh; John F. Dillon, of Iowa, to the eighth. The nomination of Geo. A. Pierce, Maryland, for the fourth circuit is understood to have been met somewhat unfavorably, but is still pending, together with that of Lorenzo Sawyer, for the ninth circuit.

Before the latter nomination was reached for action, a motion prevailed to take up the nomination of Hoar as Assistant Justice of the Supreme Court. A very long and, at times, stormy debate ensued as to the propriety or advisability of confirming it. Finally it became apparent that the majority of the Senators present were opposed to the confirmation, and Hoar's friends moved that further consideration be postponed. This motion was negatived, as was also the next one that the Senate adjourn. At this point a canvass of the Senate showed there was a majority of 12 in favor of rejecting the nomination, and it was understood that several New England Senators thereupon pledged themselves if the majority would allow the nomination to be simply tabled, Hoar should be withdrawn. Upon this understanding the nomination was accordingly tabled.

Among the nominations confirmed in the early part of the session were those of Warren Cowley, of Pennsylvania, U. S. Attorney for Dakota, and J. W. Moore, Postmaster at Salt Lake City.

The House resolution, relative to the death of Geo. Peabody, was concurred in.

Williams moved to refer the bill to regulate immigration to the United States to the Committee on Commerce. He explained that the object of the bill was to prevent, as far as practicable, the importation of Coolies and dissolute Chinese women by avoiding all contracts for their importation and prohibiting agreements by owners of vessels to transport persons from China, except with the persons themselves. It was the intention to protect the laborers of this country, so far as practicable, from the presence of that class of degenerate Chinese, who were accustomed to subjection to another class and compelled to work for wages upon which a free man would starve.

HOUSE.

The Census and other Bills.
WASHINGTON.—A number of bills were introduced and referred. The House then went into a Committee of the Whole for general debate. Cullum addressed the committee on the subject of the apportionment under the next census, favoring an increase of representatives to at least three hundred. He thought the whole system of representation should be revised so that minorities as well as majorities might be represented. He was replied to by the arguments of Cullum, and reported the ideas advanced as tending to impair the rights of States. A number of other members spoke on various subjects. When the members rose, Stevenson introduced a bill to amend the Internal Revenue laws by repealing the clause allowing street railway companies to add the government tax to the fare of passengers. The House adjourned until January 10th.

WASHINGTON.

The "Alabama" Claims.—The Georgia Bill Signed.
WASHINGTON.—The President has sent the Alabama claims correspondence to the Senate in accordance with the resolution of Sumner. It is extremely lengthy.

Secretary Fish, under date of Sep. 15, 1899, to Motley, informs that gentleman that at the time of his departure from the United States the claims were not in a condition the most hopeful for negotiation, and the subsidence of negotiations for a short time might allay excitement. To this Lord Clarendon expressed his agreement but thought that the President of the United States might now consider it appropriate to resume negotiations. Fish says to Motley that the President hopes her Majesty's government will conduct further negotiations at Washington where any propositions will be received and carefully considered by the President.

Lord Clarendon's letter to Minister Thornton dated Nov. 6, 1899, refers to the dispatch of Secretary Fish on the causes of dissatisfaction which the United States considers itself entitled to with the British government during the late war. Lord Clarendon says Secretary Fish's dispatch makes no proposition as to the manner in which such dissatisfaction may be rendered, but instructs Minister Thornton to inform fish that the British government will be ready to co-operate in any honorable manner, to effect a satisfactory adjustment of the difficulties between the two countries on the Alabama claims.

The President has signed the Georgia reconstruction bill.

PENNSYLVANIA.

PITTSBURG.—The ruins of the school building, at Allegheny City, which was burned yesterday, fell in today, injuring 2 children, probably fatally.

NEW YORK.

President Cerdes Proclamation—The Lottery War—A New Temperance Party—Assault.

NEW YORK.—The Sun publishes a lengthy proclamation from President Cerdes, dated Guaymas, Cuba, Nov. 30th. He claims to have 40,000 troops well armed with discipline and to be receiving supplies and munitions of war quite regularly. He asks recognition by the Congress of the United States. He says we have captured 1925 Spanish soldiers, 1471 of whom have been released on paroles, and captured 6321 stand of arms and 29 pieces of artillery from the enemy. Our lines to-day are within rifle shot of every city and town on the Island east of the city of Matanzas, and we are able to engage the enemy at one point or another daily. We have directed the armies to spoil, burn and destroy the cane fields of the Island and disable the sugar mills. We have liberated one hundred and forty-five thousand slaves at a loss of a hundred million dollars. We have our duty to do and taking our wisest counselors into our confidence we have gone straight forward in the programme of our duty.

NEW YORK, 22.—Another move has been made in the lottery war. Ben. Wood has again obtained control of the business through an order of Judge Cardozo. It is said Wood intends to wash his hands of the lottery business and sell the property by public auction.

The State temperance convention yesterday inaugurated a new party to be called "the New York anti-dram slugging party."

TRIO.—Yesterday evening, John A. Cresser, a one-armed soldier, attacked John Reardon, for an alleged criminal intimacy between Reardon and Cresser's wife. Reardon will most probably die. Cresser is in jail.

CHICAGO.

The debate on Hoar's Appointment.

The Tribunes Washington special says the debate in the Senate on the nomination of Hoar was one of the most singular ever heard, and at times bitter and personal. Trumbull was the only member of the Judiciary Committee who spoke in favor of confirmation.

SPAIN.

The Duke and the Crown—A Ministerial Hunt.

MADRID, 22.—It is reported here, that a council of the Italian royal family was held at Turin yesterday, to decide the question of the Duke of Genoa's candidacy to the Spanish throne.

The Spanish government and the partisans of the young Duke, have not yet abandoned the hope of making him king of Spain.

The government has ordered an election to fill the vacancies in the Cortes, to take place on the 20th of January, in expectation of adding to the majority for the Duke of Genoa. The election will be hotly contested.

The Ministers have gone on a hunting excursion to the mountains near Toledo. Three hundred guards and a battalion of infantry were ordered to accompany and protect the party.

GREAT BRITAIN.

New Bishops—Infallibility Failing—Overend, Gurney & Co.

LONDON, 22.—The Newly appointed Bishops of Exeter, Bath and Wells, and of the Falkland Islands, were consecrated yesterday at Westminster Abbey.

It is stated that the troops in Ireland are hereafter to be more generally billeted among the inhabitants.

The latest advices from Rome indicate that the advocates of papal infallibility are losing ground in the Council.

LONDON.—The Overend, Gurney and Company trial is concluded. The result is an acquittal.
