Schenck's Pulmonic Syrup for the cure of Consumption, Coughs and Croup.

The great virtue of this medicine is that it ripens the matter and throws it out of the system, purifies the blood, and thus effects a cure.

Schenck's Sea-Weed Tonic, for the Cure of Dyspepsia, Indigestion, &c.

The Tonic produces a healthy action of the stomach, creating an appetite, forming chyle, and curing the most obstinate cases of indigestion.

Schenck's Mandrake Pills, for the Cure of Liver Complaint, &c.

These Pills are alternative, and produce a healthy action of the liver, without the least danger, as they are free from calomel, and yet more efficacious in restoring a healthy action of the liver.

These remedies are a certain cure for Consumption, as the Pulmonic Syrup ripens the matter and throws it out of the system, and the Mandrake Pills act upon the liver, create a healthy bile, and remove all diseases of the liver, often a cause of consumption.

The Sea-Weed Tonic gives tone and strength to the stomach, makes a good digestion, and enables the organs to form good blood; and thus creates a healthy circulation of healthy blood, and the combined action of these medicines, as thus explained, will cure every case of consumption, if taken in time, and the use of the medicines persevered in.

Dr. Schenck is professionally at his principal office, corner Sixth and Arch Sts., every Monday, where all letters for advice must be addressed.

### PRICE OF GOLD.

Corrected daily by Denver National Bank.

SALT LAKE CITY, November 23, 1877.

Buying at \$100. Selling at \$100.

### LOCAL AND OTHER MATTERS.

Thermometer 43 degrees F. in the shade at 1 p.m. to-day. Cloudy.

Coal.—J. W. Browning, of Ogden has found a valuable bed of coal thirty-six miles east of Ogden, near Lost Creek. So we learn from the Junction. Just what was wanted.

Erratum.—In the account of Elder W. Woodruff's visit to Sanpete, in yesterday's News, the name of Elder Erastus Snow was inadvertently inserted in place of Elder Lorenzo Snow. Elder Erastus Snow was not there.

Home Mission.—Home missionaries will preach in all the wards of this city next Sunday, the 25th inst., excepting the Fourth and Fifth Wards, the latter being in course of completion, and unfit for holding meetings there. Those missionaries who were appointed to that Ward will please govern themselves accordingly.

"Goals to Newcastle."—"Carrying goals to Newcastle" is nearly thrown into the shade. Several produce merchants of this city have lately been shipping bran into this market from the Missouri River. This too, when the Territory is plethoric with the "staff of life."

We presume the cause of this bran importation is that the market is already stocked with flour, and therefore the necessity for making more does not exist, and when flour is not being made, bran is not produced.

Cedar City.—By letter from Louis Fisher, dated Cedar City, November 19th, 1877, we learn that the Sunday School of that Ward was re-organized on the 11th inst., with the following officers: Superintendent, Samuel Leigh; First Assistant Superintendent, John V. Adams; Second Assistant Superintendent, John P. Jun.; Secretary, Louis Fisher; Assistant Secretary, Lehi Jones; Treasurer, Jos. S. Hunter; Librarian, Saml. Wood; Chorister, Joseph Coslett.

New Machinery.—Solomon Brothers, manufacturers of boots and shoes, have just received a couple of pieces of machinery, made by Silman, of Birmingham, England. The largest piece is for cutting soles and heel pieces, and operates by foot treadles, dispensing with the old method of cutting by pounding with a mallet. The other machine is much smaller, and is used for perforating the soles to receive the pegs or rivets. Twenty hands are employed at the establishment and large quantities of goods are turned out.

The machinery was imported from Birmingham through Z. C. M. I.

The Sandwich Islands.—Quite a large audience attended the lecture on the "Sandwich Islands," at the 7th Ward Assembly Rooms last evening. Elder Lambert treated the subject in an interesting and instructive manner, exhibiting, in the course of the lecture, a number of specimens from the islands.

Elders George Q. Cannon and Joseph F. Smith were present and the latter made a few remarks at the close, following up the matter of the lecture, Elder Smith having spent a considerable time on the islands, as a missionary, a number of years ago.

Some Kanakas who were present related the audience with a native song, and the 7th Ward string band supplied some good instrumental music.

Returned Again.—This morning we received a call from Elder Joseph B. Reynolds. In 1854 he arrived in this city, from the State of New York. In 1855 he went east, with the intention of returning with his family. He states that a complication of circumstances prevented him carrying out his intention, and he only reached here on the first of last month, and was followed by his family a few weeks subsequently, after an absence from the gathering place of the Saints of twenty-one years.

He naturally sees great changes since 1855, and is surprised at the material advancement that has been made. His last place of residence was in Pennsylvania. He expresses himself as pleased to be once more in Utah.

The Last of the City Wards.—The Presidency of the State met with the Elders, Priests, Teachers and Deacons of the Fifteenth and Brighton Wards, last evening, when the following brethren were unanimously sustained in the positions named, and all set apart, excepting one who was absent: James W. Ure, President of the Elders Quorum, composed of the Elders in the Fifteenth and Brighton Wards; Andrew S. Gray and William Gode, counselors.

Jedediah W. Ashton, President of the First Quorum of Deacons in the Fifteenth Ward; Jacob Olson and Benjamin F. LeBaron, counselors.

This completes the organization of the Elders and Deacons' Quorums in this City, with the exception of a few who were not present, as soon as the organization of these quorums, not as yet completed, is reported up the names of the presidency thereof will be published in the News.

There will not be more than enough ordained Priests in this city to fill one quorum, and only about enough Teachers (ordained) to fill two. They will be duly notified, through the News, when and where to meet when their organization will be effected.

## Returned Missionaries.—This

morning we were pleased to receive a call from Elder William Paxman, of American Fork and Elder W. C. A. Smoot, Jr., of Provo, who returned from missions to Europe with the last company of emigrants that arrived, but whom we had not seen since their arrival until to-day.

Elder Paxman, who had charge of the emigrant company alluded to, left for Britain, Oct. 23, 1875. He labored during the whole time in the London Conference, first as traveling Elder in the Essex district of that field, and for the last thirteen months as president of the Conference. He baptized seventy-nine persons who had never belonged to the Church, and about twenty-five who had formerly held a standing and fallen away, making about a hundred in all. He greatly enjoyed his labors, and was everywhere received and treated with kindness.

Elder Smoot left home at the same time as Elder Paxman. On arriving in England, he received an appointment to labor in the Sheffield conference, under the direction of Elder Peter Barton, then President of the conference. During the last year of his stay, he presided over the conference, succeeded Elder Barton in that position. He and others who were laboring in that part, baptized quite a number of people, and recently a spirit of enquiry relative to the gospel, appeared to prevail, and the prospects for a good work, were encouraging.

Elder Smoot, who is a young man, enjoyed his labors exceedingly, and appreciates the experience he gained as a missionary.

Mining South.—A gentleman who recently returned from Frisco Mining District, south of Beaver, states that business has lagged there since the burning of Campbell, Cullom & Co's smelter. However, he expresses the belief that it will become one of the most important mining camps in Utah. The firm named have shipped material from this city for the erection forthwith of three smelting furnaces, and the Frisco Smelting Company intend erecting an additional stack between now and next Spring.

Notwithstanding these intended improvements, our informant states that the District will not be a good place for persons to go to who are seeking employment until Spring opens.

Weather.—By courtesy of the Deseret Telegraph Company we are enabled to publish the annexed weather report:

NOVEMBER 23d, 2.35 p.m.

Monroe—Clear, and rather cold nights.

Montoni—Very cold and windy, rather cloudy.

Mount Pleasant—Very cloudy, cold and windy.

Ephraim—Little cloudy and cold.

Nephi—Windy and cloudy.

Provo—Cloudy and windy.

Payson—Cloudy and windy.

Pittmore—Cloudy and cool, wind blowing.

Toquerville—Clear and pleasant.

Logan—Half snowing and half raining hard.

Kaysville—Snowing and blowing.

Brigham City—It has been raining hard all day and is still raining.

Wood's Cross—Raining hard.

To-Night.—Mrs. Bowers the celebrated tragic actress will appear to-night as Queen Elizabeth in which she has won fame in various parts of the world. She will be ably supported by Mr. J. C. McCollom and the favorites of the stock company. This play will be well worth seeing and Mrs. Bowers is a first class performer.

Suspended.—The masons engaged on the New Tabernacle walls have suspended work for a day or two, pending the arrival of some necessary material.

Address Wanted.—If Charlotte Koch will leave her address at the DESERT NEWS office, her son Edward J. will visit her and be glad to see her.

### TO-DAY'S DISPATCHES.

#### FOREIGN.

##### GREAT BRITAIN.

LIVERPOOL, 23.—The steamer Bohemian, from Boston, is ashore on Bristol bank. She is expected to come off with the tide.

##### Eastern War News.

LONDON, 23.—A special from Genl. Sir George B. Roberts, strongly protesting to the Porte concerning the aggressions of Bashi Bazouks. Martial law has been declared throughout the Serbian frontier provinces. It is positively stated in official circles that a declaration of war may be hourly expected.

##### Bullion in Bank.

The bullion gone into the Bank of England on balance, to-day, is £40,000.

##### Great Fire.

Information has been received that a great fire is raging at Bahls, Brazil.

##### England and the War.

It is said that the recent successes of Russia in Asia, and the probability they will soon achieve as decisive a victory at Plevna, have brought back the government to that state of anxiety into which they were thrown by the first raid across the Balkans. The papers that support the Premier's foreign policy are daily and vehemently demanding the active intervention of England. It is stated the Premier has informed the Russian minister that if Adrianople is taken and Constantinople jeopardized, England may be such an outcry in England as to make her on the part of the country inevitable. Information of this declaration has been sent to the Russian head-quarters, and has made a strong impression there. In these circumstances there is some reason for fearing the country may be dragged into the present conflict. A further ground for such apprehension is that within the last few hours orders have been issued for immediate preparations for an army corps. A great battle is reported proceeding at Timova.

## COLORADO DISASTERS.—A Denver

correspondent writes: All accounts of the fatal victims of distance brought hither from the east are worse than useless in this rare and transparent atmosphere. From the windows of Denver the Rocky Mountains look not more than five miles distant, and an eastern tourist, lately arrived, remarked to his friends the other evening that he believed he could walk out to the mountains the next morning and return before breakfast.

He was permitted to depart, as he had announced, and after an hour or two a carriage was dispatched to overtake and bring him in. The exhausted pedestrian was found partially undressed on the edge of one of the little irrigating ditches, two or three feet wide, which intersect the field in every direction, and when asked what he intended to do answered that he proposed to swim that river. "Why don't you jump across?" How do I know but it's half a mile wide?" answered the tired and disgusted traveler, who will not soon repeat his experiment of walking twenty miles before breakfast.

A Virginia sheriff asked a murderer if he wanted to make a run for it, and he replied: "Guess not; it looks like rain, and I don't want to get wet. Go on with the hanging."
