

WANT TRACTABLE PARLIAMENT

Russian Ministry Begins Preparation for the Elections in December.

THERE IS TO BE NO COERCION.

Ministers Insist on a Program That Will Promulgate Definite Reforms.

St. Petersburg, Aug. 8.—M. Onipko, the peasant member of the late parliament, who was captured red-handed at Cronstadt after the mutiny there, will be tried, it is semi-officially announced, according to the rules of war for inciting and participating in an armed revolt, the penalty for which is death. The authorities are convinced that they have a good case against M. Onipko and hope that it will involve several other prominent extremists in the late parliament to such an extent as to prevent their re-election to any future parliament. The ministry already is beginning a far-reaching campaign preparatory to the election of a more tractable parliament in December. The ministers insist on a program that will consist of the promulgation of definite reforms and the nomination of candidates who will represent these instead of letting the elections go by default as was the case in the default assembly.

They disclaim all intention of attempting to throttle public sentiment, but it is noticeable that their first step was taken through the police who were asked to report all possible governmental candidates for seats.

The session of the cabinet today was devoted to measures of famine relief, which is recognized as one of the most urgent problems in the administration, as well as being an eloquent campaign argument. It was decided to recommend to the emperor an additional credit of \$7,500,000 in addition to the \$5,000,000 voted by parliament in December. The sum is to be used to provide food and employment to keep the stricken population from starvation and the remainder for the purchase of seed grain.

Among the public works recommended are the construction of food embankments, ports, and other improvements on the Volga, on which the unskilled labor in the chief famine district could be employed and for which \$500,000 was voted at the recommendation of Premier Stolypin. The cabinet also voted to extend the "state of extraordinary reinforcement" to all districts of the empire where the semi-annual limit is about to expire.

The official telegraph agency tonight reports the formation of a Yekaterinograd of the reactionary organization whose purpose is to exact a life for a life for every official killed by the revolutionists. The murder of ex-Duchess Hertzenstein is an example of this procedure. The agency also reports an encounter between police and workmen at Kostroma during which Cossacks were summoned and dispersed the crowd with a volley. No mention of the casualties is made.

STOOD ON MOUNT BAKER.

Six Members of Mazamas Party Perish in Perilous Feat.

Bellingham, Wash., Aug. 8.—At 1 P. M. yesterday six members of the Mazamas party stood on the summit of Mount Baker after a perilous ascent. Starting at 5:30 A. M. from their temporary camp, they made the climb to the point where the iron box had been deposited on the previous attempt. Making use of ropes which had been placed over a crevasse just before the party was forced to retreat the day before by the approach of night and tunneling in places through the ice and snow they succeeded in getting around what had seemed impassable barriers and reaching the top. According to the special received late this afternoon by the Herald, a new fissure of considerable size was discovered, and steam arose from hundreds of small craters near the crater. From many of these a stream of boiling water is asserted to have been bubbling.

FUNDS ATTACHED.

S. F. Policyholders Take Action Against A Hamburg Fire Co.

San Francisco, Aug. 8.—The \$55,000 deposited in New York by the Transatlantic Fire Insurance company of Hamburg, which has disavowed liability for its losses here, has been attached by policyholders of San Francisco to prevent the German corporation from withdrawing from the United States.

The attachment was made today by agents of Walter H. Linworth, an attorney acting for a few policyholders here whose claims total about \$60,000. One entire deposit, however, is a trust fund for the benefit of all the policyholders in this country and in case the courts declare the claims just, this money will be distributed proportionately among all. The body of policyholders here met today and decided to form an organization to fight as a unit. It is intended to wage the battle in the German courts.

BAD CANNED GOODS.

Columbus, O., Aug. 8.—Reports of the analysis of 30 samples of potted ham, chicken, hamburger steak, luncheon sausage and similar preparations sold by meat packers submitted to State Dairy and Food Commissioner Ankeny, today, show the presence of preservative and some cases traces of tin and zinc poison. Some cases labelled "potted chicken" were found to be venal. Mr. Ankeny will officially warn the manufacturers that products will be kept out of the Ohio markets unless they comply with the law.

ARRESTED FOR SPIES.

Strasbourg, Aug. 8.—Two brothers named Gilt, one a captain in the French army, stationed at Nancy, the other a medical student from Lyons, both disguised as peasants, were arrested as spies during the military manoeuvres at Fort Crown Prince, near the town of Ars sur Moselle, in Lorraine, where both suspects have been imprisoned.

A TRIPLE TRAGEDY PREVENTED.

Alameda, Cal., Aug. 8.—Mrs. W. D. Hersey tonight attempted to take her own life and that of her two little boys by turning on the gas at her home, 2304 Buena Vista avenue. The triple tragedy was prevented by the coming home of her husband sooner than expected. Hersey is manager of the mechanical department of the Sunset Press. When he arrived home tonight he found the house filled with gas and his wife and two little boys unconscious. They were taken to a neighbor's house, where physicians are working on them and have hopes of saving their lives. The husband stated that the deed

WORST ECZEMA DOCTORS EVER SAW

Spread Rapidly Over Body—Limbs and Arms Had to Be Bandaged and Scalp Looked Dreadful—Suffered Untold Misery for Three Years—Better in Two Months

MARVELOUS CURE BY CUTICURA REMEDIES

"My son, who is now twenty-two years of age, when he was four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us and some from larger places, but no one helped him a particle. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his scalp was just dreadful. I used many kinds of patent medicines before trying the Cuticura Remedies, all to no avail.

"A friend teased me to try Cuticura. At last I consented, when my boy was three years and four months old, having had eczema all that time, and suffering untold misery. I began to use all three of the Cuticura Remedies; the Cuticura Soap helped as well as the Ointment. He was better in two months; in six months he was well; but I gave him the Cuticura Resolvent one year, using twelve bottles, I think—and always used the Cuticura Soap for bathing, and do now a good deal. He was four years old before he was well, and his skin became perfectly fair when cured. I give you permission to publish this letter for I am always glad to do good when I can. I think I have told you all there is necessary to tell." Mrs. R. L. Rieley, Oct. 24, 1905. Piermont, N. H.

must have been deliberately planned, as he found several gas jets wide open. He declared that his married life has been a happy one and he cannot account for his wife's act.

FOUND DEAD.

A Young Woman in the Underbrush Near Santa Monica.

Santa Monica, Cal., Aug. 8.—The unidentified body of a young woman, well dressed, with blond hair, was found in the underbrush in Santa Monica canyon, a mile above Port Los Angeles, today. The girl had been dead a month or more and the likelihood is that she was murdered, as there is a bullet hole through the head. No weapon was found anywhere near the body.

The woman wore a red and black checked silk skirt and white shirt waist; expensive shoes and underclothing of better than ordinary grade. She was about 25 years of age.

The Santa Monica officers, while utterly at a loss for a clue, incline to the theory that the young woman was a visitor from the east to Los Angeles or one of its suburban points, and was lured to the canyon by a man in a carriage or automobile, as the walk from Santa Monica to the canyon is several miles. No woman approaching the description of the presumably murdered girl has been reported missing.

LULL IN LAND FRAUD TRIALS.

Portland, Ore., Aug. 8.—The Evening Telegram says: Owing to the fact that Special Prosecutor Francis J. Heney will have to appear in Washington for trial of the Hyde-Benson case in October, and the further fact that Judge Hunt is anxious to return home early in September, the probabilities are that there will be a lull in the trial of pending

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

land fraud cases in September, lasting until this winter or next spring. Nearly a month has been required to try three cases, and the prosecution has made scarcely more than a start. Several of the longest and most important cases on the docket are yet to be tried and it is impossible to see how the government can speed up the land fraud docket in the short time remaining.

ELLIS ISLAND STATION WILL BE OPEN SUNDAYS.

Washington, Aug. 8.—By direction of President Roosevelt, the United States immigration station at Ellis Island, New York, will be open for the inspection of arriving immigrants next Sunday, and thereafter on Sundays. Last Sunday the station was closed by order of the department of commerce and labor, in order that the employees might have a rest. The result was that many hundreds of immigrants arriving on Saturday night and Sunday morning were obliged to remain on board their ships until Monday morning.

DIED PREPARING FOR WEDDING.

Chicago, Aug. 8.—While preparing for his wedding, Dr. Samuel E. Crawford, 32 years old, died suddenly today at the home of his prospective bride, Mrs. Rose Sykes. Dr. Crawford had been living at the Sykes home for several years. The wedding had been set for today. Mrs. Sykes was in her room donning her wedding garments when she heard a moan from Dr. Crawford's room. Hurrying to the room, she found him lying on the floor, scarcely able to speak. A physician was immediately summoned, but Dr. Crawford died within a few minutes.

HARTJE HELD FOR CONSPIRACY.

Pittsburg, Aug. 8.—Augustus Hartje and his friend, John L. Welshon, with Clifford Hooe, the former negro coachman of Hartje, are charged with conspiracy in connection with the Hartje divorce case, appeared before Alderman F. M. King today for a hearing and, waiving all procedure, were held for court under bonds of \$5,000, which was furnished by Atty. Edward G. Hartje, a brother of one of the defendants.

TO STUDY MONKEY TALK.

Pittsburg Girl Going to Africa to Join Prof. Garner.

New York, Aug. 8.—Miss Ida Vera Simonon, of Pittsburg, will sail next week for Africa, where she will join Prof. R. L. Garner, and with him go to study the monkey, its ways, manners and speech and means of communication.

Miss Simonon has been for months an enthusiastic student of the ape and monkey tribes. She and the professor expect to get a working knowledge of simian "speech" before they leave the Congo.

Each will have constructed a steel cage in which they will live and study the tribe. Announcement that Miss Simonon was to go was made last night by Dr. Reed Blair, surgeon of the New York zoological park, in the Bronx.

The directors of the park believe Prof. Garner and Miss Simonon will be able to throw more light on the monkey. Prof. Garner has also been studying the ape. He said recently that he hoped to acquire the language in a short time.

BRYAN TO SPEAK IN NEWPORT.

New York, Aug. 9.—Former United States Senator James Smith, Jr., announced yesterday that he had received a letter from William Jennings Bryan from London accepting an invitation to speak in Newark on Sept. 1. The intention is to have Mr. Bryan make three outdoor speeches, after which he will go to Jersey City to fill engagements there.

Col. Alexander Troup, treasurer of the committee in charge of the arrangements for the reception to Mr. Bryan, has engaged John C. Collins of New Haven, who at one time work-

FIVE U. S. SENATORS

Meet to Confer on Affairs of Five Civilized Tribes.

Denver, Colo., Aug. 8.—Five United States senators, William A. Clark of Montana, Chester I. Long of Kansas, Frank B. Brandegee of Connecticut, C. D. Clark of Wyoming and Henry M. Teller of Colorado held a meeting at the Brown Palace hotel in this city last night.

The senators were appointed a committee to provide for the final disposition of the affairs of the five civilized Indian tribes in Indian territory. Preliminary plans for the work of the committee were discussed. Among the questions which will be inquired into are, first, particularly in the sale and transfer of Indian lands, and the proposition for the disposal of the coal and asphalt land which belongs to the Indians.

This morning arrangements will be made for a trip to Indian Territory and it is understood the investigation there will last from a month to six weeks.

LOST IN THE ALPS.

New York, Aug. 8.—A cable dispatch to the Herald from Interlaken says:

Frank Collins of Chicago, who was making an ascent without a guide of Naeglisgrat from the Grimsel Hospice, failed to return. A rescue expedition was organized.

After searching all day it returned unsuccessful, owing to the dense clouds but Tuesday the victim was discovered at the foot of a small precipice and transported to the hospital at Meiringen. He has many flesh wounds and the pelvic bone is broken, but he will recover.

MANY LIVES IMPERILED.

New York, Aug. 9.—Fire in a six-story double tenement house in Williamsburg, which caught from a blazing picture frame factory, owned by Frank Singer, in the rear of the building, imperiled the lives of a hundred persons early today.

Two policemen, Martin Short and William Pohlers, rescued 12 persons who had been overcome by smoke and aided others to reach the street. Scores of persons were attracted by the panic which followed the discovery of the fire, but only the policemen dared to enter the building. The building was destroyed as well as the picture frame factory.

NO LIQUORS AT LATE SUPPERS IN NEW YORK.

New York, Aug. 8.—After theater suppers in the restaurants of the so-called theater district must end at 1 o'clock in the morning or else be served without liquor, according to an order issued by Acting Police Commissioner Waldo and which became effective yesterday.

When the late diners in several all-night restaurants in Sixth avenue and upper Broadway had just about decided that they were very comfortable and noted that it was only 1 o'clock, each house of entertainment was entered by a policeman in civilian dress, who took a seat at a table which commanded the best view of the establishment. His advent was not unexpected by the proprietor.

Notification had been sent early in the afternoon that the policemen would be there promptly at the hour when the excise law says the sale of spirits or fermented liquor must cease until 5 o'clock in the morning. The managers at once ordered the bars closed and those who did not wish to eat took their departure.

It was said by one conversant with affairs at police headquarters that there would be no cessation of vigilance on the part of the police until the public was educated to appreciate the necessity of eating and drinking before 1 o'clock.
