

COLLINS' FIGHT FOR FREEDOM.

Fugitive Lawyer From San Francisco Making a Desperate One Against Extradition.

LOSES AN IMPORTANT POINT.

Refused an Order Nisi in Habeas Corpus Proceedings—Applies to Another Judge.

Victoria, B. C., July 25.—George D. Collins, the fugitive San Francisco lawyer, fighting against extradition for perjury, lost another point today when Justice Martin of the supreme court refused to grant an order in habeas corpus proceedings when Collins, disputing the overruling of his objections to Judge Lammiman, sought to secure a writ of habeas corpus on the grounds that Judge Lammiman had no jurisdiction and there was no law in Canada to make perjury an extraditable offense.

Mr. Higgins, for the San Francisco police, cited authorities against these contentions and to the effect that with extradition proceedings pending, an extradition commissioner should not be interrupted in this, and also citing the judgment of Judge Wurtelle in Quebec, in re Levy, that perjury was extraditable. Justice Martin, in refusing Collins' application, said it would be an interference with the order of the United States to stop the present proceedings, and he held they should continue.

Collins renewed the fight for liberty at noon, however, when his counsel went before Justice Duff of the supreme court and asked him to hear the application made before Justice Martin. The law, as cited from the daybook and the case, holding that the fugitive can go before judge after judge when one has refused his application. Justice Duff heard the application this afternoon.

Judge Lammiman resumed his sitting this afternoon, after Justice Martin's decision, and J. J. Groom, county clerk of San Francisco, and Notary Public A. J. Henry of San Francisco, gave evidence, the former producing all documents in relation to the suit for main tenance brought by Charlotte Collins against the accused, in which the alleged perjury was made.

The documents will be copied for purposes of the record, so that the claims belonging to the San Francisco court are not impounded. Collins objected to all documents as incompetent, immaterial and not properly authenticated. Notary Henry produced his commission and swore regarding the affidavit made by Collins, because of which perjury is charged. He said Collins took oath before him as stated he knew the contents, which were true. Collins objected to Henry's commission, evidence and arguments, like the others, to be made light.

In cross-examination of J. J. Groom, Collins asked him if he knew the attorney who he produced was granted in a private star chamber proceeding, based by a conspiracy for which the courthouse at San Francisco was opened late at night and at which Collins or his attorney were not given opportunity to be present. Groom said he did not. Collins then said to the court that he would enlighten the court as to how matters of law were conducted at San Francisco in a manner which would disgrace a cowboy country.

Mr. Higgins replied that he would show the action against Collins was not conducted in the star chamber proceeding he alleged. Judge Lammiman said he did not see that these statements concerned the facts at issue in the perjury charge before him.

On motion by Mr. Helmsken, K. C., counsel for Collins, that they would adjourn until tomorrow and the argument before Justice Duff took place this afternoon.

PRESIDENT OBJECTS

To Use of His Picture on Advertising Matter.

Spokane, Wash., July 25.—President Roosevelt has objected to Spokane's illustration bearing his portrait on the title page. Roy, Monroe of the chamber of commerce received a letter requesting the withdrawal of the brochure "On the Laws and Clark Trail" from publication. This letter is dated from the White House, Washington, July 19, and directed to the chamber of commerce at Spokane, and declares that President Roosevelt is very much opposed to the appearance of his portraits in advertisements of his character, and requests that the booklet of which the cover was enclosed be immediately recalled from circulation and notice be given when this is done. The letter was signed by A. S. Barnes, acting secretary.

President Goodell of the chamber of commerce is of the opinion that the request should be complied with, although there is no law compelling the recall of the booklet or its further circulation.

The chamber of commerce, at a special meeting today, canceled an order for 5000 of the pamphlets and took steps to call in, as far as possible, those distributed.

RAISED BILLS.

Secret Service Wants Public to Beware of Them.

Portland, Or., July 25.—Stephen A. Connell, operative in charge of the United States secret service bureau, has issued a warning to the public to beware of all currency bills of higher denomination than one dollar. Raised bills have even the department officials have difficulty in detecting, are being circulated in the west. The bills are the product of an eastern crook, who according to Connell, is an artist in the bill raising line.

Steel Trust Earnings.

New York, July 25.—At the quarterly meeting of the United States Steel corporation directors today the regular dividend of 1 1/2 per cent on the preferred stock was declared, payable Aug. 30.

The financial statement for the quarter shows net earnings of \$30,305,116. Unfilled orders on hand June 30 amount

SCATHING CRITICISM OF INSURANCE CO. METHODS

Boston, July 25.—Scathing criticism, pointed condemnation and fierce denunciation of the methods and course of the big insurance companies characterized the annual report of Frederick L. Cutting, commissioner of insurance for Massachusetts, issued today.

The report is exhaustive in its review of methods employed by high insurance officials during the past several years, to whom he alludes in some instances as "Tudors" and to one company as the "Dr. Jekyll and Mr. Hyde company" and contains a recommendation that the legislature at its next session take up the matter of deferred dividends and the relations between insurance companies and other questions with a view of compelling reform.

The report considers insurance in connection with the gambling instinct of the age, and tells of the influence of the officials of insurance companies from the "dubious schemes," "schemes for getting enormously rich," with "graft by city officials, state officials, national officials, petty legislators, congressmen, United States senators and courts subservient to the great Moloch, money," that they have all seen all about them and they also saw "tainted money," eagerly sought by college and pulpit.

Commissioner Cutting names several companies. Of the Equitable life, the Mutual Life, termed the "big three," and the reapers, the report says that they have been largely responsible for the excessive expenses of the business to "swell the volume of which, and become the biggest, has led each to pour out money like water," and it recommends an immediate and complete reform of these in respect to the extraordinary deposits made by them with a few favored banks and trust companies.

Fraternities insurance and the case of the Royal Arcanum are dealt with at some length in the report, the commissioner expressing his opinion that the new rates recently adopted by that order, and which caused such a stir within its ranks, are not too high.

Freight Wreck on Rio Grande.

Denver, July 25.—Two men were killed and three injured in a freight wreck on the Denver & Rio Grande railroad today, three-quarters of a mile west of Boca, a small station in the neighborhood of Durango.

The freight was a double header, and one engine and two cars turned over in a cut.

Engineer H. Smith, whose home was at Salida, was crushed and scalded to death under his engine. Fireman E. M. Allison is reported buried beneath the wreckage. Engineer D. A. Culbert, Fireman Koschick and Brakeman Ed. McAllister sustained bruises. The wreck is supposed to have been caused by spreading of the rails.

Anti-Jewish Riots Planned.

Odesa, July 25.—The authorities here have been anonymously warned that the anti-Jewish rising has been planned for July 25. The soldiers and populace are exhibited against the Jews, attributing to them the recent bomb-throwing.

Rojestvensky Operated On.

Tokio, July 25.—Rear Admiral Rojestvensky has undergone a successful operation. A wound on his forehead was opened and a small piece of bone was removed. His condition is considered satisfactory.

A DARING BURGLARY.

Wealthy N. Y. Business Man Loses \$15,000 of Jewelry.

New York, July 25.—A daring burglary was committed last night Tuesday when burglars describing \$15,000 worth of stolen jewelry were sent out to all the pawnbrokers in New York. A wealthy New York business man who has a country home in Connecticut and who sailed for Europe with his family last week, is said to have been the victim.

FIGHT AGAINST POOL SELLING.

Hundred Police Officers of St. Louis March to the Delmar Race Track.

ELEVEN ARRESTS WERE MADE.

For a Time It Was Thought There Might be Armed Resistance, but There Was None.

St. Louis, July 25.—Proceeding upon instructions issued to the St. Louis police department by Gov. Folk, to see that there be no violation of the anti-pool selling law at Delmar race-track, about 100 police officers, under command of Capt. McNamee, marched into Delmar track today, meeting with no resistance in their entry. Eleven arrests were made. A rumor that armed resistance might be encountered caused a patrol wagon bearing a number of riot guns to be sent to the scene, but beyond 12 officers shouldering guns and telling the crowd of spectators around the entrance to stand aside, the guns were not made use of.

Earlier in the day Detectives Killian and Cabanne, who for several days past have attended the race-track at the request of Gov. Folk, for the purpose of gathering evidence, secured warrants for the arrest of six men on the charge of having violated the anti-pool selling law. These warrants were placed in the hands of Sheriff Harpel of St. Louis county for service.

Not until after the second race did the police appear, and then in a body they marched through the open gate-way into the race-track.

Chief of Police Kieley had issued orders to arrest the six men for whom warrants had been issued on night, and Mark Gunter, who was arrested at Clayton yesterday on the charge of having registered bets, John Flynn, William Slippy, Dore Silver, Frank Shannon and Chris Brockmiller, were taken into custody. A force of police officers put them into a patrol wagon and took them to the Four Courts in this city, together with five other men whose names were not given out.

Sheriff Harpel entered protest that he held warrants for the custody of the first six mentioned and declared that they should be turned over to him. Chief Kieley upheld him in this protest, and the six men were given into the custody of Sheriff Harpel's deputies at the Four Courts and taken to Clayton, St. Louis county, where they were held. The other five men were locked up at the Four Courts police station, and while no specific charges were placed against them, they were slated "hold for the chief."

The races were run according to schedule and were watched by a large number of the police officers, but there were no further indictments, and after the final race everybody departed.

Baseball Players and Foot Racers

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27th, 1901: "During my training of eight weeks' foot races at Salt Lake City in April last, I used Ballard's Snow Liniment to my great satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." See, too, \$1.00 bottle. Sold by Z. C. M. Drug Dept.

Sold throughout the world. Patent Pending in U.S., Canada, Mexico, and other countries. Mailed Free. How to Care for Skin.

SOUTHERN TEXTILE CO.

Properties Sold at Auction by Trustees in Bankruptcy.

New York, July 25.—Properties of the Southern Textile company, organized two years ago, with a capital stock of \$14,000,000 as a holding company to combine cotton goods mills in the south, were sold at auction by order of Walter C. Abel, trustee in bankruptcy. The Windsor mill at Burlington, North Carolina, sold for \$25,000 to Robert L. Holt; the Chippewa mills at Rock Hill, S. C., for \$36,000, to N. M. Smith, and the Moorehead mills, for \$36,000, to Mr. Holt.

The auctioneer then put up all the

property in one lot and sold it for \$110,000 to the International Trust company of Baltimore. As the bulk sale realized \$15,500 more than the separate lot sale the bulk sale was accepted by the trustee and will be submitted to the United States district court for confirmation.

RUN TO EARTH.

A Giant Negro Who is Charged With Murder.

New York, July 25.—After having for two days dodged the bullets of detectives and farmers, Charles Long, a giant negro, who is charged with having killed Matthew Cunningham, in Trouton, through jealousy over a woman, was run to earth last night in a swamp near Newmarket.

Though they had their prey surrounded none of his pursuers had the temerity during the night to risk a hand to land encounter with the negro in the darkness or the possibility of being mired in a quicksand. Even if the police and farmers remain satisfied today only to guard against the escape of the negro from the swamp, which is about a mile in circumference, he must surrender or starve.

Indigestion.

With its companions, heart burn, flatulency, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, yellow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles in 30c bottle. Sold by Z. C. M. Drug Dept.

AN INGENIOUS GERMAN MOVABLE DAM.

The cut shows one of the two movable dams recently constructed at Schweinfurt, Bavaria, to increase the navigability of the river above and also to divert the water for the development of power. It consists of a hollow cylinder of steel plate braced inside to increase its rigidity. At each end of the cylinder is a fixed toothed wheel with cogs fitting into those of a stationary inclined rack fastened on each abutment. By this means the cylinder may be raised during high water and the water allowed to fall over the masonry dam below. In dry seasons the cylinder is lowered, and the dam is ready for use.
