THE VICTORIAN TRAVELER'S LIFE  
AMERICAN.

Wired from Washington.

the treasury to-day: Gold coin and  
bullion, \$19,385,915; silver dollars  
and bullion, \$116,498,901; fractional  
silver coin, \$38,192,865; United States  
note, \$54,762,699; total, \$378,780,311.  
Certificates outstanding: Gold, \$62,

Secretary Teller has issued an order  
that no proposal be received for  
consideration by the department of  
the interior from any person, firm  
or corporation in default in performance  
of any contract or agreement made  
with the department, or who has  
failed to perform the same to the  
satisfaction of the department; will  
not award any contract or agreement  
to such person, firm or corporation.  
The order went into effect on the 11th.

In a decision, Secretary Teller  
holds that a filing made before a  
clerk in the office of a registrar of a  
land office who may be acting as  
clerk but not as judge, has the same  
effect as if made before a registrar,  
and is valid.

The President has recognized  
Miguel Jimenez as Consul General of  
Spain at New York; Gustave Wilson  
as vice-consul for Russia at Port-  
land, Oregon.

Depreciation and Disaster.  
NEW YORK, 14.—A prize fight took  
place at Fort Hamilton this morning  
between Harry Street of New York  
and Morris Murphy of New York.

Brighton Beach, N. Y., 14.—A  
prize fight took place this morning  
between Gallagher of England and  
Murphy of New York.

Eighteen rounds were fought, last-  
ing one hour. At the end of the  
last round, both men showed evi-  
dence of terrible punishment, being  
too exhausted to continue the struggle.  
The fight was declared a draw.

Des Moines, 14.—News is just re-  
ceived that one of the murderers of  
Clingman, Folk City, has been killed  
at Elkhorn Grove, Shelby County.  
The other is so closely pressed that  
he cannot escape. The man killed  
confessed that he killed Clingman  
and Stubbs a year ago.

Later.—The other man has also  
been captured; he is in charge of  
Sheriff Littleton, of Folk City.

Second dispatch.—The murderers  
of Clingman at Folk City last Tuesday  
night were overtaken and surround-  
ed in a large body of timber known  
as Elkhorn Grove, in the northern  
corner of Shelby County, last night,  
and this morning in an attempt to  
escape one of them was fatally  
wounded and captured; the other  
was also captured.

The wounded man gave his name  
as Benjamin Gates. Before he died  
he confessed that he was the mur-  
derer of Clingman. The other man  
was threatened with hanging; he  
also confessed.

In the fight that ensued preceding  
the capture, J. W. Madry, druggist,  
Marion, was dangerously shot; it  
is thought he will die. Ben Craig,  
farmer, was also shot, though not  
fatally. The captured man gave the  
name of Smith, from Missouri.

He is in jail at Harlan, Shelby  
County.

Intense excitement prevails in  
Western Iowa, which is freshly  
shaken in this city.

William Haddock, wounded yester-  
day, died to-day.

Special to the State Register from  
Harlan says: A fight was fought  
there. He has made a confession  
implicating his dead partner, who,  
he says, killed Clingman. Smith says  
he was present, but had no hand in  
the killing. He is intensely ex-  
cited at Harlan, and probably  
Smith will be lynched before morn-  
ing.

Little Rock, 14.—Two of the Iron  
Mountain Railroad robbers, who es-  
caped from the Coal Hill mines,  
entered the stockade this morning  
and surrendered. They had been  
loitering about the stockade, and  
after a short time, approaching the  
stockade became disheartened. The  
robbers were nearly starved.

Nashville, Tenn., 14.—The wealth  
which was obtained to-day in the  
Polk case, and the trial will pro-  
ceed.

San Francisco, 14.—Belleville,  
Nev., 14.—A dispatch from this  
city says that the business part of  
town; losses, \$55,000; insurance \$30,  
000.

Elkhart, Ind., 14.—A terrible cy-  
clone swept across the country this  
afternoon, blowing down buildings,  
uprooting trees, blowing down build-  
ings, and doing immense damage to  
crops.

Rochester, N. Y., 14.—Mrs. Phelps,  
an aged lady, Mrs. Phelps, Jr., and  
daughter two years old were killed  
at Rockville this morning, as they  
were crossing a trestle. The horses  
were killed.

St. Paul, 14.—A special from  
Cockato, Minn., states that at 2  
o'clock Sunday morning a fire was  
discovered in the hotel office. There  
were about 20 hotel laborers and  
guests in the building. Three rail-  
road men burned the hotel, and  
a leg broken by jumping from the  
window. The bodies of the three  
men were so charred that the three  
were identified as William Williams,  
George Williams, and John Williams.  
The other man was unknown.

Three-fourths of the town burned.  
Loss, \$30,000.

St. Louis, Mo., 14.—The  
storm yesterday seems to have been  
general throughout Northern Mis-  
souri; and appears to have been a  
high wind blowing straight rather  
than a cyclone, as it was not accom-  
panied by lightning or hail, and made  
on the Hannibal Road for over 100  
miles east its effects were felt, small  
buildings being blown down and  
larger ones damaged, trees stripped  
of their branches, and crops consid-  
erably injured. At Jefferson City,  
the cell building of the penitentiary  
was unroofed, and a number of  
chimneys leveled. In the vicinity  
of Wyandotte, Kansas, the fruit  
suffered seriously, and fences were  
destroyed. Much alarm was felt in  
this city owing to the threatening  
clouds, but the storm passed with-  
out further injury than hurling a  
few signs about and twisting up  
shrubbery in some parts of the city.  
As far as known, there were but  
few persons seriously hurt by the  
gale.

St. Louis, 14.—The restoration of  
telegraphic communication, which  
was broken last night, reveals the  
fact that the storm, part of  
which swept over this city, was gen-  
eral in character, and traversed not  
only a large part of Missouri, but  
covered various sections of Kansas,  
Iowa and Illinois. The velocity of  
the wind in this city was 50 miles  
an hour, and it came apparently  
from nearly all directions, but

## WATCH OF JUDGE MCCOMBS, WHO HAD

been killed by the hostiles. Being  
interrogated as to where he obtained  
the watch, he said he got it from  
a squaw. The son of the judge had  
to pay \$50 for the watch, Crook not  
daring to disturb the friendly rela-  
tions with the White Mountain  
squaws by making him give it up.  
Senator Gibbs says this is only a  
sample of the volumes of unwritten  
history of the late campaign that  
could be furnished, and that the  
public has been imposed upon.

Cable laid.  
COTTAGE CITY, 15.—The tele-  
graphic cable connecting Martha's  
Vineyard with the mainland was  
successfully laid to-day by the W. U.  
Communication will be re-established  
to-morrow.

Death of Tom Thum.  
MIDDLEBORO, Mass., 15.—Charles  
Heywood Stratton, better known  
as "Gen. Tom Thum," died at his  
residence this a. m. of apoplexy. He  
was 75 years of age. He had been  
ill for a few days, but nothing serious  
was anticipated. Deceased was born in  
Bridgeport, Conn., Jan. 4, 1838. At  
the age of 14 he entered the service  
of the U. S. Army. He was since then  
has been before the public. He  
leaves a widow who has been on the  
stage with him since they were  
married in 1858.

Removal of the Missouri Storm.  
St. Louis, 15.—Additional news  
of last Friday's storm continues to  
come in. At Joplin and Webb  
Cities in the lead mining region in  
Southwest Missouri, an immense  
amount of property was destroyed.  
The mines to such an extent that it  
will take a month or two to put  
them in working order. Meantime  
several thousand miners are out of  
work. In addition to this wind and  
half did great damage to buildings  
and crops. At Macon and Louis-  
iana, Mo., in the northeastern part  
of the State, the storm played havoc  
with both business and residence  
property in town, and did heavy in-  
jury to crops. Burlington Junction  
in the southwest, nearly all the  
houses in town being destroyed or  
badly injured. Hannibal, Mo., as  
large a man's fat fell in great quan-  
tities, stripping the corn and other  
crops to the ground and cutting  
down grass as with a scythe. A  
number of people were injured but  
none killed. At Marysville the  
damage is now put at \$150,000.  
will challenge Sullivan the stu-  
dent.

New York, 15.—Mace and the  
Maori, Slide, have arrived from  
Europe. Slide says after his fight  
with Mitchell he will challenge Sul-  
livan.

Rocky Mountain Storm.  
ROCKY MOUNTAIN, N. Y., 15.—"The  
Democrat-Chronicle" of the  
Sun will say to-morrow: To the five  
groups of the Sun reports which have  
exhibited intense action during the  
storm, the following are being re-  
ported by the Sun's rotation. The  
storm which is just coming into  
view, covers a great area, showing  
very rapid changes. Violent thun-  
der storms and tornadoes may be ex-  
pected this week in the Northern  
States and Canada.

London, 15.—A dispatch says the  
British Admiral lowered the Con-  
sular flag and for the first time  
representatives had been re-  
sented. The Captain of the English  
war vessel Dryad has offended the  
French by landing a guard of Ma-  
ritime troops on the island of  
Zanzibar. It is reported that  
Cetewayo has been defeated.

London, 15.—It is said that James  
Cetewayo, the Zulu chief, is in the  
trial of the Phibisi. Park murder-  
ers, are being detained at Newgate,  
pending their shipment to a British  
colony.

A meeting of merchants and  
shipowners at Birmingham, resolu-  
tions were passed condemning the  
agreement between the government  
and De Lesseps.

London, 15.—The Standard says:  
The government is sounding De  
Lesseps as to whether any modifica-  
tion of the agreement in regard to  
the Suez Canal is possible. It is  
not believed, says the Standard,  
that De Lesseps will agree to any  
material modification. A son of  
De Lesseps was hastily summoned  
to Paris yesterday, and will return  
to London in a few days. It seems  
certain that the House of Commons  
will reject the scheme, at least 30  
members will join the conservative  
opposition to it. At a meeting of  
shipowners, held at Newcastle, to-  
day, resolutions condemning the  
government's agreement with De  
Lesseps, were passed.

General Intelligence.  
Berlin, 14.—Gen. Bronckart von  
Schellendorf, minister of war, has  
been inspecting the fortresses on the  
eastern frontier, and has drawn up  
a report showing the extent of the  
strategic railways in East Prussia,  
on a large scale.

Paris, 14.—Extensive preparations  
were made for the celebration of the  
national day to-day.

A heavy gale prevailed last night,  
which to a great extent destroyed  
the decorations throughout the  
city.

The unveiling in the Place Cha-  
teau of the great statue of the  
republic, which was one of the chief  
features of the day's festivities, took  
place this morning, with appropri-  
ate ceremony, in the presence of  
senators, members of the Chamber  
of Deputies, municipal councilors,  
and the people. The weather during  
the ceremony was cloudy.

Paris, 14.—The perfect of the  
Sole, the address, pointing to the  
statue, in the right hand of which  
was an olive branch, which is the  
emblem of peace, said: "The repub-  
lic holds in her hand the olive  
branch, showing that the period of  
violence has passed, and that the  
universal suffrage has replaced revolution."  
France, he said, "is un-  
happy to impose her own will upon  
the other nations, but will strive  
at home, free and respected."  
The president of the municipality also  
spoke. He said he should have  
been happy had an act of civility  
marked the ceremony. This re-  
ferred to the refusal of the govern-  
ment to grant an amnesty to the  
Communards.

Bonn, 14.—In the Cham-  
ber of National Deputies there are  
stormy debates on religious teach-  
ing in public schools. It is the dis-  
cussion of the day. The Catholics are  
in the majority. The Catholics are  
opposing signatures to present to Con-  
gress.

has just arrived by train from

THE  
OSBORNE NO. 11 TWINE BINDER

From the Atlantic to the Pacific, and re-echoes again the glad tidings  
of joy and comfort to the  
FARMERS OF THE ROCKY MOUNTAINS!

Special to the DESERTER EVENING NEWS of July 8th, 1883.  
Trial of a Twine Binder.

Yesterday afternoon there was an exhibition of the Osborne Twine Binder  
on the farm of Mr. John Briggs, near Sugar House. The main point of ex-  
hibition was the company for this machine are its simplicity, ease of draft and  
management, perfect binding, power to elevate and the width of cut, the smallest  
machine having a six foot blade, while the largest ones are ten feet long.  
The machine cut a single bundle, binding equally firm and even in long and short  
grain and not mixing a single bundle. Notwithstanding the fact that the grain was  
green and heavy, the elevator did perfect work, and the grain was bound so tight  
that it was next to impossible to shake the bundle out. Considering the inexperience  
of the driver and team the acre of grain was cut in a notably short time and to  
the satisfaction of all present. A number of local farmers who were present gave  
Mr. Mellor, the manager, a testimonial to that effect.

July 8th, 1883.  
We, the undersigned, having witnessed the cutting and binding of about one  
acre of heavy green wheat, on the farm of John Briggs, near Salt Lake City, by an  
OSBORNE NO. 11 TWINE BINDER, certify that it did the work to our entire satisfac-  
tion, and did cut a single bundle.

WEST JORDAN, July 5th, 1883.  
Messrs. D. M. Osborne & Co., Salt Lake City:  
GENTLEMEN.—The new No. 11 Twine Binder purchased of you this season, was  
started on my farm to-day in ripe wheat, cutting and binding to my entire satisfac-  
tion. It cut a single bundle, and the simplest and most perfect self  
blading I ever saw. I would recommend farmers in want of binders to purchase  
the Osborne No. 11.

THOS. ROBINSON.
