

PARIS SUFFERS FROM SPY MANIA.

Accusations Against the United States.

FRENCH FIELDGUN INCIDENT

Boulevard Press Says Nasty Things About America—La Patrie Wants to Know Who Second Dreyfus Is.

New York, Nov. 15.—A special to the Tribune from Paris says: The close of the exposition, the reassembling of parliament and the welcome in preparation for ex-President Kruger, cause a certain popular effervescence in Paris with the nationalist press, and notably Ernest Judet, in the Petit Journal, and Lucien Millevoye, in La Patrie are working for all it is worth as an instrument to discredit the present administration. This accounts for the storm of indignation in the boulevard press about the sensational stories according to which the United States war department obtained through its agent in France complete knowledge of the secret mechanism of the 75 millimeter field gun with which the entire French field artillery is equipped. There is a fresh outburst of the periodical "spy mania" and the sensational accusations against the United States war department are accompanied by the boulevard papers as gossamer.

On the other hand there is the best authority for stating that neither at the ministry of war nor the ministry of foreign affairs is the slightest importance attached to the reports in question. It is known that during the summer and autumn Paris United States consular officers, besides Lieutenant Metz of the United States military service, were at the request of Gen. Horace Porter, the United States ambassador, given every reasonable facility by the French military authorities to obtain professional information, although as may readily be understood several demands were refused, for instance, as a request to inspect the French smokeless powder factory, were politely refused. Six field batteries supplied with the new 75-millimeter gun took part in the maneuvers at Chartres in September, and all the foreign officers present, including Lieut. Mott, were allowed to see the guns, but not to indubitably inspect their mechanism. Of course full reports were made by their respective governments. It must be noted, however, that the standing instructions to the United States military attaches here from the war department are to restrict the request for information to the extent, above-mentioned.

The Petit Journal alleges the case of Lieut. Borup, United States military attaché here in 1891, who was recalled after being accused of combining with the military attachés of Germany and Italy to secure French military secrets. The Petit Journal states that no one will be duped by explanations offered by the United States authorities. The article shows no real basis of fact. The United States, although it is ferociously bitter against M. Waldeck-Rousseau, General de Gallifet and Gen. Andre, the present minister of war, for destroying the efficiency of the secret service branch of the general staff, the famous second bureau, which it considers the best safeguard for preventing foreign governments from obtaining possession of French military secrets.

M. Millevoye, in La Patrie, says: "The United States government, to which this important secret of the French field gun has been revealed, will no doubt, defend itself from charges of complicity with the spies or secret agents who procured the information, but the evil, nevertheless is accomplished."

La Patrie then asks: "Who is the second Dreyfus? Where is he? Where does he hide? Who knows him? Who will denounce him?"

MISS C. LOONIE'S STATEMENT

Declares that Her Former Statement Was False.

Elmira, N. Y., Nov. 15.—Announcement has been made that Catherine Loonie, in the county jail under sentence to Auburn prison for four years and one month, had made another statement. This statement has been revealed to the effect that the statement made by her in her confession and in her evidence to Recorder Danaher implicating Mayor Frank P. Flood, was false and that she wished to take back these statements and exonerate completely the mayor from being implicated in many ways in her forgery.

La Patrie then asks: "Who is the second Dreyfus? Where is he? Where does he hide? Who knows him? Who will denounce him?"

WOMEN MUST SLEEP.

Avoid Nervous Prostration.

If you are dangerously sick what is the first duty of your physician? He tells you to sleep. And you sleep well. Friends ask "what is the cause?" and the answer comes in pitying tones, nervous prostration. It came upon you so quietly in the beginning, that you were not alarmed, and when sleep deserted you night after night until your eyes fairly burned in the darkness, then you tossed in nervous agony praying for sleep.

Mrs. A. Hartley.

You ought to have known that when you ceased to be regular in your courses, and you grew irritable without cause, that there was serious trouble somewhere. You ought to know that indigestion, exhaustion, womb displacements, fainting, dizziness, headache, and backache send the nerves wild with affliction, and you cannot sleep.

Mrs. Hartley, of 221 W. Congress St., Chicago, Ill., whose portrait we publish, suffered all these agonies, and was entirely cured by Lydia E. Pinkham's Vegetable Compound; her case should be a warning to others, and her cure carry conviction to the minds of every suffering woman of the unfailing efficiency of Lydia E. Pinkham's Vegetable Compound.

ina, according to a dispatch to the Daily News from Copenhagen, has received a telegram saying that the czar's illness is "not particularly serious."

A dispatch from Fredenburg, Denmark, says the czarovich, Grand Duke Michael, proposes to return to Russia immediately.

Revenue Stamp Ruling.

Washington, Nov. 14.—The commissioner of civil revenue in reply to an inquiry from New York as to whether "revenue stamps are required upon an assignment of a mortgage, executed and delivered subsequent to July 1, 1898, the mortgage having been issued, and recorded prior to that date and therefore not taxable," has rendered a decision to the effect that "a tax accrues on every assignment of a mortgage based upon the amount of money remaining secured thereby; on a lease based upon the unexpired term; on a policy of life insurance based upon the amount of insurance remaining in force under the assignment, on a fire, marine and casualty insurance policy based upon the unexpired premium."

Senators at the White House.

Washington, Nov. 14.—Senator Platt, of New York, Senators Fairbanks of Indiana, Foraker of Ohio, and Thurston of Nebraska, were at the White House today. Senator Fairbanks said that in his judgment at the short session of Congress an army re-organization bill and the re-appointment bill certainly would be passed and that the Nicaragua canal bill probably would pass.

Thomas Walsh, the western mining millionaire, called to pay his respects to the President.

DICK ADAMS GOES FREE.

Coroner's Jury Discharges Slayer of Kildee and Kennedy.

Tacoma, Wash., Nov. 15.—At midnight last night, at Gen. Danahy, former Deputy Sheriff Richard Adams shot and instantly killed Daniel Kildee and William Kennedy. Both the killed were unarmable men who took part in the Cœur d'Alene miners' strike two years ago. At that time Adams served warrants on them and incurred their deadly enmity. They swore to kill him, but until recently they have been working at Wardner. They arrived at Gen. Danahy's place, and have been on the lookout for Adams ever since. He was put on his guard by Kildee and Kennedy last night. Adams was in a saloon, Kennedy leveled his rifle, but before he could touch the trigger Adams sent him sprawling through the door. Without dropping his arm, Adams turned his gun on Kildee and shot him through the head before he had time to draw his revolver. Both men were dead when bystanders rushed in. Adams was treated as a hero, and today a coroner's jury exonerated him on the ground of self-defense.

Belgian Hare Exhibit.

Chicago, Nov. 14.—The first annual exhibition of the American Belgian Hare association of North America opened here today, with about 500 entries in the twenty-five classes. Twenty-nine prizes are offered, aside from the distinction conferred by the judges. Famous animals from Mexico, California and Canada are on exhibition and more are arriving. Bucks worth as high as \$2,000 and does as high as \$1,000 are on exhibition. The show will last throughout the week.

Revision of Faith Taken Up.

New York, Nov. 15.—The Newark, N. J., presbytery has taken up the four questions of the general assembly on revision of the confession of faith. The first, second and fourth questions were answered in the negative. In reply to the third inquiry the presbytery expressed a preference for a short creed stating the essentials of the church's faith which may be used as an alternative for its present standards by those presbyteries desiring to do so.

UNFRIENDLY TO FOREIGNERS

Pao Ting Fu Expedition Having This Effect.

Yokohama, Nov. 15.—The expedition to Pao Ting Fu and the presence of a large German force in Shan Tung province is having the effect of turning Governor Yuan Shi Ki from friendliness to foreigners. He has issued a note to Li Hung Chang telling his distrust of Germany in Shan Tung.

JOHN PORTER HAS CONFESSED.

He Admits Having Killed Little Louise Frost.

STORY OF TERRIBLE CRIME.

Dragged Her From the Buggy—Stabbed Her With a Knife—To Conceal His Deed, Murders Her.

Denver, Colo., Nov. 14.—After withstanding the pressure of the "sweet box" at the city jail for four days, John Porter, the 15-year-old negro who was arrested Sunday charged with the murder of little 11-year-old Louise Frost near Limon, Colo., tonight broke down and confessed every detail of the crime. The citizens of Limon are awaiting his return to lynch him. It is proposed to burn him at the stake.

The little girl who was the daughter of a ranchman living four miles from Limon, attended school in town, driving back and forth, Wednesday last, while on her way home, she was waylaid, assaulted and murdered, her body showing no less than fourteen knife wounds.

Sunday Preston Porter, colored, and his two sons, Arthur and John, who had been working on the railroad near Limon, were arrested here en route to their home in Lawrence, Kan., and John Porter was charged with the crime. Only circumstantial evidence was brought against him, and he told a straight story, adhering to it so tenaciously as to almost convince the officers of the law.

But the fact that the clothes, which he had shipped to Lawrence, Kan., and which had been brought back to Denver, showed bloodstains seemed to unsettle him, and he broke down. He told the story of his crime, and has since been on his knees in his cell.

Porter said he had seen the girl driving home from school, and on the day of the crime waited for her at a lonely point on the road.

He dragged her from the buggy, and when she resisted he stabbed her repeatedly with a small pocketknife. She finally yielded, and afterward, to prevent her betraying him, he crushed her skull with his heel.

He returned to the boarding car and attempted, by washing some of his clothes and burning others, to remove the evidence of his crime. Later in the week the Porters quit work and shipped their effects to Lawrence, Kan., their home. They came to Denver to draw their pay, and on Sunday last were arrested by the Denver police on a telephone order from Sheriff Freeman of Lincoln county.

The greatest excitement was caused by the discovery of the body of the murdered girl, and a reward of \$2,000 and amount of \$2,000 were offered for the capture of the murderer, dead or alive. It was announced on all sides that the murderer should be hanged if captured, and one man who was suspected had a narrow escape from death.

After suspicion became fastened on young Porter, a pair of shoes which he had left at the car were found to fit the tracks which led from the scene of the crime. There was other circumstantial evidence against him, but Porter firmly held to his story that he was not guilty.

It is not known whether he will be taken to Lincoln county, but Sheriff Freeman is said to have expressed the belief that he will never be able to land him in jail in any other way.

Under these circumstances the police declare that they will not give up the prisoner except upon a legal demand that will involve a claim of any responsibility for a lynching.

Limon, Colo., Nov. 15, 1 a. m.—The statements of Porter have been corroborated. He told where he had thrown his victim's pocketbook, and it was found there by the officers.

People are gathering at Limon from the surrounding country awaiting the arrival of the murderer. It is now said that there is evidence that the father and brother of John Porter had a guilty knowledge of his crime and it is possible that if they are taken to Lincoln county at the same time, they may suffer the same penalty.

Campaign Against Bad Roads.

Chicago, Nov. 15.—A national campaign against bad roads on a bigger and more comprehensive scale than any in the past is to be organized in Chicago next week. With the formation of a National Good Roads association, with branches in every county of the Union, and, if possible, in every county and every township, all the forces which make for clean, level and smooth roadways will be set on foot. The work in every legislative body in the country from the national Congress and the State legislatures down to city councils and county boards of supervisors.

Monday, Tuesday and Wednesday of next week a national good roads and improvement convention is to be held in Central Music Hall, at the call of the Interstate Good Roads association. Col. W. H. Moore, the president of that association, is already in this city preparing the way for the meeting. Delegates from every State, probably 2,000 in all, are expected, and before they leave a national good roads association will have been formed.

Other subjects to be discussed will be an appeal to Congress for an appropriation of at least \$100,000 for the use of the bureau of road inquiry in promoting interest in the subject, and the building of a national highway from the Atlantic to the Pacific.

Japs Accused of Taking Bribes.

Yokohama, Nov. 2 via Victoria, B. C., Nov. 15.—Several members of the Tokyo city council have been accused of accepting a bribe from the "sui lead pipe factory, all the members resigned on Nov. 10, but were subsequently re-elected with the exception of the incriminated members, warrants for whose arrest have been issued.

Russians Massacre Chinese.

Vancouver, B. C., Nov. 14.—Mail advices from China received here today says: The correspondent of the Universal Gazette at Yin Kou, Manchuria, says that the massacres by Russians, who attacking Aigun, Kirin and other towns killed several thousand Chinese, were the result of a desire for vengeance because of the killing of 200 Russian troops by the treacherous Chinese general, Shou. Before the outbreak of hostilities a Russian general called on Gen. Shou and attempted to make a compromise. Gen. Shou gave a favorable reply, but as soon as the Russian officer withdrew from the gates he closed them and opened fire. This taken by surprise the Russians lost over 200 men. Gen. Shou had taken his men, he swallowed opium, but death not coming as speedily as he expected, he climbed into his coffin and ordered some of his men to shoot him. Several shots were necessary before he succumbed.

TREATY OF PEACE WITH CHINA.

Will be Concluded Without Complete Revision of Treaties.

TO HASTEN NEGOTIATIONS

Each Power Will Deal Separately on Commercial Matters—German Expedition to Ming Condemned.

New York, Nov. 15.—The conclusion seems to have been reached at Peking to conclude peace with China without undertaking at present the complete revision of the treaties of commerce, says a dispatch from Washington to the Journal of Commerce. A general article will be inserted in the treaty of peace, subscribed by the powers, providing that China shall consent to the revision of the treaties of commerce, but shall deal with each power separately. Whether the result of these negotiations will be so satisfactory as a general treaty, guaranteeing to the citizens and subjects of all the powers complete freedom of trade in the interior of China, remain to be seen. It appears to be thought at the state department and among some of the ministers at Peking, that difficulties and delay would arise in seeking to deal with desired changes in detail at present. It may be possible for the leading powers to secure concessions regarding interior trade which will drive the entering wedge for like concessions to all. Most of the powers are entitled to the privileges of "the most favored nation," and will be able to ask for themselves whatever is granted to any of the other powers. The fact that the Chinese imperial government consents to the revision of the treaties as a general proposition is considered at Washington an important point for securing what the civil powers desire. The process of obtaining further concessions may be slow, but it is hoped that pressure upon the Chinese government will secure them as fast as they can be availed of. Many of the concessions heretofore granted by China to capitalists and syndicates have not proceeded to carry out their plans. When a syndicate or group of capitalists is able to demonstrate its readiness to proceed with actual improvements in China, it is believed at the state department, that little difficulty will be experienced in getting the consent of the Chinese government.

EXPEDITION TO MING.

London, Nov. 15.—Dr. Morrison writing to the Times from Peking, Monday, and referring to the German expedition to the tombs of the Ming dynasty at Kalgan, says: "Opinion here condemns the looting of the tombs, although no unqualified condemnation is expressed. The English missionary had his eyes burned out of the pockets with incense sticks. He survived his agonies for thirty-six hours."

A loyal Chinaman today discussed with me the probability of Gen. Tung Fu Siang raising a rebellion among the disaffected Moslems in eastern China.

"It is pleasing to learn," says the Times editorially this morning, "that the American government does not intend to misinterpret the explanation emanating from Washington would be quite satisfactory were it not for a further qualification which seems to be implied by the presumption entertained that the ministers will not exact reparation beyond the power of China to carry out."

COUNCIL BLUFFS TRAIN ROBBER

Man Said to Have Been Outcast Son of Wealthy Family.

Chicago, Nov. 15.—The bandit who was killed October 25th last by Express Messenger Dwyer on the Kansas City, St. Joe & Council Bluffs railroad is said to have been the outcast son of a wealthy Massachusetts family. This information was given Lieutenant Rorabacher, who is in charge of the investigation, by a "crook" whom the veteran detective has known for years.

"I have no reason to doubt the man's story," said the lieutenant, "and although he is a thief I have confidence in his word."

"A week or ten days before the train hold-up on the Kansas City, St. Joe & Council Bluffs road," said the lieutenant, "my informant met the man here in Chicago. The plans were then being made for the hold-up. 'Keep an eye on the papers,' said the man, 'and you'll hear of something near Council Bluffs.' My informant did not then know that a train was to be held up, but when he read of the attempted robbery and the killing of one of the bandits, he knew who it was that did the job. Later he saw a picture and a description of the dead robber and recognized the man at once."

"He would not tell me the name of the thief who was killed by the express messenger, as he said it would only sadden a family who have had their share of sorrow for the acts of a wayward son."
