LOCAL NEWS.

Matrimonial.—Last Wednesday, at Logan, Mr. Charles J. Fowler and Miss Elodie McMaster, both of this city, were united in marriage. They are an estimable young couple, and we wish them joy and prosperity in their journey through life.

Death from a Kick.—John Currier, a young man of 18 years, about 18 years of age, was kicked in the side by a horse on Wednesday last, and after suffering from the injury until about 4 p.m. yesterday died came to his relatives. He is well spoken of by his acquaintances, and his aged father is almost overcome with grief over his untimely end.

Quarantined.—The little girl of Brother Charles M. Evans, of the Eleventh Ward, who is afflicted with the diphtheria, has been quarantined, and the members of the family who are not employed constantly waiting upon her are not exposed to the disease. We mention this at the request of Brother Evans, whose business urges him in contact with the public every day, and who might be considered reckless as to others' welfare and different as to the spread of the disease, if this fact was not known.

Silk Manufacture.—The silk factory of the 15th Ward is meeting with rather more encouragement than heretofore. Its principal line of manufacture now is handkerchiefs, and some very handsome ones are being turned out, the most popular design being one in which a picture of the Salt Lake Temple figures. Many of them are purchased by tourists as souvenirs of their visit to this city. An order for twelve dozen was filled a few days since for Spencer Clawson, and Mr. Chambers, the manager of the factory, informs us that he now has orders on hand for about 100 dozen.

A GOOD WOMAN GONE TO HER REST.

THE news of the death of Mrs. MARGARET HOLDING YOUNG, wife of Brother E. R. Young, of Wasatch County, at one o'clock on the morning of Monday, October 19th, 1885, came very unexpectedly to all her friends. Though she had reached the ripe age of seventy-two years, there was no apparent reason why she might not have lived much longer; but she was suddenly attacked with pneumonia, and in three days she succumbed to the disease and passed away peacefully from this mortal condition to that rest which is promised to the faithful. Sister Young was a loving and devoted wife, an affectionate and indulgent mother, a kind and agreeable neighbor, remarkable for her hospitality and charity. She was a woman of an unobtrusive disposition, not given to display or talk, but possessed of fine feelings and a genial disposition and was much beloved by her husband and family and by all who had the pleasure of her acquaintance.

At the time her husband and herself joined the Church in Paterson, New Jersey, which they did in October 1840, they were in good circumstances, he being the owner of the Star Cotton Mills, at Paterson, New Jersey, and they made their home in the home of all the Elders who visited that region. The deceased took great pleasure in caring for their wants and in making them welcome to her board, and in every possible way showing her interest in the progress of the work of God which she had espoused and in the welfare of those who were its ministers. She exhibited the same disposition afterwards in Connecticut, to which State her husband and herself had removed from New Jersey. She leaves behind her seven children, twenty-two grandchildren and seven great-grandchildren—a goodly posterity, to whom she has ever been an exemplar and guide, and for whose correct training and conduct she has ever been most anxious. It was a pleasing subject of contemplation to her to see her posterity increasing around her, and that her children and posterity might have the benefit which she had received from the same.

Sister Young has gone to reap the reward of the just. Her earthly life has been one of usefulness and integrity. She leaves a beautiful example in this life for her numerous posterity to imitate. Her husband and children have our sympathy, and we trust that He who orders all things well, will visit them with the consolations of His Holy Spirit in this, their hour of affliction and trial.

Carroll Case Decided.—The case of Carroll vs. Miller & Chalmers, Miller being required to show cause why he should not be bound by a previous judgment against Chalmers, was decided last evening by Judge Pyper, in favor of Miller. The case involved some nice points, and the difference between certain kinds of machinery.

Chas. W. Starnes, Esq., defended Miller, and in an able argument, in which authorities were cited, the gentleman showed the relative difference between the machinery of the two firms and those with individual members of the firm on their own account.

The bill sued for was for work done on an invention of Mr. Chalmers, and for his interest in the same. Although the machinery was connected with the manufacture of silk from cocoons, it was shown by expert testimony that it was not connected with the business of the partnership, which was the manufacture of silk from the reeled silk, after it left the machine invented by Chalmers. The Court very properly took the same view as counsel and adjudged accordingly.

Mr. Whitmore appeared for Mr. Carroll, and was kept busy retorting to the characteristical witticisms of defendant's counsel as the arguments proceeded.

From Eden.—Brother James A. Thompson writing from Eden, Weber Co., on the 21st, says:

"The Desert News has always been appreciated by your humble servant, but doubly so at the present time, (while this untimely crusade is being waged against the Latter-day Saints) and when I read the accounts therein of our brethren who are being persecuted and who are being driven from their homes, I feel that I am not alone in my grief, but that I am joined with many others in the same grief."

"We are moving along in Eden about as usual, trying to do the best we can. Abundant crops of grain were harvested in this little valley this season, but how many will take the advice of your News correspondents, especially McCallister, deposit said crops?"

"I am making an effort to store four or five years' breadstuffs, in case of scarcity, as has been counseled for by the authorities of the Church."

"Eden is not a whit behind many other settlements in the Territory in purchasing machinery that many could have done without, and thereby saved the grain which they have invariably to pay for it immediately after it is threshed, or otherwise pay a heavy interest."

"How long, O, how long will it be before the Latter-day Saints will realize, or take heed of the good counsel so long given to them? This is a question, (that often occurs to my mind.)"

Judges for Arizona.—Our dispatches to-day announce the appointment of a Chief Justice and Associate Justice for our neighboring Territory, Arizona, so that Judge Howard, of unsavory fame, and one of his associates will step down and out. The first office is to be filled by John C. Shields, of the California bar, who is 28 years of age, and is mentioned as a prominent lawyer. The other is Wm. H. Barnes, a lawyer of Jacksonville, Ill., only 23 years of age. They are young men to be appointed to such positions, but that will be overlooked, as will also the fact of their not being residents of the Territory, if they only possess the necessary qualifications for the office, and will deal out even-handed justice to the residents of Arizona. It is to be hoped at least that they will be an improvement on their successors.

Splendid Tubers.—Fine potatoes are so plentiful this season, and the champions of the producers for the best potato are so numerous, that we hesitate about passing an opinion as to the best that are submitted to our inspection. Brother George Webb, of the sample of the White Neshannock variety, of his raising, that will at least be hard to surpass. They measure almost a foot in length and are smooth and clean-looking, and some of the largest weigh five pounds each.

Utah Potatoes the Best.—Salt Lake potatoes are advertised in the *Sacramento Bee* as the best in that market. They are sent there by the carload. The potatoes raised here are not only superior to the ones in California, but elsewhere, so far as they have been seen and their merits have become known.

The Burglars.—Wm. F. Martin, Chas. Beardsley and J. W. Brown, who broke into a saloon in the Wasatch building a few days since, were arraigned this morning on an indictment found by the grand jury, charging them with burglary. S. W. Darke was appointed to defend them, and they were allowed until Monday, the 26th, to plead.

That Robbery.—This morning, in the Third District Court, Joseph Larson was arraigned on a charge of robbery. He entered a plea of not guilty, and went on to explain that he took the money from Shannon to give to the latter's wife, C. O. Whitmore, who was appointed by the Court to act as Larson's attorney, and the trial was set for Monday, Nov. 2.

Removal.—Miss Louisa Keep, who for some time past has been carrying on the business of dress and millinery in the Eighteenth Ward, has recently removed to the Seventeenth Ward—43 W. North Temple Street, where those desiring work in her line will find her ready to cater to their wants in a manner which cannot fail to give satisfaction, as there is no more competent person at this business in this region.

Suspended.—General Solomon, Surveyor General of Utah, lately submitted by President Cleveland, received the official announcement of his deputation on Wednesday. His term expires next March, but he will have to go earlier if the new appointee arrives. The general has held the position here about eight years, and so far as we can learn, has given satisfaction to all. He went into the war a lieutenant, and came out a major-general, a good military record. Some people will say that the President's selection is a mistake, but he has been successful elsewhere, and the accomplishment of reform was the object aimed at.

Recovering.—We are pleased to be able to state that Sister Eliza C. Rossiter, who met with a severe accident on the 12th inst., is rapidly progressing toward convalescence. On the day named Mrs. Rossiter fell through a trap-door over the cellar stairs. About five feet below the floor she struck on the stone, and for some time lay unconscious, and for some time lay on the cellar floor, four feet farther. Surgical assistance was summoned, and an examination showed that in addition to being severely bruised in the arms and legs, her left hip was splintered. Her recovery has been so rapid, however, that she anticipates being able to attend to her domestic duties within a few days.

Theatre Next Week.—Of Salisbury's Troubadours will appear in "Three of a Kind," at the Theatre on Tuesday evening next, a New York paper says:

"Mr. Edward E. Kidder has, in 'Three of a Kind,' given the clever Salisbury troupe a chance to display their talents, and to show the audience in a constant roar of laughter, which was no doubt, the only aim of the author. Salisbury is from those who witness it do not care much for the plot, but for the cleverness of the piece, which is simply made up of a string of clever and topical sayings, which cannot fail to be appreciated. The troupe members of the company made the most of the author's material, and taken as a whole, the performance was decidedly entertaining. Matt Salisbury and Nellie McHenry naturally carried off the honors, but all did very well."

Off for San Juan.—Brother F. A. Hammond made a brief call upon us yesterday while passing through the city on his way to his new home in the south-east. He has sold out his entire possessions in Ogden Valley and broken up his home for the twentieth year since he came to this country, and is now on his way to his new home in the south-east.
