We would suggest to those who have lost cattle and horses, to visit the herds of the merchants, emi-suits, either in family or neighborhood. rants, and wanderers, north and south, and other places, as dishonest men may have sold animals that did not belong them.

Cleaning Wool.

Garat Salt Lake City, March 2, 1852. Entron of the News-Dear Sir:- I have understood that a great number, if not all, of the farmers shear their sheep before washing the wool, ural oil, and leaves the wool dry and hard, and with a loss of a great portion of its strength. Therefore I would recommend to all sheep growers to wash their sheep, and make the wool as clean as possible,

Mome Manufactures.

Provo Ciry, Feb. 15th, 1852. seasoned Box Elder; and we have now on hand the ple for dining tables; and we hope soon to send you a cept the government of Hell.

Yours, &c... DAVID CLUFF, sen.

Dr. Richards.
For the News. Ma. Editor:—I has leave to report through the News, that Mrs. Hannah C. York of the 2nd ward, G. S. L. City has wove 950 yards of cloth since the through which he can reach his desired election; so first of Feb. 1851, viz. 107 yards of Jeans; 205 of through which he can reach his desired electron; so I through which he can reach his desired electron; so Mo matter how small the amount paid. The will be ritish outrages in Central America; and the ille Linewy 100 of Flannel; 78 of Cotton Check; and may the elders of Israel, if they will give way to ow's two mites have been reported, as far as the gas gal condemnation and imprisonment of Mr. Thresher 45 lbs. of wool, and bired 25 lbs. more earded and spun, and paid in her own labor and colored 50 lbs. of the south of the people. and paid in her own labor and colored 50 lbs. of the varn, and has made the clothes and done the work for her family, consisting of 10 persons, and has had no woman's help since the first of June with the extension of a hired cirl 3 weeks.

A conspiracy against the Imperial Government of the work succeed, it is most sure to prove their destruction; for no woman's help since the first of June with the extension of a hired cirl 3 weeks.

A conspiracy against the Imperial Government of the work succeed, it is most sure to prove their destruction; for when God sees an eider who is so bent on rising, that ception of a hired girl 3 weeks.

Provo Pottery.

In addition to these, there will be a Road Tax as- Last week, we saw a load of earthenware, in our sessed in each county, to be also prescribed by the streets, from the Provo Pottery, which appeared to Probate Judge and Select men, and not to exceed a us to be of a good quality, with the exception of glazing; materials for which appear to be searce in our The Assessors and Collectors should enter on their midst, at present. The ware will do well for a little season; and let those who can, purchase, and it will The commissions of the officers appointed have do the purchaser good, and help the manufacturer to therefrom, to present to the General Conference, or lions of dollars. The crown jewels are valued at been issued and forwarded; and we would recommend means to get glazing and produce a better article next that no delay is made in the fulfilment of the duties time. All such attempts at improvements, are worthy of support and encouragement from the whole

Borrowing the News.

When your neighbor asle you for your newspaper loing well in trying to supply the market with wash- to read during the night, ask hun to lend you his horse tubs, pails, barrels, &c., but it is not half supplied to ride through the night, and he will see at ouce that which is a great detriment to the wool, because immortal man; and whatever be his pretensions to to the office by book or bill, the person so coming great. The slavery question is again on the docket; all the exertions you can make; yet we occasionally is able to huy a newspaper, and you are not able to see tubs and barrels standing idle for want of a pur- buy a horse. Every family can have a newspaper of quire a very strong woman or considerable of a man to several complaints, of late, that our patrons' papers lift one, or because they are so rough the ladies don't are worn out by their neighbors before they have time like to go near them lest they should tear their frocks, to read them, themselves. All right, if you are perhaps their last frock, and they want to keep it pleased to let your neighbor read your paper, instead of reading it yourself, and inviting him to subscribe Cannot these evils be remedied, the cooper get for himself, that is your job; and a bad job, too, for readier sales and better pay, and the public be better yourself, your neighbor and the printer; and nobody accommodated? Certainly; when you make a tub, will thank you for lending a paper; you must take stretch the timber and make your work smooth. To your trouble, expense, and vexation for your pay; be a little more particular, your tubs are generally too but when you have persuaded your neighbor to take

> Information wanted of Patrick Ivory Kenney, who left Saint Louis in the Spring of 1848, to go to clothes, and there will be ten tubs wanted where one Mexico with a government train, and from thence to California. Any information respecting him will be thankfully received, by Andrew Henry, G. S. L.

> rough board than by their warron our bales. Him & Mir's advertisement in this paper. The increase shall this be prevented? Ta ow away your rough of stock is on a par with dome tie manufactures.-We understand that Mr. Muir had near 40 calves eommitted to his charge last year, and lost but one. But there is a remedy for all these evils, and if we Sure this tells well for his care to stock; and it is far cannot come in possession of the best remedy, a good better to let men have charge of stock who will prewashing machine, to be worked by water, do, horse, serve it, than to let it run at random and be lost or or steam power, let us take the next best remedy, killed by wolves; and all who are not prepared to take good pounding barrels. Give us a good pounding care of their calves, had better sell them to men who will do it, so that our vallies may be filled with butter, cheese, and meat.

> With a thing in the middle going whip-a-te-whep, Council of HEALTH .- After listening to a very that is, churn fashion, capable of containing about 30 interesting address from President Kimball, on the nch thick, and the rest of the barrel made light and to meet at Representatives Hall, on Wednesday, the
