OUR GUESTS.

Again do we tender to the viciling Endeavorers, on behalf of the people of the city, country and distate, evolving greetings and hearty welcome to see mountain home. The universal with its that their step here may be a season of deb profit and manihyed solojoment. Naturally they will see and hear many takings that will see strange in those, but it that observation and information be accurate, we are sure they will in mearly all instances be found broad owners to earlier they will in mearly all instances be found broad owners to earlier they will in mearly all instances be found broad owners to earlier and probe. The News endorses, and commends to the attention of his readers, a letter in this brief from that volvran and believed Christian worker, Elider George Geddard. As he truly stances, we news from our miseionaries is more welcome than that they have found triends to minister to their earthly wantle, to supply them with fast and substant. If such benylatily is admired in those whe admir to their honess and tourds the representatives of an impegular a people as the Lattler day faints have been descrad until quite inderly, how much more admirable in it, her worth year the proping our fewers to and making welcome to the best we have, sur visiting friends and friendly pressing in their, and that if there shall be any leak in the publicity of the will again the sile.

RELIGION OF THE MORMONS.

Owing to eleministances which used no explanation here, the ma-brity of protesting Caristians have team given an incorrect idea of the religious belief of the Mermon people; tot during resunt years the Lutter-day Baints have become better known, and Maints have become better known, and the strumeous ties referred to begiv-ing way below the great many people who would not intentionally do in-justice to the Murmon, but who have a very ministen idea of the religious beliat of the latter, and avoid them on that account. These people are tun-tar imposed on by the statements of interested schemers, who codes not to bleek the way to investigation by as-serring that the Mermons are ; not Ohrhitans.
