GEORGE WASHINGTON'S QUEUE.

# a Luxuriant Suit of Straight and Very Dark Hair.

The Father of His Country concealed luxuriant suit of hair beneath his size wig. Many now wish the old usue wig. ashion were in vogue, to conceal thin-ord hair or baldness. Yet no one need have thin hair or be bald, if he cure the dandraff that or be bald, if he cure the dandraff that causes both. Dandruff cannot be cured by scouring the scalp, because it is a germ disease, and the germ has to be killed. Newbro's Herserm has to be killed. Newbro's Her-pleide kills the dandruff germ-no other hair preparation will. "Destroy the cause, you remove the effect." There's he use for dandruff but to kill the germ. Sold by leading druggists. I had what is known as deposits of brick dust and uric acid, with almost every other impurity of the blood which such a condition can pro-

"Coming to the conclusion that must eat to live and not live to eat, I began looking about to find the best began looking about to find the best way and among the many foods tested was Grape-Nuts. I did not use it as a general food or exclusively but simply ate if once a day either at morning or night on an empty stomach and softmed in warm cream or milk with a litened in warm cream or milk with a lit-tle sugar, bread or butter or cooked or raw fruit. Up to this time I had tried every known remedy for constitution and had to rely on the medicines, al-though I continually got worse instead of better: within a short time the Grape-Nuts food (which always digest-ed) had toned up my whole system and digestive organs in particular until every bit of constipation and bowel trouble disappeared and I bade good-hye to all the cathartics.

They are fall and winter patterns and are just in. They were bought to sell regularly at \$6.50, \$1.95 and \$2.00 respectively. The ladies who examined the lines, and those who bought yesterday, spoke in the highest terms of the values and the styles.
