GEORGE Q. CANNON,

BRIGHAM YOUNG,

Editors and Publishers.

PRICE OF GOLD.

Corrected daily by DESERET NATIONAL BANK.

SALT LAKE CITY, May 7, 1879.

Buying at par; Selling at par.

Local and Other Matters.

FROM WEDNESDAY'S DAILY, MAY 7.

Music Hath Charms.—The brass and martial bands which took part in yesterday's procession, were around serenading in the afternoon, filling the air with inspiring melody. Salt Lake has never been so plentifully supplied with music before.

We acknowledge the courtesy of a serenade given to this office, by the Nephthi Brass Band, under Capt. John S. Hawkins. Thanks, brethren.

One Hundred Dollars Reward.—Bear Lake County will pay \$100 reward for the apprehension and conviction of Ole W. Hansen, a horse thief, who is supposed to have accomplices in the eastern part of this region. Any one giving information of him or his accomplices will be rewarded. Hansen is about 5 feet 8 inches high, weighs about 180 lbs., is about 29 years old, has light hair, a reddish complexion, full face; and has had three fingers cut off the right hand. For further information apply to J. C. Rich, deputy district attorney for Bear Lake County, Idaho.

Information Wanted of Mrs. Mary Ann Green, who emigrated from Wordegeley, Staffordshire, England, about the year 1858 or 1859. Any information respecting her will be thankfully received by her sister Eliza Rodgers, late Holt, Hucknall Torkard, Nottinghamshire, England.

Also of Wm. James Oxspring, who left Nottingham, England, September, 1877. When last heard from was at Wallsburg, Wasatch Co. Any information of him would be gladly received by his mother, at 49 Sabina Street, Great Alfred Street, Nottingham, England.

Kerosene Explosion.—Special to the News:

MOUNT PLEASANT,

May 7th, 1879.

This morning, about 3 o'clock, the furniture establishment of Anthon Beaumann, took fire from the explosion of a kerosene lamp. The building and goods were all destroyed, together with some other valuable property. The loss is estimated at about \$2,000. He, however, intends to continue in the business, and as soon as new goods arrive, now on the road, will be enabled to supply his customers. He has the confidence and good will of the citizens.

Drowned.—On Monday evening the body of a woman was found in a water ditch, near the bench, in the north-eastern part of the 18th Ward. She was taken out by Mr. Godfrey Lenhard, nightwatchman at the NEWS office, and his son Emil, but not knowing who she was they were obliged to wait until it was ascertained. One of those who came to see the corpse recognized the drowned lady as the wife of William Tremayne, of the 20th Ward, and the body was then taken home. The cause of the sad occurrence is unknown, but it is supposed, from some flowers in her hand, that the unfortunate woman accidentally fell into the ditch, which contained about thirteen

inches of water, while gathering a bouquet on the bank. She is said to have been subject to fits, this furnishes another hypothesis as regards her inability to rescue herself from the shallow stream.

We sympathize with the husband of the deceased, and the family of eight children left motherless by the melancholy event.

Accidents.—Yesterday morning Mrs. Ann James, wife of Mr. David James of this city, fell from a wagon and broke her arm. She was sitting in a chair in the wagon and her husband was driving. When near the Cliff House corner, he pulled up suddenly and the chair being thrown forward, Mrs. James fell out between the fore and hind wheels. The team, unfortunately, backed at this juncture, and the fore wheel passing over her right arm, broke it between the wrist and elbow. Before she could be rescued, the horses pulled up again and the hind wheel ran over her other arm, which was badly bruised. Doctor Benedict, of this city, and Dr. Ormsby, of Logan, attended the lady, who is getting along very well.

Another mishap occurred about the same time. Mr. Llewellyn Mantle, of Taylorsville, was on his way to the city with his family, his little son, between 6 and 8 years old, sitting in the front of the wagon with his father, who was driving. The doubletrees coming loose, Mr. Mantle, who held the lines, and the child who clung to him, were both pulled over the front-gate to the ground. The child's head struck against a rock and the skull was broken by the contusion. Dr. H. J. Richards set the fracture and dressed the wound, which was not dangerous, and the little fellow, who bore the pain like a hero, was doing well at last accounts.

The Wells, Fargo Robbery.—H. C. Shurtliff, charged with the larceny of a parcel, valued at \$10,000, from Wells, Fargo & Co., came up in the District Court on Monday, at 2 p. m. District Attorney Van Zile and Assistant District Attorney J. H. Beatty appeared for the prosecution, Judge Tilford, who represents the express company, also assisting. The defendant was represented by Sutherland & McBride and Bennett & Harkness. The defense objected to Judge Tilford's appearance for the prosecution unless he was sworn as an assistant to the District Attorney. This was overruled, the defense excepting. The jury empaneled and sworn to try the case consists of:

John C. Sandberg, And ew S. Gray,
John Nelson, Levi W. Richards,
Edw. W. Davis, Frank Ciesler,
Robt. McFarlane, Wm. Asper,
Samuel J. Brown, Joseph Clayton,
Henry Dinwoodey, John Hoagland.

After the reading of the indictment Judge Tilford laid the case, for the prosecution, before the jury. W. G. Williams was the agent for the company at the time the robbery was committed. On arriving in this city on the evening of the event he claimed to have been robbed; an investigation, however, showed that Williams must have been accessory to the crime, and he was tried and convicted, and his confession now furnishes the main points in this case.

The first witness was Mr. J. B. Hulm, detective of Wells, Fargo & Co., who testified that he knew the defendant, and the company called Wells, Fargo & Co.; did not know the members of the company; do not know that they use a special seal.

Mr. J. E. Dooley testified as to the position held by him under Wells, Fargo & Co. at the time of the robbery, and as to who held the position of messenger.

The court adjourned till 9.30 o'clock this morning.

FROM THURSDAY'S DAILY, MAY 8.

NOTICE.

It is expected that the next company of missionaries for Europe and the States will leave Ogden May 14th, and that another company will leave May 21st, convenient time for the sailing from New York, May 20th and 27th.

F. D. RICHARDS,
JOS. F. SMITH.

Message.—There is a message at the W. U. Telegraph Office for Mrs. E. Burrows.

Grasshoppers.—Advices from Porterville state that the inhabitants are having lively times with the grasshoppers at present. From the appearance of things, there would be but little, if any, grain raised there this season.

Wanted Immediately.—The committee need six masons or good pointers, and six laborers to work on the New Tabernacle. Terms made known on application to Superintendent Henry Grow.

Those owing the P. E. Fund should take advantage of this opportunity.

Information Wanted.—A. W. Hobart, Esq., whose address is 148 Commonwealth Avenue, Boston, Mass., is compiling a genealogy of the Hobart family, and desires to hear from parties of that name or connected with that family who may reside in Utah. He has traced one Otis Hobart, of Leicester, Massachusetts, to Nauvoo, and thence he thinks to Utah, and would like to hear more of him or his descendants.

Death of an Honest Man.—Reverend Henry H. Prout, pastor of the Episcopal Church at Corinne, died on Tuesday afternoon, after a brief period of sickness. Mr. Prout is said to have been a well educated, upright and honorable gentleman, and when we inform our readers that he was the writer of the fair and able articles which have appeared in the Herald over the signature of "Gentle," we are certain that all will say amen to it. We regret his death, in the deepest sincerity.

Singular Mishap.—By private telegram from Mr. James Livingstone, to Bishop John Sharp, received yesterday morning, we learn of a strange and serious accident which befel one Henry Hatton, a workman at the Church Quarry, in Little Cottonwood Cañon. He was holding a drill, which another man was striking, when a jagged piece of steel from the head of the drill struck him in the abdomen and penetrated into the bowels. Dr. J. S. Richards was dispatched to Sandy by the 2 o'clock train, to meet the injured man, and having made an examination of the wound, telegraphed back that it was a serious case. Last evening the patient was brought to the city and taken to the Valley House. Dr. H. J. Richards here attended him, but was unable to find the fragment of steel which, as the wound was only a slit of the eighth of an inch, must have been quite small. The patient was reported comfortable last night.

FROM FRIDAY'S DAILY, MAY 9.

Information Wanted.—Of John Bonner, who left Liverpool for Ogden, April 19th, per S. S. Wyoming, by his brother George Bonner, Midway, Provo Valley, Utah.

Whose Letter?—If Alice White, of the 16th Ward, will call at this office, she can get a letter, with the London post mark, addressed to her, care of DESERET NEWS.

Condolence.—We regret to learn of the death of two children from diphtheria within three days, in the family of Brother William Calder. We deeply sympathize with the bereaved household.

Miles' Sentence Deferred.—The sentence of John Miles has been postponed until the 21st inst. Arguments on the application for a new trial will then be heard, also. It is singular that this should happen on the prisoner's birthday; on that day Mr. Miles will be 25 years old. Is it chance?

"Enquirer" Items.—Grasshoppers are damaging crops at Spanish Fork.

Saturday night's frost nipped the tender vines.

Oren Lewis, of Payson, breakman on the Utah Southern, while coupling cars at Lehi, on Monday, had his third and little finger cut off.

Last Saturday, the wagon of Hiram Evans, of Provo, was cap-

sized by the wind, and himself dragged some distance beneath it. He was picked up unconscious, his head and back being severely bruised.

Arrived.—The first company of emigrants for the season with the returning missionaries, in charge of Elder Chas. H. Nibley arrived here all well last evening. They left Liverpool on the 19th of April, numbering 175. They arrived at New York April 30th, and left the next day in the evening, reaching Omaha last Sunday at 10 p. m. where the U. P. officers kindly detained the train for them five hours, thus saving them twenty-four hours delay on the journey. They left at 11 p. m. the same night, and came right through without accident or difficulty. There were no births, deaths or losses by the way; those passengers booked only to New York came through with the company to Salt Lake, and no sickness of any moment was experienced. This is an exceptional experience. Elder Nibley feels well and gives a good account of his company and of the treatment suffered from the U. P. and other railroad officials. Welcome home!

The Manti Temple.—The following, by a correspondent in the Enquirer, will be of interest to those who are watching the progress of the House of the Lord in Manti:

"The heights of the four terrace walls will average 17 feet above the grade, and each wall is about 1,000 feet long, and in all contain 2,400 cords of rock, as at present built. Fifty-five thousand yards of rock and debris have been excavated and moved away. The depth of the excavation at the east end is 46 feet. The foundation of the building is 63 feet above the level of the road. The width of the building is 95 by 172 feet long, is to be 82 feet from the ground to the square. There are to be two towers 30 feet square at the base, the east one will be 179, and the west one 169 feet high. The water to supply the temple and grounds will be brought in wooden pipes from a spring situated about a mile east of the place, it having a fall of 79 feet to a reservoir, and 100 feet from the reservoir to the tower terrace.

LIST OF PASSENGERS

For Salt Lake City, leaving Liverpool, April 19th, 1879, per S. S. Wyoming.
