

making preparations to evacuate the north of Peru and hand it over to Iglesias, who is rapidly rising in public esteem. The principal provisions of the treaty are as follows: The absolute cession of Tarapaca, the fate of Arica and Tacna to be decided by a bicameral after ten years' military occupation by Chili, the losing nation receiving ten million dollars from the country acquiring the property. Chili to pay over to the Peruvian bondholders one-half of the proceeds of the guano taken and deposits now known to exist in the ceded territory, those that may be hereafter brought to light to be the exclusive property of Chili. Private interests held in nitrate deposits will be respected by Chili, under the nitrate expropriation transaction some years ago carried to effect by the government of Peru. The indemnity to be paid to Peruvians who suffered losses through expropriation from Peru will be disposed at some future time. Chili will give to Peru one-half the net proceeds obtained from guano at the Pisco Islands. The municipal and other Peruvian authorities in the different towns through the north notified by the Chilians that they are prepared to withdraw from points where Iglesias is recognized.

Lima, 3 (via Galveston).—*La Buzuna* publishes a letter from Julio Ybanes, urging Calderon to accept the same terms of peace as Iglesias, and thus obtain through him a recognition of his government. Calderon in reply does not believe that the United States government will recognize Iglesias, nor adopt so variable a policy, and adds that he has told Logan he is willing to treat for peace upon a rational basis. Pacamayay, Trylo and other places are evacuated by the Chilians, and the Peruvian flag is flying.

Panama, June 23.—From the *San Francisco Herald*: The volcano of Parícutin, in Lake Nicaragua, is in eruption. When the crater first broke forth the people fled to the suburbs, fearing that the whole island would be destroyed.

In the valley of the Atrato in the state of Carica continues the centre of volcanic activity. At Rio Lucia, 15 miles from the Atlantic, the earth opened in many places throwing out very fine sand in a heated state, whilst a subterranean noise was heard resembling that made by boiling water. At Turco, on the coast of Urabo, the earth opened and water issued, flooding the streets to a depth of two feet. Many houses were shaken down. The small village of Burjes and Nicurrio are completely unroofed. The mouth of the river Leon which emptied into the Atlantic, is completely choked up, and all over the district movement of earth is so continuous that the inhabitants are emitting. A slight earthquake was felt at Mampas, on the river Magdalena, the seat of Bolivar, followed by a sharper one, when shocks were felt at San Salvador and Guayaquil.

LONDON, 4.—It is now estimated that 150 persons were drowned by sinking of the *Daphne*.

Milwaukee, 4.—During the 24 hours ending at 3 o'clock on Wednesday morning there were 122 deaths at Milwaukee, 32 at Mansurah, 4 at Berlin and 3 at Port Said.

LONDON, 5.—The Duke of Marlborough died of cardiac syncope today aged 83 years. His death was sudden. He was slightly indisposed yesterday, but dined with family at the usual hour and remained apparently well. He was found on the floor of his room this morning.

St. Petersburg, 5.—A telegram received from Frohedorff at 1 o'clock this morning says the Count De Chamisso's death is momentarily expected.

Correspondence.

Good Time at Mona.

Nephi, Juab County,
June 26, 1883.

Deseret News:

Yesterday the Presidency, Bishops and leading Elders of Juab Stake (Nephi) in company with the Brass Band, and arrived at about 4 o'clock p.m. After shaking the dust from our clothes, drinking freely of clear good wine, which was a treat for us at Mona, the brass band played, and W. Paxman and councilors the way to the ground where

their future meeting house is to be built. Singing was led by James Gledhill. The ground was then dedicated by Councillor Joel Grover. President Paxman and councilors, assisted by the Bishops and councilors, then laid the southeast corner stone. Councillor C. Sperry made a few appropriate remarks. President Paxman dedicated the stone to the God of Israel and pronounced it laid.

Brass band played, then returned to the Bowery. After singing prayer was offered by Patriarch J. G. Bigler. Singing, "Strike, strike, for victory."

Councillor J. Grover said, we met in the name of the Lord to start a labor that the Almighty was much pleased with and we should be united in this effort.

Councillor C. Sperry was much pleased of having the opportunity of helping to lay the chief corner stone of the Mona meeting-house; felt the good spirit that prevailed on this important occasion.

Elder George Kendall endorsed all the remarks made; was present when the old house was commenced.

Elder H. Love made a few appropriate remarks; was here to build up Zion, and building this house is building up Zion.

Choir sang, "We thank Thee, O God, for a Prophet."

Prest. W. Paxman was pleased to meet with the Saints of Mona and many of the Nephi Saints. Promised in the name of the Lord that if they would be united in the erection of this house that the blessings of the Almighty should be with them, and they should be better off when completed than now.

Bishop Haws was much pleased with the leading Priesthood and the Nephi Saints, also the brass band, in the interest taken this day in their behalf. Benediction by Bishop W. H. Warner.

After supper we had a pleasant ride home. Yours truly,

L. A. BAILEY.

GUNNISON,
Sanpete County, Utah,
June 25th, 1883.

Editor Deseret News:

As I passed through Utah County on the 21st inst., in the midst of prosperity and the ordinary bustle of life, a shadow of gloom came to town, ward and cottage with the mournful words, "Bishop Harrington, of American Fork, is dead." Bright rays of light followed, however,—he has gone to rest, and was so well prepared, a noble citizen, father and friend. He will be very much missed. Under a burning sun that marked Bishop Madsen's thermometer over 90 in the shade, I arrived at this place at 2 p.m. of the 23d soon after my arrival by invitation, I attended the primary association of this place and very much admired the bright faces of so many juveniles of both sexes, and I only regretted that the whole world could not be permitted to contrast the present scene with the vile reported interview as published by the St. Louis correspondent said to be the report of postmaster Lynch of Salt Lake City. To illustrate the proceedings of the meeting I will give a portion of the programme of the 178th meeting to be held on the 30th of June in the relief society hall. After the usual opening exercises, Bible questions and answers, recitation, select reading, dialogue, recitation, dialogue, song, recitation, song, letters to be read, written by the juveniles. Sister Helena Madsen is the President and Matilda Christianson and Ida Swallberg Secretaries. Miss Lizzie Stevenson closes her fourth term of the District School this week for the present year, and the Trustees and the Bishop are trying to arrange an engagement for other terms.

Since the settlement of the water question of the adjoining settlements greater union and peace prevail, and fencing and improvements assume a bright future. Some brick buildings will adorn this beautiful townsite.

An excursion to Fish Lake is in preparation from this place; also, Richfield and other towns, and a two days' meeting in a bowery at the lake will form an interesting feature of which I will hereafter inform you.

EDWARD STEVENSON.

OUR RIDDLE BOX.

This department will contain once a week original puzzles for the young

folks. The answers will be given the following week. Our juvenile friends are invited to send the solutions. All who forward correct answers will receive due credit and their names will be printed in the News.

No. 71.—NUMERICAL.

If the highest mountain on the globe, The whole, arrayed in snowy robe, You should, at venture, try to scale, You would no doubt be found to fail To reach the giddy top, and need A wayside 4 to 7 indeed: Then, pushing further up at length, You might exhaust your stock of strength, And, falling down some rocky cliff, Become a mangled corpse, and stiff, Where 1 to 4 your 4 to 7 Might be the call of trump from heaven. ASPIRO.

No. 72.—INQUIRIES IN GEOGRAPHY.

1. Name the swiftest river in Europe.
2. An insect in Europe that flows.
3. The longest river in the United States.
4. The most reasonable river in Europe.
5. The quietest river in North America.
6. The stormiest lake in the world.
7. The lake in the United States most likely to be haunted. PHILISTER.

No. 73.—RIDDLE.

Unseen, unfelt, from day to day, Abroad we take our airy way: We waken love, we kindle strife—The bitter and the sweet of life. Piercing and sharp, we wound like steel, Now soft and sweet these wounds we heal. Not strings of pearls are held so dear As some of us when love is near. Yet thousands of us every day, Worthless and vile, are thrown away. Would ye be wise? Secure with brass The double doors through which we pass; For once escaped, back to our cell No one on earth can us expel. MAY L. WELD.

No. 74.—HIDDEN CITIES.

1. We came from Honda, blind.
2. We ascend the hill on donkeys.
3. Doc, level, and plumb that corner.
4. The least portion will suffice.
5. We got ten burglars.
6. A tomahawk hung at his side.
7. They placed Adam as custodian.
8. Lamont really came, then?
9. The squire became her complexion.
10. When I saw the moh I left.
11. Will you allow Ellis to go? U. D.

No. 75.—CHARADE.

Two merry youths one winter night, Became exceeding mellow; "One," said his friend, "just give up twos."

And you'll be a whole old fellow. ROBIN.

PRIZE WORD HUNT.

For the largest list of words made from the letters of "hearing," and sent in before August 1st, a cash prize of two dollars will be presented. These conditions must be observed:

1. Only words found defined in the body of Webster's Unabridged Dictionary—including supplement of new words—will be allowed.
2. All obsolete words, localisms, proper names, prefixes, suffixes, abbreviations and contractions will be excluded.
3. No letter not contained in "hearing," may be used, and no letter may be used more than once in any single word.
4. The words must be arranged in alphabetical order and numbered.
5. In case of a tie, preference will be given for that one of the largest lists from which fewest words are thrown out for non-observance of these conditions.

ANSWERS.

Following are the answers to "Riddle Box" of June 23rd:

- 66.—Wind-fall.
- 67.—1. Ring-dove. 2. Wood-cock. 3. Part-ridge. 4. Crow. 5. Night-in-gale.
- 68.—A sea-shell.
- 69.—1. Robert Fulton. 2. Elias Howe.
3. Samuel Morse. 4. George Stephenson.
5. All Whitney.
- 70.—Love-letter.

Correct solutions have been received, to the full Astronomical Enigma, No. 50, composed of 77 letters, from Ramy S. Stager, St. George; to No. 59 and part of 59 from J. M. Fisher, Jr., East Mill Creek; to No. 64 from L. J. Holley, Springfield; to most of 67 and all of 69 from Henry Bowring, Brigham City.
